§ 110-17. State supervision of the issuance of employment certificates.—The state department of labor shall prescribe such rules and regulations for the issuance of employment certificates and age certificates as will promote uniformity and efficiency in the administration of this article. It also shall supply to local issuing officers all blank forms to be used in connection with the issuance of such certificates. Duplicates of each employment or age certificate shall be mailed by the issuing officer to the state department of labor within one week after issuance. The state department of labor may revoke any such certificate if in its judgment it was improperly issued or if the minor is illegally employed. If the certificate be revoked, the issuing officer and the employer shall be notified of such action in writing, and such minor shall not thereafter be employed or permitted to work until a new certificate has been legally obtained. (1937, c. 317, s. 17.)

§ 110-18. Rules and regulations.—The commissioner of labor of North Carolina shall have the power to make such rules and regulations for enforcing and carrying out the provisions of this

article as may be deemed necessary by said commissioner. (1937, c. 317, s. 18.)

§ 110-19. Inspection and prosecutions.—It shall be the duty of the state department of labor and of the inspectors and agents of said state department of labor to enforce the provisions of this article, to make complaints against persons violating its provisions, and to prosecute violations of the same. The said state department of labor, its inspectors and agents shall have authority to enter and inspect at any time any place or establishment covered by the article, and to have access to employment certificates kept on file by the employer and such other records as may aid in the enforcement of this article. School attendance officers are likewise empowered to visit and inspect places where minors may be employed.

Any person authorized to enforce this article may require an employer of a minor for whom an employment certificate is not on file to either furnish him within ten days the evidence required for an employment certificate showing that the minor is at least eighteen years of age, or to cease to employ or permit or allow such minor to work. (1937, c. 317, s. 19.)

§ 110-20. Penalties.—Whoever employs or permits or allows any minor to be employed or to work in violation of this article, or of any order or ruling issued under the provisions of this article, or obstructs the state department of labor, its officers or agents, or any other persons authorized to inspect places of employment under this article, and whoever having under his control or custody any minor, permits or allows him to be employed or to work in violation of this article, shall be guilty of a misdemeanor, and upon conviction shall be punished by a fine of not less than five dollars ($5.00) nor more than fifty dollars ($50.00), or imprisonment for not more than thirty days, or both such fine and imprisonment. Each day during which any violation of this article continues after notice from the state department of labor to the proprietor, manager, or other officer of the partnership, firm or corporation, shall constitute a separate and distinct offense, and the employment of any minor in violation of the article shall, with respect to each minor so employed, constitute a separate and distinct offense. The penalties specified in this article may be recovered by the state in an action for debt brought before any court of competent jurisdiction, or through criminal proceedings, as may be deemed proper. (1937, c. 317, s. 20.)

Art. 2. Juvenile Courts.

§ 110-21. Exclusive original jurisdiction over children.—The superior courts shall have exclusive original jurisdiction of any case of a child less than sixteen years of age residing in or being at the time within their respective districts:

1. Who is delinquent or who violates any municipal or state law or ordinance or who is truant, unruly, wayward, or misdirected, or who is disobedient to parents or beyond their control, or who is in danger of becoming so; or

2. Who is neglected, or who engages in any occupation, calling, or exhibition, or is found in any place where a child is forbidden by law to be and for permitting which an adult may be punished by law, or who is in such condition or surroundings or is under such improper or insufficient guardianship or control as to endanger the morals, health, or general welfare of such child; or

3. Who is dependent upon public support or who is destitute, homeless, or abandoned, or whose custody is subject to controversy.

When jurisdiction has been obtained in the case of any child, unless a court order shall be issued to the contrary, or unless the child be committed to an institution supported and controlled by the state, it shall continue for the purposes of this article during the minority of the child. The duty shall be constant upon the court to give each child subject to its jurisdiction such oversight and control in the premises as will conduce to the welfare of such child and to the best interest of the state. (1919, c. 97, s. 1; C. S. 5039.)

§ 110-22. Juvenile courts created; part of superior court; joint county and city courts. — There shall be established in each county of the state a separate part of the superior court of the district for the hearing of cases coming within the provisions of this article. Such part of the superior court shall be called the juvenile court of ..... county.

The clerk of the superior court of each county in the state shall act as judge of the juvenile court in the hearing of cases coming within the provisions of this article, in which cases the child or children concerned therein reside in or are at the time within such county. Proceedings in such cases may be initiated before such judge, and in hearing such cases such judge shall comply with all the requirements and conform to the procedure provided in this article: Provided, that in counties, where the county seat is a city containing twenty-five thousand inhabitants, or more, the board of commissioners of such counties shall have the right in their discretion to coöperate with the governing body of such city in the election of a judge of a juvenile court provided for in § 110-44, which judge when so elected shall perform all the duties, and possess all the powers and jurisdiction conferred by this article upon the clerk of superior court, as well as that conferred upon the judge of the juvenile court of such cities by this article; such judge to be so elected by the joint action of the governing bodies of such city and county shall hold office for the term of one year, and until his successor shall be duly elected, and the county availing itself of the provisions of this section shall pay said judge for services rendered the county (outside of city) such sum as the county commissioners of said county shall deem just and proper. (1919, c. 97, s. 2; Ex. Sess. 1920, c. 85; C. S. 5040.)

Local Modification.—Buncombe: 1935, c. 220; 1941, c. 208, s. 3; Forsyth: 1935, c. 385; 1941, c. 110; Mecklenburg: 1937, c. 251.

§ 110-23. Definitions of terms. — The term "court" when used in this article without modification shall refer to the juvenile courts to be established as herein provided. The term "judge" when used in this article shall refer to the clerk of the superior court acting as judge of the juvenile court, or to the judge of the joint city and county juvenile court elected as provided in § 110-22. The term "child" shall mean any minor less than sixteen years of age. The term "adult" shall

mean any person sixteen years of age or over. (1919, c. 97, s. 3; C. S. 5041.)

§ 110-24. Sessions of court; records; general provisions.—Sessions of the court shall be held at such times and in such places within the county as the judge shall from time to time determine. In the hearing of any case coming within the provisions of this article the general public may be excluded and only such persons admitted thereto as have a direct interest in the case. Sessions of the court shall not be held in conjunction with any other business of the superior court, and children's cases shall not be heard at the same time as those against adults.

The court shall maintain a full and complete record of all cases brought before it, to be known as the juvenile record. All records may be withheld from indiscriminate public inspection in the discretion of the judge of the court, but such record shall be open to inspection by the parents, guardians, or other authorized representatives of the child concerned. No adjudication under the provisions of this article shall operate as a disqualification of any child for any public office, and no child shall be denominated a criminal by reason of such adjudication, nor shall such adjudication be denominated a conviction.

This article shall be construed liberally and as remedial in character. The powers hereby conferred are intended to be general and for the purpose of effecting the beneficial purposes herein set forth. It is the intention of this article that in all proceedings under its provisions the court shall proceed upon the theory that a child under its jurisdiction is the ward of the state and is subject to the discipline and entitled to the protection which the court should give such child under the circumstances disclosed in the case. (1919, c. 97, s. 4; C. S. 5042.)

§ 110-25. Petition to bring child before court.—Any person having knowledge or information that a child is within the provisions of this article and subject to the jurisdiction of the court, may file with the court a petition verified by affidavit, stating the alleged facts which bring such child within such provisions. The petition shall set forth the name and residence of the child and of the parents, or the name and residence of the person having the guardianship, custody, or supervision of such child, if the same be known or ascertained by the petitioner, or the petition shall state that they are unknown, if that be the fact. (1919, c. 97, s. 5; C. S. 5043.)

§ 110-26. Issuance of summons; traveling expenses allowed.—Upon the filing of the petition or upon the taking of a child into custody, the court may forthwith, or after an investigation by a probation officer or other person, cause to be issued a summons signed by the judge or the clerk of the court directed to the child, unless such child has been taken into custody, and to the parent, or, in case there is no parent, to the person having the guardianship, custody, or supervision of the child, or the person with whom the child may be, requiring them to appear with the child at the place and time stated in the summons to show cause why the child should not be dealt with according to the provisions of this article.

The judge may in his discretion authorize the payment of necessary traveling expenses incurred by any witness or person summoned or otherwise required to appear at the hearing of any case coming within the provisions of this article. Such expenses shall be a charge upon the county in which the petition is filed. (1919, c. 97, s. 6; 1939, c. 50; C. S. 5044.)

§ 110-27. Custody of child may be immediate; release; bail.—If it appears from the petition that the child is embraced within subdivision one of the first section of this article, or is in such condition or surroundings that the welfare of the child requires that its custody be immediately assumed, the court may endorse or cause to be endorsed upon the summons a direction that the officer serving the same shall at once take such child into his custody.

In the case of any child who has been taken into custody or pending the final disposition of any case, the child may be released in the custody of a parent or other person having charge of the child or in the custody of a probation officer or other person appointed by the court, to be brought before the court at the time designated. Any child embraced in this article may be admitted to bail as provided by law. When not released as herein provided, such child, pending the hearing of the case, shall be detained in such place of detention as hereinafter provided for. (1919, c. 97, s. 7; C. S. 5045.)

§ 110-28. Service of summons.—Service of summons shall be made personally by reading to and leaving with the persons summoned a true copy thereof: Provided, that if the court is satisfied that reasonable but unsuccessful effort has been made to serve the summons personally upon any of the parties named therein, or if it shall appear to the satisfaction of the court that it is impracticable to serve a summons personally upon any of them, the court may make an order providing for service of the summons by registered mail or by publication or otherwise in such manner as the judge shall determine. It shall be sufficient to confer jurisdiction if service is effected at any time before the time fixed in the summons for the return thereof; but the court, if requested by the child or a parent, or, in case there is no parent, by the person having the guardianship, custody or supervision of the child, shall not proceed with the hearing earlier than three days after the service. Failure to serve a summons upon any person other than said child shall not impair the jurisdiction of the court to proceed in cases arising under subdivision one of the first section of this article, provided that for good cause shown the court shall have made an order dispensing with such service.

If the person summoned as herein provided shall fail without reasonable cause to appear and abide the order of the court or bring the child, he may be proceeded against as for contempt of court. In case the summons cannot be served or the party served fails to obey the same, and in any case when it shall be made to appear to the court that such summons will be ineffectual, or that the welfare of the child requires that he shall be brought forthwith into the custody of the court, a warrant may be issued on the order of the court either against the parent or guardian or other person having custody of the child or with

whom the child may be, or against the child himself.

The sheriff or other lawful officer of the county in which the action is taken shall serve all papers as directed by the court, but the papers may be served by any person delegated by the court for that purpose. (1919, c. 97, s. 8; C. S. 5046.)

§ 110-29. Hearing; disposition of child. — Upon the return of the summons or other process or after any child has been taken into custody, at the time set for the hearing, the court shall proceed to hear and determine the case in a summary manner. The court may adjourn the hearing from time to time and inquire into the habits, surroundings, condition and tendencies of the child so as to enable the court to render such order or judgment as shall best conserve the welfare of the child and carry out the objects of this article. In all cases the nature of the proceedings shall be explained to the child and to the parents or the guardian or person having the custody or the supervision of the child. At any stage of the case the court may, in its discretion, appoint any suitable person to be the guardian ad litem of the child for the purposes of the proceeding.

The court, if satisfied that the child is in need of the care, protection or discipline of the state, may so adjudicate, and may find the child to be delinquent, neglected, or in need of more suitable guardianship. Thereupon the court may—

1. Place the child on probation subject to the conditions provided hereinafter; or

2. Commit the child to the custody of a relative or other fit person of good moral character, subject, in the discretion of the court, to the supervision of a probation officer and the further orders of the court; or

3. Commit the child to the custody of the state board of charities and public welfare, to be placed by such board in a suitable institution, society or association as described in subsection four of this section, or in a suitable family home and supervised therein; or

4. Commit the child to a suitable institution maintained by the state or any subdivision thereof, or to any suitable private institution, society or association incorporated under the laws of the state and approved by the state board of charities and public welfare authorized to care for children, or to place them in suitable family homes; or

5. Render such further judgment or make such further order of commitment as the court may be authorized by law to make in any given case.

6. If a child of fourteen years of age be charged with a felony for which the punishment as now fixed by law cannot be more than ten years in prison his case shall be investigated by the probation officer and the judge of the juvenile court as provided for in this article, unless it appears to the judge of the juvenile court that the case should be brought to the attention of the judge of the superior court, in which case the child shall be held in custody or bound to the next term of the superior court as now provided by law. (1919, c. 97, s. 9; 1929, c. 84; C. S. 5047.)

§ 110-30. Child to be kept apart from adult criminals; detention homes. — No child coming within the provisions of this article shall be placed in any penal institution, jail, lockup, or other place where such child can come in contact at any time or in any manner with any adult convicted of crime and committed or under arrest and charged with crime. Provisions shall be made for the temporary detention of such children in a detention home to be conducted as an agency of the court for the purposes of this article, or the judge may arrange for the boarding of such children temporarily in a private home or homes in the custody of some fit person or persons subject to the supervision of the court, or the judge may arrange with any incorporated institution, society or association maintaining a suitable place of detention for children for the use thereof as a temporary detention home.

In case a detention home is established as an agency of the court it shall be furnished and carried on as far as possible as a family home in charge of a superintendent or matron who shall reside therein. The judge of the juvenile court may, with the approval of the state board of charities and public welfare, appoint a matron or superintendent or both and other necessary employees for such home in the same manner as probation officers are appointed under this article, their salaries to be fixed and paid in the same manner as the salaries of probation officers. The necessary expense incurred in maintaining such detention home shall be a public charge.

In case the judge shall arrange for the boarding of children temporarily detained in private homes, a reasonable sum for the board of such children while temporarily detained in such homes shall be paid by the county in which such child shall reside or may be found.

In case the judge shall arrange with any incorporated institution, society or association, for the use of a detention home maintained by such institution, society or association, he shall enter an order which shall be effectual for that purpose and a reasonable sum shall be appropriated by the county commissioners for the compensation of such institution, society or association for the care of children residing or found within the county who may be detained therein. (1919, c. 97, s. 10; C. S. 5048.)

§ 110-31. Probation officers; appointment and discharge; compensation.—The judge of the juvenile court in each county shall appoint one or more suitable persons as probation officers who shall serve under his direction. The appointment of such probation officers shall be approved by the state board of charities and public welfare.

The county superintendent of public welfare shall be the chief probation officer of every juvenile court in his county and shall have supervision over the work of any additional probation officer which may be appointed.

The judge appointing any probation officer may discharge such officer for cause after serving such officer with a written notice, but no probation officer shall be discharged without the approval of the state board of charities and public welfare.

The judge appointing any probation officer may in his discretion determine that a suitable salary be paid and may, with the approval of the judge of the superior court, fix the amount thereof.

Such salary so determined and so approved shall be paid by the board of county commissioners; but no person shall be paid a salary as probation officer without a certificate of qualification from the state board of charities and public welfare.

The state board of charities and public welfare shall establish rules and regulations pursuant to which appointments under this article shall be made, to the end that such appointments shall be based upon merit only.

The appointment of a probation officer shall be in writing and one copy of the order of appointment shall be delivered to the officer so appointed and another filed in the office of the state board of charities and public welfare. (1919, c. 97, s. 11; C. S. 5049.)

§ 110-32. Probation; conditions; revocation. — When the court places any child or adult on probation as provided in this article it shall determine the conditions of probation, which may be modified by the court at any time. A child shall remain on probation for such period as the court shall determine during the minority of such child. An adult shall remain on probation for such period as the court shall determine, not to exceed five years. The conditions of probation shall be such as the court shall prescribe, and may include among other conditions any or several of the following: That the probationer shall indulge in no unlawful or injurious habits; shall avoid places or persons of disreputable or harmful character; shall report to the probation officer as directed by the court or probation officers; shall permit the probation officer to visit him in a reasonable manner at his place of abode or elsewhere; shall answer any reasonable inquiries on the part of the probation officer concerning his conduct or condition; shall, if a child of compulsory school age, attend school regularly; shall, if an adult or a child who does not attend school, work faithfully at suitable employment; shall remain or reside within a specified place or locality; shall pay a fine in one or several sums; shall make restitution or reparation to the aggrieved parties for actual damages or losses caused by an offense upon such conditions as the court shall determine; and shall make payment for the support of any lawful dependents as required by the court.

Any person on probation may at any time be required to appear before the court, and in case of his failure to do so when properly notified by the probation officer, the court may issue a warrant for his arrest. In the case of a child on probation, if the court believes that the welfare of such child will thereby be promoted, the probation may be revoked at any time and the court may make such other disposition of the child as it might have made at the time the child was placed on probation. An adult on probation who violates any of the conditions thereof may be arrested upon a warrant issued by the court and the court may impose any penalties which it might have imposed at the time the defendant was placed on probation. (1919, c. 97, s. 12; C. S. 5050.)

§ 110-33. Duties and powers of probation officers.—It shall be the duty of a probation officer to make such investigations before, during or after the trial or hearing of any case coming before the court as the court shall direct, and to report thereon in writing. The probation officer shall take charge of any child before or after the trial or hearing when so directed by the court. The probation officer shall furnish to each person released on probation under his supervision a written statement of the conditions of probation and shall instruct the probationer and other persons responsible for the welfare of the probationer regarding same, and shall enforce all the conditions of probation. Such officer shall keep informed concerning the conduct and condition of each person on probation under his supervision by visiting, requiring of reports, and in other ways, and shall report upon the progress of each case under his supervision at least monthly to the court. Such officer shall use all suitable methods not inconsistent with the conditions imposed by the court to aid and encourage persons on probation and to bring about improvement in their conduct and condition. Such officer shall keep detailed record of his work. He shall keep accurate and complete accounts of all moneys collected from persons under his supervision; he shall give receipts therefor and shall make at least monthly returns thereof; such officer shall make such report to the state board of charities and public welfare as it may from time to time require, and shall perform such other duties as the court under whose direction such officer is serving shall direct. Every probation officer shall have all the powers of a peace officer within the jurisdiction of the court which he serves. With the approval or under the direction of the judge of the court in which a probation officer is serving, such officer is authorized and empowered to act as probation officer over any person on probation transferred to his supervision from any other court and may act as parole officer over any person released from a correctional institution when requested to do so by the authorities thereof and when authorized so to act by the judge of the court in which such probation officer is serving. (1919, c. 97, s. 13; C. S. 5051.)

§ 110-34. Support of child committed to custodial agency.—Whenever any child is committed by the court to the custody of an institution, association, society or person other than its parent or guardian, compensation for the care of such child, when approved by the order of the court, shall be a charge upon the county, but the court may at the issuance and service of an order to show cause on the parent or other person having the duty under the law to support such child adjudge that such parent or other person shall pay in such manner as the court may direct such sum as will cover in whole or in part the support of such child, and wilful failure to pay such sum may be punished as a contempt of court. (1919, c. 97, s. 14; C. S. 5052.)

§ 110-35. Selection of custodial agency. — In committing any child to any institution or other custodial agency other than one supported and controlled by the state or in placing the child under any guardianship other than that of its natural guardians, the court shall as far as practicable select as the custodial agency an institution, society or association governed by persons of like religious faith as the parents of such child or an

individual holding the same religious belief. (1919, c. 97, s. 15; C. S. 5053.)

§ 110-36. Modification of judgment; return of child to parents.—Any order or judgment made by the court in the case of any child shall be subject to such modification from time to time as the court may consider to be for the welfare of such child, except that a child committed to an institution supported and controlled by the state may be released or discharged only by the governing board or officer of such institution.

Any parent or guardian, or, if there be no parent or guardian, the next friend of any child who has been or shall hereafter be committed by the court to the custody of an institution other than an institution supported and controlled by the state, or to the custody of any association, society or person, may at any time file with the court a petition verified by affidavit setting forth under what conditions such child is living, and that application for the release of the child has been made to and denied by such institution, association, society or person, or that the said institution, association, society or person has failed to act upon such application within a reasonable time. A copy of such petition shall at once be served by the court upon such institution, association, society or person, whose duty it shall be to file a reply to the same within five days. If, upon examination of the petition and reply, the court is of the opinion that an investigation should be had, it may, upon due notice to all concerned, proceed to hear the facts and determine the question at issue, and may return such child to the custody of its parents or guardian or direct such institution, association, society or person to make such other arrangements for the child's care and welfare as the circumstances of the case may require.

Any child while under the jurisdiction of the court shall be subject to the visitation of the probation officer or other agent of the court authorized to visit such child. (1919, c. 97, s. 16; C. S. 5054.)

§ 110-37. Guardian appointed if welfare of child promoted.—Whenever in the course of a proceeding instituted under this article it shall appear to the court that the welfare of any child within the jurisdiction of the court will be promoted by the appointment of an individual as general guardian of its person, when such child is not committed to an institution or to an incorporated society or association, or by the appointment of an individual or corporation as general guardian of its property, the court shall have jurisdiction to make such appointment, either upon the application of the child or of some relative or friend, or upon the court's own motion, and in that event an order to show cause may be made by the court to be served upon the parent or parents of such child in such manner and for such time, prior to the hearing, as the court may deem reasonable. In any case arising under this article the court may determine as between parents or others whether the father or mother or what person shall have the custody and direction of said child, subject to the provisions of the preceding section. (1919, c. 97, s. 17; C. S. 5055.)

§ 110-38. Medical examination of child; disposition if mentally defective.—The court, in its discretion, either before or after a hearing, may cause any child within its jurisdiction to be examined by one or more duly licensed physicians, who shall submit a written report thereon to the court. If it shall appear to the court that any child within the jurisdiction of the court is mentally defective he may cause the child to be examined by two licensed physicians, and on the written statement of the two examining physicians that it is their opinion that the child is mentally defective, feeble-minded, or epileptic the court may commit such child to an institution authorized by law to receive and care for mentally defective, feeble-minded or epileptic children, as the case may be. No child shall be committed to such institution unless the parent or parents or the guardian or custodian of such child, if such there be, are given an opportunity for a hearing.

Whenever a child within the jurisdiction of the court and under the provisions of this article appears to the court to be in need of medical or surgical care a suitable order may be made for the treatment of such child in a hospital or otherwise, and the expense thereof, when approved by the court, shall be a charge upon the county or the appropriate subdivision thereof; but the court may adjudge that the person or persons having the duty under the law to support such child shall pay a part or all of the expenses of such treatment as provided in § 110-34 of this article. (1919, c. 97, s. 18; C. S. 5056.)

§ 110-39. Neglect by parents; encouraging delinquency by others; penalty.— A parent, guardian or other person having the custody of a child who omits to exercise reasonable diligence in the care, protection or control of such child, causing it to be adjudged delinquent, neglected, or in need of the care, protection or discipline of the state as provided in this article, or who permits such child to associate with vicious, immoral or criminal persons, or to beg or solicit alms, or to be an habitual truant from school, or to enter any house of prostitution or assignation or any place where gambling is carried on, or to enter any place which may be injurious to the morals, health, or general welfare of such child, and any such person or any other person who knowingly or wilfully is responsible for, encourages, aids, causes or connives at or who knowingly or wilfully does any act to produce, promote or contribute to the condition which caused such child to be adjudged delinquent, neglected, or in need of the care, protection or discipline of the state, shall be guilty of a misdemeanor. (1919, c. 97, s. 19; C. S. 5057.)

§ 110-40. Appeals.—An appeal may be taken from any judgment or order of the juvenile court to the superior court having jurisdiction in the county by the parent or, in case there is no parent, by the guardian, custodian or next friend of any child, or by any adult described in §§ 110-38 and 110-39 of this article whose case has been heard by the juvenile court. Such appeal shall be taken in the manner provided for appeals to the superior court; and written notice of such appeal shall be filed with the juvenile court within five days after the issuance of the judgment or

order of such court. (1919, c. 97, s. 20; C. S. 5058.)

§ 110-41. Compensation of judge. — The judge of the juvenile court shall be paid a reasonable compensation for his services, the amount to be determined by the county commissioners, and the amount thus determined by the county commissioners shall be charged against the public funds of the county. And such compensation shall be independent of any compensation which may come to him as clerk of the superior court. (1919, c. 97, s. 21; C. S. 5059.)

§ 110-42. Public officers and institutions to aid. —It is hereby made the duty of every state, county or municipal official or department to render such assistance and coöperation within his or its jurisdiction or power as shall further the objects of this article. All institutions or other agencies to which any person coming within the provisions of this article may be sent are hereby required to give such information concerning such child to the court or to any other officer appointed by it as said court or official may require for the purposes of this article. The court is authorized to seek the coöperation of all societies, organizations or individuals to the end that the court may be assisted in every way in the discharge of its duties. (1919, c. 97, s. 22; C. S. 5060.)

§ 110-43. Rules of procedure devised by court. —The court shall have power to devise and publish rules to regulate the procedure in cases coming within the provisions of this article and for the conduct of all probation and other officers of the court in such cases. The court shall devise and cause to be printed for public use such forms for records and for various petitions, orders, processes, and other papers in the cases coming within this article as shall meet the requirements thereof, and all expenses incurred in complying with the provisions of this article shall be a public charge. (1919, c. 97, s. 23; C. S. 5061.)

§ 110-44. City juvenile courts and probation officers.—Every city in North Carolina where the population was, by the census of one thousand nine hundred and twenty, ten thousand or more shall maintain a juvenile court, to which is hereby given the powers, duties and obligations of this article to be exercised within their territorial boundaries. Such city juvenile courts shall conduct their business in accordance with the procedure set forth in this article as applying to the county juvenile court. It is hereby made the duty of governing bodies of such cities to make provision for such courts and bear the expense thereof, either by requiring the recorder to act as a juvenile judge or by the appointment of a separate judge. The governing bodies of such cities shall also appoint one or more assistant probation officers who shall serve within its jurisdiction under the general supervision of the chief probation officer of the county, which chief probation officer of the county is hereby made the chief probation officer of the city court herein provided for. The salary of the juvenile court judge shall be fixed and paid by the governing body of the city, and such governing bodies are hereby given authority to expend such sums from the public funds of the city as may be required to carry this article into effect.

In case it may appear to the governing bodies of such cities herein described that it would be best to allow the county juvenile court to transact the business of the city, they may make such provisions and agreements with the county commissioners for the expense of the joint court as may be agreed upon, and in such event such a city is hereby permitted to make such arrangement in lieu of establishing a city juvenile court. But in case the county commissioners will not agree to such arrangement, then the city must establish a juvenile court, as provided in this section.

Any town of five thousand population which is not a county seat, and in which there is a recorder's court, may, if deemed advisable and necessary by the governing body, provide for the conduct of a juvenile court within the territorial jurisdiction of such recorder's court: Provided, that the provisions and procedure of this article are fully followed as in case for towns of ten thousand inhabitants. (1919, c. 97, s. 24; 1923, c. 193; C. S. 5062.)

Art. 3. Control over Indigent Children.

§ 110-45. Institution has authority of parent or guardian.—Every indigent child which may be placed in any orphanage, children's home, or child-placing institution in this state, which shall be an institution existing under and by virtue of the laws of this state, shall be under the control of the authorities of such institution so long as, under the rules and regulations of such institution, the child is entitled to remain in the same. The authority of the institution shall be the same as that of a parent or guardian before the child was placed in the institution; but such authority shall extend only to the person of the child. (1917, c. 133, s. 1; C. S. 5063.)

§ 110-46. Regulations of institution not abrogated.—Nothing in this article shall be construed in any way to abrogate any of the rules and regulations of such institutions in so far as the rules and regulations have for their purpose the welfare and protection of the institutions. (1917, c. 133, s. 2; C. S. 5064.)

§ 110-47. Enticing a child from institution. — It is unlawful for any person to entice or attempt to entice, persuade, harbor, or conceal, or in any manner induce any indigent child to leave any of the institutions hereinbefore mentioned without the knowledge or consent of the authorities of such institutions. But this article shall not interfere with a mother's right to her child in case she becomes able to sustain her child; and the county commissioners in the county in which she resides shall in case of doubt have authority to recommend to the institution concerning the child. (1917, c. 133, s. 3; C. S. 5065.)

§ 110-48. Violation a misdemeanor. — Any person violating any of the provisions of §§ 110-45, 110-46 and 110-47 shall be guilty of a misdemeanor, and upon conviction shall be fined or imprisoned, or both, in the discretion of the court. (1917, c. 133, s. 4; C. S. 5066.)

§ 110-49. Permits and licenses must be had by institutions caring for children.—No individual,

agency, voluntary association, or corporation seeking to establish and carry on any kind of business or organization in this state for the purpose of caring for and placing dependent, neglected, abandoned, destitute, orphaned or delinquent children, or children separated temporarily from their parents, shall be permitted to organize and carry on such work without first having secured a written permit from the State Board of Charities and Public Welfare. The said board shall issue such permit recommending such business or organization only after it has made due investigation of the purpose, character, nature, methods and assets of the proposed business or organization.

Upon establishment as provided above, every such organization, except those exempted in § 108-3, subsection 5, shall annually procure a license from the State Board of Charities and Public Welfare, and it shall be unlawful to carry on said work or business without having such license.

Any individual, corporation, institution, or association, violating any of the provisions of this section shall, upon conviction thereof, be guilty of a misdemeanor and punished by a fine of not more than two hundred dollars or by imprisonment of not more than six months, or by both such fine and imprisonment. (1919, c. 46; 1931, c. 226, s. 6; C. S. 5067.)

Art. 4. Placing or Adoption of Juvenile Delinquents or Dependents.

§ 110-50. Bringing child into State for adoption without consent of State Board of Charities and Public Welfare.—No person, agency, association, institution or corporation shall bring or send into the State any child for the purpose of placing him out or procuring his adoption without first obtaining the consent of the State Board of Charities and Public Welfare. Such person, agency, association or corporation shall conform to the rules of the board and shall enter into a written agreement with the board to remove such child from the State, when requested so to do by the said board; that it will place the child under written contract approved by the board; that the person with whom the child is placed shall be responsible for his proper care and training; that the board and its agents shall have the same right of visitation and supervision of the child and the home in which it is placed as in the case of a child placed out by the board and its agents. Before the child shall be brought or sent into the State for the purpose of placing him in a home, the person, agency, association, institution or corporation so bringing or sending such child shall first notify the State board of its intention, shall certify to the State board that such child does not have a contagious or incurable disease, is not deformed, feeble-minded or of vicious character, and shall obtain from the State board a certificate stating such home is, in the opinion of the said board, a suitable home for the child. The person, agency, association, institution or corporation bringing or sending the child into the State shall report once a year or when the child is placed in another home, or at such other times as the board may direct as to the location and well-being of the child, so long as he shall remain within the State and until he shall have reached the age of eighteen years or shall have been legally adopted. (1931, c. 226, s. 1.)

§ 110-51. Bond required. — No child shall be brought into the State under § 110-50 until a justifiable and continuous bond not to exceed one thousand dollars ($1,000) be furnished and maintained by the said person, agency, association, institution or corporation for the proper fulfillment of the requirements of § 110-50. Said bond shall be made in favor of and filed with the State Board of Charities and Public Welfare with the premium prepaid by the said person, agency, association, institution or corporation desiring to place such child in the State. (1931, c. 226, s. 2.)

§ 110-52. Consent of board before sending child out of State. -- No child shall be taken or sent out of the State for the purpose of placing him in a home, otherwise than by a parent, grandparent or guardian, unless the person, agency, association, institution or corporation so taking or sending him shall give the State Board of Charities and Public Welfare notice of its intention and furnish such information as the board may require. Such person, agency, association, institution or corporation shall place the child under written contract, approved by the board, that the person with whom the child is placed shall be responsible for his proper care and training and thereafter shall report to the board once a year and at such other times as the board may direct as to the location and well-being of such child until he shall have reached the age of eighteen years, or shall have been legally adopted. (1931, c. 226, s. 3.)

§ 110-53. Consent of board where parents of child have not established legal settlement.—No person, agency, association, institution or corporation shall accept for the purpose of placing him out or procuring his adoption any child either legitimate or illegitimate born in this State of parents who have not established legal settlement in the State without first obtaining the written consent of the State Board of Charities and Public Welfare. (1931, c. 226, s. 4.)

§ 110-54. Requisites for legal settlements. — No juvenile delinquent or dependent, coming from without the State of North Carolina, can acquire a settlement in this State, so as to constitute him or her a charge of the State, unless such juvenile delinquent or dependent has been continuously in the State of North Carolina for a period of three years. (1931, c. 226, s. 5.)

§ 110-55. Violation of article a misdemeanor.— Every person acting for himself or for an agency who violates any of the provisions of this article or who shall intentionally make any false statements to the State Board of Charities and Public Welfare shall, upon conviction thereof, be guilty of a misdemeanor and punished by a fine of not more than two hundred dollars or by imprisonment for not more than six months, or by both such fine and imprisonment. (1931, c. 226, s. 7.)

§ 111-4. Register of state's blind.—It shall be the duty of this commission to cause to be maintained a complete register of the blind in the State of North Carolina, which shall describe the condition, cause of blindness, capacity for education and industrial training of each, with such other facts as may seem to the commission to be of value. (1935, c. 53, s. 3.)

§ 111-5. Information and aid bureaus. — The commission shall maintain or cause to be maintained one or more bureaus of information and industrial aid, the object of which shall be to aid the blind in finding employment and to teach them trades and occupations which may be followed in their own homes, and to assist them in whatever manner may seem advisable to the commission in disposing of the products of their home industry. (1935, c. 53, s. 4.)

When special educational opportunities cannot be had within the state, they may be arranged for, at the discretion of the board, outside of the state. The commission may also, whenever it thinks proper, aid individual blind persons or groups of blind persons to become self-supporting by furnishing material or equipment to them, and may also assist them in the sale and distribution of their products. (1935, c. 53, s. 7.)

§ 111-9. Officers and agents; annual report.—The commission may appoint such officers and agents as may be necessary to carry out the provisions of this chapter and their compensation shall be fixed within the limits of the annual appropriation by the director of personnel, but no person employed by the commission shall be a member thereof. The annual report shall present a concise review of the work of the commission for the preceding year, with such suggestions and recommendations for improving the conditions of the blind and preventing blindness as may seem expedient. (1935, c. 53, s. 8.)

§ 111-10. Compensation and expenses of commission.—The members of the commission shall receive no compensation for their services; but their traveling and other necessary expenses, incurred in the performance of their official duties, shall be audited by the state auditor and paid by the treasurer of the state, out of the moneys that may be appropriated therefor. (1935, c. 53, s. 9.)

(1935, c. 53, s. 10; 1939, c. 124.)

§ 111-12. Art. 2. Aid to the Needy Blind.

§ 111-13. (1937, c. 124, s. 2.)

§ 111-14. Application for benefits under article; investigation and award by county commissioners.—Any person claiming benefit under this article, shall file with the commissioners of the county in which he or she has a legal settlement an application in writing, in duplicate, upon forms prescribed by the North Carolina state commission for the blind, which application shall be accompanied by a certificate signed by a reputable physician licensed to practice medicine in the state of North Carolina and who is actively engaged in the treatment of diseases of the human eye, to the effect that the applicant is blind or that his or her vision with glasses is so defective as to prevent the performance of ordinary activities for which eyesight is essential. Such application may be made on the behalf of any such blind person by the North Carolina state commission for the blind, or by any other person. The board of county commissioners shall cause an investigation to be made by a qualified person, or persons, designated as their agents for this purpose and shall pass upon the said application without delay, determine the eligibility of the applicant, and allow or disallow the relief sought. In passing upon the application, they may take into consideration the facts set forth in the said application, and any other facts that are deemed necessary, and may at

any time, within their discretion, require an additional examination of the applicant's eyes by an ophthalmologist designated by the North Carolina state commission for the blind. When satisfied with the merits of the application, the board of county commissioners shall allow the same and grant to the applicant such relief as may be suitable and proper, according to the rules and standards established by the North Carolina state commission for the blind, not inconsistent with this article and in accordance with the further provisions hereof. (1937, c. 124, s. 3; 1939, c. 124.)

§ 111-15. Eligibility for relief.—Blind persons having the following qualifications shall be eligible for relief under the provisions of this article:

(1) Whose vision with glasses is insufficient for use in ordinary occupations for which sight is essential; and

(2) Who are unable to provide for themselves the necessities of life and who have insufficient means for their own support and who have no relative or relatives or other persons in this state able to provide for them who are legally responsible for their maintenance; and

(3) Who have been residents of the state of North Carolina one year immediately preceding the application; and

(4) Who are not inmates of any charitable or correctional institution of this state or of any county or city thereof: Provided, that an inmate of such charitable institution may be granted a benefit in order to enable such person to maintain himself or herself outside of an institution; and

(5) Who are not publicly soliciting alms in any part of the state, and who are not, because of physical or mental condition, in need of continuing institutional care. (1937, c. 124, s. 4.)

§ 111-16. Application transmitted to commission; notice of award; review by commission. — Promptly after an application for aid is made to the board of county commissioners under this article the North Carolina state commission for the blind shall be notified thereof by mail, by said county commissioners, and one of the duplicate applications for aid made before the board of county commissioners shall be transmitted with said notice.

As soon as any award has been made by the board of county commissioners, or any application declined, prompt notice thereof in writing shall be forwarded by mail to the North Carolina state commission for the blind and to the applicant, in which shall be fully stated the particulars of the award or the facts of denial.

Within a reasonable time, in accordance with rules and regulations adopted by the North Carolina state commission for the blind, after action by the board of county commissioners, the applicant, if dissatisfied therewith, may appeal directly to the North Carolina state commission for the blind. Notice of such appeal must be given in writing to the board of county commissioners, and within thirty days after the receipt of such notice the board of county commissioners shall transmit to the North Carolina state commission for the blind copies of all proceedings and documents, including the award or denial, which may be necessary for the hearing of the said appeal, together with the grounds upon which the action was based.

As soon as may be practicable after the receipt of the said notice of appeal, the North Carolina state commission for the blind shall notify the applicant of the time and place where the hearing of such appeal will be had. The members of the North Carolina state commission for the blind shall hear the said appeal under such rules and regulations not inconsistent with this article as it may establish, and shall provide for granting an individual whose claim for aid is denied an opportunity for fair hearing before said commission, and their decision shall be final. Any notice required to be given herein may be given by mail or by personally delivering in writing such notice to the clerk of the board of county commissioners or the executive secretary of the North Carolina state commission for the blind, except that notice of the time and place where the hearings of such appeals will be had shall be given by mail or by personal delivery of such notice in writing direct to the applicant.

In all cases, whether or not any appeal shall be taken by the applicant, the North Carolina state commission for the blind shall carefully examine such award or decision, as the case may be, and shall, in their discretion, approve, increase, allow or disallow any award so made. Immediately thereafter they shall notify the board of county commissioners and the applicant of such action, and if the award made by the board of county commissioners is changed, notice thereof shall be given by mail to the applicant and the board of county commissioners, giving the extent and manner in which any award has been changed.

If, in the absence of any appeal by the applicant, the North Carolina state commission for the blind shall make any order increasing or decreasing the award allowing or disallowing the same, the applicant or the board of county commissioners shall have the right, within ten days from notice thereof, to have such order reviewed by the members of the North Carolina state commission for the blind. The procedure in such cases shall be as provided in this section on appeals to the commission by the applicant. (1937, c. 124, s. 5.)

§ 111-17. Amount and payment of assistance; source of funds.—When the board of county commissioners is satisfied that the applicant is entitled to relief under the provisions of this article, as provided in § 111-14, they shall order necessary relief to be granted under the rules and regulations prescribed by the North Carolina state commission for the blind, but in no case in an amount to exceed thirty dollars per month to be paid from county, state and federal funds available, said relief to be paid in monthly payments from funds hereinafter mentioned.

At the time of fixing the annual budget for the fiscal year beginning July first, one thousand nine hundred thirty-seven, and annually thereafter, the board of county commissioners in each county shall, based upon such information as they are able to secure and with such information as may be furnished to them by the North Carolina state commission for the blind, estimate the number of needy blind persons in such county who shall be entitled to aid under the provisions of this article and the total amount of such county's one-

fourth part thereof required to be paid by such county. All such counties shall make an appropriation in their budgets which shall be found to be ample to pay their part of such payments and, at the time of levying other taxes, shall levy sufficient taxes for the payment of the same. This provision shall be mandatory on all of the counties in the state. Such taxes so levied shall be and hereby are declared to be for this special purpose and levied with the consent of the general assembly. Any court of competent jurisdiction is authorized by mandamus to enforce the foregoing provisions. No funds shall be allocated to any county by the North Carolina state commission for the blind until the provisions hereof have been fully complied with by such county.

In case such appropriation is exhausted within the year and is found to be insufficient to meet the county's one-fourth part of the amount required for aid to the needy blind, such deficiency may be borrowed, if within constitutional limitations, at the lowest rate of interest obtainable, not exceeding six per cent, and provision for payment thereof shall be made in the next annual budget and tax levy.

The board of county commissioners in the several counties of the state shall cause to be transmitted to the state treasurer one-fourth of the total amount of relief granted to the blind applicants. Such remittances shall be made by the several counties in equal monthly installments on the first day of each month, beginning July first, one thousand nine hundred thirty-seven. The state treasurer shall deposit said funds and credit same to the account of the North Carolina state commission for the blind to be employed in carrying out the provisions of this article. (1937, c. 124, s. 6.)

§ 111-18. Payment of awards.—After an award to a blind person has been made by the board of county commissioners, and approved by the North Carolina state commission for the blind. the North Carolina state commission for the blind shall thereafter pay to such person to whom such award is made the amount of said award in monthly payments, or in such manner and under such terms as the North Carolina state commission for the blind shall determine. Such payment shall be made by warrant of the state auditor, drawn upon such funds in the hands of the state treasurer, at the instance and request and upon a proper voucher signed by the executive secretary of the North Carolina state commission for the blind, and shall not be subject to the provisions of the Executive Budget Act as to approval of said expenditure. (1937, c. 124, s. 7.)

§ 111-19. When applications for relief made directly to state commission.—If any person, otherwise entitled to relief under this article, shall have the residence requirements in the state of North Carolina, but no legal settlement in any one of the counties therein, his or her application for relief under this article shall be made directly to the North Carolina state commission for the blind, in writing, in which shall be contained all the facts and information sufficient to enable the said commission to pass upon the merits of the application. Blank forms for such application shall be furnished by the North Carolina state commission for the blind. If the said commission finds the applicant entitled to assistance within the rules and regulations prescribed by it, and consonant with the provisions of this article, relief shall be given to such person coming under the rules of eligibility to such extent as the North Carolina state commission for the blind may consider just and proper, but not in excess of the amounts specified in § 111-17. Payment of the benefits thus awarded, however, shall be made entirely out of the funds provided by the state, together with such funds which may be added thereto as federal grants in aid, and shall not be a charge upon the funds locally raised by taxation in the counties until such person shall have resided in some county for sufficient time to acquire a settlement therein; thereafter payments shall be made as in other cases. (1937, c. 124, s. 8.)

§ 111-20. Awards subject to reopening upon change in condition.—All awards to needy blind persons made under the provisions of this article shall be made subject to reopening and reconsideration at any time when there has been any change in the circumstances of any needy blind person or for any other reason. The North Carolina state commission for the blind and the board of county commissioners of each of the counties in which awards have been made shall at all times keep properly informed as to the circumstances and conditions of the persons to whom the awards are made, making reinvestigations bi-annually, or more often, as may be found necessary. The North Carolina state commission for the blind may at any time present to the proper board of county commissioners any case in which, in their opinion, the changed circumstances of the case should be reconsidered. The board of county commissioners shall reconsider such cases and any and all other cases which, in the opinion of the board of county commissioners, deserve reconsideration. In all such cases notice of the hearing thereon shall be given to the person to whom the award has been made. Any person to whom an award has been made may apply for a reopening and reconsideration thereof. Upon such hearing, the board of county commissioners may make a new award increasing or decreasing the former award or leaving the same unchanged, or discontinuing the same, as it may find the circumstances of the case to warrant, such changes always to be within the limitations provided by this article and in accordance with the terms hereof.

Any changes made in such award shall be reported to the North Carolina state commission for the blind, and shall be subject to the right of appeal and review, as provided in § 111-16. (1937, c. 124, s. 9.)

§ 111-21. Disqualifications for relief.—No aid to needy blind persons shall be given under the provisions of this article to any individual for any period with respect to which he is receiving aid under the laws of North Carolina providing aid for dependent children and/or relief for the aged. (1937, c. 124, s. 10.)

§ 111-22. Beneficiaries not deemed paupers. — No blind person shall be deemed a pauper by reason of receiving relief under this article. (1937, c. 124, s. 11.)

§ 111-23. Misrepresentation or fraud in obtaining assistance.—Any person who shall obtain, or attempt to obtain, by means of a wilful, false statement, or representation, or impersonation, or other fraudulent devices, assistance to which he is not entitled shall be guilty of a misdemeanor and upon conviction shall be punished by a fine of not more than five hundred ($500.00) dollars, or by imprisonment in the county jail for not more than three months, or by both such fine and imprisonment. The superior court and the recorders' courts shall have concurrent jurisdiction in all prosecutions arising under this article. (1937, c. 124, s. 12.)

§ 111-24. Cooperation with federal social security board; grants from federal government.—The North Carolina state commission for the blind is hereby empowered and authorized and directed to co-operate with the federal social security board, created under Title X of the Social Security Act, approved August fourteenth, one thousand nine hundred thirty-five, in any reasonable manner as may be necessary to qualify for federal aid for assistance to the needy blind and in conformity with the provisions of this article, including the making of such reports in such form and containing such information as the federal social security board may from time to time require, and comply with such regulations as said board may from time to time find necessary to assure the correctness and verification of such reports.

Before the first day of June, one thousand nine hundred thirty-nine, the county board of welfare in every county in this state shall make a complete and thorough examination and investigation of all widows of Confederate veterans and all colored servants of Confederate soldiers whose names are on the pension roll in each county, and shall determine the eligibility of such pensioners for old age assistance under the provisions of §§ 108-15 to 108-76 without any applications being made by such persons for old age assistance as required by said law, and after making such investigation, shall determine the eligibility of such persons for old age assistance and the amount of assistance which any such person is entitled to receive in accordance with the provisions of the Old Age Assistance Act. In the event it is determined by the county board of welfare that the awards which such eligible persons are entitled to receive shall be less than the amount paid such persons as pensions, such names shall not be withdrawn from the said pension list, and the county board of welfare shall not make any award of old age benefits to such persons.

(1921, c. 189, s. 14; C. S. 5168(o).)

SUBCHAPTER II. STATE FORESTS AND PARKS.

Art. 2. Acquisition and Control of State Forests and Parks.

§ 113-29. Policy and plan to be inaugurated by division of forestry.—The department of conservation and development through the division of forestry shall inaugurate the following policy and plan looking to the coöperation with private and public forest owners in this state in so far as funds may be available through legislative appropriation, gifts of money or land, or such coöperation with landowners and public agencies as may be available:

a. The extension of the forest fire prevention organization to all counties in the state needing such protection.

b. To coöperate with federal and other public agencies in the restoration of forest growth on land unwisely cleared and subsequently neglected.

c. To furnish trained and experienced experts in forest management, to inspect private forest lands and to advise with forest landowners with a view to the general observance of recognized and practical rules of growing, cutting and marketing timber. The services of such trained experts of the department must naturally be restricted to those landowners who agree to carry out so far as possible the recommendations of said department.

d. To prepare and distribute printed and other material for the use of teachers and club leaders and to provide instruction to schools and clubs and other groups of citizens in order to train the younger generation in the principles of wise use of our forest resources.

e. To acquire small areas of suitable land in the different regions of the state on which to establish small, model forests which shall be developed and used by the said department of conservation and development as state demonstration forests for experiment and demonstration in forest management. (1939, c. 317, s. 1.)

§ 113-30. Use of lands acquired by counties through tax foreclosures as demonstration forests.—The boards of county commissioners of the various counties of North Carolina are herewith authorized to turn over to the said department of conservation and development title to such tax delinquent lands as may have been acquired by said counties under tax sale and as in the judgment of the state forester may be suitable for the purposes named in § 113-29, paragraph "e". (1939, c. 317, s. 2.)

§ 113-31. Procedure for acquisition of delinquent tax lands from counties.—In the carrying out of the provisions of § 113-30, the several boards of county commissioners shall furnish forthwith on written request of the department of conservation and development a complete list of all properties acquired by the county under tax sale and which have remained unredeemed for a period of two years or more. On receipt of this list the state forester of the department of conservation and development shall have the lands examined and if any one or more of these properties is in his judgment suitable for the purposes set forth in § 113-30, request shall be made through the director of said department to the county commissioners for the acquisition of such land by the department at a price not to exceed the actual amount of taxes due without penalties. On receipt of this request the county commissioners shall make permanent transfer of such tract or tracts of land to the department through fee simple deed or other legal transfer, said deed to be approved by the attorney general of North Carolina, and shall then receive payment from the department as above outlined. (1939, c. 317, s. 3.)

§ 113-32. Purchase of lands for use as demonstration forests.—Where no suitable tax-delinquent lands are available and in the judgment of the department of conservation and development the establishment of a demonstration forest is advisable, the department may purchase sufficient land for the establishment of such a demonstration forest at a fair and agreed-upon price, the deed for such land to be subject to approval of the attorney general, but nothing in §§ 113-29 to 113-33 shall allow the department of conservation and development to acquire land under the right of eminent domain. (1939, c. 317, s. 4.)

§ 113-33. Forest management appropriation.—Necessary funds for carrying out the provisions of §§ 113-29 to 113-33 shall be set up in the regular budget as an item entitled forest management. (1939, c. 317, s. 5.)

§ 113-34. Power to acquire lands as State forests, parks, etc.; donations or leases by United States.—The governor of the state is authorized upon recommendation of the Board of Conservation and Development to accept gifts of land to the state, the same to be held, protected, and administered by said board as state forests, and to be used so as to demonstrate the practical utility of timber culture and water conservation, and as refuges for game. Such gifts must be absolute except in such cases as where the mineral interest on the land has previously been sold. The State Board of Conservation and Development shall have the power to purchase lands in the name of the state, suitable chiefly for the production of timber, as state forests, for experimental, demon-

stration, educational, park, and protection purposes, using for such purposes any special appropriations or funds available. The State Board of Conservation and Development shall also have the power to acquire by condemnation under the provisions of chapter forty, such areas of land in different sections of the State as may in the opinion of the Department of Conservation and Development be necessary for the purpose of establishing and/or developing State forests, State parks and other areas and developments essential to the effective operation of the State forestry and State Park activities with which the Department of Conservation and Development has been or may be entrusted. Such condemnation proceedings shall be instituted and prosecuted in the name of the State of North Carolina, and any property so acquired shall be administered, developed and used for experiment and demonstration in forest management, for public recreation and for such other purposes authorized or required by law: Provided, that before any action or proceeding under this sentence can be exercised, the approval of the Governor and Council of State shall be obtained and filed with the Clerk of the Superior Court in the county or counties where such property may be situate, and until such approval is obtained, the rights and powers conferred by this sentence shall not be exercised. The attorney-general of the state is directed to see that all deeds to the state for land mentioned in this section are properly executed before the gift is accepted or payment of the purchase money is made. Such state forests shall be subject to county taxes assessed on the same basis as are private lands, to be paid out of money in the state treasury not otherwise appropriated.

The final judgment in any such proceeding shall either dismiss the proceeding or direct that a writ of mandamus or an injunction, or both, issue as prayed for in the petition or in such modified or other form as the court may determine will afford appropriate relief. (1933, c. 178, s. 5.)

§ 113-66. Provision for appeal by corporations to governor.—If any corporation organized under this article is dissatisfied with or aggrieved at any regulation, rule or order imposed upon it by the director of the department of conservation and development, or any valuation or appraisal of any of its property made by the director of the department of conservation and development, or any failure of or refusal by the director of the department of conservation and development to approve of or consent to any action which it can take only with such approval or consent, it may appeal to the governor by filing with him a claim of appeal upon which the decision of the governor shall be final. Such determination, if other than a dismissal of the appeal, shall be set forth by the governor in a written mandate to the director of the department of conservation and development, who shall abide thereby and take such action as the same may direct. (1933, c. 178, s. 6.)

(1933, c. 178, s. 7.)

In determining such earnings unrealized appreciation or depreciation of real estate or other fixed assets shall not be considered. (1933, c. 178, s. 10.)

§ 113-71. Dissolution of corporation. — Any such corporation may be dissolved at any time in the manner provided by and under the provisions of the general corporation laws of the state of North Carolina, except that the court shall dismiss any petition for dissolution of any such corporation filed within twenty years of the date of its organization unless the same is accompanied

by a certificate of the director of the department of conservation and development consenting to such dissolution. (1933, c. 178, s. 11.)

§ 113-72. Cutting and sale of timber. — Any such corporation may cut and sell the timber on its lands or permit the cutting thereof, but all such cuttings shall be in accordance with the regulations, restrictions and limitations imposed by the director of the department of conservation and development, who shall impose such regulations, restrictions and limitations with respect thereto as may reasonably conform to the accepted custom and usage of good forestry and forest economy, taking into consideration the situation, nature and condition of the tract so cut or to be cut, and the financial needs of such corporation from time to time. Power to borrow money limited.— Any such corporation formed under this article may, subject to the approval of the director of the department of conservation and development, borrow funds and secure their payment thereof by note or notes and mortgage or by the issue of bonds under a trust indenture. The notes or bonds so issued and secured and the mortgage or trust indenture relating thereto may contain such clauses and provisions as shall be approved by the director of the department of conservation and development, including the right to enter into possession in case of default; but the operations of the mortgagee or receiver entering in such event or of the purchaser of the property upon foreclosure shall be subject to the regulations of the director of the department of conservation and development for such period as the mortgage or trust indenture may specify. (1933, c. 178, s. 14.)

(2) There shall be submitted to the director of the department of conservation and development a financial plan satisfactory to him setting forth in detail the amount of money needed to carry out the entire project, and how such sums are to be allocated, with adequate assurances to the director of the department of conservation and development as to where such funds are to be secured.

(3) The director of the department of conservation and development shall be satisfied that the project gives reasonable assurance of the operation of the forests involved on a sustained yield basis except in so far as the director of the department of conservation and development shall consider the same impracticable.

(4) The corporation proposing such project shall agree that the project shall at all times be subject to the supervision and inspection of the director of the department of conservation and development, and that it will at all times comply with such rules and regulations concerning the project as the director of the department of conservation and development shall from time to time impose. The commissioner, all game protectors, deputy game protectors and refuge keepers shall have the power to enter and search any refrigeration plant, refrigerators and ice boxes of all public refrigerating storage plants, meat shops, hotels, restaurants, or other public eating places, in which such officer, making such search, has reasonable grounds to believe that game taken, killed or stored in violation of the North Carolina Game Law has been concealed or stored, and which will furnish evidence of a violation of such laws; and such search may be made without warrant, except that no dwelling may be searched without a warrant. (1935, c. 486, s. 19.)

§ 113-104. Manner of taking game.—No person shall at any time of the year take in any manner, number, or quantity any wild bird or wild animal, or take the nests or eggs of any wild bird, or possess, buy, sell, offer or expose for sale, or transport at any time or in any manner any such bird, animal, or part thereof, or any birds' nests or eggs, except as permitted by this article; the possession of any game animals, or game birds or part of such animals or game birds, except those expressly permitted by the board, in any hotel, restaurant, café, market or store, or by any produce dealer in this State shall be prima facie evidence of the possession thereof for the purpose of sale in violation of the provisions of this article; but this provision shall not be construed to prohibit the person lawfully obtaining game from having it prepared in a public eating place and served to himself and guest: Provided, however, that for the purpose of this article any person hiring another to kill aforesaid game animals or game birds and receiving same shall be deemed buying same, and subject to the penalties of this article. Game birds and game animals shall be taken only in the daytime, between sunrise and sunset with a shot gun not larger than number ten (10) gauge, or a rifle, unless otherwise specifically permitted by this article. No person shall take any game animals or game birds or migratory game birds from any automobile, or by aid of or with the use of any jack-light, or other artificial light, net, trap, snare, fire, salt-lick or poison; nor shall any such jack-light, net, trap, snare, fire, salt-lick or poison be used or set to take any animals or birds; nor shall birds or animals be taken from an airplane, power boat, sail boat, or any boat under sail, or any floating device towed by a power boat or sail boat; nor shall any person take any dove, wild turkey, or upland game bird on any field, or in any cover in which corn, wheat, or other grain has been deposited for the purpose of drawing such birds thereto. It shall also be unlawful to shoot any such birds while such birds are sitting on the ground. (1935, c. 486, s. 20; 1939, c. 235, s. 1; C. S. 2124.)

§ 113-105. License to engage in business of game propagation; sale and transportation regulated.—Any person desiring to engage in the business of propagating in captivity upland game birds, ducks and geese, or any of them on land of which he is the owner or lessee and selling same pursuant to the provisions of this section, may make application in writing to the commissioner for a license to do so. The commissioner, when it shall appear that such application is made in good faith, shall upon the payment of a fee of two dollars ($2.00), issue to each applicant a license permitting such licensee to propagate such game birds on land of which he is the owner or lessee, the location of which shall be stated in such application and such license; to sell and ship such propagated game birds in the State from the State alive at any time for breeding or stocking purposes and take such propagated game birds except quail and wild turkey in any manner and at any time and sell the carcasses for food as hereinafter prescribed: Provided, that propagated upland game birds may be killed by shooting only during the open season as established by the board; and, provided further, that propagated migratory game birds may be killed by shooting only during the open season for migratory game birds. Each such license shall expire on the thirty-first day of December of the year in which it is issued. Each holder of a game bird propagating license shall keep such license prominently displayed at the place of business specified therein.

Every person holding a game bird propagating license issued by the commissioner shall keep accurate, written records, showing the number of game birds of each species propagated, bought, or sold, and the disposition thereof. These records shall be kept permanently on the premises stated in such license and shall be open for inspection by any duly authorized representative of the commissioner at all reasonable times.

Migratory game birds propagated in accordance with this section shall not be bought or sold for food, unless each bird before attaining the age of four weeks, shall have had removed from the web of one foot a portion thereof in the form of a "V" large enough to make a well defined mark, which shall be sufficient to identify it as a bird propagated in accordance with this section of the North Carolina Game Law. Migratory game birds propagated in accordance with this section may be bought, sold or offered for sale for food only after being tagged with an indestructible metal tag which shall be supplied by the board.

Common carriers shall receive and transport game birds tagged as aforesaid but to every package containing such propagated game birds shall be affixed a tag or label upon which shall plainly be printed or written the name, address and license number of the person by whom such propagated game birds are shipped and the name and address of the person to whom such propogated game birds are to be transported and number of each kind contained therein. The board shall be entitled to receive and shall collect for each tag to be affixed to the carcass of each game bird propagated, in accordance with this section, the sum of five cents. The said tags shall remain affixed as aforesaid until the carcasses of such propagated game birds shall be finally prepared for consumption: Provided, that the owner or proprietor of a hotel, restaurant, boarding house, or the manager of a club, may sell a portion of a tagged game bird to a guest, customer, or member, for consumption on the premises.

The proprietor or keeper of a hotel, restaurant or café, boarding house or club, desiring to serve game to his patrons, may make application to the department of conservation and development for a license to do so. The department, when it shall appear that such application is made in good faith, shall upon the payment of a fee of ten dollars ($10.00) issue to each such applicant a license permitting the holder thereof to buy and possess game birds lawfully tagged, and to serve such game to his patrons for consumption at any time, but only on the premises, the location of which shall be definitely stated in such license and the application therefor. Each such license to serve game birds shall expire on the thirty-first day of December in the year in which it is issued. Each person holding a license to serve game birds shall keep such license prominently displayed at the place of business specified therein. The holder of a license to serve game birds may purchase only game birds tagged in accordance with law. Each holder of a license to serve game birds shall keep accurate written records of each and every purchase, which records shall contain the name and address of the person or corporation from whom such game birds were purchased, the date of each transaction and the number and kind of game birds included in each purchase. These records shall be kept permanently at the place of business specified in the license and shall be open for inspection by any duly authorized representative of the department at all reasonable times. Each holder of a license to serve game birds shall send a certified copy of these records for the previous calendar year to the department not later than January fifteenth. The department shall furnish the forms on which these records are to be kept. The board is hereby authorized to prescribe from time to time rules and regulations governing the possession, purchase, sale and transportation of birds raised in domestication pursuant to the provisions of this article. (1935, c. 486, s. 29.)

§ 113-106. A person who is a resident of this State may transport within the State during the open season therefor, game birds and game animals lawfully taken. A person who is a nonresident of the State and a holder of a valid nonresident hunting license, may, under a permit issued by the commissioner, transport within this State, or from a point within to a point without, during the open season therefor, game birds and game animals or parts thereof lawfully taken by him, but he shall not transport out of the State during any one open season more than two male deer and two wild turkeys, or during one calendar week more than two days' bag limit of other game animals and game birds. A person may transport, buy, or sell at any time or in any manner, non-game animals and the fur of fur-bearing animals lawfully taken and tagged. A person may transport, and possess at any time and in any manner the head, antlers, hides, feet or skin of game animals or game birds lawfully taken. A person may buy and sell at any time the mounted specimens of heads, antlers, hides and feet of game animals, and the skins of game birds lawfully taken and possessed: Provided, the person selling such specimens has a written permit issued by the commissioner, authorizing him to do so. Prerequisites for lease; application; deposit; survey; location.—Such persons, firms or corporations desiring to avail themselves of the privileges of this article shall make written application, on a form to be prepared by the board, setting forth the name and address of the applicant, describing as definitely as may be the location and extent of the bottom for which application is made, and requesting the survey and leasing to the applicant of said bottom. As soon as possible after the application is received, the commissioner of commercial fisheries shall cause to be made a survey and map of said bottom at the expense of the applicant. The commissioner shall also thoroughly examine said bottoms by sounding and by dragging thereover a chain to detect the presence of natural oysters. Should any natural oysters be found, the commissioner shall cause examination to be made to ascertain the area and density of oysters on said bottom or bed, to determine whether the same is a natural bed, under the definition contained in this article. He shall be assisted in this examination on tonging ground by an expert tonger, to be appointed by the board of county commissioners of the county in which said bottom or the greater portion thereof is located, and the question as to whether the oyster growth is sufficiently dense to fall within the definition of the natural bed shall be determined by the quantity of oysters which the said expert tonger may be able to take in a specified time; and on dredging ground the commissioner shall be assisted by an expert dredger, appointed by the board of county commissioners of the county in which said bottom or the greater portion thereof is located, and the question as to whether the oyster growth is sufficiently dense to fall within the definition of the natural bed shall be determined by the quantity of oysters which the said expert dredger may be able to take in a specified time. The commissioner shall require the bodies of bottoms applied for to be as compact as possible, taking into consideration the shape of the body of water and the consistency of the bottom. No application shall be entertained nor lease granted for a piece of bottom within two hundred yards of a known natural bottom, bed or reef. A deposit of ten dollars will be required of each applicant at the time of making his application, said sum to be credited to the cost of the survey of the bottom applied for. (1909, c. 871, ss. 3, 9; 1919, c. 333, s. 6; C. S. 1906.)

§ 113-180. Execution of lease; notice and filing; marking and planting.—Immediately upon the completion of the survey and the mapping thereof, and the payment by the applicant of the cost of said survey and map, the commissioner of commercial fisheries shall execute to the applicant, upon a form approved by the attorney-general of the state, a lease for the bottoms applied for. A copy of the lease, map of the survey and a de-

scription of the bottom, defining its position, shall be filed in the office of the commissioner. After the execution of said lease, the lessee shall have the sole right and use of said bottoms, and all shells, oysters and culls thereon or placed thereon shall be his exclusive property so long as he complies with the provisions of this law. The lessee shall stake off and mark the bottoms leased in the manner prescribed by the commissioner, and failure to do so within a period of thirty days of an order so to do issued by the commissioner shall subject said lessee to a fine of five dollars per acre for each sixty days default in compliance with said order. The corner stakes, at least, of each lease shall be marked with signs plainly displaying the number of the lease and the name of the lessee. The lessee shall, within two years of the commencement of his lease, have planted upon his holdings a quantity of shells equal to an average of fifty bushels of seed oysters or shells per acre of holdings, and within four years from the commencement of his lease a quantity of oysters or shells equal to an average of not less than one hundred and twenty-five bushels per acre. The commissioner shall, upon granting any lease, publish a notice of the granting of same in a newspaper of general circulation in the county wherein the bottom leased is located. (1909, c. 871, ss. 4, 9; 1919, c. 333, s. 6; C. S. 1907.)

§ 113-181. Term and rental.—All leases made under the provisions of this article shall begin upon the issuance of the lease, and shall expire on the first day of April of the twentieth year thereafter. The rental shall be at the rate of fifty cents per acre per year for the first ten years and one dollar per acre per year for the next ten years of the lease, payable annually in advance on the first day of April of each year: Provided, that in the open waters of Pamlico Sound (and for the purposes of this article the open waters of Pamlico Sound shall mean the waters that are outside the four miles of the shore line) the rental shall be at the rate of fifty cents per acre per year for the first three years, one dollar per acre per year for the next seven years, and two dollars per acre per year for the next ten years, of the lease. This rental shall be in lieu of all other taxes and imposts whatever, and shall be considered as all and the only taxation which can be imposed by the state, counties, municipalities or other subordinate political bodies. The rental for the first year shall be paid in advance, to an amount proportional to the unexpired part of the year to the first of April next succeeding. (1909, c. 871, ss. 5, 9; 1919, c. 333, s. 6; 1933, c. 346; C. S. 1908.)

§ 113-182. Nature of lessee's rights; assignment and inheritance.—The said lease shall be heritable and transferable, in whole or in part, provided the qualifications of the heirs and transferees are such as are described by this article. Nonresidents, acquiring by inheritance or process sale, or persons already holding the maximum area permitted by this article, shall within a period of twelve months from the time of acquisition dispose of said prohibited or excess of holding to some qualified person, firm or corporation, under penalty of forfeiture. The lease shall be subject to mortgage, pledge, seizure for debt and the same other transactions as are other property rights in North Carolina. No transfer shall be of effect unless of court record, until entered on the books of the commissioner of commercial fisheries. (1909, c. 871, ss. 6, 9; 1919, c. 333, s. 6; C. S. 1909.)

§ 113-183. Renewal of lease.—The term of each lease granted under the provisions of this article shall be for a period of twenty years from the first day of April preceding the date of granting of said lease. At the expiration of the first lease, the lessee, upon making written application on the prescribed form, shall be entitled to successive leases on the same terms as applied to the last ten years of the first lease, for a period not exceeding ten years each. (1909, c. 871, ss. 7, 9; 1919, c. 333. s. 6; C. S. 1910.)

§ 113-184. Forfeiture of lease for nonpayment.—The failure to pay the rental of bottoms leased for each year in advance on or before the first day of April, or within thirty days thereafter, shall ipso facto cancel said lease and shall forfeit to the state the said leased bottoms and all oysters thereon, and upon said forfeiture the commissioner of commercial fisheries is hereby authorized to lease the said bottoms to any qualified applicant therefor: Provided, that no forfeiture shall be valid, however, under the provisions of this section, unless there shall have been mailed by the commissioner to the last address of the lessee upon the books of the commissioner a thirty days' notice of the maturity of said rental. (1909, c. 871, ss. 8, 9; 1919, c. 333, s. 6; C. S. 1911.)

§ 113-185. Contest over grant of lease; time for contest; decision; appeal.—If any person, within four months of the publication of the notice of granting of any lease, make claim that a natural oyster bottom, bed or reef exists within the boundaries of said lease, he shall, under oath, state his claim, and request the commissioner of commercial fisheries to cancel the said lease: Provided, however, that each such claim and petition shall be accompanied by a deposit of twenty-five dollars. No petition unaccompanied by said deposit shall be considered by the commissioner. The commissioner shall, in person, examine into said claim, and, if the decision should be against the claimant, the deposit of twenty-five dollars shall be forfeited to the state and deposited to the credit of the commercial fisheries fund. Should, however, the claim be sustained and a natural bed be found within the boundary of the lease, the said natural bed shall be surveyed and marked with stakes or buoys, at the expense of the lessee, and the said natural bed be thrown open to the public fishery. If no such claim be presented within a period of four months, or if when so presented it fail of substantiation, as provided, the lessee shall thereafter be secure from attack on such account, and his lease shall be incontestable so long as he complies with the other provisions of this article. In each and every such case the decision of the commissioner shall be subject to review and appeal before a judge of the superior court, who shall render a decision without the aid of a jury, and his decision shall be final. (1909, c. 871, s. 9; 1919, c. 333, s. 6.)

Any person, firm or corporation employing any nonresident laborer forbidden by this section, upon conviction shall be fined not less than fifty dollars nor more than five hundred dollars. (Rev., s. 2408; 1903, c. 516, s. 6; 1905, c. 525, s. 3; C. S. 1915.)

§ 113-233. Right of fishing in grantee of land under water.—Whenever any person acquires title to lands covered by navigable water under the subchapter Entries and Grants of the chapter entitled State Lands, the owner or person so acquiring title has the right to establish fisheries upon said lands; and whenever the owner of such lands improves the same by clearing off and cutting therefrom logs, roots, stumps or other obstructions, so that the said land may be used for the purpose of drawing or hauling nets or seines thereon for the purpose of taking or catching fish, the person who makes or causes to be made the said improvements, his heirs and assigns, shall have prior right to the use of the land so improved, in drawing, hauling, drifting or setting nets or seines thereon, and it shall be unlawful for any person, without the consent of such owner, to draw or haul nets or seines upon the land so improved by the owner thereof for the purpose of drawing or hauling nets or seines thereon. This section shall apply where the owner of such lands shall erect platforms or structures of any kind thereon to be used in fishing with nets and seines. Every person who shall willfully destroy or injure the said platforms or structures, or shall interfere with or molest the owner in the use of such lands as aforesaid, or in any other manner shall violate this section, shall be guilty of a misdemeanor. This section shall not relieve any person from punishment for the obstruction of navigation. (Rev., s. 2460; Code, s. 3384; 1874-5, c. 183, ss. 1-6; C. S. 1964.)

§ 113-234. Seines prohibited to nonresidents; exceptions.—If any person who has not resided in the state continuously for at least twelve months next preceding the day on which he shall begin to take fish shall use, or cause to be used, in any of the waters of the state, any weir, hedge, net, or seine, for the purpose of taking fish for sale or exportation, or if any person shall assist in using, or be interested in using or causing to be used, in any such waters for the purpose aforesaid, any weir, hedge, net, seine or tongs in the use of which any such nonresident person may have an interest, he shall be guilty of a misdemeanor. Nothing herein shall prevent any person from fishing with seines hauled to the shore at any fishery, the title to which fishery or any interest therein having been acquired by such person by lease, purchase or inheritance. This section shall not extend to servants employed to fish by any persons allowed to fish in the navigable waters of the state. No nonresident of the state shall make any sale, assignment or transfer of any fishery, weir, or other fishing apparatus, or privilege mentioned in this section, to any citizen of the state for the purpose of operating and working said fishery, weir, or other fishing apparatus as aforesaid, under the name and ownership of such citizen, or as the servant or employee of any citizen; and any sale, transfer or assignment not made bona fide and for a full consideration shall be null and void.

Upon affidavit founded upon information and belief that any nonresident of the state is operating any such fishery, weir, or other fishing apparatus as aforesaid in the waters of the state, under such sale, assignment or transfer, as the pretended servant or employee of any citizen of the state, it shall be the duty of the justice of the peace before whom said affidavit is made to issue

a warrant against the said nonresident and citizen under whose name said fishery is operated, and upon conviction the said offenders shall be guilty of a misdemeanor, and shall, for every offense, be fined not more than fifty dollars, or imprisoned not more than thirty days. Upon the said trial, the burden of proof shall be on the defendants to prove the bona fides and full consideration of said sale or transfer. (Rev., s. 2467; Code, ss. 3379, 3380; R. C., c. 81, s. 5; 1844, c. 40, s. 1; 1876-7, c. 33; 1883, c. 171; 1931, c. 81; C. S. 1965.)

§ 113-235. Fishing with nets, etc., by non-residents prohibited.—It shall be unlawful for any person, firm or corporation, which has not been a bona fide resident of the state for twelve months continuously, next preceding the date on which the fishing shall commence, to use or cause to be used in the waters of the state, which shall include the distance of three nautical miles, measured from the outer beaches or shores of the state of North Carolina out and into the waters of the Atlantic Ocean, any seines, trawls or nets of any kind for the purpose of taking fish for sale or exportation. Any person, firm or corporation violating the provisions of this section shall be guilty of a misdemeanor, and upon conviction thereof, for the first offense shall be fined not less than five hundred dollars ($500.00) nor more than one thousand dollars ($1,000.00), or imprisoned for not less than six months nor more than twelve months, or both in the discretion of the court. And for any subsequent conviction for a violation of this section such defendant shall be fined not less than one thousand dollars ($1,000.00) nor more than two thousand dollars ($2,000.00), or imprisoned for not let less than twelve months nor more than two years in the discretion of the court.

The finding by the commissioner of commercial fisheries, or any of his duly authorized agents, of any vessel, boat, or other craft within the distance of three nautical miles, as defined in this section, having any seines, trawls, or nets of any kind or a similar device aboard with fresh or live fish on deck or in the hold thereof or in any portion of the said vessel, boat, or craft, shall be prima facie evidence that the operator or operators and masters and members of the crew of said vessel, boat, or other craft are guilty of a violation of this section.

It shall be the duty of the commissioner whenever he has reasonable grounds to believe that this section is being violated in any particular place, to go himself or send a duly authorized deputy to such place and such officer finding that the provisions of this section are being violated is hereby authorized and empowered to seize and remove all nets, machinery, or other appliances or paraphernalia being used in violation of this section, and to sell the same at public auction, after advertisement for ten days at the court house door in the county in which the seizure was made, or in which the seized property is taken under the provisions of this section, and apply the proceeds from said sale, first to payment of costs and expenses of such sale and removal, and pay the balance of said proceeds remaining, if any, to the school fund of the county in which or nearest to where the offense is committed.

Such commissioner, or his authorized deputy, is further authorized and empowered to seize any boat, vessel or ship of any kind or nature, used in thus violating the law, and to bring the same into the nearest port in said state having sufficient depth of water to properly accommodate such boat, vessel or ship so seized. Such boat, vessel or ship so found being used contrary to the provisions of this statute, shall be forfeited to the state and the said commissioner is hereby authorized, empowered and directed to institute proceedings for the purpose of condemning and selling such boat, vessel or ship, in the name of the state, in the superior court in the county in which such seized boat, vessel or ship is taken under the provisions of this section. The owner of such boat may execute and deliver to the commissioner a bond, with adequate security, not less than the value of such boat, conditioned to return said boat to the custody of said commissioner, if upon the trial of the cause in the superior court as aforesaid it should be determined that the said boat was forfeited.

This authority to seize the said boat, under the circumstances hereinbefore detailed, shall in no way affect the liability of the owners and those operating the boat and thus using it in fishing, to be prosecuted for the misdemeanor hereinbefore defined. Provided, nothing contained in this section shall be construed to prevent any person, firm or corporation, which has been a bona fide resident of the state of North Carolina for twelve months continuously next preceding the date on which the fishing shall commence from employing non-resident employees in connection with fishing as authorized by law. (1931, c. 36, s. 1; 1937, c. 261.)

No construction, or any part of a construction, to be erected under the authority of this section shall be made until permission is secured from the department of conservation and development and from the federal government. The license fee for the erection of fishing apparatus, nets, wires, or other construction which is an integral part of such fishing device, under the authority of this and the preceding section, shall be at the rate of twenty-five dollars per pocket per year, and said license shall expire each year on

It shall be the duty of the state superintendent of public instruction to prepare a course of study outlining these and other subjects that may be taught in the elementary schools, arranging the subjects by grades and classes, giving directions as to the best methods of teaching them, and including type lessons for the guidance of the teachers. The board of education shall require these subjects in both public and private schools to be taught in the English language, and any teacher or principal who shall refuse to conduct his recitations in the English language shall be guilty of a misdemeanor, and may be fined or imprisoned in the discretion of the court. The state textbook commission and the state board of education shall be authorized, directed and empowered to select, approve, and adopt a simple, scientific textbook, which textbook shall be free from political propaganda, and approved by the state board of health and the faculty of the Medical School of the University of North Carolina, on the effects of alcoholism and narcotism on the human system, and/or a different or revised text on "health" which shall contain chapters giving complete, detailed, and scientific information on the subjects, to be taught as a unit of work every year in the appropriate elementary grade, or grades, of the public schools of North Carolina. The state board of education shall, before the beginning of the next school year, adopt such suitable rules and regulations as may be necessary as to the time, manner, grade or grades in which said course of Americanism shall be taught. (1923, c. 49; C. S. 5441, 5442.)

(1923, c. 136, s. 49; C. S. 5458.)

§ 115-75. Advising with the committee in regard to needs of district.—The county board of education shall advise with the committee of each district before the school budget is prepared, and seek such information as may be helpful in planning the work for the ensuing year, in providing the number and grade of teachers needed, and the amount needed to thoroughly equip the school building or buildings of the district. The county board of education shall keep the committees informed as to the plans and purposes of the board and shall seek in every way possible to secure their coöperation in providing adequate educational opportunities for all the children of the district, for the enforcement of the compulsory school law, for teaching adult illiterates, and for the encouragement of vocational education in the county. And no part of the salary of any supervisor or assistant county superintendent shall be paid out of the state public school fund, unless the duties assigned to the same are first approved by the state superintendent of public instruction. (1923, c. 136, s. 51; C. S. 5460.)

§ 115-77. Authority of board over teachers, supervisors and principals.—The county board of education or the board of trustees of a city administrative unit upon the recommendation of the superintendent, shall have full power to make all just and needful rules and regulations governing

the conduct of teachers, principals and supervisors, under jurisdiction of the county board of education or the board of trustees of a city administrative unit, the kind of reports they shall make and their duties in the care of school property.

The county board of education or the board of trustees of a city administrative unit shall have power to investigate and pass upon the moral character of any teacher or school official in the public schools of the unit, and to dismiss such teacher or school official, if found of bad moral character; also to investigate and pass upon the moral character of any applicant for employment in any public school in the unit. Such investigation shall be made after written notice of not less than ten days to the person whose character is to be investigated.

If the superintendent reports to the board that the work of any teacher, principal or supervisor is unsatisfactory, or that either is not observing the rules and regulations of the board, the board has full authority at any time during the year, upon notice of ten days, to investigate the charges and, if sustained, to reduce the salary of the teacher, supervisor or principal to the next lower salary in the salary schedule, and finally to discharge the same for failure to perform the duties as prescribed by the board. § 115-79. Pay of teachers. — The board of education or the board of trustees shall not authorize the payment of the salary of any teacher or school official for a shorter term than one month, unless he or she is providentially hindered from completing the term.

It is the duty of the board of education or the board of trustees to provide monthly for the prompt payment of all salaries due teachers and other school officials, and to meet other necessary operating expense. (1923, c. 136, s. 55; C. S. 5463.)

§ 115-80. Authority to borrow.—If the taxes for the current year are not collected when the salaries and other necessary operating expenses come due, and the money is not available for meeting the necessary expenses, it shall be the duty of the county board of commissioners to borrow against the amount approved in the budget and to issue short-term notes for the amounts so borrowed in accordance with the provisions of the county finance act and the local government act. The interest on all such notes shall be provided by the commissioners in addition to the amount approved in the budget unless this item is specifically taken care of in the budget. But if the county board of education shall willfully create a debt that shall in any other way cause the expenses for the year to exceed the amount authorized in the budget, without the approval of the county commissioners, the indebtedness shall not be a valid obligation of the county, and the members of the board responsible for making the debt may be held liable for the same. (1923, c. 136, s. 56; 1927, c. 239, s. 18; C. S. 5464.)

§ 115-81. Salary schedule for teachers. — Every county board of education or the board of trustees of a city administrative unit may adopt, as to teachers and school officials not paid out of state funds, a salary schedule similar to the standard salary schedule authorized by the School Machinery Act, but it likewise shall recognize a difference in salaries based on different duties, training, experience, professional fitness, and continued service in the same school system; but if any county board of education or the board of trustees of any city administrative unit shall fail to adopt such a schedule, the state salary schedule shall automatically be in force, and the difference in salaries suggested shall be maintained. From other than state funds, no teacher shall receive a salary higher than that provided in the salary schedule, unless by action of the county board of education or of the board of trustees of the city administrative unit a higher salary is allowed for special fitness, special duties or under extraordinary circumstances. Whenever a higher salary is thus allowed, the minutes of the board shall show what salary is allowed and the reason for the same: Provided, the county board of education, upon the recommendation of the committee of a district may authorize the committee and the superintendent to supplement the salaries of all teachers of the district from funds derived from taxes within such district, and the minutes of the board shall show what increase is allowed each teacher in each such district. (1923, c. 136, s. 57; C. S. 5465.)

§ 115-82. Salary warrants. — All salary warrants for teachers, principals and other regular employees of county administrative units shall be issued only on the basis of written monthly certifications signed by the chairman and secretary of the district committee and filed with the County Board of Education; or in city administrative units, such certifications shall be signed by the chairman and Secretary of the Board of Trustees. Such certification shall specify the length of service rendered by each person and the amount due and payable therefor, and shall specify that part of the total amount to be charged to state funds and that part to be charged to county, unit or district funds: Provided, that the County Board of Education or Board of Trustees of a city administrative unit, in case of dispute as to any claim, may in regular or called session finally determine the validity of said claim and order settlement thereof in accordance with their findings. Each warrant drawn in payment of any claim, including salaries or for any other purpose, shall specify the fund to which the warrant is chargeable. If any part of any warrant drawn is chargeable against district funds, the amount so charged and the district to which said amount is charged shall be specified. In the payment of salary warrants, the County Board of Education or Board of Trustees of a city administrative unit may require the teacher's report at the end of

each month to be properly attested by the chairman and secretary of the local committee or of the Board of Trustees before issuing salary warrants: Provided, that the final report of membership and attendance from any district, whether by a teacher, principal, or superintendent, shall be subscribed and sworn to before an officer authorized to administer oaths by such teacher, principal or superintendent making said report, before the last warrant for salary or salaries in said district may be issued: and provided further, that the county superintendent or city superintendent of schools shall be authorized and directed to attest such signature and oath without fee or charge when so requested. (1923, c. 136, ss. 58, 197; 1927, c. 239, ss. 17, 20; 1931, c. 430, s. 17; 1939, c. 358, s. 20; C. S. 5466.)

Art. 10. Erection, Repair and Equipment of School Buildings.

§ 115-83. Provision for school buildings and equipment. — School buildings, properly lighted, and equipped with suitable desks for children and tables and chairs for teachers, are necessary in the maintenance of an eight-months school term.

It shall be the duty of the county boards of education, with respect to county administrative units, and the Boards of Trustees, with respect to city administrative units, to present these needs and the cost thereof each year to the county commissioners. The county commissioners shall be given a reasonable time to provide the funds which they, upon investigation, shall find to be necessary for providing the respective units with buildings suitably equipped, and it shall be the duty of the county commissioners to provide the funds for the same. (1923, c. 136, s. 59; C. S. 5467.)

§ 115-84. Erection or repair of schoolhouses. — The building of all new schoolhouses and the repairing of all old schoolhouses over which the county board of education has jurisdiction shall be under the control and direction of and by contract with the county board of education, provided, however, that in the building of all new schoolhouses and the repairing of all old schoolhouses which may be located in a city administrative unit, the building of such new schoolhouses and the repairing of such old schoolhouses shall be under the control and direction of and by contract with the board of education or the board of trustees having jurisdiction over said city administrative unit. But the board shall not be authorized to invest any money in any new house that is not built in accordance with plans approved by the state superintendent, nor for more money than is made available for its erection. All contracts for buildings shall be in writing, and all buildings shall be inspected, received, and approved by the county superintendent of public instruction, or by the superintendent of schools where such school buildings are located in a city administrative unit, before full payment is made therefor: Provided, this section shall not prohibit county boards of education and boards of trustees from having the janitor or any other regular employee to repair the buildings. From any moneys loaned by the state to any one of the several counties for the erection, repair or equipment of school buildings, teacherages and dormitories, the state board of education, under such rules as it may deem advisable, not inconsistent with the provisions of this article, may retain an amount not to exceed fifteen per cent of said loan until such completed buildings, erected or repaired, in whole or in part, from such loan funds, shall have been approved by such agent as the state board of education may designate: Provided, that upon the proper approval of the completed building, the state treasurer, upon requisition of the state superintendent of public instruction, authorized and directed by the state board of education, shall pay to the treasurer of the county the remaining part of said loan, together with interest from the date of the loan at a rate not less than three per cent on monthly balances. (1923, c. 136, s. 60; 1925, c. 221; 1937, c. 353; C. S. 5468.)

§ 115-85. Acquisition of sites. — The county board of education or board of trustees of any city administrative unit may receive by gift or by purchase suitable sites for schoolhouses or other school buildings. But whenever any such board is unable to obtain a suitable site for a school or school building by gift or purchase, the board shall report to the county or city superintendent of public instruction, who shall, upon five days notice to the owner or owners of the land, apply to the clerk of the superior court of the county in which the land is situated for the appointment of three appraisers, who shall lay off by metes and bounds not more than ten acres, and shall assess the value thereof. They shall make a written report of their proceedings, to be signed by them, or by a majority of them, to the clerk, within five days of their appointment, who shall enter the same upon the records of the court. The appraisers and officers shall serve without compensation. If the report is confirmed by the clerk, the chairman and the secretary of the board shall issue an order on the treasurer of the county school fund or, if a city administrative unit, upon the treasurer of such unit, in favor of the owner of the land thus laid off, and upon the payment, or offer of payment, of this order, the title to such land shall vest in fee simple in the corporation. Any person aggrieved by the action of the appraisers, including the county board of education or the board of trustees of any city administrative unit, may appeal to the superior court in term, upon giving bond to secure the board against such costs as may be incurred on account of the appeal not being prosecuted with effect. If the lands sought to be condemned hereunder, or any part of said lands, shall be owned by a nonresident of the state, before the clerk shall appoint appraisers therefor, notice to such nonresident owner shall be given of such proceedings to condemn, by publication for thirty days in some newspaper published in the county, and if no newspaper is published in the county, then by posting such notice at the courthouse door and three other public places in the county for the period of thirty days: Provided, where sites have already been acquired and additional adjacent lands are necessary such additional lands may be acquired as in this section provided, which lands, together with the old site, shall not exceed ten acres. (1923, c. 136, s. 61; 1924, c. 121, s. 1; 1929, c. 309, ss. 1, 2; C. S. 5469.)

§ 115-86. Sale of school property. — When in the opinion of the board, any schoolhouse, schoolhouse site or other public school property has become unnecessary for public school purposes, it may sell the same at public auction after advertising the said property for the period of time and in like manner as to places and publication in newspapers as now prescribed for sales of real estate under deeds of trust: Provided further, that the sale shall be reported to the office of the clerk of the superior court and remain open for ten (10) days for an increase bid, and if the said bid is increased the property shall be re-advertised in the manner as re-sales under deeds of trust, and if there is no raised or increased bid within ten (10) days, the chairman and secretary of the board shall execute a deed to the purchaser, and the proceeds shall be paid to the treasurer of the county school fund. After the sale of school property, as herein provided for, has been had and in the opinion of the board the amount offered for the property, either at the first or any subsequent sale, is inadequate, then, upon a finding of such fact by the board, the said board is authorized to reject such bid and to sell the property at private sale: Provided, the price offered is in excess of that offered at such public sale. (1933, c. 494, s. 2; 1937, c. 117.)

§ 115-87. Deeds to property.—All deeds to the county board of education or the board of trustees of a city administrative unit shall be registered and delivered to the clerk of the superior court for safe-keeping, and the secretary of the said board shall keep an index, by townships and school districts, of all such deeds in a book for that purpose. (1923, c. 136, s. 63; C. S. 5471.)

§ 115-88. Board cannot erect or repair building unless site is owned by board.—The county board of education or the board of trustees of a city administrative unit shall make no contract for the erection or repair of any school building unless the site on which it is located is owned by the said board, and the deed for the same is properly registered and deposited with the clerk of the court. Provided, it shall be lawful for the county board of education to borrow from the State Literary or Special Building Funds for the benefit of city administrative units and to allocate the proceeds of the county school building bonds between city and county administrative unit schools in proportion to the respective needs of the city unit schools and the county unit schools at the time when such county bonds are authorized: Provided further, that the title to the site in any city administrative units so aided shall be vested in the board of trustees of the unit. (1923, c. 136, s. 64; 1925, c. 180, s. 1; 1933, c. 299; 1939, c. 358, s. 5; C. S. 5472.)

§ 115-89. Loans for building schoolhouses. — The county board of education may make loans for the erection of schoolhouses to local tax districts or city administrative units, but all such loans shall be made upon written petition of a majority of the committee of the local tax district or board of trustees of the city administrative unit, and said petition shall authorize the county board of education to deduct a sufficient amount from the local taxes or the county fund due said district or unit to meet the payments as they come due. If the loan is made without a written petition from the committee or the board of trustees, the county board of education shall have no lien upon the local taxes for the repayment of the loan. (1923, c. 136, s. 156; C. S. 5554.)

§ 115-90. Duty of board to keep buildings in repair.—It is the duty of the county board of education or the board of trustees of a city administrative unit to keep all school buildings in good repair, and to that end it should appoint a member of the committee or some other responsible person to care for the property during vacation. Such repairs shall be paid for as authorized by the School Machinery Act. All principals and teachers shall be held responsible for the safekeeping of buildings during the school session, and all breakage and damage shall be repaired by those responsible for the same, and if at the end of the session the building or buildings have not been properly cared for by the principal and teachers, the board of education or the board of trustees of a city administrative unit, upon the recommendation of the superintendent, may reserve enough of the salary belonging to the principal and teachers to repair the damage permitted through the carelessness of the principal and teachers: Provided, principal and teachers shall not be held responsible for damages that they could not have prevented by reasonable supervision in the performance of their duties. (1923, c. 136, s. 65; C. S. 5473.)

§ 115-91. Duty of board to provide equipment for school buildings.—It is the duty of the county board of education or the board of trustees of a city administrative unit to provide suitable supplies for school buildings under its jurisdiction, such as window shades, fuel, chalk, erasers, blackboards, and other necessary supplies, and to provide standard high schools with reference books, library, maps and equipment for teaching science, and the teachers and principal shall be held responsible for the proper care of the same during the school term. (1923, c. 136, s. 66; C. S. 5474.)

§ 115-92. Sanitary school privies. — The county board of education shall provide upon recommendation of the state board of health, two sanitary privies at each public school not having adequate water-carried sewerage facilities, one for boys and one for girls. Sanitary privies shall be considered an essential and necessary part of the equipment of each public school, and may be paid for in the same manner as desks and other essential equipment of the school are paid for, and a failure on the part of the county board of education and county superintendent to make provision for sanitary privies, or a failure on the part of the county commissioners to provide the funds, shall be considered a misdemeanor, and either the county board, the county superintendent, or the county commissioners may be fined or imprisoned in the discretion of the court. (1923, c. 136, s. 68; C. S. 5475.)

This shall be a separate item in the budget, and the commissioners shall levy annually a tax sufficient, clear of all fees, commissions, rebates, delinquents and the cost of collection, to repay the same; and if the taxes are not collected when the repayments fall due, the commissioners shall borrow the money and place the amount to the credit of the county board of education.

The county board of education, with the approval of the board of commissioners may include in the debt service fund in the budget the indebtedness of all districts, including city administrative units, and districts formerly known as special charter districts, lawfully incurred in erecting and equipping school buildings necessary for the school term, and when such indebtedness is taken over for payment by the county as a whole and the local districts are relieved of their annual payments, then the county funds provided for such purpose shall be deducted from the debt service fund prior to the division of this fund among the schools of the county as provided in this section. And this shall be a separate tax, and, after all interest and installments are paid each year, any balance that may remain shall be accounted for by the treasurer, and it shall be applied the following year to the repayment of interest and installment on loans. But if the amount secured from this tax is not sufficient for these needs it shall be the duty of the commissioners to borrow any amount needed to meet these payments. A majority of the members of each board shall cast the vote for each board. In the event of a tie, the clerk of the superior court shall act as arbitrator upon the issues arising between said two boards, and shall render his decision thereon within ten days. But either the county board of education or the board of county commissioners shall have the right to appeal to the superior court within thirty days from the date of the decision of the clerk of the superior court, and it shall be the duty of the judge hearing the case on appeal to find the facts as to the amount of the current expense fund, the capital outlay fund, and the debt service fund, which findings shall be conclusive, and shall give judgment requiring the county commissioners to levy the tax which will provide the amount of the current expense fund, the capital outlay fund and the debt service fund, which he finds necessary to maintain the schools in every school district in the county. Any board of county commissioners failing to obey such order and to levy the tax ordered by the court shall be guilty of a misdemeanor and shall be fined or imprisoned in the discretion of court. judge of the superior court or an emergency judge to hold the same, and the said action shall be tried at such term. There shall be submitted to the jury for its determination the issue as to what amount is needed to maintain the schools, and they shall take into consideration the amount needed and the amount available from all sources as provided by law. The final judgment rendered in such action shall be conclusive, and the county commissioners shall forthwith levy taxes in accordance with such judgment; otherwise those who refuse so to do shall be in contempt, and may be punishable accordingly: Provided, that in case of a mistrial or an appeal to the supreme court which would result in a delay beyond a reasonable limit for levying the taxes for the year, the judge shall order the commissioners to levy for the ensuing year a rate sufficient to pay the debt service fund, to produce, together with what may be received from the state public school fund and from other sources, an amount for the current expense fund equal to the amount of this fund for the previous year. (1923, c. 136, s. 188; 1927, c. 239, s. 14; C. S. 5609.)

Failure to file report of fines.—If any officer who is by law required to file any report or statement of fines or penalties with the county board of education shall fail so to do at or before the time fixed by law for the filing of such report, he shall be guilty of a misdemeanor. (1923, c. 136, s. 212; C. S. 5631.)

§ 115-181. Fines and penalties to be paid to school fund.—Whenever any officer, including justices of the peace, receives or collects a fine, penalty, or forfeiture in behalf of the state he shall, within thirty days after such reception or collection, pay over and account for the same to the treasurer of the county board of education for the benefit of the fund for maintaining the free public schools in such county. Whenever any fine or penalty is imposed by any officer the said fine or penalty shall be at once docketed, and shall not be remitted except for good and sufficient reasons, which shall be stated on the docket. (1923, c. 136, s. 213; C. S. 5632.)

§ 115-182. Misappropriation of fines a misdemeanor.—Any officer, including justices of the peace, violating § 115-181, shall be guilty of a misdemeanor, and upon conviction shall be punished by fine or imprisonment, at the discretion of the court. (1923, c. 136, s. 214; C. S. 5633.)

§ 115-183. Unclaimed fees of jurors and witnesses paid to school fund.—All moneys due jurors and witnesses which remain in the hands of any clerk of the superior court on the first day of January after the publication of a third annual report of the said clerk showing the same, shall be turned over to the county treasurer for the use of the school fund of the county, and it is the duty of said clerk to indicate in his report any moneys so held by him for a period embracing the two annual reports. (1923, c. 136, s. 215; C. S. 5634.)

§ 115-184. Use by public until claimed.—The money aforesaid, while held by the clerks, shall be paid, on application, to the person entitled thereto; and after it ceases to be so held, it may be used as other revenue, subject, however, to the claim of the rightful owner. (1923, c. 136, s. 216; C. S. 5635.)

SUBCHAPTER VIII. LOCAL TAX ELECTIONS FOR SCHOOLS.

Art. 22. School Districts Authorized to Vote Local Taxes.

§ 115-185. Purpose of re-enactment.—The re-enactment in this code of the several sections in this article shall not have the effect of re-enacting any of said sections which have been repealed by the School Machinery Acts of 1933, 1935, 1937 and 1939, and said sections are re-enacted in this code only to the extent and for the purposes required by the several School Machinery Acts above referred to.

§ 115-186. How elections may be called.—The citizens of any duly created school district are hereby authorized to petition for a local tax election for schools, as follows: A written petition signed by twenty-five qualified voters who have resided at least twelve months within the district, or if fewer than seventy-five of such qualified voters, reside in the territory, then by one-third of such qualified voters, shall be presented to the county board of education asking for an election in the district to ascer-

tain whether there shall be levied in said district a local annual tax not to exceed fifty cents (50c) on the one hundred dollar ($100.00) valuation of all property, real and personal, to supplement the funds for the eight months public school term for that district: Provided, that the petition for an election to be held in any city administrative unit shall be presented to the board of trustees of said district. (1923, c. 136, s. 219; C. S. 5639.)

§ 115-187. The board to consider petition.—The county board of education or the board of trustees, as the case may be, shall receive the petition and give it due consideration. If the board shall approve the petition for an election, it shall be endorsed by the chairman and secretary of the board and a record of the endorsement shall be made in the minutes of the board. The petition shall then be presented to the board of county commissioners or the governing body authorized to order the election, and it shall be the duty of the board of county commissioners or said governing body to call an election and fix the date for the same: Provided, the county board of education or board of trustees, as the case may be, may, for any good and sufficient reason, withdraw the petition before the close of the registration books, and if the petition be so withdrawn, the election shall not be held. In the case of a city administrative unit coterminous with or situated entirely within an incorporated city or town, said petition shall be presented to the governing body of said city or town, and the election shall be ordered by said governing body. (1923, c. 136, s. 220; 1925, c. 143, s. 1; C. S. 5640.)

§ 115-188. Rules governing election for local taxes.—In all elections held under this law the board of county commissioners, or the body authorized to order said election, shall designate the polling place or places, appoint the registrars and judges, and canvass and judicially determine the results of said election when the returns have been filed with them by the officers holding the election, and shall record such determination on their records. The notice of the election shall be given by publication at least three times in some newspaper published or circulated in the territory. It shall set forth the boundary lines of the district, the maximum rate of tax to be levied, which shall not exceed fifty cents (50c) on the one hundred dollar ($100.00) valuation of property, real and personal, and the purpose of the tax. The first publication shall be at least thirty days before the election. A new registration of the qualified voters of the territory shall be ordered, and notice of said new registration shall be deemed to be sufficiently given by publication once in some newspaper published or circulating in said district at least twenty days before the close of the registration books. This notice of registration may be considered one of the three notices required of the election. Such published notice of registration shall state the days on which the books will be open for registration of voters and the place or places at which they will be open on Saturdays. The books of such new registration shall close on the second Saturday before the election. The Saturday before the election shall be challenge day, and except as otherwise provided in this article such election shall be held in accordance with the law governing general elections. The ballots to be used in said election shall have written or printed thereon the words "For local tax," and "Against local tax." All other details of said election shall be fixed by the board or other governing body ordering the election, and the expenses of holding and conducting the election in all districts other than in city administrative units shall be provided by the county board of education out of the current expense fund of the county. But the expenses of conducting the election in all city administrative units shall be paid by the board of trustees of said unit out of the local tax funds of the unit. (1923, c. 136, s. 221; C. S. 5641.)

§ 115-189. Levy and collection of taxes.—In case a majority of the qualified voters in the district or unit referred to above shall vote at the election in favor of the tax, it shall be annually levied and collected in the manner prescribed for the levy and collection of other taxes, and the maximum rate so voted shall be levied, unless the county board of education or board of trustees shall request a levy at a lower rate, in which event the rate requested, shall be levied and collected; and the superintendent of schools and the officer in charge of tax records shall keep records in their respective offices showing the valuation of the property, real and personal, in the district or unit, the rate of tax authorized annually to be levied, and the amount annually derived from the local tax, and it shall be illegal for any part of the local tax fund to be used for any purpose other than to supplement the funds for an eight months school term in the district or unit. (1923, c. 136, s. 222; C. S. 5642.)

§ 115-190. Increasing levy in districts having less than fifty cent rate.—Authority is hereby given any local tax district or special bond tax unit having voted a maximum rate less than fifty cents (50c) to increase the levy to a maximum of fifty cents (50c) on the one hundred dollars ($100.00) valuation of property, real and personal. Such increase shall be made after an election has been held as provided for in this article. (1923, c. 136, s. 223; 1925, c. 143, s. 2; C. S. 5643.)

§ 115-191. Frequency of election.—In the event that a majority of the qualified voters of a district or unit do not at the election cast their votes for the local tax, another election or elections under the provisions of this article may be held after the lapse of six months in the same district or unit. (1923, c. 136, s. 225; C. S. 5645.)

§ 115-192. Enlargement of local tax or special charter districts.—Upon a written petition of a majority of the governing board of any district, the county board of education, after approving the petition, shall present the same to the board of county commissioners and ask for an election on the question of the enlargement of the boundary lines of any such district so as to include any contiguous territory, and an election in such new territory may be ordered and held under rules governing elections for local taxes as provided in this article: Provided, the local tax rate specified in the petition and submitted to the qualified voters shall be a local tax of the same rate as that voted in the said district to which the terri-

tory is to be added. If a majority of the qualified voters in such new territory shall vote in favor of such tax, the new territory shall become a part of said district, and the term "local tax of the same rate" herein used shall include, in addition to the usual local tax, any tax levied to meet the interest and sinking fund of any bonds heretofore issued by the district proposed to be enlarged. In case a majority of the qualified voters at the election shall vote in favor of the tax, the district shall be deemed enlarged as so proposed. (1923, c. 136, s. 226; 1925, c. 151; 1927, c. 88; C. S. 5646.)

§ 115-193. Abolition of district upon election.—Upon petition of one-half of the qualified voters residing in any local tax district established under this article, the same shall be indorsed and approved by the county board of education, and the board of county commissioners shall order another election in the district for submitting the question of revoking the tax and abolishing the district, to be held under the provisions prescribed in this act for holding other elections. It shall be the duty of the board of education to indorse the petition when presented, containing the proper number of names of qualified voters, and this provision is made mandatory, and the board is allowed no discretion to refuse to indorse the same when so presented. If at the election a majority of the qualified voters in the district shall vote "Against Local Tax," the tax shall be deemed revoked and shall not be levied, and the district shall be discontinued: Provided, that in Alexander, Anson, Beaufort, Buncombe, Carteret, Catawba, Chatham, Chowan, Cleveland, Craven, Currituck, Davidson, Duplin, Franklin, Gates, Greene, Henderson, Hoke, Hyde, Iredell, Jackson, Johnston, Lenoir, Martin, Mecklenburg, Moore, Nash, Onslow, Pamlico, Pitt, Randolph, Richmond, Robeson, Rockingham, Transylvania, Vance, Wake, Warren and Wilkes counties, petition of twenty-five per cent (25%) of the number of registered voters in the election creating said special tax district, said petition to be signed by qualified voters residing in such special tax district, shall be sufficient: Provided, further, that in said counties, this section shall not apply to that part of such tax, if any, in said district as may be necessary to pay the interest on or amortization of any bonded or other indebtedness, incurred in consequence of the voting of said special tax district but to that extent, and to that extent only, shall said special tax district be maintained. (1923, c. 136, s. 227; 1931, c. 372; C. S. 5647.)

§ 115-194. Local tax district in debt may not be abolished.—The provisions of this article as to abolishing local tax districts shall not apply when such local tax district is in debt in any sum whatever. (1923, c. 136, s. 228; C. S. 5648.)

§ 115-195. Election for abolition not oftener than once a year.—No election for revoking a local tax in any local tax district shall be ordered and held in the district within less than one year from the date of the election at which the tax was voted and the district established, nor at any time within less than one year after the date of the last election on the question of revoking the tax in the district; and no petition revoking such tax shall be approved by the county board of education oftener than once a year: Provided, this section shall not apply to any indirect abolition or reduction of taxes as may be elsewhere provided. (1923, c. 136, s. 229; C. S. 5649.)

§ 115-196. Enlarging boundaries of district within incorporated city or town.—The boundaries of a district situated entirely within the corporate limits of a city or town, but not coterminous with such city or town, may be enlarged so as to make the district coterminous with such city or town either in the manner prescribed by this section or in the manner prescribed by § 115-192. Provided, however, that no district shall be enlarged under this section if the new territory necessary to be added to such district, in order to make it coterminous with such city or town, has any bonded debt incurred for school purposes, other than debt payable by taxation of all taxable property in such district and such new territory. In cases where the local annual tax voted to supplement the funds of the eight months public school term is of the same rate in such district and in the new territory necessary to be added to such district in order to make the district coterminous with such city or town, the county board of education shall have power to enlarge the boundaries of the district as aforesaid. In cases where such tax rates are not the same, the boundaries of the district shall become so enlarged upon the adoption of a proposition for such enlargement by a majority of the qualified voters of such new territory. The governing body of such city or town may at any time, upon petition of the board of education or other governing body of such district, or upon its own initiative if the governing body of the city or town is also the governing body of the district, submit the question of enlarging the district as aforesaid to the qualified voters of such new territory proposed to be added to such district at any general or municipal election or at a special election called for said purpose. Such an election may be ordered and held and a new registration for said election provided under the rules governing elections for local taxes as provided under the article, except that the election and registration shall be ordered by and held under the supervision of and the result of the election determined by the governing body of such city or town. The ballots to be used in said election shall have printed or written thereon the words: "For the enlargement of.... school district, pursuant to section two hundred and thirty of chapter one hundred and thirty-six of the Public Laws of one thousand nine hundred and twenty-three, as amended," and "Against the enlargement of ..... school district, pursuant to section two hundred and thirty of chapter one hundred and thirty-six of the Public Laws of one thousand nine hundred and twenty-three, as amended." If a majority of the qualified voters of such new territory proposed to be added to such district shall vote in favor of such enlargement, said district shall thereupon become coterminous with said city or town, and there shall be levied annually in such new territory all taxes previously voted in said district for the purpose of supplementing the funds for the eight months public school term for said district and for the purpose of paying the principal or interest of any bonds or other indebtedness previously issued or

incurred by said district; and a vote in favor of such enlargement shall be deemed and held to be a vote in favor of the levying of such taxes. The validity of the said election and of the registration for said election and of the correctness of the determination of the result of said election shall not be open to question except in an action or proceeding commenced within thirty days after the determination of the result of said election. At the same time that said election is held, it shall be lawful to hold an election in the entire territory of said city or town on the question of issuing bonds of said city or town or of said school district as so enlarged, for school purposes, and levying sufficient tax for the payment of said bonds, or on the question of levying a local annual tax on all taxable property in said city or town or in said school district as so enlarged, to supplement the funds for the eight months public school term for said district, in addition to taxes for the payment of bonds, in the same manner that would be lawful if said district had been so enlarged prior to the submission of said questions. One registration may be provided for all of said simultaneous elections. (1923, c. 136, s. 230; 1925, c. 143, s. 3; C. S. 5650.)

§ 115-197. Local tax districts from portions of contiguous counties.—a. Local tax districts may be formed as provided in this section out of contiguous portions of two or more counties.

The petition for such a district must be initiated as petitions for local tax elections are initiated under the provisions of this article, must be endorsed by the county boards of education of such contiguous counties and each county board of education shall certify to the board of county commissioners of its county that the metes and bounds of the proposed joint local tax district are in accordance with and are an integral part of the lawfully adopted plan of organization in so far as they pertain to said county.

The board of commissioners of each county, in compliance with the provisions of this article relating to the conduct of local tax elections, shall then call and hold an election in that portion of the proposed district lying in its county. Election returns shall be made from each portion of the proposed district to the board of commissioners ordering the election in that portion and the returns canvassed and recorded as required in this article for local tax districts.

b. In case the election carries in each portion of the proposed district, the several county boards of education concerned shall each pass a formal order consolidating the territory into one joint local tax district; which shall be and become a body corporate by the name and style of '..... Joint Local Tax School District of .... Counties.' The county board of education having the largest school census and the largest area in the part of the joint local tax districts lying in its county shall determine the location of the schoolhouse; but if the largest census and area do not both lie in the same county, then the county boards shall jointly select the site for the building, and in case of a disagreement they shall submit the question to the board of arbitration, consisting of three members, one member to be named by each board of education if three counties are concerned, or if there are but two counties, then each board shall choose one member and the two so named shall select the third member. The decision of the board of arbitration shall be binding upon all county boards of education concerned.

c. The school committee shall consist of five members, three of whom shall be appointed by the board of education of the county in which the building is to be situated and two to be appointed by the other county or counties, but the terms of office shall be so arranged that not more than two members will retire in any one year. The committee shall officially exercise such corporate powers as are conferred in this section. This said committee shall have all the powers and duties of committee of local tax districts, and in addition thereto it shall adopt a corporate seal and have the power to sue and be sued. The committee shall have the power to determine the rate of local taxes to be levied in said joint district, not exceeding the rate authorized by the voters of the district, and when the committee shall have so determined the rate of local taxes to be levied in said joint district and shall have certified same to the boards of commissioners of the several counties from which said joint district is created, the said boards of county commissioners, and each of them, shall levy said rate of local taxes within the portion of said joint district lying within their respective counties; and the taxes so levied shall be collected in the several counties as other taxes are collected therein, and shall be paid over by the officers collecting the same to the treasurer or other fiscal agent of the county in which the schoolhouse is located, or is to be located, to be by him placed to the credit of the joint district.

d. The committee shall have as full authority to call and hold elections for the voting of bonds of the district as is conferred upon boards of education and boards of commissioners. In calling the election for a bond issue no petition of the county board of education shall be necessary; but the election shall be called and held by the school committee of the incorporated local tax school district under as ample authority as is conferred upon both county boards of education and boards of commissioners. When bonds of the district have been voted under authority of this section, they shall be issued subject to the limitations of the Local Government Act and County Fiscal Control Act in the corporate name of the district, signed by the chairman and secretary of the school committee, sold by the school committee, and the proceeds thereof deposited with the treasurer of the county board of education of the county in which the school building is, or is to be, located, to be placed to the credit of the joint district, and the taxes for interest and principal shall be levied and collected as provided in subsection c above for the levy and collection of local taxes.

e. The committee shall have the same power to call and hold elections to ascertain the will of the voters of the district upon the question of increasing the local tax levy to a maximum rate of fifty cents on the one hundred dollars ($100.00) valuation of taxable property as it has in the case of bond elections. But local tax elections called and held in such joint districts shall be held under the general provisions of this article governing local tax elections, except that the district committee is hereby granted the powers

of county boards of education and boards of commissioners as to local tax elections.

f. The building of all schoolhouses in such joint local tax districts shall be effected by the county board of education of the county in which the building is to be located under authority of law governing the erection of school buildings by county boards of education. It shall be lawful for the boards of education in the other county or counties to contribute to the cost of the building in proportion to the number of children shown by the official census to be resident within that part of the joint district lying within each county respectively. If the building is to be erected from moneys borrowed from the State Building Funds or from county taxation, then each county board of education shall contribute to its construction in the proportion set out above and pay over its contribution to the treasurer of the county board having control of the erection of the building: Provided, it shall be lawful for the county board that controls the erection of the building to borrow from the State and lend to the district the full amount of the cost of the building in cases where the entire amount is to be repaid by the district from district funds.

g. All district funds of a joint local tax district shall be kept distinct from all other funds, placed to the credit of the district, and expended as other local tax or district bond funds are lawfully disbursed.

h. The county board of education and county superintendent of public instruction of the county in which the schoolhouse is located shall have as full and ample control over the joint school and the district as it has in the case of other local tax districts subject only to the limitations of this section.

i. It shall be the duty of the committee of the joint school district to prepare a budget in accordance with the law requiring budgets. The said budget, which shall show the proportionate part of the expenses to be contributed by each county, the several parts to be ascertained on the basis of the proportions of the total district school census living in each respective county, shall be filed by the committee with the county board of education of each county, and it shall be the duty of each board, if it approves the district budget, to incorporate it in the county budget to be submitted to the commissioners each year. Each of the several county boards of education is hereby directed to pay over its proportionate part of the district budget, when and as collected, to the treasurer of the board of education of the county in which the school plant is located for the purposes for which it has been levied and collected.

j. All districts formed before the ratification of this amendment under the provisions of section two hundred and thirty-two, chapter one hundred and thirty-six, Public Laws of one thousand nine hundred and twenty-three, and all districts incorporated before the ratification of this amendment, under the provisions of section two hundred and thirty-three of said chapter, are hereby authorized and empowered to exercise all the powers and privileges conferred by this section as amended. (1923, c. 136, s. 232; 1924, c. 32; C. S. 5651.)

§ 115-198. District already created out of portion of two or more counties.—Districts that have already been created out of portions of two or more counties may be incorporated in the following manner: Upon petition of the county board of education of each county, calling for an election the commissioners of each county shall call an election which shall be conducted in all respects as an election for voting local taxes. The ballots to be used in said election shall have written or printed thereon the words, "For Incorporation," and, "Against Incorporation." If a majority of the qualified voters in the portion in each county shall cast their ballots for incorporation, the district is thereby incorporated and shall possess all the authority of incorporated districts as provided in this article. (1923, c. 136, s. 233; C. S. 5652.)

Art. 23. Special School Taxing Districts.

§ 115-199. Purpose of re-enactment.—The re-enactment in this code of the several sections in this article shall not have the effect of re-enacting any of said sections which have been repealed by the School Machinery Acts of 1933, 1935, 1937 and 1939, and said sections are re-enacted in this code only to the extent and for the purposes required by the several School Machinery Acts above referred to.

§ 115-200. School taxing districts created.—The following territorial divisions of a county are hereby declared to be special school taxing districts in which special school taxes may be voted as hereinafter provided: (1) A township; (2) two or more contiguous or consecutive districts, all of which may be embraced within one common boundary; (3) two or more contiguous or consecutive townships, all of which may be embraced within one common boundary; (4) one or more districts and one or more townships contiguous, all of which may be embraced within one common boundary, and (5) the entire county excluding one or more tonwships or one or more special charter districts. (1923, c. 136, s. 234; C. S. 5655.)

§ 115-201. Boundary lines.—The county board of education, after ascertaining in what special school taxing district it is desirable to levy a special local tax, to supplement the eight months school term, shall define or describe the boundary lines so as to include the territorial divisions embracing only the special school taxing district in which a special school tax election for schools is to be called, and to exclude all other territory. The boundary lines of the special school taxing district, having been defined and recorded on the minutes of the board of education, a special school tax election may be held as hereinafter provided to equalize school advantages within the special school taxing district. (1923, c. 136, s. 235; C. S. 5656.)

§ 115-202. Petition for an election.—The petition for an election in a special school taxing district shall be made as follows: The governing school boards of at least a majority of the school districts within the special school taxing district shall indorse the petition, and it shall be approved by the county board of education. Said petition shall state the maximum rate of tax to be voted on, which rate shall not exceed fifty cents (50c) on the one hundred dollars ($100.00) valuation of all property, real and personal:

Provided, however, that when a special school taxing district created in accordance with the provision of this article includes or embraces two or more school districts having indebtedness incurred for the erection of school buildings, the maximum rate of fifty cents (50c) specified in this section may be exceeded by an additional rate necessary to take care of the combined aforesaid indebtedness of the several districts incurred for the erection of such school buildings. (1923, c. 136, s. 236; 1927, c. 37; C. S. 5657.)

§ 115-203. The election.—Whenever a petition properly indorsed and approved is presented to the board of county commissioners, said board shall call an election in said special school taxing district and fix a date for holding the same. The rules governing the election, the levy and collection of taxes, and the frequency of elections in a special school taxing district shall be the same as rules governing elections, the levy and collection of taxes, and the frequency of elections as provided in article 22. (1923, c. 136, s. 237; C. S. 5658.)

§ 115-204. Special school taxing districts.—If a majority of the qualified electors in the special school taxing district shall vote in favor of the special school tax, then it shall operate to repeal all school taxes theretofore voted in any local tax district located within said special school taxing district, except such taxes as may have been voted in said local tax district to pay the interest on bonds and to retire bonds outstanding. But the county board of education shall have the authority to assume all indebtedness, bonded and otherwise, of said local tax district and pay all or a part of the interest and installments out of the revenue derived from the rate voted in the special school taxing district: Provided, the revenue is sufficient to equalize educational advantages and pay all or a part of the interest and installments on said bonds. (1923, c. 136, s. 238; C. S. 5659.)

§ 115-205. Organization of the schools in special school taxing districts.—The county board of education is hereby authorized to organize the schools in a special school taxing district after a special school tax has been voted, in such a way as to equalize educational opportunities within said district. (1923, c. 136, s. 239; C. S. 5660.)

Art. 24. County Tax for Supplement in Which Part of Local Taxes May Be Retained.

§ 115-206. Purpose of re-enactment.—The re-enactment in this code of the several sections in this article shall not have the effect of re-enacting any of said sections which have been repealed by the School Machinery Acts of 1933, 1935, 1937 and 1939, and said sections are re-enacted in this code only to the extent and for the purposes required by the several School Machinery Acts above referred to.

§ 115-207. Election upon petition of county board of education.—Upon the petition of the county board of education of any county, the county commissioners shall order an election to be held in the county to ascertain the will of the people whether there shall be levied on all taxable property and polls in the county a special county tax, not to exceed fifty cents (50c) on the one hundred dollars ($100.00) valuation of property, to supplement the eight months school fund. (1923, c. 136, s. 242; C. S. 5663.)

§ 115-208. Rules governing election.—The election shall be conducted for the county as nearly as may be under the "Rules Governing Elections for Local Taxes" as provided in this subchapter. (1923, c. 136, s. 243; C. S. 5664.)

§ 115-209. Maximum tax levy.—In the event that a majority of the qualified voters at said election shall vote in favor of a special county tax, said tax shall be in addition to all taxes theretofore voted in any local tax district except as provided in § 115-210. The maximum rate voted shall be annually levied and collected each year in the same manner and at the same time as other taxes of the county are levied and collected, unless the county board of education shall petition for a lower rate. In that event the county commissioners shall levy the rate requested. (1923, c. 136, s. 244; C. S. 5665.)

§ 115-210. The rate in local tax districts. — Whenever the maximum special county tax rate levied or to be levied under the provisions of this article is less than fifty cents (50c), each local tax or special school taxing district shall have the authority to levy an additional rate, not in excess of the local tax rated voted in the district.

All indebtedness, bonded or otherwise, of said district or districts may be assumed by the county board of education; and such indebtedness, if assumed by the county board of education, shall be paid out of the special county tax levied under the provisions of this article. (1923, c. 136, s. 245; 1925, c. 180, s. 2; 1933, c. 299; C. S. 5666.)

§ 115-211. Subsequent elections upon failure of first.—In case a majority of qualified voters of said election in any county shall fail to vote for said special county tax, on petition of a majority of the members of the county board of education of the county, the county commissioners may, after six months, order another election in the same manner and under the same rules governing elections for local taxes. SUBCHAPTER XIV. TEXTBOOKS AND PUBLIC LIBRARIES.

Art. 37. Textbooks for Elementary Grades.

§ 115-258. State board of education adopts textbooks.—The state board of education is hereby authorized to adopt, for the exclusive use in the public elementary schools of North Carolina, supported wholly or in part out of the public funds, textbooks and publications, including instructional materials, to meet the needs of such schools in each grade and on each subject matter in which instruction is required to be given by law. It shall adopt for a period of five years from a multiple list submitted by the textbook commission, as hereinafter provided, two basal primers for the first grade and two basal readers for each of the first three grades, and one basal book or series of books on all other subjects contained in the outline course of study for the elementary grades where a basal book or books are recommended for use: Provided, the state board of education may adopt not exceeding three basal books on the subject of North Carolina history and, if such multiple adoption is made, the state board of education may by rules and regulations prescribe the manner of use of such books in the public schools of the state: Provided further, the state board of education may enter into contract with a publisher for a period less than five years, if any advantage may accrue to the schools as a result of a shorter contract than five years. (1923, c. 136, s. 320; 1933, c. 464, s. 1; 1939, c. 68; C. S. 5730.)

§ 115-259. Books adopted for an indefinite period.—At the expiration of the contract now existing between the state board of education and the publisher for any particular book or books, the state board of education, upon satisfactory agreement with the publisher, may continue the contract for any particular book or books indefinitely; that is, for a period not less than one nor more than five years.

The state board of education may, at any time it finds a book unsatisfactory, call for a new report from the textbook commission on the subject adopted for an indefinite length of time. Moreover, the textbook commission at any time, with the approval of the state superintendent of public instruction, may recommend to the state board of education that a given book adopted indefinitely is unsatisfactory or may be greatly improved by the adoption of a new book or books.

In the event that a change of textbooks contracted for for an indefinite length of time is deemed necessary by the state board of education or by the textbook commission, the publisher shall be given at least three months notice prior

to the first day of May, and at the expiration of which time the state board of education is authorized to adopt from a list submitted by the textbook commission a new book or books on said subject. Moreover, the publisher of any textbook desiring to end a contract that has been extended indefinitely shall give the state board of education at least three months notice prior to the first day of May. In either event, when it becomes necessary to substitute a new book for an old one on the adopted list, the state board of education shall call for new recommendations from the textbook commission on that book, and proceed as in the first instance. (1923, c. 136, s. 321; C. S. 5731.)

§ 115-260. Classification of textbooks. — The textbooks in use in the public schools are hereby divided into two classes: (1) major subjects, which include readers, arithmetics, language and grammar, history and geography; and (2) all other books on all other subjects shall be considered as minor subjects. (1923, c. 136, s. 322; C. S. 5732.)

§ 115-261. Basal and supplementary books.—All textbooks to be adopted by the state board of education shall be basal books or supplementary books necessary to complete the course of study. (1923, c. 136, s. 322; 1933, c. 464, s. 2; C. S. 5733.)

§ 115-262. Basal books not to be displaced by supplementary.—The state board of education is hereby authorized to select and adopt all supplementary books and instructional material necessary to complete the course of study for all schools. Such supplementary books shall neither displace nor be used to the exclusion of basal books. (1923, c. 136, s. 324; 1933, c. 464, s. 3; C. S. 5734.)

§ 115-263. The textbook commission.—The governor and the superintendent of public instruction shall appoint a textbook commission composed of seven members to be selected from among the teachers, supervisors, principals, and superintendents actually engaged in school work in the state, to serve for five years or until their successors are appointed and qualified, and the governor and superintendent of public instruction shall have authority to fill any vacancy that may occur in the textbook commission, or to remove for sufficient cause any member of the commission. (1923, c. 136, s. 325; C. S. 5735.)

§ 115-264. Organization of commission.—Immediately after the appointment of the textbook commission the superintendent of public instruction shall cause said textbook commission to meet in his office and organize by electing a chairman and secretary, and shall adopt such rules and regulations to govern their work as may be deemed necessary, subject to the approval of the state superintendent of public instruction. The work of the textbook commission shall then be apportioned among the members, and the rules and regulations governing its work shall be published in the daily papers, and a copy shall be sent to all publishers that may submit bids and samples of books for adoption.

The several members of the textbook commission may work independently, seeking information from every legitimate source, but if the members of the textbook commission receive information from representatives of book companies they shall keep a record of each such visit and the purpose of the visit. (1923, c. 136, s. 326; C. S. 5736.)

§ 115-265. Compensation of commission.—Each member of the textbook commission shall be paid out of any funds under the control of the State Board of Education upon the approval of the budget bureau, on the requisition of the superintendent of public instruction, two hundred dollars ($200) for services, and, in addition, the necessary traveling expenses authorized by the superintendent of public instruction: Provided, that the chairman of this commission shall be paid two hundred and twenty-five dollars ($225.00). The members so appointed shall serve for a period of five years, or until their successors are appointed, and shall be subject to the call of the state board of education at any time during their term of service: Provided further, that for any service rendered more than one year after appointment each member shall be paid a per diem of five dollars ($5.00) and necessary traveling expenses. (1923, c. 136, s. 327; 1927, c. 249; C. S. 5737.)

§ 115-266. Duties of commission.—The textbook commission shall first prepare, subject to the approval of the superintendent of public instruction, and publish at the expense of the state, an outline course of study setting forth what subjects shall be taught in each of the elementary grades. It shall give in outline the number of basal and supplementary books on each subject to be used in each grade in accordance with the law.

After the outline course of study has been prepared and published, the textbook commission shall then prepare a multiple list of basal books to be submitted to the state board of education. The multiple list shall contain not less than four nor more than eight books or series of books on all subjects for each grade. No book shall be included in the multiple list that a majority of the textbook commission deems unsuitable, or that does not conform to the outline course of study.

The textbook commission shall report whether any of the major subjects containing a series of books may be divided, taking one part from one series and another part from another series of books on the same subject, and the commission's report in this respect shall be binding on the state board of education. (1923, c. 136, s. 328; 1933, c. 464, s. 4; C. S. 5738.)

§ 115-267. State board of education makes all contracts.—(a) The state board of education shall make all needful rules and regulations governing the advertisement for bids, when and how prices shall be submitted, when and how sample books for adoption shall be submitted, the nature of the contract to be entered into between the state board of education and the publishers, the nature and kind of bond, if any is necessary, and all other needful rules and regulations governing the adoption of books for all public schools not otherwise specified in this article. After a contract has been entered into between the state board of education and the publisher, if the publisher shall fail to keep its contract as to prices, distribution of books, etc., the attorney-general shall bring suit against said company, when requested by the state board of education, for such amount as may be sufficient to enforce the contract or to com-

pensate the state because of the loss sustained by a failure to keep this contract. (b) It shall be unlawful for any local distributing agency distributing State-adopted textbooks to charge, or to make any deduction from, the purchase price of such textbooks when returned by the purchaser without having been subjected to use or damage. Any person violating any of the provisions of this subsection shall be deemed guilty of a misdemeanor and upon conviction fined not less than fifty dollars or imprisoned not more than thirty days. (1923, c. 136, s. 329; 1925, c. 69; 1933, c. 464, s. 5; C. S. 5739.)

§ 115-268. Not more than one major subject to be changed in any one year.—Not more than one major and two minor subjects shall be changed in any one year: Provided, satisfactory arrangements as to prices and distribution may be made. (1923, c. 136, s. 330; C. S. 5740.)

§ 115-269. Publishers to register all agents or employees.—Publishers submitting books for adoption shall register in the office of the state superintendent of public instruction all agents or other employees of any kind authorized to represent said company in the state, and this registration list shall be open to the public for inspection. (1923, c. 136, s. 331; C. S. 5741.)

§ 115-270. Acquisition of manuscripts for textbooks permitted; publication thereof by state board of education.—The said board of education is hereby authorized and empowered in its discretion to purchase and/or acquire a manuscript or manuscripts for school textbooks or supplementary books used or to be used in any or all grades of the public schools of North Carolina and to procure the printing and publishing of such books under contract through competitive bids or otherwise as it may in its discretion determine to be for the best interest of the public schools of the state; and if said board of education finds that by the acquisition of any such manuscript or manuscripts, and that by the making of any such contract for any such school books, either basal or supplementary, such books can be furnished to the public schools of the state at a price less than the same may be acquired from publishers, then it shall be the duty of said board of education to acquire such manuscripts and cause the same to be published and said books to be distributed in accordance with such rules and regulations and under such terms and conditions as it may deem advisable, having due regard to the standard of the school books so published, after taking into consideration the substance of such books and their adaptability for use in the schools of the state. (1933, c. 464, s. 6.)

§ 115-271. Contracts for distribution of textbooks through depositories or a state agency. — The state board of education is authorized and empowered to make and enter into all such contracts as may be necessary to provide for the proper distribution of textbooks either through a depository or depositories, or through the state division of purchase and contract or other state agency, utilizing county boards of education or city boards of trustees, if found feasible, for local distribution, as to it may seem advisable; and is further authorized and empowered to make all needed rules, regulations, and contracts governing the disposition, sale, and return of school books as are not disposed of to the patrons of the schools, and to determine the nature of the contract or contracts to be entered into between the state board of education and the publisher or publishers, for the distribution of school textbooks adopted by it or in use in any of the public schools of the state. It may also determine the nature and kind of bond, if necessary, to be given by any depository or other agency carrying out the terms of this article, to the end that school textbooks shall be delivered to the patrons of the schools at the lowest possible net cost. (1933, c. 464, s. 7.)

Art. 38. Textbooks for High Schools.

§ 115-272. State Board of Education may adopt textbooks.—The State Board of Education is hereby authorized to adopt textbooks for the use in all public high schools of the State, supported in whole or in part out of public funds, and the high school textbooks adopted by the State Board of Education in accordance with the provisions of this article shall be used by all the public high schools of the State. (1931, c. 359, s. 1.)

§ 115-273. State committee on high school textbooks.—The Governor and the State Superintendent of Public Instruction shall appoint a State committee on high school textbooks, consisting of five members, five of whom are actively engaged in school work, who shall serve for a term of five years without compensation except for reimbursement out of the State Treasury upon the requisition of the State Superintendent of Public Instruction for actual expenses incurred by attendance upon meetings of the committee that may be called by or under the direction of the State Superintendent of Public Instruction. (1931, c. 359, s. 2.)

§ 115-274. Grouping of high school instruction; examination of books; submission of multiple list and annual reports. — It shall be the duty of the State Committee on high school textbooks to list all the high school fields of instruction in five separate groups as nearly equal as possible in the cost of textbooks. The Committee on high school textbooks shall further arrange these groups in the order in which they will be considered, and notify the State Board of Education in its first report of this arrangement. During the first year of its term of office, it shall be the further duty of the State Committee on high school textbooks to make a thorough examination of any and all books submitted by any publisher in the first group of fields of instruction as arranged by said State Committee on high school textbooks, with a view of determining whether the contents, quality and price of said books are such as to make them suitable and desirable for use in the public high schools of the State, and submit, not later than the first day of January, one thousand nine hundred and thirty-four, a multiple list not exceeding three books in each field of instruction in the first group. Not later than January first in each succeeding year, the State Committee on high school textbooks shall make a similar report on the fields of instruction in the order fixed by it, unless it receives a notice

from the State Board of Education prior to May first in said year that such report is not desired. (1931, c. 359, s. 3.)

§ 115-275. Selection of one book per subject by State Board of Education; indefinite contract with publishers; annual report by publishers. — It shall be the duty of the State Board of Education to select one book in each field of instruction from the multiple list submitted by the State Committee on high school textbooks for exclusive use in the public high schools of the State for a period not less than five years. In case the State Board of Education finds it impossible to make a satisfactory contract for any one of the books on the multiple list, then it shall notify the State Committee on high school textbooks that it cannot make a satisfactory contract for any book on the multiple list in that field of instruction. The State Committee on high school textbooks shall then submit another multiple list in that field of instruction from which the State Board of Education shall make an adoption. It shall be the further duty of the State Board of Education to make an indefinite contract with all the publishers having books in groups two, three, four and five for a period not less than one year nor more than five years, and these books shall continue in use until the State Board of Education, in accordance with the provisions of this article, shall adopt a book for State-wide use in any given field of instruction: Provided, that the contract shall require each publisher to report annually to the State Board of Education the total sales of each book in the State of North Carolina. (1931, c. 359, s. 4.)

§ 114-276. Attorney General to bring suit on publishers' contracts in event of failure to execute. —After a contract has been entered into between the State Board of Education and the publisher, if the publisher shall fail to keep its contract as to prices, distribution of books, an adequate supply of the edition of books as adopted, etc., the Attorney General shall bring suit against said company when requested by the State Board of Education, for such an amount as may be sufficient to enforce the contract or to compensate the State because of the loss sustained by failure to keep this contract. (1931, c. 359, s. 5.)

§ 115-277. Sale of books at lower price elsewhere reduces price to State.—If the publishers of any high school textbook on the adopted list in this State shall contract with another state, or with any county, city or town or other municipality, or shall place its books on sale anywhere in the United States, for or at a less price than that in its contract with the State of North Carolina, it shall be, and is hereby, made a part of the contract of that company to furnish that book to the high schools of this State at a price not to exceed that for which the book is furnished, sold, or placed on sale in any other state, or in any such other county, city, town or other municipality. (1931, c. 359, s. 6.)

§ 115-278. Adoption made exclusive.—The textbooks for high school instruction adopted under the provisions of this article shall be for the exclusive use of the high schools of this State when so adopted and placed upon the approved list in the manner as set out in this article. (1931, c. 359, s. 7.)

Art. 39. Furnishing Textbooks.

§ 115-279. Free textbooks.—Any county board of education, the committee of any local tax district, or the board of trustees of any city administrative unit in the state is authorized to purchase books for the use of pupils in said county or district to be loaned to said pupils, without charge for the same, under such needful rules and regulations governing the loan of said textbooks as the said board may prescribe.

If instruction is given in the manual and domestic arts, the county board of education, the committee or board of trustees may, in its discretion, purchase and lend the necessary implements and materials to the pupils. And it shall also in a similar manner procure such apparatus, reference books, and other means of illustration as may be needed in the school.

1. The board of county commissioners, in addition to levying taxes for the current expense fund, the capital outlay fund, and the debt service fund, is hereby authorized to levy an additional tax to be known as the "tax for supplying free textbooks," which shall be sufficient to pay the cost of purchasing and loaning textbooks after an estimate has been submitted and approved by the commissioners. Any committee of a local tax district, or any board of trustees of a city administrative unit in a county not supplying free textbooks, is hereby authorized to use any part of the local tax funds, not otherwise appropriated in the district, to carry out the provisions of this section.

2. In the event that the county board of education, or the board of county commissioners, or both, shall fail to provide in the budget a sum sufficient to supply free textbooks in accordance with this section, or in the event that the sum derived from the local taxes in any local tax district is insufficient to provide free textbooks in such district or unit after other necessary expenses are met, the question of supplying free textbooks may be submitted to the qualified voters in the following manner:

Whenever the written petition of one-fourth of the qualified voters of a county, or of a local tax district or city administrative unit, setting forth the tax rate to be levied and calling for an election to be held upon the question of levying an additional special annual tax with which to purchase and supply free textbooks, is presented to the governing board, said board shall present the petition to the tax leving authority of said county, district or unit, which body shall order an election and conduct the same as near as may be under the rules governing the election for local taxes. If a majority of the qualified voters in said county, district or unit, shall cast their ballots "for free textbooks," the tax shall be levied and collected as all other county or local taxes for schools are levied and collected. It shall be the duty of the governing body of the school to purchase books for the use of the pupils in said county, district or unit, and loan the same to pupils without charge in accordance with this section. (1923, c. 136, s. 340; C. S. 5750.)

§ 115-280. Rental of textbooks.—The county board of education or the board of trustees of any

local tax district or city administrative unit is hereby authorized to rent such books to the children of any school district at a rental price not to exceed that set by the state commission; and wherever books are rented that have not been contracted for by the state, the rental price shall not exceed that set by the state commission. (1923, c. 136, s. 341; C. S. 5751.)

§ 115-281. County and local boards to make rules; to use incidental expense fund.—The county board of education or the board of trustees of any local tax district or city administrative unit is hereby authorized to make all needful rules and regulations governing the rental of public school textbooks, and to apply any funds of the current expense fund remaining to the credit of the county or the city administrative unit to the purposes of this article: Provided, that before any amount is appropriated from this fund for these purposes, provisions shall be made for all needful expenses of said schools. (1923, c. 136, s. 342; C. S. 5752.)

§ 115-282. Books for indigent children.—County boards of education or the board of trustees of any local district or city administrative unit may set aside an amount not to exceed one hundred dollars ($100.00) from the incidental expense fund to be used in purchasing public school textbooks, to be used in the manner designated, namely, that when it shall appear that the education of any child is limited because of the inability of said child to purchase necessary textbooks or to pay the rental price, said board or boards may loan free of cost all necessary books to any such child during the term of the school, subject to rules and regulations by the county board of education or the board of trustees of any local tax district or city administrative unit, and approved by the state superintendent of public instruction. (1923, c. 136, s. 343; C. S. 5753.)

§ 115-283. State superintendent to inform local school authorities.—The state superintendent of public instruction is hereby requested to inform all superintendents of schools of the provisions of this article. (1923, c. 136, s. 344; C. S. 5754.)

§ 115-284. Local units authorized to establish capital fund for renting of textbooks.—The board of county commissioners in any county, upon the request of the county board of education therein, or of the board of trustees, of any city administrative unit therein, is hereby authorized and empowered to establish a capital fund in such county under the terms of and in accordance with the provisions of §§ 115-284 to 115-291, which fund shall be used by the county board of education, or by the board of trustees of any city administrative unit making such request for the operation of a system of textbook rentals to the patrons of the public schools of the county or city administrative unit, for which such capital fund may be established: Provided, however, that before any such request shall be presented to the board of county commissioners, the county board of education, or the board of trustees of any city administrative unit presenting the same shall obtain the approval of the State school commission as hereinafter provided. It shall be the duty of the State school commission to prepare rules and regulations governing the establishment of rental depositories in accordance with the provisions of §§ 115-284 to 115-291. It shall be the duty of the State Superintendent of Public Instruction to acquaint the public school officials with the rules and regulations of the school commission and to present to said commission for its approval or rejection all applications for such permission. (1931, c. 210, s. 1; 1933, c. 562, s. 2.)

§ 115-285. Computation of amount of fund.—The necessary amount of such capital fund shall be determined by the board of county commissioners upon the basis of a comprehensive budget estimate prepared by the county board of education, or the board of trustees of any city administrative unit making such request, not exceeding, however, the extent and amount thereof approved by the State school commission. (1931, c. 210, s. 2; 1933, c. 562, s. 2.)

§ 115-286. Budget estimate to be made up; repayments to fund out of rental fees.—Before the board of commissioners of any county shall establish such capital fund it shall be the duty of the county board of education, or the board of trustees of any city administrative unit making request therefor to prepare a budget estimate covering a definite and specified period showing the estimated income from rentals for each year, the estimated cost of textbooks and supplies for each year and a balanced budget at the end of a specified and definite period. Such budget shall be prepared in accordance with rules and regulations to be adopted and promulgated by the State school commission. It shall be the duty of the county board of education, or the board of trustees of any city administrative unit requesting and securing the establishment of any such capital fund for its benefit to make provision for the payment out of rental fees of the principal fund of the capital fund and the interest arising thereon in the manner and within the term provided for in the certificate of approval granted by the State school commission, and it shall be the duty of the State school commission in granting the approval to any such request to specify in its order granting said approval the time within which said repayments shall be made and the amount of such repayment to be made during each year of such time. (1931, c. 210, s. 3; 1933, c. 562, s. 2.)

§ 115-287. Details of administration of fund; record of receipts and disbursements; annual audit. — Any capital fund established under the provisions of §§ 115-284 to 115-291 shall be placed to the credit of the county board of education, or the board of trustees of any city administrative unit making request therefor, which board shall administer the fund under such rules and regulations as the said board may prescribe, with the approval of the State school commission, not in conflict, however, with the provisions of §§ 115-284 to 115-291. It shall be the duty of the county board of education, or the board of trustees of any city administrative unit for whose benefit such capital fund is established, to keep accurate record of receipts and disbursements made from this fund and to cause such records and the accounts thereof to be audited in July of each and every year and a copy of said audit shall be kept as a part of the permanent records of the office of said commission and one copy thereof shall be filed with the board of county commissioners of the

county, one copy with the State Superintendent of Public Instruction and one copy with the State school commission. It shall be unlawful for the county board of education, or the board of trustees of any city administrative unit to use any part of the funds so provided for any purpose, even temporarily, other than the purposes for which said fund is established and in accordance with the provisions of §§ 115-284 to 115-291. (1931, c. 210, s. 4; 1933, c. 562, s. 2.)

§ 115-288. Purchase of books, etc., with fund; schedules of rentals; patrons may purchase at cost.—The county board of education, or board of trustees of any city administrative unit for whose use and benefit such capital fund has been established is hereby authorized to purchase textbooks and instructional supplies and pay for same out of the said capital fund, together with such rental fees as said board may determine upon and to rent such textbooks and instructional supplies and to rent or furnish said textbooks and instructional supplies to the patrons of the public schools of such county, or such city administrative unit: Provided, that the rental fees charged therefor shall be in accordance with schedules submitted to and approved by the State school commission: Provided, further, that any patron of the public schools may purchase textbooks at net cost from any rental depository. (1931, c. 210, s. 5; 1933, c. 562, s. 2.)

§ 115-289. Handling of fund by fiscal agent; warrants on fund. — Such capital fund so established shall be deposited with the fiscal agent of the county to the credit of the county board of education, or board of trustees of any city administrative unit for which said fund is established and shall be paid out upon a warrant signed by the chairman and secretary of such board and approved by such officer as the County Fiscal Control Act may require: Provided, that such officer required to approve the same by the County Fiscal Control Act shall receive no additional compensation for such services. (1931, c. 210, s. 6.)

Art. 40. State Textbook Commission.

§ 115-292. Textbook commission created. — There is hereby created a state textbook commission of five members, to be composed as follows:

The state superintendent of public instruction, as ex officio chairman, the attoney general, the director of the division of purchase and contract, and two members to be appointed by the governor for a term of two years each. The said appointive members are to receive as compensation such per diem and travel expenses as is now provided by law. All the powers and duties heretofore conferred by law upon the state textbook purchase and rental commission, together with such other powers and duties as may be conferred by the provisions of this article, shall be vested in the state textbook commission. The expenses and costs of the commission for carrying out the provisions of this article are to be paid out of the appropriation made available in Chapter 169, Public Laws of 1937. (1937, c. 169, s. 1.)

§ 115-293. Powers and duties of commission.—The state textbook commission is hereby authorized and directed to administer funds and to establish rules and regulations necessary to:

(1) Acquire by contract and/or purchase such textbooks and instructional supplies that are or may be on the adopted list of the state of North Carolina as the commission may find necessary to carry out the provisions of this article.

(2) Provide a system of distribution of said textbooks and supplies to the children in the public schools of the state, and distribute such books as are provided under the rental system without the use of any depository other than some agency of the state.

(3) Provide for the free use, including the proper care and return thereof, of elementary basal textbooks to such grades of the elementary public schools of North Carolina as may be determined by the state textbook commission. Title to said books shall be vested in the state. For the purposes of this article, the elementary grades shall be considered the grades from one to seven, inclusive. SUBCHAPTER XV. COMPULSORY ATTENDANCE IN SCHOOLS.

Art. 42. General Compulsory Attendance Law.

§ 115-302. Parent or guardian required to keep child in school; exceptions.—Every parent, guardian or other person in the state having charge or control of a child between the ages of seven and fourteen years shall cause such child to attend school continuously for a period equal to the time which the public school in the district in which the child resides shall be in session. The principal, superintendent, or teacher who is in charge of such school shall have the right to excuse the child temporarily from attendance on account of sickness or distance of residence from the school, or other unavoidable cause which does not constitute truancy as defined by the state board of education. The term "school" as used in this section is defined to embrace all public schools and such private schools as have tutors or teachers and curricula that are approved by the county superintendent of public instruction or the State Board of Education.

All private schools receiving and instructing children of compulsory school age shall be required to keep such records of attendance and render such reports of the attendance of such children as are required of public schools; and attendance upon such schools, if the school or tutor refuses or neglects to keep such records or to render such reports, shall not be accepted in lieu of attendance upon the public school of the district, town or city which the child shall be entitled to attend: Provided, instruction in a private school or by private tutor shall not be regarded as meeting the requirements of the law unless the courses of instruction run concurrently with the term of the public school in the district and extend for at least as long a term. (1923, c. 136, s. 347; 1925, c. 226, s. 1; C. S. 5757.)

§ 115-303. State board of education to make rules and regulations; method of enforcement.—It shall be the duty of the state board of education to formulate such rules and regulations as may be necessary for the proper enforcement of the provisions of this article. The board shall prescribe what shall constitute truancy, what causes may constitute legitimate excuses for temporary nonattendance due to physical or mental inability to attend, and under what circumstances teachers, principals, or superintendents may excuse pupils for nonattendance due to immediate demands of the farm or the home in certain seasons of the year in the several sections of the state. It shall be the duty of all school officials to carry out such instructions from the state board of education, and any school official failing to carry out such instructions shall be guilty of a misdemeanor: Provided, that § 115-302 shall not be in force in any city or county that has a higher compulsory attendance law now in force than that provided herein; but in any such case it shall be the duty of the state board of education to investigate the same and decide that any such law now in force has a higher compulsory attendance feature than that provided by this article.

Mental incapacity shall be an excuse for nonattendance, and is interpreted to mean feeblemindedness or such nervous disorder as to make it either impossible for such child to profit by instruction given in the school or impracticable for the teacher properly to instruct the normal pupils of the school. In the case of feeble-minded children the teacher shall designate the same in her reports to the County Superintendent of Public Welfare, and it shall be his duty to report all such cases to the State Board of Charities and Public Welfare. Whereupon said Board shall make, or cause to be made, an examination to ascertain the mental incapacity of said child and report the same to the county or city superintendent involved. Upon receipt of said report the local school authorities are hereby authorized, under such limitations and rules as the State Board of Education may adopt, to exclude said child from the public school when it is ascertained that the child can not benefit by said instruction and his presence becomes a source of disturbance to the rest of the children. In all such cases in which a child is excluded from school a complete record of the whole transaction shall be filed in the office of the county or city superintendent and kept as a public record. (1923, c. 136, s. 348; 1931, c. 453; C. S. 5758.)

§ 115-304. Attendance officers; reports; prosecutions.—The state superintendent of public instruction shall prepare such rules and procedure and furnish such blanks for teachers and other school officials as may be necessary for reporting each case of truancy or lack of attendance to the chief attendance officer referred to in this article. Such rules shall provide, among other things, for a notification in writing to the person responsible for the nonattendance of any child, that the case is to be reported to the chief attendance officer of the county unless the law is immediately complied with. The county board of education in a county administrative unit and the board of trustees in a city administrative unit may employ special attendance officers to be paid from funds derived from fines, forfeitures and penalties, or other local funds, and said officers shall have full authority to prosecute for violations of this article: Provided that in any unit where a special attendance officer is employed, the duties of chief attendance officer or truant officer as provided by law shall, in so far as they relate to such unit, be transferred from the county superintendent of public welfare to the special attendance officer of said unit. § 115-306. Investigation and prosecution by county superintendent or attendance officer.—The county superintendent of public welfare or chief school attendance officer or truant officer provided for by law shall investigate and prosecute all violators of the provisions of this article. The reports of unlawful absence required to be made by teachers and principals to the chief attendance officer shall, in his hands, in case of any prosecution, constitute prima facie evidence of the violation of this article and the burden of proof shall be upon the defendant to show the lawful attendance of the child or children upon an authorized school. (1923, c. 136, s. 351; 1925, c. 226, s. 2; C. S. 5761.)

§ 115-307. Investigation as to indigency of child.—If affidavit shall be made by the parent of a child or by any other person that any child between the ages of seven and fourteen years is not able to attend school by reason of necessity to work or labor for the support of itself or the support of the family, then the attendance officer shall diligently inquire into the matter and bring it to the attention of some court allowed by law to act as a juvenile court, and said court shall proceed to find whether as a matter of fact such parents, or persons standing in loco parentis are unable to send said child to school for the term of compulsory attendance for the reasons given. If the court shall find, after careful investigation, that the parents have made or are making a bona fide effort to comply with the compulsory attendance act, and by reason of illness, lack of earning capacity, or any other cause which the court may deem valid and sufficient, are unable to send said child to school, then the court shall find and state what help is needed for the family to enable the attendance law to be complied with. The court shall transmit its findings to the county board of education of the county or, in city administrative units, to the board of trustees in which the case may arise. (1923, c. 136, s. 352; C. S. 5762.)

§ 115-308. Aid to indigent child.—The county board of education shall in its discretion order aid to be given the family from the current expense fund of the county school budget to an extent not to exceed ten dollars per month for such child during the continuance of the compulsory term; and shall at the same time require said officer to see that the money is used for the purpose for which it is appropriated and to report from time to time whether it shall be continued or withdrawn. And the county board of education is hereby authorized in making out the county budget to provide a sum to meet the provisions of this article. (1923, c. 136, s. 353; C. S. 5763.)

(1935, c. 255, s. 4; 1937, c. 184.)

§ 115-330. Right of action upon bond in event of breach; revocation of permit; board generally to supervise schools.—In any and all cases where the party receiving the permit from the board of commercial education fails to comply with any contract made and entered into with any student, or with the parents or guardian of said student, then said student, parent or guardian entering into the contract shall have a cause of action against the sureties on the bond as herein provided for the full amount of the payments made to such person, with six (6) per cent interest from the date of payment of said amount. For a proven violation of its contracts with its students, the board of commercial education is authorized to revoke the license issued to the offending school. Through periodic reports required of licensed commercial schools and by inspections made by the members of the board of commercial education or its authorized representatives, the board of commercial education shall have general supervision over commercial schools of the State, the object of said supervision being to protect the public welfare by having the licensed commercial schools to maintain proper school quarters, equipment and teaching forces and of having the school carry out its advertised promises and its contracts made with its students and patrons. (1935, c. 255, s. 5.)

§ 115-331. Operating school without permit made misdemeanor. — Any person, or each member of any partnership, or each member of any association of persons, or each officer of any corporation who opens and conducts a commercial college or branch college or school without first having obtained the permit required in § 115-326, and without first having executed the bond required in § 115-329, shall be guilty of misdemeanor and punishable by a fine of not less than one hundred ($100.00) dollars, nor more than five hundred ($500.00) dollars, and each day said college continues to be open and operated shall constitute a separate offense. (1935, c. 255, s. 6.)

§ 115-332. Institutions exempted. — The provision of this article shall not apply to any established university, professional, or liberal arts college, regular high school or any state institution which has heretofore adopted or which may hereafter adopt one or more commercial courses, provided the tuition fees and charges, if any, made by such university, college, high school or state institution shall be collected by their regular officers in accordance with the rules and regulations prescribed by the board of trustees or governing body of such university, college, or high school; but the provisions of this article shall apply to all commercial colleges, business schools and correspondence schools operated within the state of North Carolina as commercial institutions. (1935, c. 255, s. 7; 1937, c. 184.)

§ 115-333. Application of article to non-residents, etc.—All persons, partnerships, associations of persons, which are non-residents of North Carolina, or corporations organized and chartered under the laws of any other state, must comply with the provisions of this article before such can open and conduct a commercial college or branch college, or school in the State of North Carolina. (1935, c. 255, s. 8.)

§ 115-334. Solicitors. — All persons soliciting students within the state of North Carolina for commercial colleges, business schools or correspondence schools located within or without the state of North Carolina, shall be required to secure on July first of each year an annual license from the board of commercial education, such license to cost two dollars ($2.00). When application is made for such license by a solicitor he shall submit to said board for its approval a copy of the contract offered prospective students and used by his said school, together with advertising material and other representations made by said school to its students or prospective students. When a license is issued to such solicitor he shall receive a license card permitting him to solicit students for his school, but such license shall be issued only on an annual basis expiring June thirtieth of each year and must be renewed to entitle such solicitor to solicit students thereafter. Every commercial college, business school, or correspondence school employing such solicitors shall be responsible for the acts, representations and contracts made by its solicitors. Any person soliciting students for any such schools without

first having secured a license from the board of commercial education shall be guilty of a misdemeanor and be punishable by a fine of fifty dollars ($50.00) or thirty days imprisonment, or both, at the discretion of the court. (1937, c. 184.)

SUBCHAPTER XX. OBSERVANCE OF SPECIAL DAYS.

Art. 48. Special Days to Be Observed in Public Schools.

§ 115-335. North Carolina Day.—The twelfth day of October in each and every year, to be called "North Carolina Day," may be devoted, by appropriate exercises in the public schools of the state, to the consideration of some topic or topics of our state history, to be selected by the superintendent of public instruction: Provided, that if the said day shall fall on Saturday or Sunday, then the celebration shall occur on the Monday next following: Provided, further, that if the said day shall fall at a time when any such schools may not be in session, the celebration may be held within one month from the beginning of the term, unless the superintendent of public instruction shall designate some other time. (1923, c. 136, s. 367; C. S. 5780(n).)

§ 115-336. Temperance or Law and Order Day.—There shall be one day in each scholastic year of the public and high schools of the state of North Carolina, to be known as Temperance or Law and Order Day, and the fourth Friday in January in each year, or some other day to be set by the superintendent of public instruction to suit local conditions, is hereby designated as Temperance or Law and Order Day. This day shall be observed as such in each public and high school of the state, or if preferred, in each subdivision thereof. The state superintendent of public instruction shall have prepared and furnished in due time to every teacher of said public and high school for the state a suitable program to be used on said Temperance or Law and Order Day.

The state superintendent of public instruction may have prepared and furnished to the teachers in the public and high schools placards printed in large type which shall set forth in attractive style statistics, epigrams, mottoes and up-to-date scientific truths showing the evils of intemperance and lawlessness.

When placards are distributed it shall be the duty of every teacher in the state, paid entirely or in part out of the public funds, to keep posted in a conspicuous place in the schoolroom occupied by said teacher one of said placards. (1923, c. 136, s. 368; C. S. 5780(o).)

§ 115-337. Arbor Day.—Friday following the fifteenth day of March of each year shall be known as Arbor Day, to be appropriately observed by the public schools of the state. The superintendent of public instruction shall issue each year a program for its observance by the school children of the state in order that they may be taught to appreciate the true value of trees and forests to their State. The superintendent of public instruction is authorized to provide a suitable program and plan of instruction to county school officials under his charge for the appropriate observance of this day. (1923, c. 136, s. 369; 1927, c. 73; C. S. 5780(p).)

§ 115-338. Other Days.—The superintendent of public instruction is hereby authorized to provide suitable material for the proper observance in schools of the birthdays of Washington, Lee, Jackson, of Armistice Day, Memorial Day, and such other days as may be deemed of educational and patriotic value not only to the children but to the citizens of the state. All literature necessary for the proper observance of the days specified in this article shall be prepared by the superintendent of public instruction and printed at the expense of the state. (1923, c. 136, s. 370; C. S. 5780(q).)

§ 115-339. Combined programs. — The state superintendent of public instruction may fix a later or an earlier date for the observance of any special day the observance of which is required for a specific date if it shall appear to him to be more convenient; and he may combine the programs required to be issued in the foregoing sections so as to require the observance of any two or more of the special days at the same time. (1923, c. 136, s. 371; C. S. 5780(r).)

SUBCHAPTER XXI. COMPENSATION TO CHILDREN INJURED IN SCHOOL BUSSES.

Art. 49. Certain Injuries to School Children Compensable.

§ 115-340. School commission authorized to pay claims. — The school commission of North Carolina is hereby authorized and directed to set up in its budget for the operation of the public schools of the State a sum of money which it deems sufficient to pay the claims hereinafter authorized and provided for. (1935, c. 245, s. 1.)

§ 115-341. Payment of medical or funeral expenses to parents or custodians of children.—The state school commission is hereby authorized and directed to pay out of said sum provided for this purpose to the parent, guardian, executor, or administrator of any school child, who may be injured and/or whose death results from injuries received while such child is riding on a school bus to and from the public schools of the State, medical, surgical, hospital, and funeral expenses incurred on account of such injuries and/or death of such child in an amount not to exceed the sum of six hundred and no one-hundredths dollars ($600.00). (1935, c. 245, s. 2.)

Local Modification.—Surry: 1935, c. 458.

§ 115-342. Claim must be filed within one year.—The right to compensation as authorized under § 115-341 shall be forever barred, unless a claim be filed with the state school commission within one year after the accident, and if death results from the accident, unless a claim be filed with the said commission within one year thereafter. (1935, c. 245, s. 3.)

§ 115-343. Approval of claims by school commission final.—The state school commission is hereby authorized and empowered, under rules and regulations to be promulgated by said school commission, to approve any claim authorized by this subchapter, and when such claim is so approved, such action shall be final; any payment made by the school commission for hospital and

medical treatment shall be deducted from the benefits provided in § 115-341, and said commission is hereby authorized to pay medical and hospital and funeral bills provided for in this subchapter, not to exceed, however, the benefits herein provided for. (1935, c. 245, s. 4.)

§ 115-344. Claims paid without regard to negligence of driver; amounts paid out declared lien upon civil recoveries for child.—The claims authorized in § 115-341 shall be paid by the said school commission, regardless of whether or not the injury received by said school child shall have been due to the negligence of the driver of the said school bus: Provided that whenever there is recovery on account of said accident by the father, mother, guardian, or administrator of such child, against any person, firm, or corporation, the amount expended by the state school commission hereunder shall constitute a paramount lien on any judgment recovered by said parent, guardian, or administrator, and shall be discharged before any money is paid to said parent, guardian, or administrator, on account of said judgment. (1935, c. 245, s. 5.)

§ 115-345. Disease and injuries incurred while not riding on bus not compensable.—Nothing in this subchapter shall be construed to mean that the State shall be liable for sickness, disease, and for personal injuries sustained while not actually riding on the bus to and from the school, and for personal injuries received otherwise than by reason of the operation of such bus. (1935, c. 245, s. 6.)

§ 115-346. Application to terms additional to eight months term.—The provisions of this subchapter shall be applicable to any school child, who may be injured and/or whose death results from injuries received while such child is riding on a school bus to and from the public schools of the state during the ninth month, or any term of public school additional to the regular eight months school term: Provided, that nothing herein contained shall be construed as imposing any obligation upon the state school commission to provide funds for this purpose. The tax levying authorities of any school district which provides a supplement for the maintenance of a ninth month or additional school term are hereby authorized and directed to set up in their respective budgets a sum of money which is deemed sufficient to pay the claims authorized by this subchapter, and to pay out of such sum the expenses authorized to be paid in accordance with the provisions of this subchapter. No person, firm, or corporation making voluntary contributions for an extended term shall be liable on account of any accident or injury. (1939, c. 267.)

SUBCHAPTER XXII. SCHOOL LAW OF 1939.

§ 115-347. Purpose of the law.—The purpose of this subchapter is to provide for the administration and operation of a uniform system of public schools of the state for the term of eight months without the levy of an ad valorem tax therefor, and it is the purpose of this general assembly to change the policy heretofore followed by previous general assemblies of re-enacting biennially the School Machinery Act, and this subchapter shall remain in force until repealed or amended by subsequent acts of the general assembly. (1939, c. 358, s. 1(a).)

Local Modification.—Hyde, Ocracoke Island: 1937, c. 303.

§ 115-348. Appropriation. — The appropriation made under Title nine "(IX-1)-Support of Eight Months' Term Public Schools," of "an act to make appropriations for the maintenance of the state's departments, bureaus, institutions, and agencies, and for other purposes," and such funds as may be made available by acts of the Congress of the United States for public schools, and such other funds as may be made available from all other sources for the support of the eight months' term public schools, for the year ending June thirtieth, one thousand nine hundred forty, and annually thereafter, shall be apportioned for the operation of an eight months' school term as hereinafter provided. (1939, c. 358, s. 1(b).)

§ 115-349. State school commission; membership; appointment, term of office and compensation; powers and duties; executive secretary; costs and expenses.—The state school commission shall be constituted as follows: The lieutenant-governor as ex officio chairman, the state superintendent of public instruction as vice-chairman, the state treasurer, and one member from each congressional district to be appointed by the governor. The said appointive members shall serve for a period of two years from the time of their appointment and receive such compensation as now provided by law. All the powers and duties heretofore conferred by law upon the state school commission, together with such other powers and duties as may be conferred by this subchapter, shall be vested in the state school commission. The said school commission may appoint an executive secretary, who shall select other employees necessary for the proper administration of this subchapter to be approved by the state school commission, subject to the provisions of § 143-35 et seq. The cost and expenses of said commission shall be paid out of the appropriation made for the public schools as provided in § 115-348. (1939, c. 358, s. 2.)

§ 115-350. Administration of funds for eight months' term; executive committee.—In addition to the duties and powers vested in the state school commission as set out in § 115-349, together with such powers as may be conferred by law, it shall be the duty of the said commission, in accordance with the provisions of this subchapter, to administer funds for the operation of the schools of the state for one hundred sixty days on standards to be determined by said commission and within the total funds set out in § 115-348. The state school commission may designate from its membership an executive committee, composed of the lieutenant-governor, the state superintendent of public instruction, the state treasurer, and two other members, with whom the executive secretary may confer with reference to the administration of this subchapter when the commission is not in session. The purpose of this provision is to provide an agency for consultation and advice as to questions arising between meetings of the commission, and for the purpose of effectuating a closer unity between the different agencies dealing

with the schools. The secretary shall keep a record of the proceedings of any meetings of the executive committee in the same manner as proceedings of the full commission are kept and recorded. (1939, c. 358, s. 3.)

§ 115-351. Length of school term; school month defined; payment of salaries.—The six months' school term required by article nine of the Constitution is hereby extended to embrace a total of one hundred sixty days of school in order that there shall be operated in every county and district in the state, which shall request the same, a uniform term of eight months: Provided, that the state school commission, or the governing body of any administrative unit, may suspend the operation of any school or schools in such unit, not to exceed a period of forty days of said consolidated term, when in the sound judgment of said commission, or the governing body of any administrative unit, the low average in any school does not justify its continuance, or necessity may require it: Provided, that all schools served by the same school bus or busses shall have the same opening date.

A school month shall consist of four weeks and not less than twenty teaching days, no day of which shall be a Saturday, unless in case of emergency, and subject to the approval of the local committee and the superintendent of the administrative unit; and salary warrants for the payment of all state teachers, principals, and others employed for the school term shall be issued each school month to such persons as are entitled to same. The salaries of superintendents and others employed on an annual basis shall be paid per calendar month: Provided, that teachers may be paid in twelve equal monthly installments in such administrative units as shall request the same of the state school commission on or before October first of each school year. Before such request shall be filed, it shall be approved by the governing board, the superintendent, and a majority of the teachers in said administrative unit. The payment of the annual salary in twelve installments instead of eight shall not increase or decrease said annual salary nor in any other way alter the contract made between the teacher and the said administrative unit; nor shall such payment apply to any teacher who is employed for a period less than eight months. (1939, c. 358, s. 4.)

Local Modification.—Watauga: 1941, c. 27.

§ 115-352. School organization.—All school districts, special tax, special charter, or otherwise, as constituted on May 15, 1933, are hereby declared non-existent as of that date; and it shall be unlawful for any taxes to be levied in said district for school operating purposes except as provided in this article. The State School Commission, in making provision for the operation of the schools, shall classify each county as an administrative unit, and shall, with the advice of the county boards of education, make a careful study of the district organization as the same was constituted under the authority of § 4 of chapter 562 of the Public Laws of 1933, and as modified by subsequent school machinery acts. The Commission may modify such district organization when it is deemed necessary for the economical administration and operation of the state school system, and it shall determine whether there shall be operated in such district an elementary or a union school. Provisions shall not be made for a high school with an average daily attendance of less than sixty pupils, nor an elementary school with an average daily attendance of less than twenty-five pupils, unless a careful survey by the state superintendent of public instruction and the state school commission reveals that geographic or other conditions make it impracticable to provide for them otherwise. Funds shall not be made available for such schools until the said survey has been completed and such schools have been set up by the said school commission.

It shall be within the discretion of the state school commission, wherever it shall appear to be more economical for the efficient operation of the schools, to transfer children living in one administrative unit or district to another administrative unit or district for the full term of such school without the payment of tuition: Provided, that sufficient space is available in the buildings of such unit or district to which the said children are transferred: Provided further, the provision as to the nonpayment of tuition shall not apply to children who have not been transferred as set out in this section.

City administrative units as now constituted shall be dealt with by the state school authorities in all matters of school administration in the same way and manner as are county administrative units: Provided, that in all city administrative units as now constituted the trustees of the said special charter districts, included in said city administrative unit, and their duly elected successors, shall be retained as the governing body of such district; and the title to all property of the said special charter district shall remain with such trustees, or their duly chosen successors; and the title to all school property hereafter acquired or constructed within the said city administrative unit, shall be taken and held in the name of the trustees of said city administrative unit; and the county board of commissioners of any county shall provide funds for the erection or repair of necessary school buildings on property, the title to which is held by the board of trustees as aforesaid, and the provisions of § 115-88, to the extent in conflict herewith, is hereby repealed: Provided, that nothing in this subchapter shall prevent city administrative units, as now established, from consolidating with the county administrative unit in which such city administrative unit is located, upon petition of the trustees of the said city administrative unit and the approval of the county board of education and the county board of commissioners in said county: Provided, further, that nothing in this subchapter shall affect the right of any special charter district, or special tax district which now exists for the purpose of retiring debt service, to have the indebtedness of such district taken over by the county as provided by existing law, and nothing herein shall be construed to restrict the county board of education and/or the board of county commissioners in causing such indebtedness to be assumed by the county as provided by existing law.

The board of trustees for any special charter district in any city administrative unit shall be

appointed as now provided by law. If no provision is now made by law for the filling of vacancies in the membership of such board of trustees, such vacancy may be filled by the governing body of the city or town embraced by said administrative unit.

In all cases where title to property has been vested in the trustees of a special charter district which has been abolished and has not been reorganized, title to such property shall be vested in the county board of education of the county embracing such special charter district. (1939, c. 358, s. 5.)

§ 115-353. Administrative officers. — The administrative officer in each of the units now designated shall be a county superintendent of schools for a county administrative unit and a city superintendent of schools for a city administrative unit.

The salaries of county superintendents and city superintendents shall be in accordance with a state standard salary schedule to be fixed and determined by the state board of education and state school commission as provided for in § 115-359; and such salary schedule for superintendents shall be determined on the same basis for both county and city superintendents and shall take into consideration the amount of work inherent to the office of both county and city superintendents; and such schedule shall be published in the same way and manner as the schedules for teachers' and principals' salaries are now published: Provided, that it shall be lawful for the county superintendent of schools in any county, with the approval of the state superintendent of public instruction, to serve as principal of a high school of said county; and the sum of not exceeding three hundred dollars ($300.00), to be paid from state instructional service funds, may be added to his salary and shall be included in the budget approval by the state school commission: Provided, further, that a county superintendent may also be elected and serve as a city superintendent in any city administrative unit in the county which he serves as county superintendent: Provided, further, that a county superintendent may serve as welfare officer and have such additional compensation as may be allowed by the county commissioners of such county, to be paid from county funds, subject to the approval of the state school commission.

At a meeting to be held the first Monday in April, one thousand nine hundred thirty-nine, or as soon thereafter as practicable, and biennially thereafter during the month of April, the various county boards of education shall meet and elect a county superintendent of schools, subject to the approval of the state superintendent of public instruction and the state school commission, who shall take office July first and shall serve for a period of two years, or until his successor is elected and qualified. The county board of education shall give public notice of the date of the election in a paper published or circulating in the county and shall post a notice of the same at the courthouse door at least fifteen days before the date of the election. A certification to the county board of education by the state superintendent of public instruction showing that the person proposed for the office of county superintendent of schools is a graduate of a four year standard college, or at the present time holds a superintendent's certificate, and has had three years' experience in school work in the past ten years, together with a doctor's certificate showing the person to be free from any contagious disease, shall make any citizen of the state eligible for this office. Immediately after the election, the chairman of the county board of education shall report the name and address of the person elected to the state superintendent of public instruction.

In all city administrative units, the superintendent of schools shall be elected by the board of trustees, or other school governing agency of such unit, to serve for a period of two years; and the qualifications, approval, and date of election shall be the same as for county superintendents. The city superintendent is hereby ex officio secretary to the governing body of said city administrative unit.

At its first regular meeting in April or as soon thereafter as practicable, the board of trustees, or other governing board of a city administrative unit, shall elect principals, teachers, and other necessary employees of the schools within said unit on the recommendation of the city superintendent. (1923, c. 136, s. 43; 1939, c. 358, s. 6; C. S. 5452.)

§ 115-354. School committees. — At the first regular meeting during the month of April, one thousand nine hundred thirty-nine, or as soon thereafter as practicable, and biennially thereafter, the county boards of education shall elect and appoint school committees for each of the several districts in their counties, consisting of not less than three nor more than five persons for each school district, whose term of office shall be for two years: Provided, that in the event of death or resignation of any member of said school committee, the county board of education shall be empowered to select and appoint his or her successor to serve the remainder of the term: Provided, that in units desiring the same, by action of the county board of education and subject to the approval of the state school commission, one-third of the members may be selected for a term of one year, one-third of the members for a term of two years, and one-third of the members for a term of three years, and thereafter all members for a term of three years from the expiration of said terms.

The district committees shall elect the principals for the schools of the districts, subject to the approval of the county superintendent of schools and the county board of education. The principals of the districts shall nominate and the district committees shall elect the teachers for all the schools of the districts, subject to the approval of the county superintendent of schools and the county board of education. The distribution of the teachers between the several schools of the district shall be subject to the approval of the county board of education. In the event the local school authorities herein provided for are unable to agree upon the nomination and election of teachers, the county board of education shall select the teacher or teachers, which selection shall be final for the ensuing school term. All principals and teachers shall enter into a written

contract upon forms to be furnished by the state superintendent of public instruction before becoming eligible to receive any payment from state funds. It shall be the duty of the county board of education in a county administrative unit, and of the governing body of a city administrative unit, to cause written contracts on forms to be furnished by the state to be executed by all teachers and principals elected under the provisions of this subchapter before any salary vouchers shall be paid: Provided that such contract shall continue from year to year until said teacher or principal is notified as provided in § 115-359: Provided, further, that such teacher or principal shall give notice to the superintendent of schools of the administrative unit in which said teacher or principal is employed, within ten days after the close of school, of his or her acceptance of employment for the following year: Provided, further, that the county board of education may appoint an advisory committee of three members for each school building in the said school district, who shall care for the school property and perform such other duties as may be defined by the county board of education. (1939, c. 358, s. 7; 1941, c. 267, s. 2.)

Local Modification.—Onslow: 1941, c. 149.

§ 115-355. Organization statement and allotment of teachers.—On or before the twentieth day of May in each year, the several administrative officers shall present to the state school commission a certified statement showing the organization of the schools in their respective units, together with such other information as said commission may require. The organization statement as filed for each administrative unit shall indicate the length of term the state is requested to operate the various schools for the following school year, and the state shall base its allotment of funds upon such request. On the basis of such organization statement, together with all other available information, and under such rules and regulations as the state school commission may promulgate, the state school commission shall determine for each administrative unit, by districts and races, the number of elementary and high school teachers to be included in the state budget, provided that loss in attendance due to epidemics or apparent increase in attendance due to the establishment of army camps or other national defense activities shall be taken into consideration in the initial allotment of teachers: Provided, further, that the superintendent of an administrative unit shall not be included in the number of teachers and principals allotted on the basis of average daily attendance.

It shall be the duty of the governing body in each administrative unit, after the opening of the schools in said unit, to make a careful check of the school organization and to request the state school commission to make changes in the allocation of teachers to meet requirements of the said unit. (1939, c. 358, s. 8; 1941, c. 267, s. 3.)

§ 115-356. Objects of expenditure. — The appropriation of state funds, as provided under the provisions of this subchapter, shall be used for meeting the costs of the operation of the public schools as determined by the state school commission, for the following items:

In allotting funds for the items of expenditures hereinbefore enumerated, provision shall be made for a school term of only one hundred sixty days.

The state school commission shall effect all economies possible in providing state funds for the objects of general control, operation of plant, and auxiliary agencies, and after such action shall have authority to increase or decrease on a uniform percentage basis the salary schedule of teachers, principals, and superintendents in order that the appropriation of state funds for the public schools may insure their operation for the length of term provided in this subchapter: Provided, however, that the state school commission and county boards of education for county administrative units and boards of trustees for city administrative units, shall have power and authority to promulgate rules by which school buildings may be used for other purposes.

(1939, c. 358, s. 9.)

§ 115-357. (1939, c. 358, s. 10.)

§ 115-358. Salary costs.—Upon receipt of notice from the state school commission of the total number of teachers, by races and for county and city administrative units separately, the state superintendent of public instruction shall then determine, in accordance with the schedule of salaries established, the total salary cost in each and every administrative unit for teachers, principals, and superintendents to be included in the state budget for the next succeeding fiscal year for the consolidated school term as herein defined. This amount as determined from a check of the costs for the preceding year with adjustments resulting from changes in the allotment of teachers, shall be certified to the state school commission; together with the number of elementary and high school teachers and principals employed in accordance with the provisions of this subchapter, separately by races, and for city and county administrative units. (1939, c. 358, s. 11.)

§ 115-359. State standard salary schedule. — The state board of education and the state school commission shall fix and determine a state standard salary schedule for teachers, principals, and superintendents, which shall be the maximum standard state salaries to be paid from state funds to the teachers, principals, and superintendents; and all contracts with teachers and principals shall be made locally by the county board of education and/or the governing authorities of city administrative units, giving due consideration to the peculiar conditions surrounding each employment, the competency and experience of the teacher or principal, the amount and character of work to be done, and any and all other things which might enter into the contract of employment: Provided, however, that the compensation contracted to be paid out of state funds to any teacher, principal, or superintendent shall be within the maximum salary limit to be fixed by the state board of education and the state school commission, as above provided, and within the allotment of funds as made to the administrative unit for the item of instructional salaries: Provided, further, that no teacher or principal shall be required to attend summer school during the years one thousand nine hundred forty-one and one thousand nine hundred forty-two, and the certificate of such teacher or principal as may have been required to attend such school shall not lapse but shall remain in full force and effect, and all credits earned by summer school and/or completing extension course or courses shall not be impaired, but shall continue in full force and effect.

Any teacher or principal desiring election as teacher or principal in a particular administrative unit who was not employed by said unit during a current year shall file his or her application in writing, with the county or city superintendent of schools.

It shall be the duty of such county superintendent or administrative head of a city administrative unit to notify all teachers and/or principals now or hereafter employed, by registered letter, of his or her rejection prior to the close of the school term subject to the allotment of teachers made by the state school commission: Provided, further, that principals and teachers desiring to resign must give not less than thirty days' notice prior to opening of school in which the teacher or principal is employed to the official head of the administrative unit in writing. Any principal or teacher violating this provision may be denied the right to further service in the public schools of the state for a period of one year unless the county board of education or the board of trustees of the administrative unit where this provision was violated waives this penalty by appropriate resolution.

In the employment of teachers, no rule shall be made or enforced which discriminates with respect to the sex, marriage, or nonmarriage of the applicant. (1939, c. 358, s. 12; 1941, c. 267, ss. 4, 5.)

§ 115-360. Principals allowed.—In all schools with fewer than fifty teachers allowed under the provisions of this subchapter, the principals shall be included in the number of teachers allowed. In schools with fifty or more teachers, one whole time principal shall be allowed; that for each forty teachers in addition to the first fifty, one additional whole time principal, when and if actually employed, shall be allowed: Provided, that in the allocation of state funds for principals, the salary of white principals shall be determined by the number of white teachers employed in the white schools, and the salary of colored principals shall be determined by the number of colored teachers employed in the colored schools: Provided, further, that where the schools of a district are under the control of the same district committee, the district principal shall have general supervision of all the schools in the district: Provided, further, that where a white school and a colored school are both under the control of the same district committee, and where the principal of the white school is called upon by the district committee to perform certain duties in connection with the operation of the colored school such as aiding in the employment of teachers and in the general

supervision of the colored school, the state school commission and the state board of education may in their discretion take such service into consideration in the fixing of the principal's salary and may make a reasonable allowance for same. (1939, c. 358, s. 13; 1941, c. 267, s. 6.)

§ 115-361. Local supplements. — The county board of education in any county administrative unit and the school governing board in any city administrative unit, with the approval of the tax levying authorities in said county or city administrative unit and the state school commission, in order to operate schools of a higher standard than that provided by state support in said administrative unit having a school population of one thousand (1,000) or more, but in no event to provide for a term of more than one hundred eighty (180) days, may supplement the funds from state or county allotments available to said administrative unit: Provided, that before making any levy for supplementing said allotments, an election shall be held in said administrative unit or district to determine whether there shall be levied a tax to provide said supplemental funds, and to determine the maximum rate which may be levied therefor. Upon the request of the county board of education in a county administrative unit and/or the school governing authorities in a city administrative unit, the tax levying authorities of such unit shall provide for an election to be held under laws governing such elections as set forth in articles 22, 23 and 24 of this chapter: Provided, that the rate voted shall remain the maximum until revoked or changed by another election: Provided, further, that nothing herein contained shall be construed to abolish any city administrative unit heretofore established under § 142-20 et seq.

Upon a written petition of a majority of the governing board of any district which has voted a supplementary tax, the county board of education, after approving the petition, shall present the same to the board of county commissioners and ask for an election on the question of the enlargement of the boundary lines of any such district so as to include any contiguous territory, and an election in such new territory may be ordered and held under rules governing elections for local taxes as provided in this section: Provided, the local tax rate specified in the petition and submitted to the qualified voters shall be a local tax of the same rate as that voted in the said district to which the territory is to be added. If a majority of the qualified voters in such new territory shall vote in favor of such tax, the new territory shall be and become a part of said district, and the term "local tax of the same rate" herein used shall include, in addition to the usual local tax, any tax levied to meet the interest and sinking fund of any bonds heretofore issued by the district proposed to be enlarged. In case a majority of the qualified voters at the election shall vote in favor of the tax, the district shall be deemed enlarged as so proposed. (1939, c. 358, s. 14.)

§ 115-362. County boards may supplement funds of any district for special purposes.—The county board of education in any county administrative unit, with the approval of the tax levying authorities in said unit and the state school commission, in order to provide a twelfth grade, a ninth month, or additional vocational teachers, or for all of said purposes, including the cost necessary for transportation of students for the said twelfth grade or ninth month, in any district in said county administrative unit, having a school population of one thousand (1,000) or more, but in no event to provide for a term of more than one hundred eighty days, may supplement the funds now available to said district: Provided, that before making any levy for supplementing said allotments, an election shall be held in said district to determine whether there shall be levied a tax to provide said supplemental funds and to determine the maximum rate which may be levied therefor. Before said election can be held in such district, a petition of the district committee setting out the purposes for which said election is to be had and the maximum rate of tax which may be levied shall be approved by the county board of education, the tax levying authorities of said county, and the state school commission. When such approval is had, then upon the request of the county board of education, the tax levying authorities of such unit shall provide for an election under the laws governing such elections as are set forth for county and city administrative unit supplementary elections in § 115-361. (1939, c. 358, s. 14½.)

§ 115-363. Local budgets. — (a) The request for funds to supplement state school funds, as permitted under the above conditions, shall be filed with the tax levying authorities in each county and city administrative unit on or before the fifteenth day of June on forms provided by the state school commission. The tax levying authorities in such units may approve or disapprove this supplemental budget in whole or in part, and upon approval being given, the same shall be submitted to the state school commission, which shall have authority to approve or disapprove any object or item contained therein. In the event of approval by the state school commission, the same shall be shown in detail upon the minutes of said tax levying body, and a special levy shall be made therefor, and the tax receipt shall show upon the face thereof the purpose of said levy.

(b) In the same manner and at the same time, each county and/or city administrative unit may file a capital outlay budget, subject only to the approval of the tax levying authorities and the state school commission.

(c) In the same manner and at the same time, each county and/or city administrative unit shall file a debt service budget, which shall include debt service budgets of special bond tax districts, as set forth in § 115-364, and which shall be subject to the approval of the tax levying authorities in each such unit and the state school commission: Provided, that nothing in this subchapter shall prevent counties, local taxing districts and/or special charter districts from levying taxes to provide for debt service requirements.

The tax levying authorities in each of the above named units filing budgets from local funds shall report their action on said budgets on or before the tenth day of July, and the same shall be reported to the state school commission on or before the twentieth day of July. The action of the state school commission on all requests for local funds budgets shall be reported to boards of edu-

cation and/or school governing authorities of city administrative units and the tax levying authorities in such units on or before the twentieth day of August.

All county-wide current expense school funds shall be apportioned to county and city administrative units monthly, and it shall be the duty of the county treasurer to remit such funds monthly as collected to each administrative unit located in said county on a per capita enrollment basis. County-wide expense funds shall include all funds for currrent expenses levied by the board of county commissioners in any county to cover items for current expense purposes, and including also all fines, forfeitures, penalties, poll and dog taxes and funds for vocational subjects.

All county-wide capital outlay school funds shall be apportioned to county and city administrative units on the basis of budgets submitted by said units to the county commissioners and for the amounts and purposes approved by said commissioners. Capital outlay funds so provided for expenditure by the county administrative unit shall be paid out upon warrants drawn by the county board of education, and those provided for expenditure by a city administrative unit shall be paid out upon warrants drawn by the governing board of the city administrative unit: Provided, that funds derived from payments on insurance losses shall be used in the replacement of buildings destroyed, or in the event the buildings are not replaced, said funds shall be used to reduce the indebtedness of the special bond taxing unit to which said payment has been made, or for other capital outlay purposes within said unit. All county-wide debt service funds shall be apportioned to county and city administrative units and distributed at the time of collection and when available shall be expended in the same manner as are county-wide current expense school funds: Provided, that the payments to any administrative unit shall not exceed the actual needs of said units, including sinking fund requirements. The per capita enrollment basis shall be determined by the state school commission and certified to each administrative unit: Provided, further, that the debt service apportionment between county and city administrative units shall apply only to debt service for capital outlay obligations incurred by counties and cities prior to July 1, 1937, except in those counties where special legislation has been enacted providing for the issuance of school building bonds in behalf of school districts, and special bond tax units. The provisions of this Act shall not apply to refunding bonds issued for school capital outlay obligations. (1939, c. 358, s. 15; 1941, c. 200, c. 267, s. 7.)

§ 115-364. School indebtedness.—If a boundary, territorial district, or unit in which a special bond tax has heretofore been voted or in anyway assumed prior to July first, one thousand nine hundred thirty-three, has been or may be divided or consolidated, and the whole or a portion of which has been or may be otherwise integrated with a new district so established under any reorganization and/or redistricting, such territorial unit, boundary, or district, special taxing or special charter, which has been abolished for school operating purposes, shall remain as a district for the purpose of the levy and collection of the special taxes theretofore voted in any unit, boundary, or district, special taxing or special charter, for the payment of bonds issued and/or other obligations so assumed, the said territorial boundary, district, or unit shall be maintained until all necessary taxes have been levied and collected therein for the payment of such bonds and/or other indebtedness so assumed. Such boundary, unit, or district shall be known and designated as the "..... Special Bond Tax Unit" of ..... County.

All uncollected taxes which have been levied in the respective school districts for the purposes of meeting the operating costs of the schools shall remain as a lien against the property as originally assessed and shall be collectible as are other taxes so levied and, upon collection, shall be made a part of the debt service fund of the special bond tax unit, along with such other funds as may accrue to the credit of said unit; and in the event there is no debt service requirement upon such district, all amounts so collected for whatever purpose shall be covered into the county treasury to be used as a part of the county debt service for schools: Provided, that unpaid teacher's vouchers for the year in which the tax was levied shall be a prior lien: Provided, further, that nothing in this subchapter shall be construed as abolishing special taxes voted in any city administrative unit since July first, one thousand nine hundred thirty-three. (1939, c. 358, s. 16.)

§ 115-365. The operating budget.—It shall be the duty of the county board of education in each county and the school governing authorities in each city administrative unit, upon receipt of the tentative allotment of state funds for operating the schools and the approval of all local funds budgets, including supplements to state funds for operating schools of a higher standard, funds for extending the term, funds for debt service, and funds for capital outlay, to prepare an operating budget on forms provided by the state and file the same with the state superintendent of public instruction and the state school commission on or before the first day of October. Each operating budget shall be checked by the state school authorities to ascertain if it is in accordance with the allotment of state funds and the approval of local funds; and when found to be in accordance with same, shall be the total school budget for said county or city administrative unit. (1939, c. 358, s. 17.)

§ 115-366. Bonds. — The state school commission, subject to the approval of the local government commission, shall determine and provide all bonds necessary for the protection of the state school funds.

The tax levying authorities in each county and city administrative unit, subject to the approval of the local government commission, shall provide such bonds as the state school commission may require for the protection of county and district school funds. (1939, c. 358, s. 18.)

§ 115-367. Provision for the disbursement of state funds.—The payment of the state fund to the county and city administrative units may be made in monthly installments, at such time and in such amounts as may be practical to meet the needs and necessities of the eight months' school term

in the various county and city administrative units: Provided, that prior to the payment of any monthly installment, it shall be the duty of the county board of education or the board of trustees to file with the state superintendent of public instruction and the state school commission a certified statement of all salaries, together with all other obligations that may be due and payable, said statement to be filed on or before the fifteenth day of each month next preceding the maturity of the obligations.

When it shall appear to the state school commission from said certified statement that any amounts are due and necessary to be paid, such amounts shall be certified to the state superintendent, who shall draw a requisition on the state auditor covering the same; and upon receipt of notice from the state treasurer showing the amount placed to their credit, the duly constituted authorities may issue state warrants in the amount so certified: Provided, that no funds shall be released for payment of salaries of administrative officers of county or city units if any reports required to be filed with the state school authorities are more than thirty days overdue. (1939, c. 358, s. 19.)

§ 115-368. How school funds shall be paid out.—The school funds shall be paid out as follows:

1. State School Funds.—School funds shall be released only on warrants drawn on the state treasurer signed by the chairman and the secretary of the county board of education for county administrative units, and by the chairman and the secretary of the board of trustees for city administrative units, and countersigned by such officer as the county government laws may require.

2. County and District Funds.—All county and district funds, from whatever source provided, shall be paid out only on warrants signed by the chairman and secretary of the board of education for counties and the chairman and the secretary of the board of trustees for city administrative units and countersigned by such officer as the county government laws may require: Provided, the countersigning officer shall countersign warrants drawn as herein specified when such warrants are within the funds set up to the credit of and are within the budget amounts appropriated for the particular administrative unit. Upon the basis of budget approval and upon receiving the certificate of per capita enrollment as set out in § 115-363, the county auditor or accountant shall ascertain and determine the proportion of all taxes levied by the county which shall be apportionable to the county administrative unit and any city administrative unit therein. As taxes are collected within said county, the proportion thereof allocable to the county administrative unit and any city administrative unit in said county shall be set up to the credit of such administrative unit by the county accountant or auditor. All funds due to the county administrative unit set up and ascertained as aforesaid shall be paid out as hereinbefore provided, and all funds due any city administrative unit therein shall be paid out as hereinbefore provided.

(1939, c. 358, s. 20; 1941, c. 267, s. 8.)

§ 115-369. Audit.—The state school commission, in co-operation with the state auditor, shall cause to be made an audit of all school funds, state, county, and district; and the cost of said audit shall be borne by each fund audited in proportion to the total funds audited, as determined by the state school commission. The tax levying authorities for county and city administrative units shall make provision for meeting their proportionate part of the cost of making said audit, as provided in this subchapter.

Copies of said audits shall be filed with the state school commission, the state auditor, and the state superintendent of public instruction not later than October first after the close of the fiscal year. (1939, c. 358, s. 21.)

§ 115-370. Workmen's compensation and sick leave.—The provisions of the Workmen's Compensation Act shall be applicable to all school employees, and the state school commission shall make such arrangements as are necessary to carry out the provisions of the Workmen's Compensation Act as are applicable to such employees as are paid from state school funds. Liability of the state for compensation shall be confined to school employees paid by the state from state school funds for injuries or death caused by accident arising out of and in the course of their employment in connection with the state operated eight months school term. The state shall be liable for said compensation on the basis of the average weekly wage of such employees as defined in the Workmen's Compensation Act, whether all of said compensation for the eight months school term is paid from state funds or in part supplemented by local funds. The county and city administrative units shall be liable for workmen's compensation for school employees whose salaries or wages are paid by such local units from local funds, and such local units shall likewise be liable for workmen's compensation of school employees employed in connection with teaching vocational agriculture, home economics, trades and industrial vocational subjects, supported in part by state and federal funds, which liability shall cover the entire period of service of such employees. Such local units are authorized and empowered to provide insurance to cover such compensation liability and to include the cost of such insurance in their annual budgets.

The state school commission is hereby authorized and empowered, in its discretion, to make provision for sick leave with pay for any teacher or principal not exceeding five days and to promulgate rules and regulations providing for necessary substitutes on account of said sick leave. The pay for a substitute shall not exceed three dollars per day.

The provisions of this section shall not apply to any person, firm or corporation making voluntary contributions to schools for any purpose, and

The tax levying authorities in the various counties of the state are authorized and empowered to provide in the capital outlay budget adequate buildings and equipment for the storage and maintenance of all school busses. Provision shall be made for adequate inspection each thirty days of each vehicle used in the transportation of school children, and a record of such inspection shall be filed in the office of the superintendent of the administrative unit. It shall be the duty of the administrative officer of each administrative unit to require an adequate inspection of each bus at least once each thirty days, the report or reports of which inspection shall be filed with the administrative officers. Every principal, upon being advised of any defect by the bus driver, shall cause a report of such defect to be made to this administrative officer immediately, whose duty it shall be to cause such defect to be remedied before such bus can be further operated. The use of school busses shall be limited to the transportation of children to and from school for the regularly organized school day: Provided, in cases of sudden illness or injury requiring immediate medical attention of any child or children while attending the public schools, the principal of the school may send the child or children by school bus, if no other vehicle is available, to the nearest doctor or hospital for medical treatment; provided the expense of such transportation shall be paid from county funds.

The state school commission is authorized and empowered, under rules and regulations to be adopted by said school commission, to permit the use and operation of school busses during the extended term in any administrative unit; but such administrative unit shall be responsible for the costs of operating such school busses during such extended term and shall be liable for workmen's compensation in connection therewith: Provided, the school commission, in its discretion, may effect workmen's compensation coverage for all employees paid from local funds; also may extend the provisions of §§ 115-340 to 115-346 to children being transported to and from school for the ninth month, or twelfth grade, or both.

The State School Commission is authorized and empowered, under rules and regulations to be adopted by said School Commission, to permit the use and operation of school busses for the transportation of school children on necessary field trips while pursuing the courses of vocational agriculture, home economics, trade and industrial vocational subjects, to and from demonstration projects carried on in connection therewith; provided that under no circumstances shall the total round trip mileage for any one trip exceed twenty-five miles nor on any such trip shall a State owned school bus be taken out of the State of North Carolina. The costs of operating such school buses for said purpose, including the liability for workmen's compensation therewith and the employment of drivers of such buses, shall be paid for out of State funds, and the drivers of such busses shall be selected and employed as is provided for the operation of busses for the regularly organized school day under § 115-378: Provided, further, that the State School Commission shall approve and designate any busses used for the purposes herein set forth. (1939, c. 358, s. 24; 1941, cc. 214, 267, s. 9, c. 315.)

§ 115-375. The state shall not be required to provide transportation for children living within one and one-half miles of the school in which provision for their instruction has been made. All bus routes thus established shall be filed with the county board of education prior to the opening of school; and in the event any of said routes are disapproved by the county board of education, notice of same shall be filed with the state school commission, and a hearing on such appeal shall be had by said commission within thirty days. (1939, c. 358, s. 25; 1941, c. 267, s. 10½.)

§ 115-377. Purchase of new equipment. — It shall be the duty of the tax levying authorities in the various counties, and they are hereby authorized, empowered, and directed to make provision in the capital outlay budget for the purchase under state contract of new busses needed to relieve overcrowding and to provide for the transportation of children not transported during the school year one thousand nine hundred thirty-nine. It shall be the duty of the state school commission to determine the rated capacity of each public school bus transporting children to or from school, and it shall be the duty of the local school authorities to see that no bus is loaded more than twenty-five per cent (25%) above its rated capacity. The county boards of education shall determine when the busses are overcrowded as specified in this section, and the state shall provide for the operation of all new busses purchased by the counties. It shall be the duty of the state of North Carolina to purchase all school busses used as replacements for old publicly owned busses which were operated by the state during the school year one thousand nine hundred forty, forty-one. It shall be the duty of the state school commission to promulgate rules and regulations that will insure for the children the greatest possible safety, including a standard signaling device for giving the public due notice that the bus is making a stop. Before purchasing new school busses, the state school commission shall cause to be made a thorough study of the most modern materials and construction for insuring the safest equipment possible within the funds available. The state school commission, in its discretion, may effect fire insurance coverage on the school busses, or act as a self-insurer. (1939, c. 358, s. 26; 1941, c. 267, ss. 8½, 10.)

§ 115-378. Bus drivers.—The authority for selecting and employing the drivers of school busses shall be vested in the principal or superintendent of the school at the termination of the route, subject to the approval of the school committeemen or trustees of said school and the county or city superintendent of schools: Provided, that each driver shall be selected with a view to having him located as near the beginning of the truck route as possible; and it shall be lawful to employ student drivers wherever such is deemed advisable. The salary paid each employee in the operation of the school transportation system shall be in accordance with a salary schedule adopted by the state school commission for that particular type of employee. (1939, c. 358, s. 27.)

§ 115-379. Contract transportation. — In counties where school transportation is provided by contract with private operators, the state shall provide funds for operating costs on the standards adopted for publicly owned busses, and it shall be the duty of the tax levying authorities in the various counties to provide in the capital outlay budget the additional funds necessary to pay contracts. (1939, c. 358, s. 28.)

§ 115-380. Co-operation with highway and public works commission in maintenance of equipment.—The state school commission is hereby authorized to negotiate with the highway and public works commission in co-ordinating all facilities for the repair, maintenance, and upkeep of equipment to be used by the state school commission in the school transportation system. In all cases where this is done, the state highway and public works commission shall be reimbursed in the amount of the actual cost involved for labor and parts to be determined by an itemized statement filed with the state school commission. (1939, c. 358, s. 29.)

§ 115-381. Lunch rooms may be provided.— In such cases as may be deemed advisable by the trustees or school committee in any school, and where the same may be deemed necessary because of the distance of the said school from places where meals may be easily obtained, it shall be permissible for the said trustees and the said school committees, as a part of the functions of the said public schools, to provide cafeterias and places where meals may be sold, and operate or cause the same to be operated for the convenience of teachers, school officers, and pupils of the said schools. There shall be no personal liability upon the said trustees and school committees, or members thereof, arising out of the operation of the said eating places, and it is understood and declared that the same are carried on and conducted in connection with the public schools, and because of the necessities arising out of the consolidation of the said schools and the inconvenience and interruption of the school day caused by seeking meals elsewhere: Provided, that no part of the appropriation made by the state for the public schools shall be expended for the operation of said cafeterias or eating places, nor shall the provisions of § 115-370 apply to the employees of the cafeterias or eating places, except such persons as are regularly employed otherwise in the schools. (1939, c. 358, s. 30.)

§ 115-382. Miscellaneous funds. — It shall be the duty of the county superintendent of public instruction to examine the records of the county to see that the proceeds from the poll taxes and the dog taxes are correctly accounted for to the school fund each year, and to examine the records

of the several courts of the county, including courts of justices of the peace, at least once every three months to see that all fines, forfeitures, and penalties, and any other special funds accruing to the county school fund, are correctly and promptly accounted for to the school fund; and if the superintendent shall find that any such taxes or fines are not correctly and promptly accounted for to the school fund, it shall be his duty to make prompt report thereof to the state school commission and also to the solicitor of the superior court in the district.

It shall be unlawful for any of the proceeds of poll taxes, dog taxes, fines, forfeitures, and penalties to be used for other than school purposes, and the official responsible for any diversion of such funds to other purposes shall be guilty of a misdemeanor and, upon conviction, shall be punishable by fine or imprisonment, in the discretion of the court: Provided, however, that this section shall not be construed as making unlawful the use of such portions of said funds for other purposes as may be provided by the provisions of this subchapter. Such companies, corporations, or associations shall make said returns within sixty days from and after the thirty-first day of December of each year. (1907, c. 831, s. 1; 1919, c. 180; 1929, c. 286; C. S. 6063.)

§ 118-2. Tax on receipts for premiums.—Every fire insurance company, corporation, or association as aforesaid shall, within seventy-five days from December thirty-first of each year, deliver and pay to the state insurance commissioner the sum of fifty cents out of and from every one hundred dollars, and at that rate, upon the amount of all premiums written on fire and lightning policies covering property situated within the limits of such towns and cities during the year ending December thirty-first in each year, or for such portion of each year as said company, corporation, or association shall have done business in said towns and cities. (1907, c. 831, s. 2; C. S. 6064.)

§ 118-3. Insurance commissioner to investigate returns and collect tax.—Every such company, corporation, or association shall make accurate returns of all business done, both on fire and lightning insurance, covering property situated within the limits of such towns and cities; and in case any fraud, misrepresentation, or mistake of any returns, as provided for in this article, be apparent, it shall be the duty of the insurance commissioner to investigate such returns and collect the amount which he shall find to be due. (1907, c. 831, s. 3; C. S. 6065.)

(1907, c. 831, s. 4; C. S. 6066.)

(1907, c. 831, s. 5; 1925, c. 41; C. S. 6067.)

§ 118-6. Trustees appointed; organization. — In each town or city complying with and deriving benefits from the provisions of this article there shall be appointed annually, in January, a local board of trustees, known as the trustees of the firemen's relief fund, to be composed of five members, two of whom shall be named by the members of the local fire department, two by the mayor and board of aldermen or other local governing body, and the remaining member by the state insurance commissioner, all to hold office for two years, or until their successors are appointed, and to serve without pay for their services. They shall immediately after appointment organize by electing from their members a chairman and a secretary and treasurer, which two last positions may be held by the same person. The treasurer of said board of trustees shall give a good and sufficient bond, in a sum equal to the amount of moneys in his hands to be approved by the insurance commissioner, for the faithful and proper discharge of the duties of his office. § 118-7. Disbursement of fund by trustees. — The board of trustees shall have entire control of the funds derived from the provisions of this article, and shall disburse the funds only for the following purposes:

2. To provide a reasonable support for those actually dependent upon the services of any fireman who may lose his life in the fire service of his town, city, or state, either by accident or from disease contracted or injury received by reason of such service. The amount is to be determined according to the earning capacity of the deceased.

3. To safeguard any fireman who has honorably served for a period of five years in the fire service of his city or town from ever becoming an inmate of any almshouse or actually dependent upon charity.

4. To provide for any fireman or person dependent on any fireman from becoming a subject of charity due to other sickness or accident or condition not specified in this law; and to provide for the payment of any fireman's assessment in the firemen's fraternal insurance fund of the State of North Carolina, if the board of trustees find as a fact that said fireman is unable to pay the said assessment by reason of disability. (1907, c. 831, s. 6; 1919, c. 180; Ex. Sess. 1921, c. 55; 1923, c. 22; 1925, c. 41; C. S. 6069.)

§ 118-8. Trustees to keep account and file report; effect of failure.—The board of trustees shall keep a correct account of all moneys received and disbursed by them, and shall at the

annual meeting of the North Carolina state firemen's association render an itemized statement of the same, for publication in the annual report, a copy of which report shall be made annually to the state insurance commissioner; and in case any board of trustees in any of the towns and cities benefited by this article shall neglect or fail to perform their duties, or shall willfully misappropriate the funds entrusted to their care, or shall neglect or fail to report at the annual meeting of the state association, then the insurance commissioner shall withhold any and all further payments to such board of trustees, or their successors, until the matter has been fully investigated by an official of the state firemen's association, and adjusted to the satisfaction of the state insurance commissioner. Should such payments be unadjusted for a period of fifteen months from the time when such payment would otherwise have been made, then the insurance commissioner shall pay over the said amount to the treasurer of the North Carolina State Firemen's Association and it shall constitute a part of the firemen's relief fund. (1907, c. 831, s. 7; 1925, c. 41; C. S. 6070.)

§ 118-9. Municipal clerk to certify list of fire companies; effect of failure.—The clerk of any city, town, village, or other municipal corporation having an organized fire department shall, on or before the thirty-first day of October in each year, make and file with the insurance commissioner his certificate, stating the existence of such department, the number of steam, hand, or other engines, hook and ladder trucks, and hose carts in actual use, the number of organized companies, and the system of water supply in use for such departments, together with such other facts as the insurance commissioner may require, on a blank to be furnished by him. If the certificate required by this section is not filed with the insurance commissioner on or before October thirty-first in any year, the city, town or village so failing to file such certificate shall forfeit the payment next due to be paid to said board of trustees, and the insurance commissioner shall pay over said amount to the treasurer of the North Carolina State Firemen's Association and same shall constitute a part of the firemen's relief fund. (1907, c. 831, s. 8; 1925, cc. 41, 309, s. 1; C. S. 6071.)

§ 118-10. If the fire department of any city, town or village shall fail to send at least one delegate to the annual meeting of the State Firemen's Association and otherwise fails to comply with the constitution and by-laws of said association, said city, town or village shall forfeit its right to the next annual payment due from the funds mentioned in this article, and the Insurance Commissioner shall pay over said amount to the treasurer of the North Carolina State Firemen's Association and same shall constitute a part of the firemen's relief fund: Provided, however, that the failure of any department to have a delegate or representative present at the annual meeting of the association shall not have such effect if in the opinion of a majority of the executive committee of said association such delegate or representative had a valid excuse for his failure so to attend. (1907, c. 831, s. 9; 1919, c. 180; 1925, c. 41; 1925, c. 309, s. 2; C. S. 6072.)

§ 118-11. No discrimination on account of color.— Inasmuch as there are in a number of the towns and cities of this state fire companies composed exclusively of colored men, it is expressly provided that the local boards of trustees shall make no discrimination on account of color in the payment of benefits. (1905, c. 831, s. 10; C. S. 6073.)

No fireman shall be entitled to receive any benefits under this section until the firemen's relief fund of his city or town shall have been exhausted. (Rev., s. 4393; 1891, c. 468, s. 3; 1925, c. 41; C. S. 6058.)

§ 119-19. Failure to report or pay tax; cancellation of license. — If any person shall at any time file a false report of the data or information required by law, or shall fail or refuse or neglect to file any report required by law, or to pay the full amount of the tax as required by law, the Commissioner of Revenue may forthwith cancel the license of such person issued under § 105-433, and notify such person in writing of such cancellation by registered mail to the last known address of such person appearing in the files of the Commissioner of Revenue. In the event that the license of any person shall be cancelled by the Commissioner of Revenue as hereinbefore provided in this section, and in the event such person shall have paid to the State of North Carolina all the taxes due and payable by him under this article, together with any and all penalties accruing under any of the provisions of this article, then the Commissioner of Revenue shall cancel and surrender the bond theretofore filed by said person under § 105-433. (1933, c. 544, s. 10.)

§ 119-20. Penalty for failure to report or to pay taxes promptly. — When any person shall fail to file reports with the Commissioner of Revenue, as required by this article, or shall fail to pay to the Commissioner of Revenue the amount of inspection tax due to the State of North Carolina when the same shall be payable, a penalty of one hundred per cent (100%) shall be added to the amount of the tax due, and said penalty of one hundred per cent (100%) shall immediately accrue, and thereafter said tax and penalty shall bear interest at the rate of one per cent (1%) per month until the same is paid. (1933, c. 544, s. 11.)

§ 119-21. On failure to Report, Commissioner may determine tax. — Whenever any person shall neglect or refuse to make and file any report as required by this article, or shall file an incorrect or fraudulent report, the Commissioner of Revenue shall determine after an investigation the number of gallons of kerosene oil and motor fuel with respect to which the person has incurred liability under the tax laws of the State of North Carolina, and shall fix the amount of the taxes and penalties payable by the person under this article accordingly. In any action or proceeding for the collection of the inspection tax for kerosene oil or motor fuel and/or any penalties or interest imposed in connection therewith, an assessment by the Commissioner of Revenue of the amount of tax due, and/or interest and/or penalties due to the State, shall constitute prima facie evidence of the claim of the State; and the burden of proof shall be upon the person to show that the assessment was incorrect and contrary to law; and the Commissioner of Revenue may institute action therefor in the Superior Court of Wake County, regardless of the residence of such person or the place where the default occurred. (1933, c. 544, s. 12.)

§ 119-22. "Person" defined. — The word "person" as used in §§ 119-19 to 119-21 is hereby defined and declared to include and embrace not only the person, firm or corporation liable for the inspection tax, but also all his or its agents, servants and employees. (1933, c. 544, s. 13.)

§ 119-23. Supervision of motor vehicle bureau; payment into state treasury; "gasoline and oil inspection fund".—Gasoline and oil inspection shall be one organization in activities, accounting and reporting under the department of revenue. All moneys received under the authority of the inspection laws of this state shall be paid into the state treasury and kept as a distinct fund, to be styled "The Gasoline and Oil Inspection Fund," and the amount remaining in such fund at June thirtieth and December thirty-first of each year shall be turned over to the general fund by the state treasurer. (1937, c. 425, s. 6; 1941, c. 36.)

§ 119-24. Report of operation and expenses to general assembly.—The commissioner of revenue shall include in his report to the general assembly an account of the operation and expenses under this article. (1937, c. 425, s. 7.)

§ 119-25. Inspectors, clerks and assistants. — The commissioner of revenue shall appoint and employ such number of gasoline and oil inspectors, clerks and assistants as may be necessary to administer and effectively enforce all the provisions of the inspection laws. All inspectors shall be bonded in the sum of one thousand dollars in the usual manner provided for the bonding of state employees, and the expense of such bonding shall be paid from the gasoline and oil inspection fund created by this article. Each inspector, before entering upon his duties, shall take an oath of office before some person authorized to administer oaths. Any inspector who, while in office, shall be interested directly or indirectly in the manufacture or vending of any illuminating oils or gasoline or other motor fuels shall be guilty of a misdemeanor, and upon conviction shall be fined not less than three hundred dollars, or be imprisoned for not less than three months nor more than twelve months, or both in the discretion of the court. (1937, c. 425, s. 8.)

§ 119-26. Gasoline and oil inspection board created.—In order to more fully carry out the provisions of this article there is hereby created a gasoline and oil inspection board of five members, to be composed of the commissioner of revenue, the director of the gasoline and oil inspection division, and three members to be appointed by the governor, who shall serve at his will. The commissioner of revenue and the director of the gasoline and oil inspection division shall serve without additional compensation. Other members of the board shall each receive the sum of ten dollars for each day he attends a session of the board and for each day necessarily spent in traveling to and from his place of residence, and he shall receive five cents a mile for the distance to and from Raleigh by the usual direct route for each meeting of the board which he attends. These expenses shall be paid from the gasoline and oil inspection fund created by this article. The duly appointed and acting Gasoline and Oil Inspection Board shall have the power, in its discretion, after public notice and provision for the hearing of all interested parties, to adopt standards for kerosene and for one or more grades of gasoline based upon scientific tests and ratings and for each of the articles for which inspection is provided; to require the labeling of dispensing pumps or other dispensing devices, and to prescribe the forms therefor; and to pass all rules and regulations necessary for enforcing the provisions of the laws relating to the transportation and inspection of petroleum products; provided however that the action of said Gasoline and Oil Inspection Board shall be subject to the approval of the Governor of the State. After the adoption and publication of said standards it shall be unlawful to sell or offer for sale or exchange or use in this state any products which do not comply with the standards so adopted. The said Gasoline and Oil Inspection Board shall, from time to time after a public hearing, have the right to amend, alter, or change said standards. Three members of said board shall constitute a quorum. (1937, c. 425, s. 9; 1941, c. 220.)

§ 119-27. Display of grade rating on pumps, etc.; sales from pumps or devices not labeled; sale of gasoline not meeting standard indicated on label.—In the event that the gasoline and oil inspection board shall adopt standards for grades of gasoline, at all times there shall be firmly attached to or painted on each dispensing pump or other

dispensing device used in the retailing of gasoline a label stating that the gasoline contained therein is North Carolina ..... grade. Any person, firm, partnership, or corporation who shall offer or expose for sale gasoline from any dispensing pump or other dispensing device which has not been labeled as required by this section, and/or offer and expose for sale any gasoline which does not meet the required standard for the grade indicated on the label attached to the dispensing pump or other dispensing device, shall be guilty of a misdemeanor, and upon conviction shall be fined not more than five hundred dollars and be imprisoned for not more than six months, or either, in the discretion of the court, and the gasoline offered or exposed for sale shall be confiscated.

The gasoline and oil inspectors shall have the authority to immediately seize and seal, to prevent further sales, any dispensing pump or other dispensing device from which gasoline is offered or exposed for sale in violation of or without complying with the provisions of this article. Provided, however, that this section shall not be construed to permit the destruction of any gasoline which may be blended or re-refined or offered for sale as complying with the legal specifications of a lower grade except under order of the court in which an indictment is brought for violation of the provisions of this article. Provided, further, that gasoline that has been confiscated and sealed by the gasoline and oil inspectors for violation of the provisions of this article shall not be offered or exposed for sale until the director of the gasoline and oil inspection division has been fully satisfied that the gasoline offered or exposed for sale has been blended or re-refined or properly labelled to meet the requirements of this article and the owners of said gasoline have been notified in writing of this fact by said director and, provided, further, that the permitting of blending, re-refining or properly labelling of confiscated gasoline shall not be construed to in any manner affect any indictment which may be brought for violation of this section. (1937, c. 425, s. 11; 1939, c. 276, s. 1; 1941, c. 220.)

§ 119-28. Regulations for sale of substitutes. — All materials, fluids, or substances offered or exposed for sale, purporting to be substitutes for or motor fuel improvers, shall, before being sold, exposed or offered for sale, be submitted to the commissioner of revenue for examination and inspection, and shall only be sold or offered for sale when properly labeled with a label, the form and contents of which label has been approved by the said commissioner of revenue in writing. (1937, c. 425, s. 12.)

§ 119-29. Rules and regulations of board available to interested parties.—It shall be the duty of the commissioner of revenue to make available for all interested parties the rules and regulations adopted by the gasoline and oil inspection board for the purpose of carrying into effect the laws relating to the inspection and transportation of petroleum products. (1937, c. 425, s. 13.)

§ 119-30. Establishment of laboratory for analysis of inspected products. — The commissioner of revenue is authorized to provide for the analysis of samples of inspected articles by establishing a laboratory under the gasoline and oil inspection division of the motor vehicle bureau for the analysis of inspected products. (1937, c. 425, s. 14.)

§ 119-31. Payment for samples taken for inspection.—The gasoline and oil inspectors shall pay at the regular market price, at the time the sample is taken, for each sample obtained for inspection purposes when request for payment is made: Provided, however, that no payment shall be made any retailer or distributor unless said retailer or distributor or his agent shall sign a receipt furnished by the commissioner of revenue showing that payment has been made as requested. (1937, c. 425, s. 15.)

§ 119-32. Powers and authority of inspectors. —The gasoline and oil inspectors shall have the right of access to the premises and records of any place where petroleum products are stored for the purpose of examination, inspection, and/or drawing of samples, and said inspectors are hereby vested with the authority and powers of peace and police officers in the enforcement of motor fuel tax and inspection laws throughout the state, including the authority to arrest, with or without warrants, and take offenders before the several courts of the state for prosecution or other proceedings, and seize or hold or deliver to the sheriff of the proper county all motor or other vehicles and all containers used in transporting motor fuels and/or other liquid petroleum products in violation of or without complying with the provisions of this article or the rules, regulations or requirements of the commissioner of revenue and/or the gasoline and oil inspection board and also all motor fuels contained therein. Said inspectors shall have power and authority on the public highways or any other place to stop and detain for inspection and investigation any vehicle containing any motor fuel and/or other liquid petroleum products in excess of one hundred gallons or commonly used in the transportation of such fuels and the driver or person in charge thereof, and to require the production by such driver or person in charge of all records, documents and papers required by law to be carried and exhibited by persons in charge of vehicles engaged in transporting such fuels; and whenever said inspectors shall find or see any person engaged in handling, selling, using, or transporting any fuels in violation of any of the provisions of the motor fuel tax or inspection laws of this state, or whenever any such person shall fail or refuse to exhibit to said inspectors, upon demand therefor, any records, documents or papers required by law to be kept subject to inspection or to be exhibited by such person, said person shall be guilty of a misdemeanor, and it shall be the duty of said inspectors to immediately arrest such violator and take him before some proper peace officer of the county in which the offense was committed and institute proper prosecution. (1937, c. 425, s. 16.)

§ 119-33. Investigation and inspection of measuring equipment; devices calculated to falsify measures.—The gasoline and oil inspectors shall be required to investigate and inspect the equipment for measuring gasoline, kerosene, lubricating oil, and other liquid petroleum products. Said inspectors shall be under the supervision of

the commissioner of revenue, and are hereby vested with the same power and authority now given by law to inspectors of weights and measures, in so far as the same may be necessary to effectuate the provisions of this article. The rules, regulations, specifications and tolerance limits as promulgated by the national conference of weights and measures, and recommended by the United States bureau of standards, shall be observed by said inspectors in so far as it applies to the inspection of equipment used in measuring gasoline, kerosene, lubricating oil and other petroleum products. Inspectors of weights and measures appointed and maintained by the various counties and cities of the state shall have the same power and authority given by this section to inspectors under the supervision of the commission of revenue. In all cases where it is found, after inspection, that the measuring equipment used in connection with the distribution of such products is inaccurate, the inspector shall condemn and seize all incorrect devices which in his best judgment are not susceptible of satisfactory repair, but such as are incorrect, and in his best judgment may be repaired, he shall mark or tag as "condemned for repairs" in a manner prescribed by the commissioner of revenue. After notice in writing the owners or users of such measuring devices which have been condemned for repairs shall have the same repaired and corrected within ten days, and the owners and/or users thereof shall neither use nor dispose of said measuring devices in any manner, but shall hold the same at the disposal of the gasoline and oil inspector. The inspector shall confiscate and destroy all measuring devices which have been condemned for repairs and have not been repaired as required by this article. The gasoline and oil inspectors shall officially seal all dispensing pumps or other dispensing devices found to be accurate on inspection, and if, upon inspection at a later date, any pump is found to be inaccurate and the seal broken, the same shall constitute prima facie evidence of intent to defraud by giving inaccurate measure, and the owner and/or user thereof shall be guilty of a misdemeanor, and upon conviction shall be fined not less than two hundred dollars nor more than one thousand dollars, or be imprisoned for not less than three months, or both, in the discretion of the court. Any person who shall remove or break any seal placed upon said measuring and/or dispensing devices by said inspectors until the provisions of this section have been complied with shall be guilty of a misdemeanor, and upon conviction shall be fined not less than fifty dollars nor more than two hundred dollars, or be imprisoned for not less than thirty days nor more than ninety days, or both, in the discretion of the court. Any person, firm, or corporation who shall sell or have in his possession for the purpose of selling or using any measuring device to be used or calculated to be used to falsify any measure shall be guilty of a misdemeanor, and shall be fined or imprisoned in the discretion of the court. (1937, c. 425, s. 17.)

§ 119-34. Responsibility of retailers for quality of products. — The retail dealer shall be held responsible for the quality of the petroleum products he sells or offers for sale: Provided, however, that the retail dealer shall be released if the results of analysis of a sealed sample taken in a manner prescribed by the commissioner of revenue at the time of delivery, and in the presence of the distributor or his agent, shows that the product delivered by the distributor was of inferior quality. It shall be the duty of the distributor or his agent to assist in sampling the product delivered. (1937, c. 425, s. 18.)

§ 119-35. Adulteration of products offered for sale. — It shall be unlawful for any person, firm, or corporation who has purchased gasoline or other liquid motor fuel upon which a road tax has been paid to in any wise adulterate the same by the addition thereto of kerosene or any other liquid substance and sell or offer for sale the same. Any person violating the provisions of this section shall be guilty of a misdemeanor, and upon conviction shall be fined not less than two hundred dollars nor more than one thousand dollars or be imprisoned for not more than twelve months, or both, in the discretion of the court. (1937, c. 425, s. 19.)

§ 119-36. Certified copies of official tests admissible in evidence.—A certified copy of the official test of the analysis of any petroleum product, under the seal of the commissioner of revenue, shall be admissible as evidence of the fact therein stated in any of the courts of this state on the trial of any issue involving the qualities of said product. (1937, c. 425, s. 20.)

§ 119-37. Retail dealers required to keep copies of invoices and delivery tickets.—Every person, firm, or corporation engaged in the retail business of dispensing gasoline and/or other petroleum products to the public shall keep on the premises of said place of business, for a period of one year, duplicate original copies of invoices or delivery tickets of each delivery received, showing the name and address of the party to whom delivery is made, the date of delivery, the kind and amount of each delivery received, and the name and address of the distributor. Each delivery ticket or invoice shall be signed by the retailer or his agent and the distributor or his agent. Such records shall be subject to inspection at any time by the gasoline and oil inspectors. (1937, c. 425, s. 21.)

§ 119-38. Prosecution of offenders. — All prosecutions for fines and penalties under the provisions of this article shall be by indictment in a court of competent jurisdiction in the county in which the violation occurred. (1937, c. 425, s. 22.)

§ 119-39. Violation a misdemeanor. — Unless another penalty is provided in this article, any person violating any of the provisions of this article or any of the rules and regulations of the commissioner of revenue and/or the gasoline and oil inspection board shall be guilty of a misdemeanor, and upon conviction shall be fined not more than one thousand dollars or be imprisoned for not more than twelve months, or both, in the discretion of the court. (1937, c. 425, s. 23.)

§ 119-40. Manufacturers to notify commissioner of shipments.—Where oil or gasoline is shipped in tanks, cars, or other large containers, the manufacturer or jobber shall give notice to the

Commissioner of Revenue of their shipment, with the name and address of the person, company, or corporation to whom it is sent and the number of gallons, on the day the shipment is made. (1917, c. 166, s. 4; 1933, c. 214, s. 8; C. S. 4856.)

§ 119-41. Persons engaged in transporting, are subject to inspection laws.—The owner or operator of any motor vehicle using the highways of this state or the owner or operator of any boat using the waters of this state transporting into, out of or between points in this state any gasoline or liquid motor fuel taxable in this state and/or any liquid petroleum product that is or may hereafter be made subject to inspection laws of this state shall make application to the commissioner of revenue on forms to be provided by him for a liquid fuel carrier's permit. Upon receipt of said application, together with a signed agreement to comply with the provisions of the act and/or acts relating to the transportation of petroleum products subject to the motor fuel tax and/or inspection laws, the commissioner of revenue shall, without any charge therefor, issue a numbered liquid fuel carrier's permit to the owner or operator of each motor vehicle or boat intended to be used in such transportation. Said numbered liquid fuel carrier's permit shall show the motor number and license number of the motor vehicle and number or name of boat, and shall be prominently displayed on the motor vehicle or boat at all times. No person shall haul, transport, or convey any motor fuel over any of the public highways of this state except in vehicles plainly and visibly marked on the rear thereof with the word "Gasoline" in plain letters of not less than six inches high and of corresponding appropriate width, together with the name and address of the owner of the vehicle in letters of not less than four inches high: Provided, however, that this section shall not be construed to include the carrying of motor fuels in the supply tank of vehicles which is regularly connected with the carburetor of the engine of the vehicle except when said fuel supply tank shall have a capacity of more than one hundred gallons. This section shall not be construed to include the carrying of motor fuel in the supply tank which is regularly connected with the carburetor of the engine of any vehicle operated by franchise carriers engaged solely in the transportation of passengers to, from and between points in North Carolina. Any person violating any of the provisions of this section shall be guilty of a misdemeanor and upon conviction shall be fined not more than twenty-five dollars. (1937, c. 425, s. 24; 1939, c. 276, s. 2.)

§ 119-42. Persons engaged in transporting required to have in possession an invoice, bill of sale or bill of lading.—Every person hauling, transporting or conveying into, out of, or between points in this state any motor fuel and/or any liquid petroleum product that is or may hereafter be made subject to the inspection laws of this state over either the public highways or waterways of this state, shall, during the entire time he is so engaged, have in his possession an invoice, or bill of sale, or bill of lading showing the true name and address of the person from whom he has received the motor fuel and/or other liquid petroleum products, the kind, and the number of gallons so originally received by him, and the true name and address of every person to whom he has made deliveries of said motor fuel and/or other liquid petroleum products or any part thereof and the number of gallons so delivered to each said person. Such person engaged in transporting said motor fuels and/or other petroleum products shall, at the request of any agent of the commissioner of revenue, exhibit for inspection such papers or documents immediately, and if said person fails to produce said papers or documents or if, when produced, they fail to clearly disclose said information, the agent of the commissioner of revenue shall hold for investigation the vehicle and contents thereof. If investigation shows that said motor fuels and/or other petroleum products are being transported in violation of or without compliance with the motor fuel tax and/or inspection laws of this state such fuels and/or other petroleum products and the vehicle used in the transportation thereof are hereby declared common nuisances and contraband, and shall be seized and sold and the proceeds shall go to the common school fund of the state: Provided, however, that this article shall not be construed to include the carrying of motor fuel in the supply tank of vehicles which is regularly connected with the carburetor of the engine of the vehicle, except when said fuel supply tank shall have a capacity of more than one hundred gallons: And, provided further, that this section shall not be construed to include the carrying of motor fuel in the supply tank which is regularly connected with the carburetor of the engine of any vehicle operated by franchise carriers engaged solely in the transportation of passengers to, from and between points in North Carolina. (1937, c. 425, s. 25; 1939, c. 276, s. 3.)

§ 119-43. Display required on containers used in making deliveries.—Every person delivering at wholesale or retail any gasoline in this state shall deliver the same to the purchaser only in tanks, barrels, casks, cans, or other containers having the word "Gasoline" or the name of such other like products of petroleum, as the case may be, in English, plainly stenciled or labeled in colors to meet the requirements of the regulations adopted by the commissioner of revenue and/or the gasoline and oil inspection board. Such dealers shall not deliver kerosene oil in any barrel, cask, can, or other container which has not been stenciled or labeled as hereinbefore provided. Every person purchasing gasoline for use or sale shall procure and keep the same only in tanks, barrels, casks, cans, or other containers stenciled or labeled as hereinbefore provided: Provided, that nothing in this section shall prohibit the delivery of gasoline by hose or pipe from a tank directly into the tank of any automobile or any other motor vehicle: Provided further, that in case gasoline or other inflammable liquid is sold in bottles, cans, or packages of not more than one gallon for cleaning and other similar purposes, the label shall also bear the words "Unsafe when exposed to heat or fire". (1937, c. 425, s. 26; 1939, c. 276, s. 4.)

§ 119-44. Registration of exclusive industrial users of naphthas and coal tar solvents.—All persons who are exclusive industrial users of naphtha

and coal tar solvents, and who are not engaged in the business of selling motor fuel, may register with the commissioner of revenue as an exclusive industrial user of naphthas and coal tar solvents upon the presentation of satisfactory evidence of such fact to said commissioner and the filing of a surety bond in approved form not to exceed the sum of one thousand dollars. Such registration, properly evidenced by the issuance of a certificate of registration as an exclusive industrial user of naphthas and coal tar solvents, will thereafter, and until such time as certificate of registration may be canceled by the commissioner of revenue, permit licensed distributors of motor fuel in this state to sell naphthas and coal tar solvents to the holder of such certificate of registration upon the proper execution of an official certificate of industrial use in lieu of the collection of the motor fuel tax: Provided, however, that no licensed distributor of motor fuel shall sell gasoline tax free under the conditions of this article: Provided further, that the rules and regulations adopted by the commissioner of revenue for the proper administration and enforcement of this article shall be strictly adhered to by the holder of the certificate of registration under penalty of cancellation of such certificate for violation of or non-observance of such rules. (1937, c. 425, s. 27.)

§ 119-45. Certain laws adopted as part of article. —Sections 119-1 through 119-5 and §§ 119-7 through 119-13 are hereby made a part of this article. (1937, c. 425, s. 28.)

§ 119-46. Charges for analysis of samples. — The commissioner of revenue is hereby authorized to fix and collect such charges as he may deem adequate and reasonable for any analysis made by the gasoline and oil inspection division of any sample submitted by any person, firm, association or corporation other than samples submitted by the gasoline and oil inspectors in the performance of the duties required of said inspectors under this article: Provided, however, that no charge shall be made for the analysis of any sample submitted by any municipal, county, state or federal official when the results of such analyses are necessary for the performance of his official duties. All moneys collected for such analyses shall be paid into the state treasury to the credit of the gasoline and oil inspection fund. (1937, c. 425, s. 29.)

§ 119-47. Inspection of fuels used by state.— The gasoline and oil inspection division is hereby authorized, upon request of the proper state authority, to inspect, analyze, and report the result of such analysis of all fuels purchased by the state of North Carolina for the use of all departments and institutions. Art. 3. Admission of Patients.

§ 122-36. Persons adjudged insane entitled to immediate admission. — Any resident of North Carolina who has been legally adjudged to be insane by the clerk of the court or other properly authorized person, in accordance with the provisions of this chapter shall be entitled to immediate admission into the state hospital at Morganton, the state hospital at Raleigh, or the state hospital at Goldsboro, in accordance with the principles of division as to race and residence prescribed in this chapter; and no resident of the state who has been legally adjudged insane and who has been presented to the superintendent of the proper state hospital for the insane as provided in this article shall be refused admission thereto; but nothing in this article shall be construed to affect the discharge or transfer of patients as now provided by law. (1919, c. 326, ss. 1, 6; C. S. 6184.)

§ 122-37. Idiots not admitted.—No idiot shall be admitted to any hospital, and for the purpose of this chapter an idiot is defined to be a person born deficient in mind, with the exception that the state hospital at Goldsboro shall admit feebleminded negroes, under such rules and regulations as the hospital board and the superintendent may prescribe, in such numbers as the capacity and the appropriations to the hospital will permit. (Rev., s. 4572; 1899, c. 1, s. 18; 1933, c. 342, s. 2; C. S. 6185.)

§ 122-38. Priority given to indigent patients; payment required from others.—In the admission of patients to any state hospital, priority of admission shall be given to the indigent insane; but the board of directors may regulate admissions, having in view the curability of patients, the welfare of the institutions, and the exigencies of particular cases. The board of directors may, if there be sufficient room, admit other than indigent patients upon the payment of proper compensation. If any inmate of any state hospital shall require private apartments, extras, or private nurses, the directors, if practicable, shall provide the same at a fair price to be paid by such patient. Upon the death of any nonindigent patient, the state hospital may maintain an action against his estate for his support and maintenance for a period of five years prior to his death. (Rev., s. 4573; 1899, c. 1, s. 44; 1915, c. 254; 1917, c. 150, s. 1; C. S. 6186.)

§ 122-39. Only bona fide residents admitted to hospitals.—No clerk of the court or justice of the peace shall commit to a hospital any person who is not a bona fide citizen and resident of this state; and no person who shall have removed into this state from another state while insane shall be deemed a resident or citizen of this state, and no length of residence in this state of a person who was insane at the time he moved into this state shall be sufficient to make that person or citizen or resident of North Carolina within the meaning of this chapter. If any clerk or justice of the peace shall knowingly commit to any hospital a person who is not a bona fide citizen and resident of the state, he shall be guilty of a misdemeanor, and upon conviction shall be fined or imprisoned at the discretion of the court.. (Rev., ss. 3591, 4587; 1899, c. 1, s. 18; C. S. 6187.)

§ 122-40. Findings as to residence in examination reported.—In every examination of an alleged insane person it shall be the duty of the clerk or justice of the peace to particularly inquire whether the alleged insane person is a resident of this state, as hereinbefore set forth, and he shall state his findings upon the subject in his report to the superintendent of the hospital. If it is not possible to ascertain the legal residence of the alleged insane person, and the clerk or justice of the peace shall be of the opinion that the insane person is a resident of this state, within the meaning of this chapter, he shall state that he was unable to ascertain the legal residence of the insane person, and shall commit him to the hospital of his district. (Rev., s. 4588; 1899, c. 1, s. 18; C. S. 6188.)

§ 122-41. Settlement of patient determined.—For the purposes of this chapter the settlement of every person admitted to a state hospital as insane shall be in the county where the actual place of his residence at his admission may be situated, when such settlement comes in question, but no person can have a settlement in any county in this state unless he is a bona fide citizen and resident of this state, and was so before mental disease became manifest. (Rev., s. 4574; 1899, c. 1, s. 28; C. S. 6189.)

§ 122-42. Affidavit of insanity to procure admission.—For admission into a state hospital the following proceedings shall be had: Some respectable citizen, residing in the county of the alleged insane person, shall make before and file with the clerk of the superior court of the county an affidavit in writing, which shall be substantially in the following form:

State of North Carolina, ...County.

(Rev., s. 4575; 1899, c. 1, s. 15; C. S. 6190.)

§ 122-43. Clerk to issue order for examination.—Whereupon, unless the person in whose care or custody the insane person is will agree to bring him before the clerk without a warrant, or unless the clerk shall be of the opinion that it will be injurious to the insane person to be brought before him, the clerk shall issue a precept, directed to the sheriff or other lawful officer, substantially in the following form:

State of North Carolina,

To the Sheriff or Other Lawful Officer of .... County—Greeting:

§ 122-44. Incarceration of persons believed insane, pending judicial determination.—If the affidavit, required to be filed by § 122-42, states that such insane person's condition is such as to endanger either himself or others, or if the sheriff, or other person serving the warrant, believes that said insane person's condition is such as to endanger either himself or others, the clerk shall order such insane person to be incarcerated in the county jail until such person is judicially declared insane or sane. (1941, c. 179.)

§ 122-45. Clerk and physician to make examination.—If the alleged insane person be confined in jail otherwise than for crime, the sheriff shall remove him from the jail upon the order from the clerk. Upon the bringing of the alleged insane person before the clerk by his friends, or upon the return of the precept with the body of the insane person, the clerk shall call to his assistance the county physician of the county, or some other licensed and reputable physician, resident of this state, and shall proceed to examine into the condition of mind of the alleged insane person. He shall take testimony of at least one licensed physician, resident of this state, and, if possible, a member of the family, or some friend or person acquainted with the alleged insane person, who has had opportunities to observe him after such insanity is said to have begun. (Rev., s. 4577; 1899, c. 1, s. 15; C. S. 6192.)

§ 122-46. Clerk may discharge person, require bond, or commit to hospital.—If the clerk, after his examination of the alleged insane person, and the hearing of the testimony as aforesaid, shall decide that such person is sane, he shall forthwith discharge him. If he shall decide that such person is insane, and some friend, as he may do, will not become bound with good security in an amount to be fixed by the clerk to restrain him from committing injuries, and to keep, support, and take care of him until the cause for confinement shall cease, he shall direct such insane person to be removed to the proper hospital as a patient, and to that end he shall transmit to the proper board of directors the examination of the witnesses, and the statement of such facts as he shall deem pertinent to the subject-matter. If the clerk (or justice under § 122-48) is satisfied, after the examination herein provided, that the person is insane or an inebriate within the definition of § 35-30, he shall make the following order and commitment to the proper state hospital in substantially the following form:

The receipt of said notice by said clerk of the court shall constitute his authority to convey said patient to said hospital for immediate admission: Provided, however, nothing herein shall prevent the superintendent of said hospital from sending immediately a representative of said hospital to convey said patient thereto. (Rev., s. 4578; 1899, c. 1, s. 15; 1915, c. 204, s. 1; 1923, c. 144, s. 1; C. S. 6193.)

If the clerk is satisfied that the alleged insane person is a fit subject for a hospital for the insane, he shall issue an order for his commitment. In cases of great emergency or inconvenience, the said justice may commit a patient to a hospital, and the superintendent is authorized to receive him, but the justice shall procure an order from the clerk to be forwarded to the superintendent within thirty days. Clerk to keep record of examinations and discharges.—The clerk will keep a record of all examinations of persons alleged to be insane, and he shall record in such record a brief summary of the proceedings and of his findings, and whenever a justice of the peace shall transmit to the clerk a report of his proceedings when he shall have examined a person under the powers granted under this chapter, the clerk shall make a record of his proceedings, and for recording the justice's proceedings he shall be entitled to a fee of twenty-five cents, to be paid by the county aforesaid, and he shall keep a record of all probations and discharges provided for in article four of this chapter. (Rev., s. 4586; 1899, c. 1, s. 17; C. S. 6197.)

§ 122-51. Fees for examination.—The following fees shall be allowed to the officers who make the examination, and they shall be paid by the county in which the alleged insane person is settled: To the clerk or justice who makes the examination, two dollars, and if the clerk goes to the home of the insane person he shall be entitled, in addition to this sum, to five cents a mile each way. This shall cover his entire costs in taking the examination and making out the necessary papers.

The physician called, in the absence of the county physician, shall be entitled to two dollars with mileage. Such attendant shall have all such rights as the sheriff or other officer has heretofore, and shall convey such insane person to the hospital. (1919, c. 326, s. 2; C. S. 6199.)

§ 122-53. Bill of expense sent to county commissioners.—Upon the arrival of such insane person at the hospital, the superintendent shall send to the board of commissioners of the county in which such insane person had a settlement a bill covering the costs of conveying such insane person to the hospital, including any fees that would now be allowed an officer, and it shall be the duty of the board of commissioners forthwith to repay to such hospital the amount of such bill. (Rev., s. 4556; 1899, c. 1, s. 24; C. S. 6203.)

§ 122-57. Commitment in case of sudden or violent insanity.—Whenever any citizen or resident of this state becomes suddenly or violently insane, in some county other than that of his settlement, the proper authorities, as hereinbefore provided, of any county in which he shall be, shall have authority to examine him, and if necessary commit him to the hospital to which he would be sent had he been committed from the county of his own settlement. § 122-59. Person conveying patient to hospital without authority.—No sheriff or other person shall convey a patient to any hospital without having ascertained that the patient will be admitted, and if any sheriff or other person shall carry a patient to a hospital without having ascertained that the patient will be admitted, and the patient is not admitted, he shall be required to convey the patient back to the county of his settlement, and he shall not be repaid by the county or hospital for the expenses incurred in carrying the patient to and from the hospital. (Rev., s. 4546; 1899, c. 1, s. 25; C. S. 6206.)

§ 122-60. How admission determined, when superintendent is in doubt.—Whenever any insane person shall be conveyed to any hospital, and the superintendent is in doubt as to the propriety of his admission, he may convene any three of the board of directors, who shall constitute a board for the purpose of examining and deciding if such person is a proper subject for admission; and if a majority of such board so decide, such person shall be received into said hospital; but a like board may at any time thereafter deliver such insane person to any friend who will become bound with good surety to restrain him from committing injuries, and to keep, maintain, and take care of him, in the same manner as he might have become bound under the authority of the clerk of the court. (Rev., s. 4590; 1899, c. 1, s. 21; 1917, c. 150, s. 1; C. S. 6207.)

§ 122-61. Admission refused, if patient exposed to contagious disease. — The superintendent of the hospital may refuse to receive into his institution a patient when he shall have reliable information that the patient has recently been exposed to infectious or contagious disease, and there is danger of contagion and infection being conveyed by the patient, or where the patient comes from a quarantined community. Whenever a patient is rejected because of any of these reasons the superintendent shall make a record of the application and as soon as, in his opinion, the danger shall have been removed, he shall notify the sheriff of the county, and admit the patient into his hospital. (Rev., s. 4591; 1899, c. 1, s. 26; C. S. 6208.)

§ 122-62. Commitment upon patient's own application.—Any person believing himself to be of unsound mind, or threatened with insanity, may voluntarily commit himself to the proper hospital. The application for commitment shall be in the form following:

And I agree in all respects to conform to the rules and regulations of said institution during the period which shall be prescribed by the superintendent and board of directors. .....

Attest: .....

This application shall be accompanied by the certificate of a licensed physician, which certificate shall state that in the opinion of the physician the applicant is a fit subject for admission into a hospital, and that he recommends his ad-

mission. The certificate of the clerk of the superior court need not accompany this application. The superintendent may, if he think it a proper application, receive the patient thus voluntarily committed, and treat him until the next meeting of the board of directors or of the executive committee, and shall report the application and admission to the first meeting of said board, and if said board approve such admission, the patient shall be considered as having been regularly committed, and shall in all respects be treated as such. But no report need be made to the clerk of the court of his county of settlement. The superintendent and board of directors shall have the same control over patients who commit themselves voluntarily as they have over those committed under the regular proceedings hereinbefore provided and no voluntary patient shall be entitled to a discharge until he shall have given the superintendent ten days notice of his desire to be discharged. (Rev., s. 4593; 1899, c. 1, s. 49; 1917, c. 150, s. 1; C. S. 6209.)

§ 122-63. Proceedings in case of insanity of citizen of another state.—If any person not a citizen or resident of this state, but a citizen and resident of another state of the United States, shall be ascertained to be insane, the clerk of the court shall immediately notify the governor of the state of which the insane person is a citizen of the facts and circumstances by letter (or telegraphic message if he think proper), and for a reasonable length of time the insane person shall be kept confined or restrained in said county, but shall not be committed to any state hospital, and if the state of his citizenship shall not provide for the removal from this state to his proper state of the insane person within a reasonable time, the county commissioners of the county in which he shall have been ascertained to be an insane person shall cause him to be conveyed to the state of which he is a citizen and delivered there to the sheriff of his county or to the superintendent of any state hospital. The cost of such proceedings and conveyance away from this state shall be borne by the county in which the person shall have been adjudged to be insane. (Rev., s. 4584; 1899, c. 1, s. 16; C. S. 6210.)

§ 122-64. Proceedings in case of insanity of alien.—If any person, not a citizen of the United States, shall be ascertained to be insane, the clerk of the court shall immediately notify the governor of this state of the name of the insane person, the country of which he is a citizen, and his place of residence in said country if the same can be ascertained, and such other facts in the case as he may obtain, together with a copy of the examination taken; and the governor shall transmit such information and examination to the secretary of the state at Washington, D. C., with the request that he inform the minister resident or plenipotentiary of the country of which the insane person is supposed to be a citizen. (Rev., s. 4585; 1899, c. 1, s. 16; C. S. 6211.)

§ 122-65. Insane person temporarily committed to jail.—When any person is found to be insane under any of the provisions of this chapter, and he cannot be immediately admitted to the proper hospital, and such person is also found to be subject to such acts of violence as threaten injury to himself and danger to the community, and he cannot otherwise be properly restrained, he may be temporarily committed to the county jail until a more suitable provision can be made for his case. (Rev., s. 4594; 1899, c. 1, s. 45; C. S. 6212.)

Art. 4. Discharge of Patients.

§ 122-66. County commissioners may discharge insane person in county.—It shall be the duty of the board of county commissioners, by proper order to that effect, to discharge any ascertained insane person in their county, not admitted to the appropriate hospital, and not committed for crime, when it shall appear upon the certificate of two respectable physicians, and the chairman of their board, that such insane person ought to be discharged if in a hospital. (Rev., s. 4595; 1899, c. 1, s. 20; C. S. 6213.)

§ 122-67. Discharge of patient from hospital; sheriff's duty; expense paid.—Any three of the board of directors, upon the superintendent certifying the facts (a copy of which certificate shall be sent to the clerk of the superior court of the county of settlement), shall be a board to discharge or remove from their hospital any person admitted as insane, when such person has become or is found to be of sane mind, or when such person is incurable, and in the opinion of the superintendent his being at large will not be injurious to himself or dangerous to the community, or the board may permit such person to go to the county of his settlement on probation, when in the opinion of the superintendent it will not be injurious to himself or dangerous to the community; and the board may discharge or remove such person, upon other sufficient causes appearing to them; and whenever any such person, admitted as indigent may be so discharged or removed, except as sane, it shall be the duty of the sheriff of the county of his settlement to convey such person to his county at its expense, and any such person discharged as restored or probated shall receive from such hospital a sum of money sufficient to pay his transportation to the county of his settlement, which sum shall be repaid by said county, and, if necessary, the hospital shall provide the patient with a decent suit of clothes. When notified by the superintendent to come for and remove any insane person from the hospital, it shall be the duty of the sheriff of the county in which the insane person has a settlement forthwith to convey the insane person from the hospital to the county of his settlement. The cost of such removal shall be advanced by the sheriff and repaid to him by the county of insane person's settlement; and if any sheriff, after having been notified by the superintendent to remove any insane person, as aforesaid, shall fail to do so within fifteen days from the time of the receipt of the letter of notice, he shall forfeit and pay to the hospital the sum of fifty dollars, to be collected in the manner provided for the collection of penalties given in this chapter; and if the commissioners of any county shall fail to repay to the hospital the money disbursed in paying for the necessary clothes and traveling expenses of any person discharged as cured from said hospital,

within sixty days after the presentation of a claim therefor, the commissioners shall forfeit and pay to the hospital the sum of fifty dollars, to be collected in the manner provided for the collection of penalties in this chapter. (Rev., s. 4596; 1899, c. 1, s. 22; 1917, c. 150, s. 1; C. S. 6214.)

§ 122-68. Superintendent may discharge patient temporarily.—Each superintendent may, for the space of thirty days, or until the next meeting of the board of three directors provided for in the preceding section, discharge upon probation any patient, when in his opinion the same would not prove injurious to the patient or dangerous to the community. A report of all such probations shall be rendered to the said board of three directors at their first ensuing meeting. (Rev., s. 4597; 1899, c. 1, s. 23; C. S. 6215.)

§ 122-69. (Rev., s. 4598; 1899, c. 1, s. 29; C. S. 6216.)

§ 122-70. Form of bond for safe-keeping of insane.—The form of bond mentioned in the preceding section shall be as follows:

Art. 5. Private Hospitals for the Insane.

§ 122-72. Established under license and subject to control of board of charities.—It shall be lawful for any person or corporation to establish private hospitals, homes, or schools for the cure and treatment of insane persons, idiots, and feeble-minded persons and inebriates; but license to establish such hospitals, homes, or schools must, before the same are opened for patronage, be obtained from the state board of charities and public welfare, and such hospitals, homes, or schools shall at all times be subject to the visitation of the said board or any member thereof, and each hospital, home, or school shall make to the board a semiannual report on the first days of January and July of each year. In said report shall be stated the number and residence of all patients admitted, the number discharged during the six months preceding, and the officers of the hospital, home, or school. Each hospital, home, or school shall file with the board a copy of its by-laws, rules, and regulations, and rates of charges. The books of each hospital, home, or school shall at all times be open to the inspection of the board or any member thereof. The state board of charities and public welfare is hereby given the authority to supervise and regulate all private hospitals, homes, and schools established hereafter in this state for the treatment of the above classes of people, and the board shall have power to prescribe all such rules and regulations as they may deem necessary, and shall exercise the power of visitation, and for that purpose may depute any member of their board to visit and supervise any private hospital, home, or school hereafter established under this article. The state board of charities may bring an action in the superior court of Wake county to vacate and annul any license granted by the board, when it shall appear to the satisfaction of the board that the managers of any private hospital, home, or school have been guilty of gross neglect, cruelty, or immorality. Counties and towns may establish hospitals.—Any county, city, or town may establish a hospital for the maintenance, care, and treatment of such insane persons as cannot be admitted into a state hospital, and of idiots and feeble-minded persons upon like conditions and requirements as are above prescribed for the institution of private hospitals; and the state board of charities and public welfare is given the same authority over such hospitals as is given them by the preceding section for private hospitals. (Rev., s. 4601; 1899, c. 1, s. 61; C. S. 6220.)

§ 122-74. Private hospitals part of public charities.—All hospitals, homes, or schools for the care and treatment of insane persons, idiots, and

feeble-minded persons and inebriates, formed in compliance with the two preceding sections and duly licensed by the board of public charities as in this article provided, shall, during the continuance of such license, become and be a part of the system of public charities of the state of North Carolina. (Rev., s. 4602; 1903, c. 329, s. 1; C. S. 6221.)

§ 122-75. Insane persons placed in private hospital.—Whenever any person shall be found to be insane in the mode hereinbefore prescribed, and such person shall be possessed of an income sufficient to support those who may be legally dependent for support on the estate of such insane person, and, moreover, to support and maintain such insane person in any named hospital without the state, or any private hospital within the state, and such insane person, if of capable mind to signify such preference, shall, in writing, declare his wish to be placed in such hospital instead of being in a state hospital (or in case such insane person is incapable of declaring such preference, then the same may be declared by his guardian), and two respectable physicians who shall have examined such insane person, with the clerk of the court or justice of the peace who made the examination, shall deem it proper, then it may be lawful for the clerk or justice, together with said physicians, to recommend in writing that such insane person shall be placed in the hospital so chosen, as a patient thereof. (Rev., s. 4603; 1899, c. 1, s. 39; C. S. 6222.)

§ 122-77. Clerk to report proceedings to judge.—The clerk of the court shall lay the proceedings before the judge of the superior court of the district in which such insane person may reside or be domiciled, and if he approve them, he shall so declare in writing, and such proceedings, with the approval thereof, shall be recorded by the clerk. (Rev., s. 4605; 1899, c. 1, s. 42; C. S. 6224.)

§ 122-78. Certified copy and approval of judge sufficient authority.—A certified copy of such proceedings, with the approval of a judge, shall be sufficient warrant to authorize any friend of such insane person appointed by the judge to remove him to the hospital designated. (Rev., s. 4606; 1899, c. 1, s. 43; C. S. 6225.)

§ 122-79. Examination and commitment to private hospital.—When it is deemed advisable that any person, a citizen of the state of North Carolina, or a citizen of another state or country temporarily sojourning in North Carolina, should be detained in any private hospital within the state, two persons, one of whom must be a physician, not connected with any private hospital, shall make affidavit before a justice of the peace or a clerk of the superior court of this state that they have carefully examined the alleged insane person; that they believe him to be a fit subject for commitment to a hospital for the insane, and that his detention and treatment will be for his advantage and benefit. This certificate shall be filed with and approved by the clerk of the superior court in the county in which the examination is held, or in the county in which the private hospital is located, and a certified copy of this certificate and approval of the clerk shall be deposited with the superintendent of the private hospital as his authority for holding the insane person. The clerk of the court may, if he sees fit, issue warrants and have the alleged insane person before him in manner prescribed in article three of this chapter for the examination and admission to state hospitals, and he may, if he see fit, order any insane person brought before him to be taken to a private hospital within the state instead of one of the state hospitals, and his warrant shall be sufficient authority for holding such insane person in such private hospital. Idiots, feeble-minded persons, and inebriates may be committed to and held in private hospitals or homes in this state in the manner hereinbefore prescribed for insane persons: Provided, that a period of detention in a private hospital or home of not less than one month and not more than six months shall be prescribed for inebriates, at the discretion of the clerk of the superior court approving the commitment. (Rev., s. 4607; 1903, c. 329, s. 2; C. S. 6226.)

§ 122-80. Patients transferred from state hospital to private hospital.—When it is deemed desirable that any inmate of any state hospital be transferred to any licensed private hospital within the state, the executive committee may so order, and a certified copy of the commitment on file at the state hospital and the order of the executive committee shall be sufficient warrant for holding the insane person, idiot, or inebriate by the officers of the private hospital. (Rev., s. 4608; 1903, c. 329, s. 3; C. S. 6227.)

§ 122-81. Guardian of insane person to pay expenses out of estate.—It shall be the duty of any person having legal custody of the estate of an insane person, idiot, or inebriate legally held in a private hospital to supply funds for his support in the hospital during his stay therein and so long as there may be sufficient funds for that purpose over and beyond maintaining and supporting those persons who may be legally dependent on the estate. (Rev., s. 4610; 1899, c. 1, s. 40; 1903, c. 329, s. 4; C. S. 6228.)

§ 122-82. Fees and charges for examinations.—The fees and charges for examination for admission to private hospitals shall be the same as for examinations for admission to the state hospitals. (Rev., s. 4611; 1903, c. 329, s. 5; C. S. 6229.)

Art. 6. Dangerous Insane.

§ 122-83. Insane persons charged with crime to be committed to hospital.—All persons who may hereafter commit crime while insane, and all persons who, being charged with crime, are adjudged to be insane at the time of their arraignment, and for that reason cannot be put on trial for the crimes alleged against them, shall be sent by the court before whom they are or may be arraigned for trial, when it shall be ascertained by due course of law that such person is insane and cannot plead, to the state hospital at Raleigh, if the alleged criminal is white, or to the state

hospital at Goldsboro if the alleged criminal is colored, and if the alleged criminal is an Indian from Robeson county, to the state hospital at Raleigh, as provided for insane Indians from Robeson county, and they shall be confined therein under the rules and regulations prescribed by the board of directors under the authority of this article, and they shall be treated, cared for, and maintained in said hospital. As a means of such care and treatment, the said boards of directors may make rules and regulations under which the persons so committed to said institutions may be employed in labor upon the farms of said institutions under such supervision as said boards of directors may direct: Provided, that the superintendent and medical director of the hospital shall determine, in each case, that such employment is advantageous in the physical or mental treatment of the particular inmate to be so employed. Their confinement in said hospital shall not be regarded as punishment for any offense. (Rev., s. 4617; 1899, c. 1, s. 63; 1923, c. 165, ss. 2, 3; 1927, c. 228; C. S. 6236.)

§ 122-84. Persons acquitted of certain crimes or incapable of being tried, on account of insanity, committed to hospital. When a person accused of the crime of murder, attempt at murder, rape, assault with the intent to commit rape, highway robbery, train wrecking, arson, or other crime, shall have escaped indictment or shall have been acquitted upon trial upon the ground of insanity, or shall be found by the court to be without sufficient mental capacity to undertake his defense or to receive sentence after conviction, the court before which such proceedings are had shall detain such person in custody until an inquisition shall be had in regard to his mental condition. The judge shall, at the term of court at which such person is acquitted, cause notice to be given in writing to such person and his attorney, and, if in his good judgment it be necessary, to his nearest relative, naming the day upon which he shall proceed to make an inquisition in regard to the mental condition of such person. The judge shall cause such witness to be summoned and examined as he may deem proper or as the person so acquitted or his counsel may desire. At such inquisition the judge shall cause the testimony to be taken in writing and be preserved, and a copy of which shall be sent to the superintendent of the hospital designated in § 122-83. If upon such inquisition the judge shall find that the mental condition or disease of such person is such as to render him dangerous either to himself or other persons, and that his confinement for care, treatment, and security demands it, he shall commit such person to the hospital designated in § 122-83, to be kept in custody therein for treatment and care as herein provided. Such person shall be kept therein, unless transferred under the previous provisions of this chapter, until restored to his right mind, in which event it shall be the duty of the authorities having the care of such person to notify the sheriff of the county from which he came, who shall order that he appear before the judge of the superior court of the district, to be dealt with according to law. The expense incident to such commitment and removal shall be paid by the county authorities from which such patient was sent. (Rev., s. 4618; 1899, c. 1, s. 65; 1923, c. 165, s. 4; C. S. 6237.)

§ 122-85. Convicts becoming insane committed to hospital.—All convicts becoming insane after commitment to the state prison, and the fact being certified as now required by law in the case of other insane persons, shall be admitted to the hospital designated in § 122-83. In case of the expiration of the sentence of any convict, insane person, while such person is confined to the said hospital, such person shall be kept until restored to his right mind or such time as he may be considered harmless and incurable. (Rev., s. 4619; 1899, c. 1, s. 66; 1923, c. 165, s. 5; C. S. 6238.)

§ 122-86. Persons acquitted of crime on account of insanity; how discharged from hospital.—No person acquitted of a capital felony on the ground of insanity, and committed to the hospital designated in § 122-83 shall be discharged therefrom unless an act authorizing his discharge be passed by the general assembly. No person acquitted of a crime of a less degree than a capital felony and committed to the hospital designated in § 122-83 shall be discharged therefrom except upon an order from the governor. No person convicted of a crime, and upon whom judgment was suspended by the judge on account of insanity, shall be discharged from said hospital except upon the order of the judge of the district or of the judge holding the courts of the district in which he was tried: Provided, that nothing in this section shall be construed to prevent such person so confined in the hospitals designated in § 122-83 from applying to any judge having jurisdiction for a writ of habeas corpus. No judge issuing a writ of habeas corpus upon the application of such person shall order his discharge until the superintendents of the several state hospitals shall certify that they have examined such person and find him to be sane, and that his detention is no longer necessary for his own safety or the safety of the public. (Rev., s. 4620; 1899, c. 1, s. 67; 1923, c. 165, s. 6; C. S. 6239.)

§ 122-87. Proceedings in case of recovery of patient charged with crime.—Whenever a person confined in any hospital for the insane, and against whom an indictment for crime is pending, has recovered or been restored to normal health and sanity, the superintendent of such hospital shall notify the clerk of the court of the county from which said person was sent, and the clerk will place the case against said person upon the docket of the superior or criminal court of his county for trial, and the person shall not be discharged without an order from said court. In all cases where such person confined in said hospital shall have recovered his mind, the clerk of the court of the county from which he was committed shall fix the amount of bail required for his appearance at the next term of the superior or criminal court of the county for trial, except in cases where the offense charged is a capital felony, and in this case only the judge of the superior court residing within or holding the courts of said district shall have the power to fix bail. If the person confined in the hospital, and reported sane as aforesaid, shall give the bond fixed by the

clerk or judge as above provided for, he shall be discharged by the superintendent, and if he does not give the bond, he shall be transferred to the jail of the county from which he was committed. The superintendent will notify the sheriff of said county, and the sheriff will remove the person to the jail of his county. The sheriff will pay the expenses of such removal, and the county of the person's settlement will repay the sheriff for his expenses and services. (Rev., s. 4621; 1899, c. 1, s. 64; 1923, c. 165, s. 7; C. S. 6240.)

§ 122-88. Ex-convicts with homicidal mania committed to hospital—Whenever any person who has been confined in the state prison under sentence for the felonious killing of another person, and who has been discharged therefrom at the expiration of his term of sentence, or as the result of executive clemency, shall thereafter so act as to justify the belief that he is possessed of a homicidal mania, and shall be duly adjudged insane, in accordance with the provisions of article three of this chapter, the clerk of the superior court or other officer having jurisdiction of the proceedings in which such person shall be adjudged insane may, in his discretion, commit such person to the state hospital designated in § 122-83, as authorized and provided in this chapter. (1911, c. 169, s. 1; 1923, c. 165, s. 8; C. S. 6241.)

§ 122-89. Hospital authorities to receive and treat such patients.—It shall be the duty of the duly constituted authorities of the state hospitals designated in this act for the insane to receive all such insane persons as shall be committed to said institutions in accordance with the provisions of this law, and to treat and care properly for the same until discharged in accordance with the provisions of the law. (1911, c. 169, s. 2; 1923, c. 165, s. 9; C. S. 6242.)

§ 122-90. Inferior courts without jurisdiction to commit.—No court inferior to the superior court of this state shall have authority to send or commit any insane person to any state hospital for the criminal insane, as provided in this article. (1939, c. 66.)

In case of a vacancy in any of the above terms the person appointed to fill such vacancy shall be appointed only for the unexpired term. The members of the merit system council shall be paid seven dollars ($7.00) per diem and actual travel expense for each day when they are in attendance on a meeting of the council but shall receive no other salary. (1941, c. 378, s. 1.)

§ 126-2. Appointment of supervisor of merit examinations; rules and regulations; examinations.—The merit system council appointed under the provisions of this chapter is authorized to appoint a supervisor of merit examinations, who shall, in no instance, be a member of the council, and who

shall, after his appointment, in coöperation with the council, the director of the budget of the state of North Carolina, the state agencies affected by this chapter, and the Federal Social Security Board or other federal agency charged with the administration of the Federal Social Security Laws, prepare rules and regulations, job specifications, and prepare and give examinations for and to all employees and applicants for employment and/or promotions of the agencies or departments affected by this chapter. Such rules and regulations shall be printed and made available for public inspection and for the use of employees and applicants for employment in said agencies or departments. (1941, c. 378, s. 2.)

§ 126-3. Organization of council; meetings; representation of state agencies; duties and pay of supervisor.—The said council shall meet as soon as practicable and organize by electing one of its members as chairman and one who shall act as secretary. The secretary shall keep the minutes of the proceedings of the said council and shall be guardian of all papers pertaining to the business of said council. Meetings of the council shall be held as often as necessary and practicable upon the call of the chairman. The state agencies shall have the right to be represented at all meetings of the council but such representation shall be without voting power. The supervisor of merit examinations, above provided for, shall keep a record of all examinations held, and shall perform such other duties as the council shall prescribe, for which he shall be paid compensation to be fixed by the director of the budget. (1941, c. 378, s. 3.)

§ 126-4. Competitive examinations for all positions; moral character of applicants.—All applicants for positions in the agencies or departments affected by this chapter shall be subjected to an examination by the merit system council which shall be competitive and free to all persons meeting requirements prescribed by said council, subject to reasonable and proper limitations as to age, health, and moral character, which said examinations shall be practical in their character and shall relate to those matters tending fairly to test the capacity and qualifications of the applicants to discharge proficiently the duties of the position to which they seek appointment, and shall include examinations as to physical and mental qualifications as well as general fitness; but no such applicant shall be examined concerning his or her political or religious opinions or affiliations. The said council shall establish such necessary and proper regulations as it sees fit relating to the moral worth and character of all applicants for positions in the agencies and departments affected by this chapter, to the end that all persons certified by said council as eligible for employment in said agencies or departments shall be persons of good character as well as possessing necessary mental and physical qualifications. (1941, c. 378, s. 4.)

§ 126-5. Present employees previously examined.—All employees presently employed in the agencies or departments affected by this chapter and who have heretofore taken and passed merit examinations under the merit rating system now in effect, shall not be required to take further examinations as herein provided. (1941, c. 378, s. 5.)

§ 126-6. Persons previously examined and on eligible list.—All persons who have successfully passed merit examinations under the merit rating system now in effect and are shown on the register as eligible for employment shall not be required to take further examinations as provided herein and shall have their names placed on the new registers of those eligible for employment to be established under this chapter. (1941, c. 378, s. 5½.)

§ 126-7. Notice of time and place of examinations.—Notice of the time and place of every examination shall be given by the merit system council by publication once a week for two weeks immediately preceding such examination, in some newspaper having a general circulation in the state of North Carolina, and such notice shall be posted in a conspicuous place in the office of the supervisor of merit examinations, in the city of Raleigh for at least two weeks next preceding such examination. (1941, c. 378, s. 6.)

§ 126-8. Register of applicants passing examinations; method of making appointments.—Said council shall prepare and keep as a permanent record of the council a register of all persons successfully passing such examinations, accurately reflecting the grades made by such applicants. Whenever any appointment is to be made to any of said agencies or departments, the council shall certify from said registered list of successful applicants three names for each appointment so to be made, and the appointments shall be made only from among the names thus certified by the council, exclusive of the names of those persons who failed to answer or who declined appointment or of those names to whom the appointing authority offers an objection in writing, which objection is sustained by the supervisor with the approval of the council. (1941, c. 378, s. 7.)

§ 126-9. Admission to examinations without regard to minimum qualifications; probationary employee.—An employee who is certified by the agency as having given satisfactory service continuously for six calendar months preceding January first, one thousand nine hundred and forty or any other date or dates as may be required by the federal agencies supervising the expenditures of federal funds through the state agencies affected by this chapter may be admitted to the examination for the position held by him on March 15, 1941, without regard to minimum qualifications of training and experience. Upon certification of the supervisor that he has attained a passing grade in the examination held in accordance with the provisions of this chapter he may be appointed as a probationary employee. The probationary period of such an employee shall date from the certification of the supervisor that he has attained a passing grade. (1941, c. 378, s. 8.)

§ 126-10. Original appointments for probationary period; when permanent appointment begins; statement from employee's supervisor; recommendations by personnel officer; notice to employee.—All original appointments to permanent positions shall be made from officially promulgated registers for a probationary period of six months. The probationary period shall be an essential part of the examination process, and shall be utilized for the most effective adjustment

of a new employee and for the elimination of any probationary employee whose performance does not meet the required standard of work. Permanent appointment of a probationary employee shall begin with the date ending the probationary period, provided that the personnel officer of the agency concerned has received from the employee's supervisor a statement in writing that the services of the employee during the probationary period have been satisfactory and that the employee is recommended to be continued in the service. The statement shall contain an appraisal of the value of the employee's services and shall include a service rating upon a form prescribed by the supervisor of merit examinations. It shall be the responsibility of the personnel officer to obtain such statement with recommendations four weeks prior to the end of the probationary period. The personnel officer, on the basis of such statement and recommendations, shall make recommendations to the appointing authority, and if it is determined that the services of the employee have been unsatisfactory, the personnel officer shall notify the employee in writing at least fifteen days in advance of the date his services are to be terminated. An employee whose appointment is to be made permanent shall also be notified. The personnel officer shall notify the merit system supervisor of the action taken regarding the services of the employee. (1941, c. 378, s. 9.)

§ 126-11. Filling vacancies; promotions. — As far as is practicable and feasible, a vacancy shall be filled by promotion of a qualified permanent employee based upon individual performance, as evidenced by recorded service ratings, with due consideration for length of service, and upon capacity for the new position. Preference in promotion may be given to employees within the agencies, and all inter-agency promotions must be approved by the appointing authorities concerned. A candidate for promotion must be certified by the supervisor to possess the qualifications for the position as set forth in the specifications for the class of position for which he is a candidate, and he shall be required by the supervisor to qualify for the new position by promotional competitive or noncompetitive examination administered by the supervisor. (1941, c. 378, s. 10.)

§ 126-12. Dismissal or suspension of employees; separations.—The appointing authority, fifteen days after notice in writing to an employee stating specific reasons therefor, may dismiss any employee who is negligent or inefficient in his duties, or unfit to perform his duties and/or who is found to be guilty of gross misconduct; or who is convicted of any crime involving moral turpitude. When such conviction is final the employee shall have no recourse to appeal to the council. The appointing authority may, after written notice, suspend any employee without pay for delinquency or misconduct, for a period not to exceed thirty calendar days in any one calendar year. The appointing authority may separate any employee, without prejudice, because of lack of funds or curtailment of work. No permanent employee, however, shall be separated while there are emergency, intermittent, temporary, provisional, or probationary employees serving in the same class of position in the same agency. The order of separations due to reduction of force shall be based upon service ratings and seniority, under a formula to be formally established by the supervisor and approved by the council, and all such separations shall be reported to the supervisor. (1941, c. 378, s. 11.)

§ 126-13. Appeal from dismissal, suspension, or demotion.—A permanent employee who is dismissed, suspended, or demoted shall have the right to appeal to the council not later than thirty days after the effective date of the dismissal, suspension, or demotion. Such appeal shall be in writing and shall be transmitted to the supervisor who shall arrange a formal hearing before the council within ten days after receipt of the appeal. The supervisor shall furnish the personnel officer of the agency concerned with a copy of the appeal in advance of the hearing. Both the employee and his immediate supervisor shall be notified reasonably in advance of the hearing and shall have the right to present witnesses and give evidence before the council. The council, within three days after the hearing, shall make its recommendations in writing to the appointing authority for consideration by the agency. After consideration of the council's recommendations, the agency shall make its decision which shall be final and which shall be duly recorded in the permanent records of the agency. The personnel officer shall, in writing, promptly notify the employee of the agency's decision. (1941, c. 378, s. 12.)

§ 126-14. Authority of merit system council.—The merit system council appointed under the provisions of this chapter shall have the authority to establish, maintain and provide rules and regulations, in coöperation with the state board of health and the state board of charities and public welfare, for the administration of a system of personnel standards on a merit rating system with a uniform schedule of compensation for all employees of the county welfare departments and the county, city, and district health departments. (1941, c. 378, s. 13.)

§ 126-15. Application of chapter.—Wherever the provisions of any law of the United State, or of any rule, order or regulation of any federal agency or authority, providing or administering federal funds for use in North Carolina, either directly or indirectly or as a grant-in-aid, or to be matched or otherwise, impose other or higher civil service or merit standards or different classifications than are required by the provisions of this chapter, then the provisions of such laws, classifications, rules or regulations of the United States or any federal agency may be adopted by the council as rules and regulations of the council and shall govern the class of employment and employees affected thereby, anything in this chapter to the contrary notwithstanding. (1941, c. 378, s. 14.)

§ 126-16. Effect on certain existing laws.—Nothing in this chapter shall be construed as repealing any of the provisions of §§ 143-35 to 143-47, 143-47, relating to the division of personnel under the budget bureau, nor as relieving the assistant director of the budget of the duties and responsibilities there prescribed for him. (1941, c. 378, s. 15.)

§ 126-17. Purpose of chapter clarified.—It is the intent and purpose of this chapter to permit and require the agencies and departments affected hereby to comply with the rules and regulations of the Federal Social Security Board and such other federal agencies as may be charged with the administration of the Social Security Act, and the rules governing the expenditure of federal and state social security funds in the administration of said laws. (1941, c. 378, s. 16.)

The superior court shall fix the time of hearing. If the final termination of such proceedings be favorable to any accused officer, said officer shall be allowed the reasonable and necessary expense, including a reasonable attorney fee, to be fixed by the judge, he has incurred in making his defense, by the county, if he be a county officer, or by the city or town in which he holds office, if he be a city officer. § 128-22. Name and date of establishment. — A retirement system is hereby established and placed under the management of the board of trustees for the purpose of providing retirement allowances and other benefits under the provisions of this article for employees of those counties, cities and towns or other eligible employers participating in the said retirement system. The retirement system so created shall become operative as of the first day of July, nineteen hundred and forty-one: Provided, that in the judgment of the board of trustees an adequate number of persons have indicated their intention to participate; otherwise at such later date as the board of trustees may set.

It shall have the power and privileges of a corporation and shall be known as the "North Carolina Local Governmental Employees' Retirement System," and by such name all of its business shall be transacted, all of its funds invested, and all of its cash and securities and other property held. (1939, c. 390, s. 2; 1941, c. 357, s. 2.)

§ 128-23. Acceptance by cities, towns and counties.—(1) The governing body of any incorporated city or town may, by resolution legally adopted and approved by the board of trustees, elect to have its employees become eligible to participate in the retirement system, and the said municipal governing body may make the necessary appropriation therefor and if necessary levy annually taxes for payment of the same.

(2) The board of commissioners of any county may, by resolution legally adopted and approved by the board of trustees, elect to have its employees become eligible to participate in the retirement system, and the said county board of commissioners may make the necessary appropriation therefor and if necessary levy annually taxes for payment of the same as a special purpose, in addition to any tax allowed by any special statute for the purposes enumerated in § 153-9 and in addition to the rates allowed by the constitution.

(3) Any eligible employer desiring to participate in the retirement system shall file with the board of trustees an application for participation under the conditions included in this article on a form approved by the board of trustees. In such application the employer shall agree to make the contributions required of participating employers, to deduct from the salaries of employees who may become members the contributions required of members under this article, and to transmit such contributions to the board of trustees. It shall also agree to make the employer's contributions for the participation in the retirement system of all employees entering the service of the employer, after its participation begins, who shall become members.

(4) Such contributions as are made by employers shall be regarded as additions to the compensation of such employees as are members of the retirement system and deducted therefrom for the purpose of making the employer's contribution, in addition to the deduction from the compensation of employees on account of member contributions.

(5) The agreement of such employer to contribute on account of its employees shall be irrevocable, but should an employer for any reason become financially unable to make the normal and accrued liability contributions payable on account of its employees, then such employer shall be deemed to be in temporary default. Such temporary default shall not relieve such employer from any liability for its contributions payable on account of its employees, but such contributions payable during the period of temporary default shall be paid at such later time as may be mutually agreed upon by the employer and the board of trustees together with interest thereon at the rate of six per centum (6%) per annum. At such time as such defaulted contributions together with interest thereon shall be fully paid, such employer shall no longer be deemed in temporary default and shall be restored to good standing in the retirement system.

Notwithstanding anything to the contrary, th

retirement system shall not be liable for the payment of any pensions or other benefits on account of the employees or pensioners of any employer under this article, for which reserves have not been previously created from funds contributed by such employer or its employees for such benefits. (1939, c. 390, s. 3.)

§ 128-24. Membership. — The membership of this Retirement System shall be composed as follows:

(1) All employees entering or reentering the service of a participating county, city, or town after the date of participation in the Retirement System of such county, city, or town.

(2) All persons who are employees of a participating county, city, or town except those who shall notify the Board of Trustees in writing, on or before ninety days following the date of participation in the retirement system by such county, city, or town: Provided, that persons who are or who shall become members of any existing retirement system and who are or who may be thereby entitled to benefit by existing laws providing for retirement allowances for employees wholly or partly at the expense of funds drawn from the treasury of the State of North Carolina or of any political subdivision thereof, shall not be members: Provided, further, that employees of welfare or health departments whose compensation is derived from both state and local funds may be members of a North Carolina Local Government Employees' Retirement System to the extent of that part of their compensation derived from a county, city or town. (1939, c. 390, s. 4; 1941, c. 357, s. 3.)

§ 128-25. Membership in system.—Should sixty per centum (60%) of the members of any retirement, pension or annuity fund or system of any county, city or town of the state, hereafter referred to as a local pension system, elect to become members of the North Carolina governmental employees' retirement system, by a petition duly signed by such members, the participation of such members in the retirement system may be approved as provided in § 128-24 as though such local pension system were not in operation, and the provisions of this article shall also apply, except that the existing pensioners or annuitants of the local pension system who were being paid pensions on the date of the approval shall be continued and paid at their existing rates by the North Carolina governmental employees' retirement system, and the liability on this account shall be included in the computation of the accrued liability by the actuary as provided by § 128-30, subsection three. Any cash and securities to the credit of the local pension system shall be transferred to the North Carolina governmental employees' retirement system as of the date of the approval. The trustees or other administrative head of the local pension system as of the date of the approval shall certify the proportion, if any, of the funds of the system that represents the accumulated contributions of the members, and the relative shares of the members as of that date. Such shares shall be credited to the respective annuity savings accounts of such members in the North Carolina governmental employees' retirement system. The balance of the funds transferred to the North Carolina governmental employees' retirement system shall be offset against the accrued liability before determining the special accrued liability contribution to be paid by the county, city or town as provided by § 128-30, subsection three. The operation of the local pension system shall be discontinued as of the date of the approval. (1939, c. 390, s. 5; 1941, c. 357, s. 4.)

§ 128-26. Allowance for service. — (1) Under such rules and regulations as the board of trustees shall adopt each member who was an employee at any time during the year immediately preceding July first, nineteen hundred and forty-one, and who becomes a member during the first year of operation of the retirement system, shall file a detailed statement of all service as an employee rendered by him to any county, city or town prior to July first, nineteen hundred and forty-one, for which he claims credit.

(2) The board of trustees shall fix and determine by appropriate rules and regulations how much service in any year is equivalent to one year of service, but in no case shall more than one year of service be creditable for all service in one calendar year.

(3) Subject to the above restrictions and to such other rules and regulations as the board of trustees may adopt, the board of trustees shall verify, as soon as practicable after the filing of such statements of service, the service therein claimed.

In lieu of a determination of the actual compensation of the members that was received during such period of prior service, the board of trustees may use for the purpose of this article the compensation rates which if they had progressed with the rates of salary increase shown in the tables as prescribed in subsection fourteen of § 128-28 would have resulted in a same average salary of the member for the five years immediately preceding July first, nineteen hundred and forty-one, as the records show the member actually received.

(4) Upon verification of the statements of service the board of trustees shall issue prior service certificates certifying to each member the length of service rendered prior to July first, nineteen hundred and forty-one, with which he is credited on the basis of his statement of service. So long as membership continues a prior service certificate shall be final and conclusive for retirement purposes as to such service: Provided, however, that any member may, within one year from the date of issuance or modification of such certificate, request the board of trustees to modify or correct his prior service certificate.

When membership ceases, such prior service certificate shall become void. Should the employee again become a member, such employee shall enter the system as an employee not entitled to prior service credit except as provided in § 128-27, subsection five, paragraph (b).

(5) Creditable service at retirement on which the retirement allowance of a member shall be based shall consist of the membership service rendered by him since he last became a member, and also if he has a prior service certificate which is in full force and effect, the amount of the

service certified on his prior service certificate. (1939, c. 390, s. 6; 1941, c. 357, s. 5.)

§ 128-27. Benefits. — (1) Service Retirement Benefit.—(a) Any member in service may retire upon written application to the board of trustees setting forth at what time, not less than thirty days nor more than ninety days subsequent to the execution and filing thereof, he desires to be retired: Provided, that the said member at the time so specified for his retirement shall have attained the age of sixty years, and notwithstanding that, during such period of notification, he may have separated from service.

(b) Any member in service who has attained the age of sixty-five shall be retired at the end of the fiscal year unless the employing board requests such person to remain in the service, and notice of this request is given in writing thirty days prior to the end of the fiscal year.

(c) Any member in service who has attained the age of seventy years shall be retired forthwith: Provided, that with the approval of his employer he may remain in service until the end of the fiscal year following the date on which he attains the age of seventy years: Provided, further, that with the approval of the board of trustees and his employer, any member who has attained or shall attain the age of seventy years may be continued in service for a period of two years following each such request.

(2) Allowance for Service Retirement.—Upon retirement from service a member shall receive a service retirement allowance which shall consist of:

(a) An annuity which shall be the actuarial equivalent of his accumulated contributions at the time of his retirement; and

(b) A pension equal to the annuity allowable at the age of sixty years computed on the basis of contributions made prior to the attainment of age sixty; and

(c) If he has a prior service certificate in full force and effect, an additional pension which shall be equal to the annuity which would have been provided at the age of sixty years by twice the contributions which he would have made during such prior service had the system been in operation and he contributed thereunder.

(3) Disability Retirement Benefits.—Upon the application of a member in service or of his employer, any member who has had ten or more years of creditable service may be retired by the board of trustees, not less than thirty and not more than ninety days next following the date of filing such application, on a disability retirement allowance: Provided, that the medical board, after a medical examination of such member, shall certify that such member is mentally or physically incapacitated for the further performance of duty, that such incapacity is likely to be permanent, and that such member should be retired.

(4) Allowance on Disability Retirement.—Upon retirement for disability a member shall receive a service retirement allowance, if he has attained the age of sixty years, otherwise he shall receive a disability retirement allowance which shall consist of:

(a) An annuity which shall be the actuarial equivalent of his accumulated contributions at the time of the retirement, and

(b) A pension equal to seventy-five per centum of the pension that would have been payable upon service retirement at the age of sixty years had the member continued in service to the age of sixty years without further change in compensation.

(5) Reëxamination of Beneficiaries Retired on Account of Disability.—Once each year during the first five years following retirement of a member on a disability retirement allowance, and once in every three year period thereafter, the board of trustees may, and upon his application shall, require any disability beneficiary who has not yet attained the age of sixty years to undergo a medical examination, such examination to be made at the place of residence of said beneficiary or other place mutually agreed upon, by a physician or physicians designated by the board of trustees. Should any disability beneficiary who has not yet attained the age of sixty years refuse to submit to at least one medical examination in any such year by a physician or physicians designated by the board of trustees, his allowance may be discontinued until his withdrawal of such refusal, and should his refusal continue for one year, all his rights in and to his pension may be revoked by the board of trustees.

(a) Should the medical board report and certify to the board of trustees that such disability beneficiary is engaged in or is able to engage in a gainful occupation paying more than the difference between his retirement allowance and the average final compensation, and should the board of trustees concur in such report, then the amount of his pension shall be reduced to an amount which, together with his annuity and the amount earnable by him, shall equal the amount of his average final compensation. Should his earning capacity be later changed, the amount of his pension may be further modified: Provided, that the new pension shall not exceed the amount of the pension originally granted nor an amount which, when added to the amount earnable by the beneficiary together with his annuity, equals the amount of his average final compensation. A beneficiary restored to active service at a salary less than the average final compensation shall not become a member of the retirement system.

(b) Should a disability beneficiary under the age of sixty years be restored to active service at a compensation not less than his average final compensation, his retirement allowance shall cease, he shall again become a member of the retirement system, and he shall contribute thereafter at the same rate he paid prior to disability. Any such prior service certificate on the basis of which his service was computed at the time of his retirement shall be restored to full force and effect, and in addition, upon his subsequent retirement he shall be credited with all his service as a member, but should he be restored to active service on or after the attainment of the age of fifty years his pension upon subsequent retirement shall not exceed the sum of the pensions which he was receiving immediately prior to his last restoration and the pension that he would have received on account of his service since his last restoration had he entered service at that time as a new entrant.

(6) Return of Accumulated Contributions.—Should a member cease to be an employee except by death or retirement under the provisions of this article, he shall be paid such part of the amount of the accumulated contributions standing to the credit of his individual account in the annuity savings fund as he shall demand. Should a member die before retirement the amount of his accumulated contributions standing to the credit of his individual account shall be paid to his estate or to such person as he shall have nominated by written designation, duly executed and filed with the board of trustees.

(7) Optional Allowance.—With the provision that no optional selection shall be effective in case a beneficiary dies within thirty days after retirement, and that such a beneficiary shall be considered as an active member at the time of death; until the first payment on account of any benefit becomes normally due, any member may elect to receive his benefit in a retirement allowance payable throughout life, or he may elect to receive the actuarial equivalent at that time, of his retirement allowance in a reduced retirement allowance payable throughout life with the provision that:

Option one. If he dies before he has received in annuity payments the present value of his annuity as it was at the time of his retirement, the balance shall be paid to his legal representatives or to such person as he shall nominate by written designation duly acknowledged and filed with the board of trustees; or

Option two. Upon his death his reduced retirement allowance shall be continued throughout the life of and paid to such person as he shall nominate by written designation duly acknowledged and filed with the board of trustees at the time of his retirement; or

Option three. Upon his death, one-half of his reduced retirement allowance shall be continued throughout the life of, and paid to such person as he shall nominate by written designation duly acknowledged and filed with the board of trustees at the time of his retirement; or

Option four. Some other benefit or benefits shall be paid either to the member or to such person or persons as he shall nominate: Provided, such other benefit or benefits, together with the reduced retirement allowance, shall be certified by the actuary to be of equivalent actuarial value to his retirement allowance, and approved by the board of trustees. (1939, c. 390, s. 7.)

§ 128-28. Administration. — The general administration and responsibility for the proper operation of the retirement system and for making effective the provisions of this article are hereby vested in the Board of Trustees of the Teachers' and State Employees' Retirement System of North Carolina, and all of the provisions of § 135-6, relating to the administration by said Board of Trustees shall apply to the administration of this article by said Board of Trustees: Provided, that all expenses in connection with the administration of this North Carolina Local Government Employees' Retirement System shall be charged against this retirement system and paid from the expense fund as provided in subsection five of § 128-30. (1939, c. 390, s. 8; 1941, c. 357, s. 6.)

§ 128-29. Management of funds. — (1) Vested in Board of Trustees.—The board of trustees shall be the trustee of the several funds created by this article as provided in § 128-30, and shall have full power to invest and reinvest such funds, subject to all the terms, conditions, limitations and restrictions imposed by the laws of North Carolina upon domestic life insurance companies in the making and disposing of their investment; and subject to like terms, conditions, limitations and restrictions, said trustee shall have full power to hold, purchase, sell, assign, transfer and dispose of any of the securities and investments in which any of the funds created herein shall have been invested, as well as the proceeds of said investments and any monies belonging to said funds.

(2) Annual Allowance of Regular Interest.—The board of trustees annually shall allow regular interest on the mean amount for the preceding year in each of the funds with the exception of the expense fund. The amounts so allowed shall be due and payable to said funds, and shall be annually credited thereto by the board of trustees from interest and other earnings on the monies of the retirement system. Any additional amount required to meet the interest on the funds of the retirement system shall be paid from the pension accumulation fund, and any excess of earnings over such amount required shall be paid to the pension accumulation fund. Regular interest shall mean such per centum rate to be compounded annually as shall be determined by the board of trustees on the basis of the interest earnings of the system for the preceding year and of the probable earnings to be made, in the judgment of the board, during the immediate future.

(3) Custodian of Funds.—The State Treasurer shall be the custodian of the several funds. All payments from said funds shall be made by him only upon vouchers signed by two persons designated by the board of trustees. The secretary of the board of trustees shall furnish said board a surety bond in a company authorized to do business in North Carolina in such an amount as shall be required by the board, the premium to be paid from the expense fund.

(4) Cash Deposits for Meeting Disbursements.—For the purpose of meeting disbursements for pensions, annuities and other payments there may be kept available cash, not exceeding ten per centum of the total amount in the several funds of the retirement system, on deposit in one or more banks or trust companies of the state of North Carolina, organized under the laws of the state of North Carolina, or of the United States: Provided, that the sum on deposit in any one bank or trust company shall not exceed twenty-five per centum of the paid up capital and surplus of such bank or trust company.

(5) Selection of Depostories.—The board of trustees shall select a bank or banks for the deposits of the funds and securities of the retirement system in the same manner as such banks are selected by the treasurer of the state of North Carolina. Such banks selected shall be required to conform to the law governing banks selected by the state. The funds and properties of the North Carolina governmental employees' retire-

ment system held in any bank of the state shall be safeguarded by a fidelity and surety bond, the amount to be determined by the board of trustees.

(6) Immunity of Funds.—Except as otherwise herein provided, no trustee and no employee of the board of trustees shall have any direct interest in the gains or profits of any investment made by the board of trustees, nor as such receive any pay or emolument for this service. No trustee or employee of the board shall, directly or indirectly, for himself or as an agent in any manner use the same, except to make such current and necessary payments as are authorized by the board of trustees; nor shall any trustee or employee of the board of trustees become an endorser or surety or in any manner an obligor for monies loaned or borrowed from the board of trustees. (1939, c. 390, s. 9; 1941, c. 357, s. 7.)

§ 128-30. Method of financing. — All of the assets of the retirement system shall be credited according to the purpose for which they are held to one of five funds, namely, the annuity savings fund, the annuity reserve fund, the pension accumulation fund, the pension reserve fund and the expense fund.

(1) Annuity Savings Fund.—The annuity savings fund shall be a fund in which shall be accumulated contributions from the compensation of members to provide for their annuities. Contributions to and payments from the annuity savings fund shall be made as follows:

(a) Each participating employer shall cause to be deducted from the salary of each member on each and every payroll of such employer for each and every payroll period four per centum (4%) of his earnable compensation. But the employer shall not have any deduction made for annuity purposes from the compensation of a member who elects not to contribute if he has attained the age of sixty years and has completed thirty-five years of service. In determining the amount earnable by a member in a payroll period, the board of trustees may consider the rate of annual compensation payable to such member on the first day of the payroll period as continuing throughout such payroll period, and it may omit deduction from compensation for any period less than a full payroll period if an employee was not a member on the first day of the payroll period. In determining the amount earnable by a member whose compensation is derived partly or wholly from fees, such member shall submit a sworn statement to his employer as to the amount of fees received by such member as compensation during the preceding year, and each month such member shall pay to his employer four per centum of one-twelfth of such compensation received from fees during the previous year, which shall be considered as deductions by the employer as provided in paragraphs (a) and (b) of Subsection one of this section.

(b) The deductions provided for herein shall be made notwithstanding that the minimum compensation provided for by law for any member shall be reduced thereby. Every member shall be deemed to consent and agree to the deductions made and provided for herein and shall receipt for his full salary or compensation, and payment of salary or compensation less said deduction shall be a full and complete discharge and acquittance of all claims and demands whatsoever for the services rendered by such person during the period covered by such payment, except as to the benefits provided under this article. The employer shall certify to the board of trustees on each and every payroll or in such other manner as the board of trustees may prescribe, the amounts to be deducted; and each of said amounts shall be deducted, and when deducted shall be paid into said annuity savings fund, and shall be credited, together with regular interest thereon to the individual account of the member from whose compensation said deduction was made.

(c) In addition to the contributions deducted from compensation as hereinbefore provided, subject to the approval of the board of trustees, any member may redeposit in the annuity savings fund by a single payment or by an increased rate of contribution an amount equal to the total amount which he previously withdrew therefrom as provided in this article, or any part thereof; or any member may deposit therein by a single payment or by an increased rate of contribution an amount computed to be sufficient to purchase an additional annuity, which, together with his prospective retirement allowance, will provide for him a total retirement allowance of not to exceed one-half of his average final compensation at age sixty. Such additional amounts so deposited shall become a part of his accumulated contributions except in the case of retirement, when they shall be treated as excess contributions returnable to the member in cash or as an annuity of equivalent actuarial value and shall not be considered in computing his pension. The accumulated contributions of a member drawn by him, or paid to his estate or to his designated beneficiary in event of his death as provided in this article, shall be paid from the annuity savings fund. Upon the retirement of a member his accumulated contributions shall be transferred from the annuity savings fund to the annuity reserve fund.

(2) Annuity Reserve Fund.—The annuity reserve fund shall be the fund in which shall be held the reserves on all annuities in force and from which shall be paid all annuities and all benefits in lieu of annuities, payable as provided in this article. Should a beneficiary retired on account of disability be restored to active service with a compensation not less than his average final compensation at the time of his last retirement his annuity reserve shall be transferred from the annuity reserve fund to the annuity savings fund and credited to his individual account therein.

(3) Pension Accumulation Fund.—The pension accumulation fund shall be the fund in which shall be accumulated all reserves for the payment of all pensions and other benefits payable from contributions made by employers and from which shall be paid all pensions and other benefits on account of members with prior service credit. Contributions to and payments from the pension accumulation fund shall be made as follows:

(a) Each participating employer shall pay to the pension accumulation fund monthly, or at

such other intervals as may be agreed upon with the board of trustees, an amount equal to a certain percentage of the earnable compensation of each member, to be known as the "normal contribution," and an additional amount equal to a percentage of his earnable compensation to be known as the "accrued liability contribution." The rate per centum of such contributions shall be fixed on the basis of the liabilities of the retirement system as shown by actuarial valuation. Until the first valuation the normal contribution for general employees shall be two and fourteen one hundredths per centum (2.14%) and the accrued liability contribution for general employees shall be one and seventy-eight one hundredths per centum (1.78%) of the payroll of the members who are general employees; and until the first valuation the normal contribution for firemen and policemen, including sheriffs and other law enforcing officers, shall be three and eighty one hundredths per centum (3.80%), and the accrued liability contribution for firemen and policemen, including sheriffs and other law enforcing officers, shall be three and nineteen one hundredths per centum (3.19%) of the payroll of the members who are firemen and policemen or other law enforcing officers.

(b) On the basis of regular interest and of such mortality and other tables as shall be adopted by the board of trustees, the actuary engaged by the board to make each valuation required by this article during the period over which the accrued liability contribution is payable, immediately after making such valuation, shall determine the uniform and constant percentage of the earnable compensation of the average new entrant throughout his entire period of active service which would be sufficient to provide for the payment of any pension payable on his account and for the pro rata share of the cost of administration of the retirement system. The rate per centum so determined shall be known as the "normal contribution" rate. After the accrued liability contribution has ceased to be payable, the normal contribution rate shall be the rate per centum of the earnable salary of all members obtained by deducting from the total liabilities of the pension accumulation fund the amount of the funds in hand to the credit of that fund and dividing the remainder by one per centum of the present value of the prospective future salaries of all members as computed on the basis of the mortality and service tables adopted by the board of trustees and regular interest. The normal rate of contribution shall be determined by the actuary after each valuation.

(c) Immediately succeeding the first valuation the actuary engaged by the board of trustees shall compute the rate per centum of the total annual compensation of all members which is equivalent to four per centum of the amount of the total pension liability on account of all members and beneficiaries which is not dischargable by the aforesaid normal contribution made on account of such members during the remainder of their active service. The rate per centum originally so determined shall be known as the "accrued liability contribution" rate.

(d) The county, city or town participating in the system as provided in subsection four of § 128-23 shall make a special accrued liability contribution on account of its approval of the participation of its employees in the North Carolina local governmental employees' retirement system, which shall be determined by actuarial valuation of the accrued liability on account of the employees of such county, city or town who elected to become members in the same manner as the accrued liability rate was originally determined for employees who become members of the local governmental employees' retirement system prior to January first, nineteen hundred and forty-two. This special accrued liability contribution, subject to such adjustment as may be necessary on account of any additional prior service credits awarded to employees of such county, city or town, shall be payable in lieu of the accrued liability contribution payable on account of other employees in the system. The expense of making such initial valuation shall be assessed against and paid by the county, city or town on whose account it is necessary.

(e) The total amount payable in each year to the pension accumulation fund shall not be less than the sum of the rate per centum known as the normal contribution rate and the accrued liability contribution rate of the total compensation earnable by all members during the preceding year: Provided, however, that the amount of each annual accrued liability contribution shall be at least three per centum greater than the preceding annual accrued liability payment, and that the aggregate payment by employers shall be sufficient, when combined with the amount in the fund, to provide the pensions and other benefits payable out of the fund during the year then current.

(f) The accrued liability contribution shall be discontinued as soon as the accumulated reserve in the pension accumulation fund shall equal the present value, as actuarially computed and approved by the board of trustees, of the total liability of such fund less the present value, computed on the basis of the normal contribution rate then in force, of the prospective normal contributions to be received on account of all persons who are at that time members.

(g) All pensions, and benefits in lieu thereof, with the exception of those payable on account of members who received no prior service allowance, payable from contributions of employers, shall be paid from the pension accumulation fund.

(h) Upon the retirement of a member not entitled to credit for prior service, an amount equal to his pension reserve shall be transferred from the pension accumulation fund to the pension reserve fund.

(4) Pension Reserve Fund.—The pension reserve fund shall be the fund in which shall be held the reserves of all pensions granted to members not entitled to credit for prior service and from which such pensions and benefits in lieu thereof shall be paid. Should such a beneficiary retired on account of disability be restored to active service with a compensation not less than his average final compensation at the time of his last retirement the pension thereon shall be transferred from the pension reserve fund to the pension accumulation fund. Should the pension of such disability beneficiary be reduced as a result of an increase in his earning capacity, the amount

to the annual reduction in his pension shall be paid annually into the pension accumulation fund during the period of such reduction.

(5) Expense Fund.—The expense fund shall be the fund from which the expenses of the administration of the retirement system shall be paid, exclusive of amounts payable as retirement allowances and as other benefits provided herein. Contribution shall be made to the expense fund as follows:

(a) The board of trustees shall determine annually the amount required to defray such administrative expenses for the ensuing fiscal year and shall adopt a budget in accordance therewith. The budget estimate of such expenses shall be paid to the expense fund from the pension accumulation fund.

(b) For the purpose of organizing the retirement system and establishing an office, the board of trustees may provide as a prerequisite to participation in the retirement system that each participating employer or employee or both shall pay an additional contribution to the retirement system for the expense fund not to exceed two dollars for each employee, such contribution of the employee to be credited to his individual account in the annuity savings fund at such later time as the board of trustees shall determine, and/or the board of trustees may borrow such amounts as may be necessary to organize and establish the retirement system.

(6) Collection of Contributions.—(1) The collection of members' contributions shall be as follows:

(a) Each employer shall cause to be deducted on each and every payroll of a member for each and every payroll subsequent to the date of participation in the retirement system the contributions payable by such member as provided in this article. Each employer shall certify to the treasurer of said employer on each and every payroll a statement as vouchers for the amount so deducted.

(b) The treasurer of each employer on the authority from the employer shall make deductions from salaries of members as provided in this article and shall transmit monthly, or at such time as the board of trustees shall designate, the amount specified to be deducted, to the secretary-treasurer of the board of trustees. The secretary-treasurer of the board of trustees after making a record of all such receipts shall deposit them in a bank or banks selected by said board of trustees for use according to the provisions of this article.

(2) The collections of employers' contributions shall be made as follows: Upon the basis of each actuarial valuation provided herein the board of trustees shall annually prepare and certify to each employer a statement of the total amount necessary for the ensuing fiscal year to the pension accumulation fund as provided under subsection three of this section. (1939, c. 390, s. 10; 1941, c. 357, s. 8.)

§ 128-31. Exemptions from execution. — The right of a person to a pension, an annuity, or a retirement allowance, to the return of contributions, the pension, annuity, or retirement allowance itself, any optional benefit or any other right accrued or accruing to any person under the provisions of this article, and the monies in the various funds created by this article, are hereby exempt from any state or municipal tax, and exempt from levy and sale, garnishment, attachment, or any other process whatsoever, and shall be unassignable except as in this article specifically otherwise provided. (1939, c. 390, s. 11.)

§ 128-32. Protection against fraud.—Any person who shall knowingly make any false statement or shall falsify or permit to be falsified any record or records of this retirement system in any attempt to defraud such system as a result of such act shall be guilty of a misdemeanor, and on conviction thereof by any court of competent jurisdiction, shall be punished by a fine not exceeding five hundred dollars ($500.00), or imprisonment not exceeding twelve months, or both, such fine and imprisonment at the discretion of the court. Should any change or error in the records result in any member or beneficiary receiving from the retirement system more or less than he would have been entitled to receive had their records been correct, the board of trustees shall correct such error, and as far as practicable, shall adjust the payment in such a manner that the actuarial equivalent of the benefit to which such member or beneficiary was correctly entitled shall be paid. (1939, c. 390, s. 12.)

§ 128-33. Other laws not applicable to members. —No other provision of law in any other statute which provides wholly or partly at the expense of any county, city or town for pensions or retirement benefits for employees of the said county, city or town, their widows, or other dependents shall apply to members or beneficiaries of the retirement system established by this article. (1939, c. 390, s. 13.)

§ 128-34. Transfer of members. — Any member of the North Carolina governmental employees' retirement system who leaves the service of his employer and enters the service of another employer participating in the North Carolina governmental employees' retirement system shall maintain his status as a member of the retirement system and shall be credited with all of the amounts previously credited to his account in any of the funds under this article, but the new employer shall be responsible for any accrued liability contribution payable on account of any prior service credit which such employee may have at the time of his transfer, and such employee shall be given such status and be credited with such service with the new employer as allowed with the former employer. (1939, c. 390, s. 14.)

§ 128-35. Obligations of pension accumulation fund. — The maintenance of annuity reserves and pension reserves as provided for, and regular interest creditable to the various funds as provided in § 128-30, and the payment of all pensions, annuities, retirement allowances, refunds and other benefits granted under the provisions of this article, are hereby made obligations of the pension accumulation fund. All income, interest and dividends derived from deposits and investments authorized by this article shall be used for the payment of said obligations of the said fund. (1939, c. 390, s. 15.)

§ 128-36. Local laws unaffected; when benefits begin to accrue.—Nothing in this article shall have the effect of repealing any public-local or private act creating or authorizing the creation of any officers' or employees' retirement system in any county, city, or town or prohibiting the enactment of any public-local or private act creating or authorizing the creation of any officers' or employees' retirement system in any county, city, or town. No payment on account of any benefit granted under the provisions of § 128-27, subsections one to four inclusive, shall become effective or begin to accrue until the end of one year following the date the system is established nor shall any compulsory retirement be made during that period. Notwithstanding anything else to the contrary in this article, the provisions of this article shall apply only to counties having a population of more than fifteen thousand inhabitants by the last preceding United States census and to municipalities. (1939, c. 390, s. 16; 1941, c. 357, ss. 9, B.)

§ 128-37. Levy of taxes; referendum; counties excepted.—No county, city, town, or other municipality, shall levy any tax, pledge its faith, or incur any indebtedness for the purposes herein mentioned until the same shall have been submitted to, and approved by, the qualified voters thereof at an election to be called by the governing body of said county, city, town, or other municipality: Provided, that the provisions of this section shall not apply to the following: The cities of Greensboro and Gibsonville; Mount Airy in Surry County; Rowan County or the municipalities therein; Pitt County, nor to any municipality therein; the Town of Aberdeen, in Moore County; Wake County and the municipalities located therein; Mecklenburg, Bladen, Durham and Alexander Counties and/or the municipalities therein; Pasquotank County or the municipalities therein, and such county and municipalities shall be entitled to participate in the retirement system in the manner provided by § 128-23; Lee County and the towns of Sanford and Jonesboro located therein; Randolph County and the Town of Asheboro located therein; and Davidson and Alexander Counties and the municipalities located therein. (1941, c. 357, s. 9A.)

§ 128-38. Withdrawal from System by participating units. — Any county, city or town participating in the Retirement System may by action of its governing body later withdraw from the system, and all contributions of employees and employers shall be returned to them or their representatives. (1941, c. 357, s. 9B.)

Art. 4. Leaves of Absence.

§ 128-39. Leaves of absence for state officials.—Any elective or appointive state official may obtain leave of absence from his duties for military or naval service, protracted illness, or other reason satisfactory to the governor, for such period as the governor may designate. Such leave shall be obtained only upon application by the official and with the consent of the governor. The official shall receive no salary during the period of leave unless the leave of absence is granted by reason of protracted illness, in which event the granting of a leave of absence shall not operate to deprive any such official of the benefits of cumulative sick leave to which he may be entitled under rules and regulations adopted pursuant to § 143-37 or to which he may otherwise be entitled by law. The period of leave may be extended upon application to and with the approval of the governor if the reason for the original leave still exists, and it may be shortened if the said reason shall unexpectedly terminate: Provided, that no leave or extension thereof shall operate to extend the term of office of any official beyond the period for which he was elected or appointed. If, by reason of the length of the period of absence or the nature of the duties of the official, the governor deems it necessary, the governor may appoint any citizen of the state, without regard to residence or district, as acting official or substitute for the period of the official's leave of absence, such appointee to have all the authority, duties, perquisites, and emoluments of his principal. (1941, c. 121, s. 1.)

§ 128-40. Leaves of absence for county officials. — Any elective or appointive county official may obtain leave of absence from his duties for military or naval service, protracted illness, or other reason satisfactory to the board of county commissioners of his county, for such period as the board of county commissioners may designate. Such leave shall be obtained only upon application by the official and with the consent of the board of county commissioners. The official shall receive no salary during the period of leave unless the leave of absence is granted by reason of protracted illness, in which event the granting of a leave of absence shall not operate to deprive any such official of the benefits of any sick leave to which he may be entitled by law. The period of leave may be extended upon application to and with the approval of the board of county commissioners if the reason for the original leave still exists, and it may be shortened if the said reason shall unexpectedly terminate: Provided, that no leave or extension thereof shall operate to extend the term of office of any official beyond the period for which he was elected or appointed. If, by reason of the length of the period of absence or the nature of the duties of the official, the board of county commissioners deems it necessary, the board may appoint any qualified citizen of the county as acting official or substitute for the period of the official's leave of absence, such appointee to have all the authority, duties, perquisites, and emoluments of his principal. (1941, c. 121, s. 2.)

§ 128-41. Leaves of absence for municipal officers. — Any elective or appointive municipal official may obtain leave of absence from his duties for military or naval service, protracted illness, or other reason satisfactory to the governing body of the municipality, for such period as the governing body may designate. Such leave shall be obtained only upon application by the official and with the consent of the governing body. The official shall receive no salary during the period of leave unless the leave of absence is granted by reason of protracted illness, in which event the granting of a leave of absence shall not operate to deprive any such official of the benefits of any sick leave to which he may be entitled by law. The period of

leave may be extended upon application to and with the approval of the governing body of the municipality if the reason for the original leave still exists, and it may be shortened if the said reason shall unexpectedly terminate: Provided, that no leave or extension thereof shall operate to extend the term of office of any official beyond the period for which he was elected or appointed. If, by reason of the length of the period of absence or the nature of the duties of the official, the governing body deems it necessary, it may appoint any qualified citizen of the municipality as acting official or substitute for the period of the official's leave of absence, such appointee to have all the authority, duties, perquisites, and emoluments of his principal. (1941, c. 121, s. 3.)

(Rev., s. 4454; 1893, c. 214, s. 25; 1911, c. 62, s. 14; 1913, c. 181, s. 4; C. S. 7076.)

§ 130-32. Duties of the municipal physician or health officer; enforcement.—The duties of the municipal physician within the jurisdiction of the town or city for which he is elected shall be identical with those of the county physician for the county, with the exception of the duties of the county physician pertaining to the jail, convict camp, and county home. The authorities of any city or town shall have the power to assign the duties of quarantine officers to the municipal physician or health officer, and in such cases the municipal health officer shall faithfully perform the duties of the quarantine officers as prescribed in this chapter, and shall be subject to the penalties provided for the refusal or nonperformance of such duties. If the physician is employed to devote his entire time to the public health interests of his town or city he shall be known as the municipal health officer and shall discharge all duties pertaining to the public schools of his town or city which were as

signed in this chapter to the county health officer, and such other duties as may be assigned him by the municipal board of health.

Any one violating any of the provisions of this section shall be guilty of a misdemeanor, and subject to a fine of not less than ten dollars nor more than fifty dollars. (Rev., s. 4509; 1893, c. 214, s. 9; 1911, c. 62, s. 15; 1913, c. 181, s. 5; C. S. 7077.)

Art. 6. Sanitary Districts in General.

§ 130-33. Creation by state board of health.— For the purpose of preserving and promoting the public health and welfare the State Board of Health may, as hereinafter provided, create sanitary districts without regard for county, township or municipal lines: Provided, however, that no municipal corporation or any part of the territory in a municipal corporation shall be included in a sanitary district except at the request of the governing board of such municipal corporation. (1927, c. 100, s. 1.)

Local Modification.—Caswell: 1939, c. 3, ss. 1, 2; 1941, c. 89; Moore: 1939, c. 3, s. 3.

§ 130-34. Incorporation; petition from freeholders. — Such sanitary district shall be incorporated as hereinafter set out. Fifty one per cent or more of the resident freeholders within the proposed district may petition the board of county commissioners of the county in which all or the major portion of the proposed district is located setting forth the boundaries of the proposed sanitary district and the objects it is proposed to accomplish. Upon receipt of such petition the board of county commissioners, if the same is approved by them, shall, through its chairman, transmit the petition to the State Board of Health requesting that the proposed sanitary district be created. Provided, however, that the board of county commissioners before passing upon said petition shall hold a public hearing upon the same and shall give prior notice of such hearing by advertising to be made by posting a notice at the court-house door of their county and also by publication in a newspaper published in said county at least once a week for four successive weeks; and in the event such hearing is to be before a joint meeting of the boards of county commissioners of more than one county, or in the event the land to be affected lies in more than one county, then in either of such events a like publication of notice shall be made and given in each of said counties. (1927, c. 100, ss. 2, 3.)

§ 130-35. State board of health to hold public hearing.—The State Board of Health shall name a time and place within the proposed district at which the State Board of Health, through a representative, shall hold a public hearing concerning the creation of the proposed sanitary district. The State Board of Health shall cause at least twenty days' notice to be given of the time and place of such hearing by publishing this information at least five times in a newspaper or newspapers published in or near the proposed district and having a general circulation therein. In the event that all matters pertaining to the creation of this sanitary district cannot be concluded at the hearing, any such hearing may be continued at a time and place named by the representative of the State Board of Health. (1927, c. 100, s. 4.)

§ 130-36. Declaration that district exists; status of industrial villages within boundaries of district. —If, after such hearing the State Board of Health shall deem it advisable to comply with the request of said petition and that a district for the purpose or purposes therein stated should be created and established, the State Board of Health shall adopt a resolution to that effect, defining the boundaries of such district and declaring the territory within such boundaries to be a sanitary district; Provided, however, that any industrial plant and its contiguous village shall be included within or excluded from the area embraced within such sanitary district as expressed in the application of the person, persons or corporation owning or controlling such industrial plant and its contiguous village, said application to be filed with the State Board of Health on or before the date of the public hearing as hereinbefore provided. Each district when created shall be identified by a name or number assigned by the State Board of Health. (1927, c. 100, s. 5.)

§ 130-37. Election and terms of office of sanitary district boards.—The State Board of Health shall cause copies of the resolution adopted creating the sanitary district to be sent to the board or boards of county commissioners of the county or counties in which all or parts of the territory within the district is located, whereupon the said board or boards of county commissioners shall hold a meeting or joint meeting for the purpose of electing a sanitary district board of three members, freeholders within the district, which shall thereafter be the governing body of the sanitary district. At this meeting or joint meeting of said board or boards of county commissioners there shall be elected three members of said sanitary district boards who shall serve until their successors are elected and qualified. At the next general election following said appointment by the board of county commissioners candidates for said district board shall be elected in the primary and elected at said general election as are county officers except that the nomination and election shall be confined to said district. The members of the board so nominated and elected shall be residents of the district. They shall qualify by taking the oaths of office on the first Monday in December following their election. The term of office shall be two years and until their successors qualify. (1927, c. 100, s. 6.)

§ 130-38. Vacancy appointments to district boards.—Hereafter any vacancy that may exist in any sanitary district board of any sanitary district of the State for any cause shall be filled by the county commissioners of the county in which said sanitary district may be situate. (1935, c. 357, s. 2.)

§ 130-39. Corporate powers. — When a sanitary district is organized as herein provided the sanitary district board selected under the provisions of this article shall be a body politic and corporate and as such may sue and be sued in matters re-

lating to such sanitary district. In addition, such board shall have the following powers:

1. Under the supervision of the state board of health to acquire, construct, maintain and operate a sewerage system, sewage disposal or treatment plant, water supply system, water purification or treatment plant or such other utilities as may be necessary for the preservation and promotion of the public health and sanitary welfare within the district.

2. To issue certificates of indebtedness against the district in the manner hereinafter provided.

3. To issue bonds of the district in the manner hereinafter provided.

4. To cause taxes to be levied and collected upon all the taxable property within the district sufficient to meet the obligations of the district evidenced by bonds, certificates of indebtedness and revenue anticipation notes issued against the district and to pay all obligations incurred by the district in the performance of all of its lawful undertakings.

5. To acquire, either by purchase, condemnation or otherwise and hold real and personal property, easements, rights-of-way and water rights in the name of the district within and/or without the corporate limits of the district, necessary or convenient for the construction or maintenance of the works of the district.

6. To employ such engineers, counsel and other such persons as may be necessary to carry into effect any projects undertaken and to fix compensation thereof.

7. To negotiate and enter into agreement with the owners of existing water supplies, sewerage systems or other such utilities as may be necessary to carry into effect the intent of this article.

8. To formulate rules and regulations necessary for proper functioning of the works of the district.

9. (a) To contract with any person, firm, corporation, city, town, village or political subdivision of the state both within and/or without the corporate limits of the district to supply raw water without charge to said person, firm, corporation, city, town, village or political subdivision of the state in consideration of said person, firm, corporation, city, town, village or political subdivision permitting the contamination of its source of water supply by discharging sewage therein and to construct all improvements necessary or convenient to effect the delivery of said water at the expense of the district, when in the opinion of the sanitary district board it will be for the best interest of the district and subject to the approval of the state board of health.

(b) To contract with any person, firm, corporation, city, town, village or political subdivision of the state within and/or without the corporate limits of the district to supply raw and/or filtered water to said person, firm, corporation, city, town, village, or political subdivision of the state where the service is available: Provided, however, that for service supplied outside the corporate limits of the district, the sanitary district board may fix a different rate from that charged within the corporate limits but shall in no case be liable for damages for a failure to furnish a sufficient supply of water.

10. After the final approval and adoption of the plan as set forth in § 130-45, and the election as provided in § 130-46, and subject to the approval of the state board of health, to adopt a plan different from that adopted by said board and heretofore or hereafter voted upon by the qualified voters of the district, where the newly-adopted plan would not in the opinion of said board and the state board of health constitute a material deviation from the original plan, which new plan may provide among other things for the construction of a water line for the supply of any person, firm, corporation, city, town, village or political subdivision of the state either within and/or without the corporate limits of the district instead of a sewage disposal line and other improvements, where the change in said plans would permit the disposal of sewage at a point nearer the district either within and/or without the corporate limits, thereby contaminating the prevailing water supply of the person, firm, corporation, city, town, village or political subdivision of the state to whom the water is to be supplied and would effect a saving to the district, and to reappropriate for carrying out the new plan a sufficient amount of bond money theretofore appropriated by the vote of the qualified voters of the district to pay the costs of construction of the plan thereafter adopted.

11. Subject to the approval of the state board of health, to engage in and undertake the prevention and eradication of malaria within the district by the eradication of the mosquito and to that end the sanitary district board of said sanitary district is hereby empowered to employ sufficient employees suitable to the accomplishment of this work.

12. To collect and dispose of garbage, waste, and other refuse by contract or otherwise.

13. To establish a fire department for the protection of property within the district, or to contract with cities, counties or other governmental units to furnish fire fighting apparatus and personnel for use in the district.

14. The district, and in the event the district enters into a contract with any other governmental unit for the collection and disposal of garbage, waste or other refuse or for fire protection, as aforesaid, then, in that event, the district and such other governmental unit shall each have and enjoy all privileges and immunities that are now granted to other governmental units in exercising the governmental functions of collecting garbage, waste and other refuse, and furnishing fire protection.

15. To use the income of the district, and if necessary, to cause taxes to be levied and collected upon all the taxable property within the district sufficient to pay the costs of collecting and disposing of garbage, waste and other refuse, and to provide fire protection in said district, all as provided in this article.

The provisions of subsections twelve, thirteen, fourteen and fifteen shall apply only to sanitary districts which adjoin and are contiguous to cities having a population of fifty thousand or more. (1927, c. 100, s. 7; 1933, c. 8, ss. 1, 2; 1935, c. 287, ss. 1, 2; 1941, c. 116.)

§ 130-40. Organization of board. — Upon election a sanitary district board shall meet and elect one of its members as chairman, and an-

other member as secretary. Each member of the board may receive a per diem compensation of five dollars when actually engaged in the business of the district payable from the funds of the district. The board may employ a clerk, stenographer, or such other assistance as it may deem necessary and may fix the duties and compensation thereof.

A sanitary district board may at any time remove any of its employees and may fill any vacancies however arising. (1927, c. 100, s. 8.)

§ 130-41. Power to condemn property.—When, in the opinion of the sanitary district board, it is necessary to procure real estate, right-of-way or easement within and/or without the corporate limits of the district for any of the improvements authorized by this article, they may purchase the same or if the board and the owner or owners thereof are unable to agree upon its purchase and sale, or the amount of damage to be awarded therefor, the board may condemn such real estate, right-of-way or easement within and/or without the corporate limits of the district and in so doing the ways, means and method and procedure of chapter 40 entitled "eminent domain" shall apply. Section 40-10 shall not, however, be applicable to such condemnation proceedings. In the event the owner or owners shall appeal from the report of the commissioners, it shall not be necessary for the sanitary board to deposit the money assessed with the clerk, but it may proceed and use the property to be condemned until the final determination of the action. (1927, c. 100, s. 9; 1933, c. 8, s. 3.)

§ 130-42. Construction of systems by corporations or individuals.—Whenever a corporation or the residents of any locality within the sanitary district shall desire a water supply, sewerage system or any part thereof and the sanitary district board shall deem it inadvisable or impracticable at that time, due to remoteness from its general system or other cause, for the sanitary district to build such system, such corporation or residents may nevertheless build and operate such system at its or their own expense but it shall be constructed and operated under plans, specifications and regulations approved by the district board. (1927, c. 100, s. 10.)

§ 130-43. Reports.—Upon the election of any sanitary district board it shall become the duty of the board to employ competent engineers to make a report or reports on the problems of the sanitary district, which report or reports shall be prepared and filed with the sanitary district board. Such report or reports shall embrace the following:

1. Suitable comprehensive maps showing the boundaries of the sanitary district and in a general way the location of the various parts of the work that is proposed to be done and such information as may be useful for a thorough understanding of the proposed undertaking.
2. A general description of existing facilities for carrying out the objects of the district.
3. A general description of the various plans which might be adopted for accomplishment of the objects of the district.
4. General plans and specifications for such work.
5. General descriptions of property it is proposed to be acquired or which may be damaged in carrying out the work.
6. Comparative detail estimates of cost for the various construction plans.
7. Recommendations. (1927, c. 100, s. 11.)

§ 130-44. Consideration of reports by sanitary district board.—The report or reports filed by the engineers shall be given careful consideration by the sanitary district board for adoption of a plan which they approve. If deemed advisable by the sanitary district board they may hold a public hearing, giving due and ample notice of the time and place thereof, for the purpose of considering objections to carrying out of the work according to the plan adopted by them. (1927, c. 100, s. 12.)

§ 130-45. Resolution after adoption of plan.—After final approval of the plan adopted the sanitary district board shall adopt a resolution setting forth:

1. A general outline of the work that is proposed to be done.
2. A reference to the engineer's report for details as to the plan adopted.
3. The amount of bonds that the board proposes to issue to cover the cost of doing the proposed work.
4. The form and term of the proposed bonds and the interest rate thereon.

The resolution shall, immediately after adoption, be published at least three times in one or more newspapers having a general circulation within the district. (1927, c. 100, s. 13.)

§ 130-46. Call for election. — Following the adoption of the resolution by the sanitary district board the said board shall call upon the board or boards of county commissioners in the county or counties in which the district or any portion thereof is located to name election officers, set date, name polling places, and cause to be held an election within the district on the proposition of issuing bonds to provide funds for doing the work as set forth in the resolution adopted by the sanitary board. If, at such election the majority of the registered voters vote in favor of incurring the indebtedness as proposed, the district board shall issue and sell bonds for the amount set forth in the resolution. Should the proposition of issuing bonds submitted at any election as provided under this article fail to receive the required number of votes, the sanitary district board may, at any time after the expiration of six months, cause another election to be held for the same objects and purposes or for any other objects and purposes. The expenses of holding bond election shall be paid from the funds of the sanitary district.

The board of commissioners of the county in which said sanitary district is located, if wholly located in a single county, may in their discretion at any special election held under the provisions of this article make the whole sanitary district a voting precinct, or may create therein one or more voting precincts as to them seems best

to suit the convenience of voters, the said precinct not to be the general election precinct unless the boundaries of the sanitary district are co-terminal with one or more whole general election precincts. If said sanitary district is located in more than one county, the election precincts therein shall be fixed by the board of the particular county in which the portion of the sanitary district is located.

The said board or boards of commissioners shall provide registration and polling books for each precinct in the sanitary district, the cost of the same to be paid from the funds of the sanitary district. The notice of the election shall be given by publication at least three times in some newspaper published or circulated in the district. It shall set forth the boundary lines of the district and the amount of bonds proposed to be issued. The first publication shall be at least thirty days before the election. At the first election after the organization of the sanitary district, a new registration of the qualified voters within the same shall be ordered and notice of such new registration shall be deemed to be sufficiently given if given by publication once in some newspaper published or circulated in said district at least thirty days before the close of the registration books. The notice of registration may be considered one of the three notices required of the election. Time of such registration shall as near as may be conform with that of the registration of voters in municipal elections as provided in § 160-37. The published notice of registration shall state the days on which the books shall be open for registration of voters and place or places on which they will be open on Saturdays. The books of such new registration shall close on the second Saturday before the election. The Saturday before the election shall be challenge day and except as otherwise provided in this article, such election shall be held in accordance with the law governing general elections.

The ballots to be used and the manner of voting shall conform to the provisions of Chapter 164, Public Laws of 1929. After the election and after the vote has been counted, canvassed and returned to the board or boards of county commissioners, the election books shall be deposited in the office of the Clerk of the Superior Court as polling books for the particular sanitary district involved. At any subsequent election, whether upon the recall of an officer as provided in § 130-53 or for an additional bond issue in the particular district, a new registration may or may not be ordered as may be determined by the board of county commissioners interested in said election. (1927, c. 100, s. 14.)

§ 130-47. Bonds. — The sanitary district board shall, subject to the provisions of this article, and under competent legal and financial advice prescribe by resolution the form of bonds and the interest coupons attached thereto, the denominations of the bonds and the date and place at which they shall become payable. These bonds shall not be sold at less than par nor bear an interest rate in excess of six per cent. The bonds shall be signed by the chairman and secretary of the sanitary district board, and the seal of the board shall be affixed thereto. In the event coupon bonds are issued, the coupons thereof may be signed by the secretary alone, or he may have lithographed, engraved, or printed thereon a facsimile of his signature. The proceeds from the sale of such bonds shall be placed in a bank in the State of North Carolina to the credit of the sanitary district board, and payments therefrom shall be made by vouchers signed by the chairman and secretary of the sanitary district board. Said bank, however, shall be required to execute the proper bonds, giving as surety thereto some surety company authorized to do business in North Carolina, conditioned to account for and pay out upon said vouchers all funds so deposited in said bank. The penalty of said bond shall not be less than the amount of money so deposited in said bank. (1927, c. 100, s. 15.)

§ 130-48. Additional bonds. — Whenever the proceeds from the sale of bonds issued by any district as in this article authorized shall have been expended or contracted to be expended and the sanitary district board shall determine that the interest or necessity of the district demands that additional bonds are necessary for carrying out any of the objects of the district, the board may again proceed as in this article provided to have an election held for the issuance of such additional bonds and the issue and sale of such bonds and the expenditure of the proceeds therefrom shall be carried out as hereinbefore provided. In the event the proceeds from the sale of the bonds shall be in excess of the amount necessary to complete the costs of the completed works of the district and pay the interest and principal due on said bonds before the placing into service of the works of the district and the collection of taxes levied or to be levied for that purpose, then the sanitary district board shall be required to purchase with said surplus, at par and accrued interest, any part of the outstanding issue of said bonds. (1927, c. 100, s. 16; 1933, c. 8, s. 4.)

§ 130-49. Valuation of property; determining annual revenue needed. — Upon the creation of a sanitary district and after each assessment for taxes thereafter the board or boards of county commissioners of the county or counties in which the sanitary district is located shall file with the sanitary district board the valuation of assessable property within the district. The sanitary district board shall then determine the amount of funds to be raised for the ensuing year in excess of the funds available from surplus operating revenues set aside as provided in § 130-52 to provide payment of interest and the proportionate part of the principal of all outstanding bonds, and retire all outstanding certificates of indebtedness, revenue anticipation notes issued against the district and to pay all obligations incurred by the district in the performance of its lawful undertakings.

The sanitary district board shall determine the number of cents per $100 necessary to raise the said amount and so certify to the board or boards of county commissioners. The board or boards of county commissioners in their next annual levy shall include the number of cents per $100 so certified by the sanitary district board in the levy against all taxable property within the district, which tax shall be collected as other county

taxes are collected and every ninety days the amount of tax so collected shall be remitted to the sanitary district board and deposited by said board in a bank in the State of North Carolina separately from other funds of the district. Said bank, however, before said funds are deposited in it is to execute a proper surety bond as described in § 130-47 for the proper care and disbursement of and accounting for said taxes.

The sanitary district board of any sanitary district, in lieu of collecting the taxes in the manner as hereinbefore provided, may cause to be listed by all the taxpayers residing within the district with the person designated by the district board, all the taxable property located within the district, and after determining the amount of funds to be raised for the ensuing year in excess of the funds available from surplus operating revenues set aside as provided in § 130-52 to provide payment of interest and the proportionate part of the principal of all outstanding bonds, certificates of indebtedness, revenue anticipation notes issued against the district and to pay all obligations incurred by the district in the performance of all of its lawful undertakings, to determine the number of cents per one hundred ($100.00) dollars necessary to raise said amount. The said sanitary district board in its next annual levy shall levy against all taxable property in the district the number of cents per one hundred ($100.00) dollars necessary to raise the amount with which to pay the obligations of the district, including principal and interest on bonds, certificates of indebtedness, revenue anticipation notes and other lawful obligations of the district, which tax shall be collected in the same manner as taxes of other political sub-divisions of the State of North Carolina are collected by a tax collector, to be selected by the sanitary district board of the sanitary district electing to assess, levy and collect its taxes in the manner herein provided. The tax collector selected by said sanitary district board and the depository, in which said taxes so collected are deposited, shall qualify in the same manner and give the necessary surety bonds as are required of tax collectors and depositories of county funds in the county or counties in which said sanitary districts are located. (1927, c. 100, s. 17; 1935, c. 287, ss. 3, 4.)

§ 130-50. Certificates of indebtedness in anticipation of taxes; loans under Local Government Act.—A sanitary district board may issue certificates of indebtedness in anticipation of the levying and collection of taxes to cover any or all expenses incurred by the board incident to the preparation of the engineers' report, holding of bond election or any other expenses incurred by the board. The amount of any certificates of indebtedness issued by the sanitary district board shall be included in the bond issue as hereinbefore provided. In the event that the election held within the district for the purpose of issuing bonds to provide funds for carrying out the objects of the district results in the defeat of said bonds the sanitary district board shall cause to be levied and collected a tax sufficient to pay such certificates of indebtedness or any other indebtedness incurred by the sanitary district board. Such tax shall be levied and collected in the same manner as provided in § 130-49.

A sanitary district board may borrow money under the provisions of the Local Government Act, for the purpose of paying appropriations made for the current fiscal year in anticipation of the collection of the taxes and other revenues of such fiscal year, payable at such time or times, not later than thirty days after the expiration of the current fiscal year, as the governing board may fix. No such loan shall be made if the amount thereof, together with the amount of similar previous loans remaining unpaid, shall exceed fifty per cent of the amount of uncollected taxes and other revenue for the fiscal year in which the loan is made, as estimated by the chief financial officer and certified in writing by him to the governing body. (1927, c. 100, s. 18; 1935, c. 250.)

§ 130-51. Engineers to provide plans and supervise work; bids.—The sanitary district board shall retain competent engineers to provide detail plans and specifications and to supervise the doing of the work undertaken by the district. As determined by the sanitary district board, such work or any portion thereof, may be done by the sanitary district board purchasing the material and letting a contract for the doing of the work or by letting a contract for furnishing all the material and the doing of the work.

Any contract shall be let to the lowest responsible bidder submitting a sealed bid in response to a notice calling for such bid and published at least five times over a period of at least fifteen days in a newspaper or newspapers having a general circulation within the county or counties in which the district is located.

Any material to be purchased by the sanitary district board, the cost of which is in excess of one thousand dollars, shall be purchased from the lowest responsible bidder in the same manner as above provided.

All work done shall be in accordance with the plans and specifications prepared by the engineers in conformity with the plan adopted by the sanitary district board. (1927, c. 100, s. 19.)

§ 130-52. Service charges and rates.—A sanitary district board shall immediately upon the placing into service of any of its works apply service charges and rates which shall, as nearly as practicable, be based upon the exact benefits derived. Such service charges and rates shall be sufficient to provide funds for the proper maintenance, adequate depreciation, and operation of the work of the district, and provided said service charges and rates would not be unreasonable, to include in said service charges and rates an amount sufficient to pay the principal and interest maturing on the outstanding bonds of the district and thereby make the project self-liquidating. Any surplus from operating revenues shall be set aside as a separate fund to be applied to the payment of interest on bonds, to the retirement of bonds or both. As the necessity arises the sanitary district board may modify and adjust such service charges and rates from time to time. (1927, c. 100, s. 20; 1933, c. 8, s. 5.)

§ 130-53. Removal of member of board.—A

petition carrying the signatures of twenty-five per cent or more of the legal voters within a sanitary district requesting the removal from office of one or more members of a sanitary district board for malfeasance or misfeasance in office may be filed with the board of county commissioners of the county in which all or the greater portion of a sanitary district is located. Upon receipt of such petition the board of county commissioners, or in the event that the district is located in more than one county, a joint meeting of the boards of county commissioners shall be called, shall adopt a resolution calling an election, naming election officials, naming date, and giving due notice thereof for the purpose of removing from office the member or members of the sanitary district board named in the petition. In the event that more than one member of a sanitary district board is subjected to recall in an election, the names of each member of the board subjected to recall shall appear upon separate ballots. If in such recall election, a majority of the legal votes within the sanitary district shall be cast for the removal of any member or members of the sanitary district board subject to recall, such member or members shall cease to be a member or members of the sanitary district board, and the vacancy or vacancies so caused shall be immediately filled as hereinbefore provided. The expense of holding a recall election shall be paid from the funds of the sanitary district. (1927, c. 100, s. 21.)

§ 130-54. Rights of way granted.—A right-of-way in, along, or across any county or State highway, street or property within a sanitary district is hereby granted to a sanitary district in case such right-of-way is found by the sanitary district board to be necessary or convenient for carrying out any of the work of the district. Any work done in, along, or across any State highway shall be done in accordance with the rules and regulations of the State Highway and Public Works Commission. (1927, c. 100, s. 22; 1933, c. 172, s. 17.)

§ 130-55. Returns of elections.—In all elections provided for in this article the returns of such elections shall be made to the board or boards of county commissioners in which the sanitary district lies, and said board or boards of county commissioners shall canvass and declare the result of said election, and this determination of said board or boards of county commissioners upon the result of said election shall be by them certified to the sanitary district board for its action thereupon. (1927, c. 100, s. 23.)

§ 130-56. Procedure for extension of district.—The boundaries of any sanitary district may, with the approval of the sanitary district board, be extended under the same procedure as herein provided for the creation of a sanitary district: Provided, however, that twenty-five per cent or more of the resident freeholders within the territory proposed to be annexed institute by petition the proceedings for annexation, and that ten per cent of the freeholders resident in the district to be annexed are authorized to petition for an election upon the subject of annexation, and if such petition is filed with the sanitary district board, such election shall be held within the territory to be annexed under the rules and regulations hereinbefore provided. (1927, c. 100, s. 24.)

Local Modification.—Caswell, Moore: 1939, c. 3.

§ 130-57. Validation of creation of sanitary districts and of bond elections.—The action of the various boards of commissioners of the various counties of the State and the action of the state board of health heretofore had and taken in the formation and creation of sanitary districts in the State wheresoever situate and the formation and creation, or the attempted formation and creation, of all sanitary districts in the State by the acts of the various county commissioners of the State and the state board of health or other officers of the State, and all elections held in any sanitary district of the State or in any district purporting to be a legal sanitary district of the State by virtue of the purported acts and authority of any board of county commissioners and the state board of health, for the purpose of authorizing the issue and sale of bonds of the said sanitary districts in order to secure funds for the construction and maintenance of water and/or sewer systems and all of such bonds themselves, and all the acts and procedure in any wise had and taken by any and all officials and persons in relation to the formation and creation of such sanitary districts and the issue and sale of such bonds, are hereby in all respects legalized, ratified, approved, validated and confirmed, and all such bonds are declared to be legal and binding obligations of such sanitary districts, respectively, when issued and sold as such. (1935, c. 357, s. 1.)

Art. 7. Special-Tax Sanitary Districts.

§ 130-58. Question of special sanitary tax submitted; district formed.—Special-tax sanitary districts may be formed by the county board of health in any county, without regard to township lines, under the following conditions: Upon a petition of a majority of the freeholders within the proposed special sanitary district, in whose names real estate in such district is listed in the tax lists of the current fiscal year, endorsed by the county board of health, the board of county commissioners, after thirty days notice at the courthouse door and three public places in the proposed district, shall hold an election to ascertain the will of the people within the proposed special sanitary district, whether there shall be levied in such district a special annual tax of not more than the amount specified in the petition on the one hundred dollars valuation of property and on the poll to conduct the health work of the district as is hereinafter provided, in case such special tax is voted. The board of county commissioners shall appoint a registrar and two pollholders, and shall designate a polling place and order a new registration for such district, and the election shall be held in the district under the law governing general elections, as near as may be, and the registrar and pollholders shall canvass the vote cast and declare the result, and shall duly certify the returns to the board of county commissioners, and the same shall be recorded in the records of said board of commissioners. The expense of holding said election shall be paid out of the general funds of the county. The ballots to be used and the

method of voting shall conform to Chapter 164, Public Laws of 1929. In case a majority of the qualified voters at the election is in favor of the tax, the same shall be annually levied and collected in the manner prescribed for the levy and collection of other taxes. All moneys levied under the provisions of this section shall, upon collection, be placed to the credit of the health committee or board in such district, which committee shall be appointed by the county board of health, and such health committee shall have the authority to carry on the health work in the district as hereinafter provided. (1913, c. 154, s. 1; C. S. 7078.)

Local Modification.—Moore: 1933, c. 453.

§ 130-59. Election as to enlarging district.—Upon the written request of a majority of the health committee of any special-tax district, the county board of health may enlarge the boundaries of any special-tax district established under this article, so as to include any contiguous territory, and an election in such new territory may be ordered and held in the same manner as prescribed in this article for elections in special-tax districts; and in case a majority of the qualified voters in such new territory shall vote at such election in favor of a special tax of the same rate as that voted and levied in the special-tax district to which said territory is contiguous, then the new territory shall be added to and become a part of the said special-tax district; and in case a majority of the qualified voters shall vote against said tax, the district shall not be enlarged. (1913, c. 154, s. 1; C. S. 7079.)

§ 130-60. Election to abolish or to restore district or increase tax.—Upon petition of two-thirds of the qualified voters residing in any special-tax sanitary district established under this article, endorsed and approved by the county board of health, the board of county commissioners shall order another election in said district, to be held under the provisions prescribed in this article for holding other elections. If at such election the majority of the qualified voters in said district shall vote "Against Special Tax," said tax shall be deemed revoked and shall not be levied, and said district shall be discontinued. No election for revoking a special tax in any special-tax district shall be ordered and held in such district within less than two years from the date of the election at which the tax was voted and the district established, nor at any time within less than two years after the date of the last election on said question in said district; and no petition revoking such tax shall be approved by the county board of health oftener than once in two years. These provisions for ordering a new election to revoke a special tax in any special-tax district shall not apply to elections in such districts for increasing or restoring the special-tax levy in such district, which elections may be ordered and held at any time in accordance with the provisions of this article for establishing new special-tax districts. (1913, c. 154, s. 1; C. S. 7080.)

§ 130-61. Sanitary committee; appointment; qualifications; pay.— The county board of health of each county shall immediately after the formation of a special-tax sanitary district, and on the first Monday in July of the odd years of the calendar thereafter, appoint in each sanitary district three intelligent men of good business qualifications, who are known to be in favor of public education, who shall serve for two years from the date of their appointment as health or sanitary committeemen in their respective district and until their successors are elected and qualified. If a vacancy shall occur at any time, by death, resignation, or otherwise, it shall be the duty of the county board of commissioners to fill such vacancy. Such board shall have the power to pay out of the special-tax fund to each member of the committee thus appointed one dollar per day for not more than six days per annum. (1913, c. 154, s. 2; 1935, c. 357, s. 2; C. S. 7081.)

§ 130-62. Election of chairman and secretary; records kept.—The sanitary committee, as soon as practicable after their election and qualification, not to exceed twenty days, shall meet and elect from their number a chairman and secretary, and shall keep a record of their proceedings in a book to be kept for that purpose. The name and address of the chairman and secretary shall be reported to the county health officer and to the state health officer. (1913, c. 154, s. 3; C. S. 7082.)

§ 130-63. Powers of committee; may make rules.—The authority and duties of the special-tax sanitary committee shall be the same as those given by the public laws of the state to the county board of health in so far as they are applicable to the special-tax sanitary district. The committee shall have the immediate care and responsibility of the health interest of this district. They shall make such rules and regulations, pay such fees and salary, purchase supplies, and impose such penalties as in their judgment may be necessary to protect and advance the public health, but no rules or regulations they may promulgate shall conflict with the rules and regulations of the boards of health of the state and county of which the district is a part. (1913, c. 154, ss. 4, 5; C. S. 7083.)

§ 130-64. Employment of health officer; disbursement of funds.— The committee shall have authority to employ a registered physician of the state as health officer, and if he should persistently neglect the performance of his full duties for a period of ninety days he may be dismissed by the committee and his successor employed to fill the unexpired term. If the committee is satisfied that the provisions of this article have been complied with, they shall give an order approved by the chairman and secretary of the committee on the treasurer of the county, payable to the health officer for the full monthly amounts due for services in accordance with the contract, but monthly statements of the work done by the health officer shall be made to the committee; and he shall supply reports promptly of such information as he can on blanks supplied by and returnable to the state board of health. Orders for all funds to the credit of the special-tax sanitary district before it shall be a valid voucher on the county treasurer must be first approved by the chairman and secretary of the committee for the sanitary district. (1913, c. 154, s. 4; C. S. 7084.)

§ 130-65. Powers and duties of health officer.— The duties and powers of the health officer elected

for the special-tax sanitary district shall be the same as those prescribed by the public laws of the state for the county health officer, in so far as they are applicable to the sanitary district, and such additional duties as may be imposed on him by the special-tax sanitary committee. (1913, c. 154, s. 6; C. S. 7085.)

Art. 8. Local and District Health Departments.

§ 130-66. Local and district health departments authorized.—The state board of health is hereby authorized to use any available funds at its command, not otherwise appropriated, to establish full time local and district health department service for any town, city and county, or group of such units in the state where the local governing powers desire the formation of such a department and are willing to assist financially in the enterprise, to an amount at least equal to the amount of state financial assistance. (1935, c. 142, s. 1.)

§ 130-67. Authority of district health officer; election of county physician unaffected. — Where there is a district health department, the district health officer shall have the authority now delegated to town, city and county health officers and town, city and county quarantine officers in each of the several counties or units comprising the district, by §§ 130-22 and 130-24: Provided, that nothing in this article shall affect in any way the election of a county physician in counties comprising a district health department. (1935, c. 142, s. 2.)

§ 130-68. Article not obligatory upon counties. —Nothing in this article shall be so construed as to require any county to enter into this agreement unless it so desires. (1935, c. 142, s. 3.)

Local Modification.—Martin: 1935, c. 142, s. 4; 1937, c. 17; Rockingham: 1935, c. 142, s. 4.

SUBCHAPTER II. VITAL STATISTICS.

Art. 9. Registration of Births and Deaths.

§ 130-69. State board of health to enforce regulations.—The state board of health shall have charge of the registration of births and deaths, shall prepare the necessary instructions, forms, and blanks for obtaining and preserving such records, and shall procure the faithful registration of the same in each local registration district as constituted in the succeeding section, and in the central bureau of vital statistics at the capital of the state. The said board shall be charged with the uniform and thorough enforcement of the law throughout the state, and shall from time to time recommend to the general assembly any additional legislation that may be necessary for this purpose. (1913, c. 109, s. 1; C. S. 7086.)

§ 130-70. State registrar.—The secretary of the state board of health shall be state registrar of vital statistics, and shall have general supervision over the central bureau of vital statistics, which is hereby authorized to be established by said board. Adequate fireproof space in one of the state buildings for filing cases for the death and birth certificates made and returned under this article shall be provided by the board on public buildings and grounds. (1913, c. 109, s. 2; 1941, c. 224; C. S. 7087.)

§ 130-71. Registration districts. — For the purposes of this article the state shall be divided into registration districts as follows: Each city, each incorporated town, and each township shall constitute a local registration district. (1913, c. 109, s. 3; C. S. 7088.)

§ 130-72. Control of board over districts.—The state board of health shall have authority to abolish or consolidate existing registration districts, and/or create new districts when, in the judgment of the board, economy and efficiency and the interests of the public service may be promoted thereby. (1933, c. 9, s. 3.)

§ 130-73. Appointment of local registrar. — The chairman of every board of county commissioners in the state shall appoint a local registrar of vital statistics for each township in his county, and the mayor of every incorporated town or city in the state shall appoint a local registrar of vital statistics for his town or city, and the chairman of the boards of county commissioners and the mayors of the cities or towns shall notify the state registrar, in writing, of the name and address of each local registrar so appointed. The term of office of each local registrar so appointed shall be four years, beginning with the first day of January of the year in which the local registrar is appointed, and until his successor has been appointed and has qualified, unless such office shall sooner become vacant by death, disqualification, operation of law, or other cause. In cities where health officers or other officials are, in the judgment of the state board of health, conducting effective registration of births and deaths under local ordinances at the time of the taking effect of this article, such officials may be appointed as registrars in and for such cities, and shall be subject to the rules and regulations of the state registrar, and to all the provisions of this article. Any vacancy occurring in the office of local registrar of vital statistics shall be filled for the unexpired term by a local registrar appointed by the same official who appointed the local registrar whose retirement creates the vacancy. Any chairman of a board of county commissioners or mayor of a city or town who appoints a local registrar to fill a vacancy in the office of local registrar shall notify the state registrar, in writing, of the name and address of the local registrar so appointed. At least ten days before the expiration of the term of office of any such local registrar, his successor shall be appointed by the chairman of the board of county commissioners for the township local registration office, and by the mayor of the city or town for the town or city registration office. Each local registrar shall be a bona fide resident of the township, city, or precinct for which he is appointed, and removal from the township, city, or precinct shall terminate the office. (1913, c. 109, s. 4; 1915, c. 20; C. S. 7089.)

§ 130-74. County health officer may act as registrar. — The state board of health shall have authority and power to designate and appoint the whole-time health officer of the county as registrar for that county, or fractional part or part-

thereof, when such action shall be deemed wise. In such case, the fees accruing from the vital statistics registration service, where such service is performed by the county health officer under such appointment, shall be used by the local board of health in its discretion for health service. (1933, c. 9, s. 3.)

§ 130-75. Removal of local registrar.—Any local registrar who, in the judgment of the secretary of the state board of health, fails or neglects to discharge efficiently the duties of his office as laid down in this article, or who fails to make prompt and complete returns of all births and deaths, as required thereby, shall be forthwith removed from his office by the secretary of the state board of health, and such other penalties may be imposed as are provided under § 130-105. (1913, c. 109, s. 4; C. S. 7090.)

§ 130-76. Appointment of deputy and sub-registrars.—Each local registrar shall, immediately upon his acceptance of appointment as such, appoint a deputy, whose duty it shall be to act in his stead in case of absence, illness, or disability, and such deputy shall in writing accept such appointment, and be subject to all rules and regulations governing local registrars. And when it may appear necessary for the convenience of the people in any rural district, the local registrar is hereby authorized, with the approval of the state registrar, to appoint one or more suitable persons to act as sub-registrars, who shall be authorized to receive certificates and to issue burial or removal permits in and for such portions of the district as may be designated; and each sub-registrar shall note on each certificate, over his signature, the date of filing, and shall forward all certificates to the local registrar of the district within ten days, and in all cases before the third day of the following month: Provided, that each sub-registrar shall be subject to the supervision and control of the state registrar, and may be by him removed for neglect or failure to perform his duties in accordance with the provisions of this article or the rules and regulations of the state registrar, and he shall be subject to the same penalties for neglect of duties as the local registrar. (1913, c. 109, s. 4; C. S. 7091.)

§ 130-77. Permit for burial or other disposition of body.—The body of any person whose death occurs in this state, or which shall be found dead therein, shall not be interred, deposited in a vault or tomb, cremated or otherwise disposed of, or removed from or into any registration district, or be temporarily held pending further disposition more than seventy-two hours after death, unless a permit for a burial, removal, or other disposition thereof shall have been properly issued by the local registrar of the registration district in which the death occurred or the body was found. And no such burial or removal permit shall be issued by any registrar until a complete and satisfactory certificate of death has been filed with him as hereinafter provided: Provided, that when a dead body is transported into a registration district in North Carolina for burial, the transit and removal permit, issued in accordance with the law and health regulations of the place where the death occurred, shall be accepted by the local registrar of the district into which the body has been transported for burial or other disposition, as a basis upon which he may issue a local burial permit. He shall note upon the face of the burial permit the fact that it was a body shipped in for interment, and give the actual place of death; and no local registrar shall receive any fee for the issuance of burial or removal permits under this article other than the compensation provided in § 130-102. (1913, c. 109, s. 5; 1915, c. 164, s. 1; C. S. 7092.)

§ 130-78. Stillborn children to be registered.—A stillborn child shall be registered as a birth and also as a death, but only one certificate shall be required of such birth and death, which shall be filed with the local registrar, the certificate to contain, in place of the name of the child, the word "stillbirth"; but no certificate of birth nor certificate of death shall be required for a child that has not advanced to the fifth month of uterogestation. The medical certificate of the cause of death shall be signed by the attending physician, if any, and shall state the cause of death as "stillborn," with the cause of the stillbirth, if known, whether a premature birth, and, if born prematurely, the period of uterogestation, in months, if known; and a burial or removal permit of the prescribed form shall be required. Midwives shall not sign certificates of death for stillborn children; but such cases, and stillbirths occurring without attendance of either physician or midwife, shall be treated as deaths without medical attendance, as provided for in this article. (1913, c. 109, s. 6; 1933, c. 9, s. 2; C. S. 7093.)

§ 130-79. Contents of death certificates. — The certificate of death shall contain the following items, which are hereby declared necessary for the legal, social, and sanitary purposes subserved by registration records:

1. Place of death, including state, county, township, or town, village or city. If in a city, the ward, street, and house number; if in a hospital or other institution, the name of the same to be given instead of the street and house number. 19. Length of residence (for inmates of hospitals and other institutions; transients or recent residents) at place of death and in the state, together with the place where disease was contracted, if not at place of death, and former or usual residence.

The medical certificate shall be made and signed by the physician, if any, who last treated the deceased for the disease or injury which caused death, and such physician shall specify the time in attendance, the time he last saw the deceased alive, and the hour of the day at which death occurred, and he shall further state the cause of death, so as to show the course of disease or sequence of causes resulting in the death, giving first the name of the disease causing death (primary cause), and the contributory (secondary) cause, if any, and the duration of each. Indefinite and unsatisfactory terms, denoting only symptoms of disease or conditions resulting from disease, will not be held sufficient for the issuance of a burial or removal permit; and any certificate containing any such indefinite or unsatisfactory terms, as defined by the state registrar, shall be returned to the physician or person making the medical certificate for correction and more definite statement. Causes of death, which may be the result of either disease or violence, shall be carefully defined; and if from violence, the means of injury shall be stated, and whether (probably) accidental, suicidal, or homicidal. In deaths in hospitals, institutions, or of nonresidents, the physician shall supply the information required under subsection 18 above, if he is able to do so, and may state where, in his opinion, the disease was contracted. (1913, c. 109, s. 7; C. S. 7094.)

§ 130-80. Death without medical attendance; duty of undertaker and officials.—In case of death occurring without medical attendance, it shall be the duty of the undertaker or person acting as such to notify the local registrar of such death, and when so notified the registrar shall, prior to the issuance of the permit, inform the local health officer and refer the case to him for immediate investigation and certification. When the local health officer is not a qualified physician, or when the death takes place in a township registration district, or where there is no such official, and in such cases only, the registrar is authorized to make the certificate and return from the statement of relatives or other persons having adequate knowledge of the facts. If the registrar has reason to believe that the death had been due to unlawful act or neglect, he shall refer the case to the coroner or other proper officer for investigation and certification, who shall make the certificate of death required for a burial permit, stating therein the name of the disease causing death; or, if from external causes, (1) the means of death, and (2) whether (probably) accidental, suicidal, or homicidal; and shall, in any case, furnish such information as may be required by the state registrar in order properly to classify the death. (1913, c. 109, s. 8; C. S. 7095.)

§ 130-81. Undertaker to file death certificate and obtain permit.—The undertaker or person acting as undertaker shall file the certificate of death with the local registrar of the district in which the death occurred, and obtain a burial or removal permit, prior to any disposition of the body. He shall obtain the required personal and statistical particulars from the person best qualified to supply them, over the signature and address of his informant, and shall present the certificate to the attending physician, if any, or to the health officer or coroner, as directed by the local registrar, for the medical certificate of the cause of death and other particulars necessary to complete the record, as specified in §§ 130-79 and 130-80. He shall then state the facts required relative to the date and place of burial, over his signature and with his address, and present the completed certificate to the local registrar in order to obtain a permit for burial, removal, or other disposition of the body. He shall deliver the burial permit to the person in charge of the place of burial, before interring or otherwise disposing of the body; or shall attach the removal permit to the box containing the corpse, when shipped by any transportation company, this permit to accompany the corpse to its destination, where, if within the state, it shall be delivered to the person in charge of the place of burial. (1913, c. 109, s. 9; C. S. 7096.)

§ 130-82. Sales of caskets regulated. — Every person, firm, or corporation selling a casket shall keep a record showing the name of the purchaser, purchaser's post-office address, name of

deceased, date of death, and place of death of deceased, which record shall be open to inspection of the state registrar or his agent at all times. On the first day of each month the person, firm, or corporation selling caskets shall report to the state registrar each sale for the preceding month, on a blank provided for that purpose. But no person, firm, or corporation selling caskets to dealers or undertakers only shall be required to keep such record, nor shall such report be required from undertakers when they have direct charge of the disposition of a dead body. Every person, firm, or corporation selling a casket at retail, and not having charge of the disposition of the body, shall enclose within the casket a notice furnished by the state registrar, calling attention to the requirements of the law, a blank certificate of death, and the rules and regulations of the state board of health concerning the burial or other disposition of a dead body. (1913, c. 109, s. 9; C. S. 7097.)

§ 130-83. Permit for burial in state.—If the interment, or other disposition of the body is to be made within the state, the wording of the burial or removal permit may be limited to a statement by the registrar, over his signature, that a satisfactory certificate of death having been filed with him, as required by law, permission is granted to inter, remove, or dispose otherwise of the body, stating the name, age, sex, cause of death, and other necessary details upon the form prescribed by the state registrar. (1913, c. 109, s. 10; C. S. 7098.)

§ 130-84. Interment without permit forbidden.—No person in charge of any premises in which interments are made shall inter or permit the interment or other disposition of any body unless it is accompanied by a burial, removal, or transit permit, as herein provided. Such person shall endorse upon the permit the date of interment, over his signature, and shall return all permits so endorsed to the local registrar of his district within ten days from the date of interment. He shall also keep a record of all bodies interred or otherwise disposed of on the premises under his charge, in each case stating the name of each deceased person, place of death, date of burial or disposal, and name and address of the undertaker; which record shall at all times be open to official inspection. When burying a body in a cemetery or burial ground having no person in charge, the undertaker, or person acting as such, shall sign the burial or removal permit, giving the date of burial, and shall write across the face of the permit the words "No person in charge," and file the burial or removal permit within ten days with the registrar of the district in which the cemetery is located. (1913, c. 109, s. 11; C. S. 7099.)

§ 130-85. Registration of births.—The birth of every child born in this state shall be registered as hereinafter provided. (1913, c. 109, s. 12; C. S. 7100.)

§ 130-86. Birth certificate to be filed within five days.—Within five days after the date of each birth there shall be filed with the local registrar of the district in which the birth occurred a certificate of such birth, which certificate shall be upon the form adopted by the state board of health with a view of procuring a full and accurate report with respect to each item of information enumerated in § 130-89. Where a physician, midwife, or person acting as midwife, was in attendance upon the birth, it shall be the duty of such person to file the required certificate. Where there was no physician, midwife, or person acting as midwife, in attendance upon the birth, it shall be the duty of the father or mother of the child, the householder or owner of the premises where the birth occurred, or the manager or superintendent of the public or private institution where the birth occurred, each in the order named, within five days after the date of the birth, to report the fact to the local registrar. In such case and in case the physician, midwife, or person acting as midwife, in attendance is unable, by diligent inquiry, to obtain any of the items specified in the following section, it is the duty of the local registrar to secure from the person reporting the birth, or from any other person who knows the facts, information to enable him to prepare the required certificate of birth, and it is the duty of the person questioned to answer correctly to the best of his knowledge all such questions, and to verify his statement by his signature, when requested to do so by the local registrar. (1913, c. 109, s. 13; 1915, c. 85, s. 1; C. S. 7101.)

§ 130-87. Registration of birth certificate more than five days and less than four years after birth.—Any birth may be registered more than five days and less than four years after birth in the same manner as births are registered under this article within five days of birth. Such registration shall have the same force and effect as if the registration had occurred within five days of birth: Provided, such registration shall not relieve any person of criminal liability for the failure to register such birth within five days of birth as required under § 130-86. (1941, c. 126.)

§ 130-88. Registration of birth certificate four years or more after birth.—The state board of health is authorized to promulgate rules and regulations under which any birth which has not been registered with the bureau of vital statistics within four years after birth, as provided in § 130-86 or 130-87, may be registered with the register of deeds of the county in which the birth occurred: Provided, such registration shall not relieve any person of criminal liability for the failure to register such birth within five days of birth as required under § 130-86. Each such birth must be registered in duplicate on forms approved by the state board of health and furnished by the state registrar. The register of deeds shall forward the original and duplicate certificate to the bureau of vital statistics for final approval. If the certificate complies with the rules and regulations of the state board of health and has not been previously registered, the state registrar shall file the original and return the duplicate to the register of deeds for recording.

Certificates registered with the register of deeds under this section shall contain the date of the delayed filing and be distinctly marked "Delayed "; and those altered after being filed shall contain the date of alteration and be distinctly marked "Altered".

All copies of birth certificates registered under the provisions of this section, properly certified by the state registrar, shall have the same evidentiary value as those registered within five days after birth.

The register of deeds shall receive a fee of fifty cents for each registration, to be paid by the registrant. (1941, c. 126.)

§ 130-89. Contents of birth certificate. — The certificate of birth shall contain the following items, which are hereby declared necessary for the legal, social, and sanitary purposes subserved by registration records:

1. Place of birth, including state, county, township or town, village or city. If in a city, the ward, street, and house number; if in a hospital or other institution, the name of the same to be given, instead of the street and house number.

2. Full name of child. If the child dies without a name before the certificate is filed, enter the surname preceded by "Unnamed." If the living child has not yet been named at the date of filing certificate of birth, the space for "full name of child" is to be left blank, to be filled out subsequently by a supplemental report, as hereinafter provided.

3. Sex of child.

4. Whether a twin, triplet, or other plural birth. A separate certificate shall be required for each child in case of plural births.

5. For plural births, number of each child in order of birth.

6. Legitimate or illegitimate: Provided, that in illegitimate births the word "illegitimate" shall be written across the face of the certificate and all items on the certificate which would in any way reveal the identity of the father, mother, or illegitimate child itself shall be omitted.

In case of persons admitted or committed for treatment of disease, the physician in charge shall specify for entry in the record the nature of the disease, and where, in his opinion, it was contracted. The personal particulars and information required by this section shall be obtained from the individual himself if it is practicable to do so; and when they cannot be so obtained, they shall be obtained in as complete a manner as possible from relatives, friends, or other persons acquainted with the facts. § 130-94. State registrar to supply blanks; to perfect and preserve birth certificates.—The state registrar shall prepare, have printed, and supply to all registrars all blanks and forms used in registering, recording, and preserving the returns, or in otherwise carrying out the purposes of this article; and shall prepare and issue such detailed instructions as may be required to procure the uniform observance of its provisions and the maintenance of a perfect system of registration; and no other blanks shall be used than those supplied by the state registrar. He shall carefully examine the certificates received monthly from the local registrars, and if any such are incomplete or unsatisfactory he shall require such further information to be supplied as may be necessary to make the record complete and satisfactory. And all physicians, midwives, informants, or undertakers, and all other persons having knowledge of the facts, are hereby required to supply, upon a form provided by the state registrar or upon the original certificate, such information as they may possess regarding any birth or death upon demand of the state registrar, in person, by mail, or through the local registrar. No certificate of birth or death, after its acceptance for registration by the local registrar, and no other record made in pursuance of this article, shall be altered or changed in any respect otherwise than by amendments properly dated, signed, and witnessed: Provided, that a new certificate of birth shall be made by the state registrar whenever:

(a) Proof is submitted to the state registrar that the previously unwed parents of a person have intermarried subsequent to the birth of such person;

(b) When notification is received by the state registrar from the clerk of a court of competent jurisdiction of a judgment, order, or decree disclosing different or additional information relating to the parentage of a person;

When a new certificate of birth is made the state registrar shall substitute such new certificate for the certificate of birth then on file, if any, and shall notify the local registrar, or the registrar of deeds, providing the copy has been filed with him, that a new certificate of birth has been made and such facts shall be noted on the copy of the certificate of birth on file, if any. The state registrar shall place the original certificate of birth and all papers pertaining to the new certificate of birth under seal. Such seal shall not be broken except by an order of a court of competent jurisdiction. Thereafter, when a certified copy of the certificate of birth of such person is issued, it shall be a copy of the new certificate of birth, except when an order of a court of competent jurisdiction shall require the issuance of a copy of the original certificate of birth.

The state registrar shall further arrange, bind, and permanently preserve the certificates in a systematic manner, and shall prepare and maintain a comprehensive and continuous card index of all births and deaths registered, such index to be arranged alphabetically, in the case of deaths, by the names of decedents, and in the case of births, by the names of fathers and mothers. (1913, c. 109, s. 17; 1941, c. 297, s. 2; C. S. 7105.)

§ 130-95. To inform registrars as to dangerous diseases.—He shall inform all registrars what diseases are to be considered infectious, contagious, or communicable and dangerous to the public health, as decided by the state board of health, in order that when deaths occur from such diseases proper precautions may be taken to prevent their spread. (1913, c. 109, s. 17; C. S. 7106.)

§ 130-96. Birth certificate as evidence. — At the expiration of five years after the ratification of this article, certified copies of birth registration certificates shall be accepted by public school authorities in this state as prima facie evidence of age of children registering for school attendance, and no other proof shall be required. At the expiration of fourteen years from the passage of this article certified copies of birth registration certificates shall be required by all factory inspectors, and employers of youthful labor, as prima facie proof of age, and no other proof shall be required from children born in this state or states which for fourteen years previous to the date of such certificate have had registration laws essentially identical with this article. When, however, it is not possible to secure such certified copy of birth registration certificate for any child, the school authorities and factory inspectors may accept as secondary proof of age any competent evidence by which the age of persons is usually established. (1913, c. 109, s. 17; C. S. 7107.)

§ 130-97. Church and other records filed and indexed; fees for transcript.—If any cemetery company or association, or any church or historical society or association, or any other company, society, or association, or any individual, is in possession of any record of births or deaths which may be of value in establishing the genealogy of any resident of this state, such company, society, association, or individual may file such record or a duly authenticated transcript thereof with the

state registrar, and it shall be the duty of the state registrar to preserve such record or transcript and to make a record and index thereof in such form as to facilitate the finding of any information contained therein. Such record and index shall be open to inspection by the public, subject to such reasonable conditions as the state registrar may prescribe. If any person desires a transcript of any record filed in accordance herewith, the state registrar shall furnish the same upon application, together with a certificate that it is a true copy of such record, as filed in his office, and for his services in so furnishing such transcript and certificate he shall be entitled to a fee of (fifty cents per hour or fraction of an hour necessarily consumed in making such transcript) and to a fee of fifty cents for the certificate, which fees shall be paid by the applicant. (1913, c. 109, s. 17; C. S. 7108.)

§ 130-98. Clerk of court to furnish state registrar with facts as to paternity of illegitimate children judicially determined.—Upon the entry of a judgment determining the paternity of an illegitimate child, the clerk of the court in which such judgment is entered shall notify in writing the state registrar of vital statistics of the name of the person against whom such judgment has been entered, together with such other facts disclosed by the record as may assist in identifying the record of the birth of the child as the same may appear in the office of the said registrar. If such judgment shall thereafter be modified or vacated, that fact shall be reported by the clerk to the state registrar in the same manner. (1941, c. 297, s. 1.)

§ 130-99. Duties of local registrar as to birth and death certificates; reports.—Each local registrar shall supply blank forms of certificates to such persons as require them. Each local registrar shall carefully examine each certificate of birth or death when presented for record in order to ascertain whether or not it has been made out in accordance with the provisions of this article and the instructions of the state registrar; and if any certificate of death is incomplete or unsatisfactory, it shall be his duty to call attention to the defects in the return, and to withhold the burial or removal permit until such defects are corrected. All certificates, either of birth or of death, shall be written legibly, in durable black ink, and no certificate shall be held to be complete and correct that does not supply all of the items of information called for therein, or satisfactorily account for their omission. If the certificate of death is properly executed and complete, he shall then issue a burial or removal permit to the undertaker: Provided, that in case the death occurred from some disease which is held by the state board of health to be infectious, contagious, or communicable and dangerous to the public health, no permit for the removal or other disposition of the body shall be issued by the registrar, except under such conditions as may be prescribed by the state board of health. If a certificate of birth is incomplete the local registrar shall immediately notify the informant, and require him to supply the missing items of information if they can be obtained. He shall number consecutively the certificates of birth and death, in two separate series, beginning with number one for the first birth and the first death in each calendar year, and sign his name as registrar in attest of the date of filing in his office. He shall also make a complete and accurate copy of each birth and each death certificate registered by him in a record book supplied by the state registrar, which record book the local registrar shall deposit with the register of deeds of the county not later than the fifteenth of February each year. And the register of deeds shall make and keep an index, the form of which shall be of the births and deaths that have occurred in the county, and these records shall be open at all times to official inspection. And he shall, on the fifth day of each month, transmit to the state registrar all original certificates registered by him for the preceding month. And if no births or no deaths occurred in any month the local registrar shall, on the fifth day of the following month, report that fact to the state registrar, on a card provided for such purpose. (1913, c. 109, s. 18; 1915, c. 85, s. 2; 1915, c. 164, s. 2; Ex. Sess. 1920, c. 58, s. 1; 1931, c. 79; 1933, c. 9, s. 1; C. S. 7109.)

§ 130-100. Delivery of data to health officer. — Each local registrar of vital statistics serving in any county or municipality of North Carolina in which there is employed a wholetime county or municipal health officer shall, on or before the fifth day of each month, deliver by mail or in person to the health officer of his respective county or municipality such data from birth and death certificates filed with such local registrar during the preceding calendar month as may be needed in the proper execution of the duties of the said whole-time county or municipal health officer, and as authorized by the State Registrar of Vital Statistics.

All forms necessary for the use of local registrars in complying with this section shall be supplied, without charge, by the State Registrar of Vital Statistics.

Any local registrar who shall fail, neglect, or refuse to perform the duties required by this section shall be guilty of a misdemeanor, and upon conviction shall be fined not exceeding fifty dollars ($50.00). (1925, c. 53.)

§ 130-101. Pay of local registrars. — Each local registrar shall be paid the sum of fifty cents for each birth certificate and each death certificate properly and completely made out and registered with him, correctly recorded and promptly returned by him to the state registrar, as required by this article. And in case no births or deaths were registered during any month, the local registrar shall be entitled to be paid the sum of fifty cents for each report to that effect, but only if such report be made promptly as required by this article. The compensation of local registrars for services required of them by this article shall be paid by the county treasurers for registration work outside of incorporated municipalities, and by the town or city treasurer for registration work in incorporated municipalities. The state registrar shall certify every six months to the treasurers of the several counties and incorporated municipalities the number of births and deaths properly registered, with the names of the local registrars and the amounts due each at

the rates fixed herein. (1913, c. 109, s. 19; Ex. Sess. 1913, c. 15, s. 1; 1915, c. 85, s. 3; 1919, c. 210, s. 1; Ex. Sess. 1920, c. 58, s. 2; C. S. 7110.)

§ 130-102. Certified copy of records; fee. — The state registrar shall, upon request, supply to any applicant a certified copy of the record of any birth or death registered under provisions of this article, for the making and certification of which he shall be entitled to a fee of fifty cents, to be paid by the applicant. The United States census bureau may, however, obtain, without expense to the state, transcripts or certified copies of births and deaths without payment of the fees herein prescribed, and for transcripts so furnished the state registrar may receive from the census bureau such compensation for this service, as the state board of health may approve. Any copy of the record of a birth or death, properly certified by the state registrar, shall be prima facie evidence in all courts and places of the facts therein stated. For any search of the files and records when no certified copy is made, the state registrar shall be entitled to a fee of fifty cents for each hour or fractional part of an hour of time of search, said fee to be paid by the applicant. And the state registrar shall keep a true and correct account of all fees by him received under these provisions, and turn the same over to the treasurer of the state board of health. (1913, c. 109, s. 20; Ex. Sess. 1913, c. 15, s. 2; 1919, c. 145, s. 25; 1941, c. 297, s. 4; C. S. 7111.)

§ 130-103. Information furnished to officers of American Legion.—Upon application to the Bureau of Vital Statistics made by the Adjutant or any officer of a local post of the American Legion, it shall be the duty of the Bureau of Vital Statistics to furnish immediately to such applicant the vital statistical records and necessary copies thereof, made up in the necessary forms for the use of such applicant, without charge. This section shall apply only to ex-soldiers of the World War and members of their families and/or beneficiaries under Government insurance or adjusted compensation certificate issued to such ex-soldier. Provided, that the state registrar shall furnish to any American Legion Post in this state, upon application therefor in connection with junior baseball, certified copies of birth certificates, without the payment of the fees prescribed in this section. (1931, c. 318; 1939, c. 353.)

§ 130-104. Violations of article; penalty. — Any person, who for himself or as an officer, agent, or employee of any other person, or of any corporation or partnership, shall do or omit any of the following acts:

1. Inter, cremate, or otherwise finally dispose of the dead body of a human being, or permit the same to be done, or shall remove said body from the primary registration district in which the death occurred or the body was found, without the authority of a burial or removal permit issued by the local registrar of the district in which the death occurred or in which the body was found;

2. Refuse or fail to furnish correctly any information in his possession, or shall furnish false information affecting any certificate or record, required by this article;

3. Wilfully alter, otherwise than as provided by § 130-94, or shall falsify any certificate of birth or death, or any record established by this article;

4. Being required by this article to fill out a certificate of birth or death and file the same with the local registrar, or deliver it, upon request, to any person charged with the duty of filing the same, shall fail, neglect or refuse to perform such duty in the manner required;

5. Being a state registrar, a chairman of a board of county commissioners, a mayor of a city or town, a local registrar, a deputy registrar, or sub-registrar, shall fail, neglect, or refuse to perform his duty as required by this article and by the instructions and direction of the state registrar thereunder, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall for the first offense be fined not less than five dollars nor more than fifty dollars, and for each subsequent offense not less than ten dollars nor more than fifty dollars, or be imprisoned in the county jail not more than thirty days. (1913, c. 109, s. 21; 1919, c. 210, s. 2; C. S. 7112.)

§ 130-105. Duties of registrars and others in enforcing this article.—Each local registrar is hereby charged with the strict and thorough enforcement of the provisions of this article in his registration district, under the supervision and direction of the state registrar. He shall make an immediate report to the state registrar of any violation of this article coming to his knowledge, by observation or upon complaint of any person or otherwise.

The state registrar is hereby charged with the thorough and efficient execution of the provisions of this article in every part of the state, and is hereby granted supervisory power over local registrars, deputy local registrars, and sub-registrars, to the end that all of its requirements shall be uniformly complied with. The state registrar, either personally or through an accredited representative, shall have authority to investigate cases of irregularity or violation of this article, and all registrars shall aid him, upon request, in such investigations. When he shall deem it necessary, he shall report cases of violation of the provisions of this article to the prosecuting attorney of the county, or the solicitor of the district, with a statement of the facts and circumstances; and when any such case is reported to him by the state registrar, the prosecuting attorney or solicitor of the district, as the case may be, shall forthwith initiate and promptly follow up the necessary court proceedings against the person or corporation responsible for the alleged violation of law. Upon request of the state registrar, the attorney-general shall likewise assist in the enforcement of the provisions of this article. (1913, c. 109, s. 22; C. S. 7113.)

§ 130-106. Local systems abrogated. — No systems for the registration of births and deaths shall be continued or maintained in any of the several municipalities of this state other than the one provided for and established by this article. (1913, c. 109, s. 24; C. S. 7115.)

§ 130-107. Establishing fact of birth by persons without certificate.—1. Any person born in the state of North Carolina not having a duly recorded

certificate of his or her birth, may file a duly verified petition with the clerk of the superior court in the county of his or her legal residence or place of birth, setting forth the date, place, and parentage of his or her birth, and petitioning the said clerk to hear evidence, and find, and adjudge the date, place and parentage of the birth of said petitioner. Upon filing said petition, the clerk shall set a date for hearing evidence upon the same, and shall conduct said proceeding in the same manner as other special proceedings. At the time set for said hearing the petitioner shall present such evidence as may be required by the court to establish the fact of such birth to the satisfaction of said court. At said hearing, if the evidence offered shall satisfy said court of the date, place, and parentage of said petitioner's birth, the court shall thereupon find the facts and enter a judgment duly establishing the date and place of birth and parentage of said petitioner, and record the same in the record of special proceedings in his office. The said clerk shall certify the same to the state bureau of vital statistics and the same shall thereupon be recorded in the state bureau of vital statistics upon forms which it may adopt and a copy thereof certified to the register of deeds of the county in which said petitioner was born. The fees charged hereunder by the clerk shall not exceed two dollars ($2.00).

2. The record of birth established by such person under this section when so recorded shall become a public record, and shall be accepted as such by the courts and other agencies of this state in the same manner as other public records.

3. The provisions provided hereunder shall be cumulative, and not in disparagement of any other acts or provisions for obtaining a delayed birth certificate. (1941, c. 122.)

SUBCHAPTER III. SANITATION AND PROTECTION OF PUBLIC.

Art. 10. Water Protection.

§ 130-108. Persons supplying water to protect its purity.—In the interest of the public health, every person, company, or municipal corporation or agency thereof selling water to the public for drinking and household purposes shall take every reasonable precaution to protect from contamination and assure the healthfulness of such water, and any provisions in any charters heretofore granted to such persons, companies, or municipal corporations in conflict with the provisions of this article are hereby repealed. (Rev., s. 3058; 1899, c. 670, s. 1; 1903, c. 159, s. 1; 1911, c. 62, s. 24; C. S. 7116.)

§ 130-109. Board of health to control and examine waters; rules; penalties.—The state board of health shall have the general oversight and care of all inland waters, and shall from time to time, as it may deem advisable, cause examinations of said waters and their sources and surroundings to be made for the purpose of ascertaining whether the same are adapted for use as water supplies for drinking and other domestic purposes, or are in a condition likely to impair the interests of the public or of persons lawfully using the same, or to imperil the public health. For the purpose aforesaid, it may employ such expert assistants as may be necessary. The said board shall make such reasonable rules and regulations as in its judgment may be necessary to prevent contamination and to secure other purifications as may be required to safeguard the public health. Any individual, firm, corporation, or municipality, or person responsible for the management of water supply, failing to comply with said rules and regulations, shall be guilty of a misdemeanor, and upon conviction shall be fined or imprisoned, or both, at the discretion of the court. (1911, c. 62, s. 24; C. S. 7117.)

§ 130-110. Systems of water supply and sewerage; plans submitted; penalties.—The state board of health shall from time to time consult with and advise the boards of all state institutions, the authorities of cities and towns, corporations, or firms already having or intending to introduce systems of water supply, drainage or sewerage, as to the most appropriate source of supply, the best practical method of assuring the purity thereof, or of disposing of their drainage or sewage, having regard to the present and prospective needs and interests of other cities, towns, corporations, or firms which may be affected thereby. All such boards of directors, authorities, corporations, and firms are hereby required to give notice to said board of their intentions in the premises and to submit for its advice outlines of their proposed plans or schemes in relation to water supplies and disposal of sewage, and no contract shall be entered into by any state institution or town for the introduction of a system of water supply or sewage disposal until said advice shall have been received, considered, and approved by the said board. For the purpose of carrying out the general provisions of this and the preceding sections, every municipal or private corporation, company, or individual supplying or authorized to supply water for drinking or other domestic purposes to the public shall file with the secretary of the state board of health, within ninety days after the receipt of notice from said secretary, certified plans and surveys, in duplicate, pertaining to the source from which the water is derived, the possible source of infections thereof, and the means in use for the purification thereof, in accordance with the directions to be furnished by the said secretary. Failure on the part of any individual, firm, corporation, or municipality to comply with this section shall be a misdemeanor, and upon conviction those responsible therefor shall be fined not less than fifty dollars nor more than one hundred dollars, at the discretion of the court. (1911, c. 62, s. 24; C. S. 7118.)

§ 130-111. Condemnation of lands for water supply.—All municipalities operating water systems and sewer systems, and all water companies operating under charter from the state or license from municipalities, which may maintain public water supplies, may acquire by condemnation such lands and rights in lands and water as are necessary for the successful operation and protection of their plants, said proceedings to be the same as prescribed by law under the chapter Eminent Domain. (Rev., s. 3060; 1903, c. 159, s. 16; 1905, c. 287, s. 2; 1905, c. 544; 1911, c. 62, s. 25; C. S. 7119.)

§ 130-112. Compensation for land.—If damages shall be claimed for the use of such lands, and the parties cannot agree as to the amount of compensation to be paid, they may proceed in the manner now provided by law under the chapter Eminent Domain. (1911, c. 62, s. 27; C. S. 7120.)

§ 130-113. Inspection of watersheds.—The municipality or water company shall have quarterly sanitary inspections made of the entire watershed of any waterworks that derives its water from a surface supply, except in those cases where the supply is taken from large creeks or rivers that have a minimum daily flow of ten million gallons, in which case the inspection shall apply to the fifteen miles of watershed above the waterworks intake. Whenever in the opinion of the board of health of the city or town to which the water is supplied, or, where there is no such local board of health, in the opinion of the county board of health, or county physician or county health officer, or in the opinion of the state board of health, there is special reason to apprehend the infection of the water from any particular locality by the germs of typhoid fever or cholera, then the municipality or water company shall cause to be made at least once in every week a sanitary inspection of that particular locality. The inspection of the entire watershed as herein provided for shall include a particular examination of the premises of every inhabited house on the watershed, and, in passing from house to house, a general inspection for dead bodies of animals or accumulations of filth. It is not intended that the term "entire watershed" shall include uninhabited fields and wooded tracts that are free from suspicion. The sanitary inspector shall give in person to the head of each household on the watershed, or, in his absence, to some member of the household, the necessary directions for the proper sanitary care of his premises, and shall deliver to each family residing on the watershed such literature on pertinent sanitary subjects as may be supplied him by the municipal health officer or by the secretary of the state board of health. Full report in duplicate of all such inspections shall be made promptly by the sanitary inspector to the secretary of the state board of health, and their accuracy certified to by the affidavit of the inspector.

The authorities of any town or city that makes use of a public surface water supply or the officers of a public surface water supply company may make such additional inspections as such officials may deem necessary. (Rev., ss. 3045, 3046; 1899, c. 670; 1903, c. 159, s. 2; 1911, c. 62, s. 28; 1919, c. 71, s. 14; Ex. Sess. 1921, c. 49, s. 1; C. S. 7121.)

§ 130-114. Inspectors may enter premises.—Each sanitary inspector is authorized and empowered to enter upon any premises and into any building upon his respective watershed for the purpose of making the inspections required. (Rev., s. 3050; 1899, c. 670, s. 8; 1903, c. 159, s. 10; 1911, c. 62, s. 30; C. S. 7122.)

§ 130-115. Control of residents on watersheds.—Every person residing or owning property on the watershed of a lake, pond, or stream from which a drinking supply is obtained shall carry out such reasonable instructions as may be furnished him in the matter hereinbefore set forth directly by the municipal health officer or by the state board of health. Any one refusing or neglecting to comply with the requirements of this section shall be guilty of a misdemeanor and fined not less than ten nor more than fifty dollars, or imprisoned for not less than ten nor more than thirty days. (Rev., ss. 3049, 3859; 1903, c. 159, s. 7; 1911, c. 62, s. 31; C. S. 7123.)

§ 130-116. Defiling water supply misdemeanor.—If any person shall defile, corrupt, or make impure any well, spring, drain, branch, brook, creek, or other source of public water supply by collecting and depositing human excreta on the watershed, or depositing or allowing to remain the body of a dead animal on the watershed, or in any other manner, and if any person shall destroy or injure any pipe, conductor of water, or other property pertaining to an aqueduct, or shall aid and abet therein, he shall be guilty of a misdemeanor. The final judgment in any such action or proceeding shall either dismiss the action or proceeding or direct that a mandatory injunction be issued as prayed for in the petition and complaint or in such modified or other form as the court may determine will afford appropriate relief. (1933, c. 384, s. 12.)

§ 130-133. Acquisition of housing property after approval of project. — When the board shall have approved a project for the construction of housing accommodations presented to it by a limited dividend housing company, such company may undertake the acquisition of the property needed for said project. On dissolution of any limited dividend housing company, the stockholders and income debenture certificate holders shall in no event receive more than the par value of their stock and debentures plus accumulated, accrued and unpaid dividends of interest, less any payment or distributions theretofore made other than by dividends provided in § 130-135, and any remaining surplus or other undistributed earnings shall be paid into the general fund of the state of North Carolina, or shall be disposed of in such other manner as the board may direct and the then governor may approve. In any such proceeding, the court shall be authorized to make an order increasing the rental to be charged for the housing accommodations in the project involved in such foreclosure, or appoint a receiver of the property or grant such other and further relief as may be reasonable and proper. In the event of a foreclosure sale or other judicial sale, the property shall, except as provided in the next succeeding paragraph of this section, be sold to a limited dividend housing corporation organized under this article: Provided such corporation shall bid and pay a price for the property sufficient to pay court costs and all liens on the property with interest. (1933, c. 384, s. 23.)

§ 130-144. Notice to board before execution on judgments. — In the event of a judgment against a limited dividend housing corporation in any action not pertaining to the collection of a mortgage indebtedness, there shall be no sale of any of the real property of such corporation except upon sixty days' written notice to the board. (1937, c. 244, s. 1.)

Art. 25. Regulation of the Manufacture of Bedding.

§ 130-268. Definitions; possession prima facie evidence of intent to sell.—As used in this article:

The word "mattress" means: Any mattress, upholstered spring, comforter, pad, cushion, or pillow to be used in sleeping.

The word "person" means: Any individual, corporation, partnership, or association.

The term "new material" means: Any material which has not been used in the manufacture of another article or used for any other purpose: Provided, this shall not exclude by-products of industry that have not been in human use, unless included in the following paragraph.

The term "previously used material" means: (a) Any material which has been used in the manufacture of another article or used for any other purpose: (b) any material made into thread, yarn, or fabric, and subsequently torn, shredded, picked apart, or otherwise disintegrated, including juts and shearings.

The word "renovate" means: The reworking of a used mattress and returning it to the owner for his own personal use or the use of his immediate family.

The word "manufacture" means: Any making or re-making of a mattress out of new or previously used material, other than renovating.

The word "sell" or "sold" shall, in the corresponding tense, include: Sell, offer to sell, deliver or consign in sale, or possess with intent to sell, deliver, or consign in sale.

Possession of one or more articles covered by this article when found in any store, warehouse, or place of business, other than a private home, hotel, or other place where such articles are ordinarily used, shall constitute prima facie evidence that the article or articles so possessed are possessed with intent to sell, or sterilize and sell.

All words shall include plural and singular, masculine and feminine, as the case demands. (1937, c. 298, s. 1.)

§ 130-269. Sterilization; tagging mattresses received for renovation, etc.—No person shall renovate a mattress without first sterilizing it by a process approved by the state health officer.

No person shall manufacture a mattress containing previously used material without first sterilizing such material by a process approved by the state health officer.

No person shall sell or give away in connection with a sale a used mattress or a mattress containing any previously used material unless sterilized, since last used, by a process approved by the state health officer: Provided, this article shall not apply to a mattress sold by the owner from his home direct to the purchaser, unless such mattress has been exposed to an infectious or contagious disease.

Any person desiring to operate a sterilizer shall first secure license from the state health officer, the fee for which shall be twenty-five dollars ($25.00) for each calendar year or part thereof. Such license shall be kept conspicuously posted in the place of business: Provided, however, that blind persons operating under the direction of the state commission for the blind shall be exempt from said license fee.

Any sterilizing apparatus used under this article shall be inspected and approved by a representative of the state health officer. If, in the opinion of such representative, the apparatus does not effectively sterilize, or if at any time it is not maintained in a satisfactory condition, it may be condemned by any representative of the state health officer, in which event it shall not be used for sterilizing any mattress or material required to be sterilized under this article until the defects have been remedied and the apparatus approved by a representative of the state health officer.

Any person sterilizing material or mattresses for another person shall keep in a well-bound book a complete record of the kind of material and mattresses so sterilized, such record to be open to inspection by any representative of the state board of health.

Any person who receives a mattress for renovation or storage shall keep attached thereto, from the time received, a tag on which is legibly written the date of receipt and the name and address of the owner. (1937, c. 298, s. 2.)

§ 130-270. Manufacture regulated; required information to be stamped on tags; use of "sweeps" or "oily sweeps" material.—No person shall manufacture or sell a mattress to which is not securely sewed a cloth or cloth-backed tag at least two (2) inches by three (3) inches in size, to which is affixed the adhesive stamp provided in § 130-272. Such stamp shall be so affixed as not to interfere with the wording on the tag.

Upon said tag shall be plainly stamped or printed with ink in English (a) the name of the material or materials used to fill such mattress; (b) the name and address of the maker or vendor of the mattress; (c) in letters at least one-eighth inch high the words "made of new material," if such mattress contains no previously used material; or the words "made of previously used materials," if such mattress contains any previously used material; or the words "second-hand" on any mattress which has been used but not remade.

A white tag shall be used for new materials and a yellow tag for previously used materials or second-hand mattresses. Such tag shall be approved by the state health officer.

Nothing false or misleading shall appear on said tag, and it shall contain all statements and the stamp required by this article, and shall be sewed to the outside covering of every mattress being manufactured, before the filling material has been inserted.

When the word "cotton" is used, the kind of cotton shall be clearly stated on said tag.

Material known in the cotton waste trade as "sweeps" or "oily sweeps" shall not be used unless washed in accordance with rules to be promulgated by the state board of health.

The name "felt" shall not be used unless the material has been carded in layers by a garnett machine and is inserted into the mattress in layers. (1937, c. 298, s. 3.)

§ 130-271. Altering, etc., tags prohibited.—No person, other than a purchaser for his own use or a representative of the state board of health, shall remove from a mattress, or deface or alter, the tag required by this article. (1937, c. 298, s. 4.)

§ 130-272. Enforcement funds.—The state health officer is hereby charged with the administration and enforcement of this article, and he shall provide specially designated adhesive stamps for use under § 130-270. Upon request he shall furnish no less than five hundred said stamps to any person paying in advance ten dollars ($10.00) per five hundred stamps. State institutions engaged in the manufacture of mattresses for their own use or that of another state institution shall not be required to use such stamps.

All money colleced under this article shall be paid to the state health officer, who shall place all such money in a special "bedding law fund," which is hereby created and specifically appropriated to the state board of health, solely for expenses in furtherance of the enforcement of this article. The state health officer shall semiannually render to the state auditor a true statement of all receipts and disbursements under said fund, and the state auditor shall furnish a true copy of said statement to any person requesting it.

All money in the "bedding law fund" shall be expended solely for (a) salaries and expenses of inspectors and other employees who devote their time to the enforcement of this article, or (b) expenses directly connected with the enforcement of this article, including attorney's fees, which are expressly authorized to be incurred by the state health officer without authority from any other source when in his opinion it is advisable to employ an attorney to prosecute any persons: Provided, however, that a sum not exceeding twenty per cent (20%) of such salaries and expenses above enumerated may be used for supervision and general expenses of the state board of health. (1937, c. 298, s. 5.)

§ 130-273. Enforcement by state board of health.—The state board of health, through its duly authorized representatives, is hereby authorized and empowered to enforce the provisions of this article. Any person who shall hinder or prevent any representative of the state board of health in the performance of his duty hereunder shall be guilty of a violation of this article.

Every place where mattresses are made, remade, renovated or sold, or where material, which is to be used in the manufacture of mattresses, is mixed, worked, or stored, shall be inspected by duly authorized representatives of the state board of health.

Any representative of the state board of health may order off sale, and so tag, any mattress which is not made and tagged as required by this article, or which is tagged with a tag containing a statement false or misleading, and such mattress shall not be sold until such defect is remedied and a representative of the state board of health has reinspected same and removed the "off sale" tag.

Any person supplying material to a mattress manufacturer shall furnish therewith an itemized invoice of all material so furnished. Each material entering into willowed or other mixtures shall be shown on such invoice. The mattress manufacturer shall keep such invoice on file for one year subject to inspection by any representative of the state board of health.

When an authorized representative of the state board of health has reason to believe that a mattress is not tagged or filled as required by this

article, he shall have authority to open a seam of such mattress to examine the filling; and if unable after such examination to determine if the filling is of the kind stated on the tag, he shall have the power to examine any purchase or other records necessary to determine definitely the kind of material used in such mattress, and he shall have power to seize and hold for evidence any such records and any mattress or mattress material which in his opinion is made, possessed, or offered for sale contrary to this article, and shall have power to take a sample of any mattress or mattress material for the purpose of examination or for evidence. (1937, c. 298, s. 6.)

§ 130-274. Licenses.—No person, except for his own personal use or the use of his immediate family, and blind persons operating under the direction of the state commission for the blind, shall manufacture mattresses until he has secured a license therefor from the state board of health upon payment of an annual inspection fee of twenty-five dollars ($25.00), and in case such mattresses are manufactured from previously used material he shall also secure and pay for the additional license required under § 130-269. The licenses so issued shall be valid until the end of the calendar year in which issued, or until voided for violation of this article, and shall at all times be kept conspicuously posted in the place of business.

The state health officer may revoke and void the aforesaid license and the sterilizing license issued under § 130-269 of any person convicted a second time for violating this article; and such person shall not thereafter make, remake, renovate, or sell a mattress for a period of six months after such revocation, and then only after he has paid the required fees for new licenses. § 131-30. Election for bond issue; special tax.— The board of county commissioners of any county in the state may, by majority vote of the board, or upon petition of one-fourth of the freeholders of the county shall, after thirty days notice at the courthouse door and publication in one or more newspapers published in the county, order an election to be held at the next general election, or order a special election to be held at such time as they may fix, to determine the will of the people of the county whether there shall be issued and sold bonds to an amount not to exceed two hundred and fifty thousand dollars, to bear interest at such rate as the board may fix and to be payable, both principal and interest, when and where they may decide, the proceeds of the bonds to be used in securing lands and erecting or altering buildings and equipping same to be used as a hospital for the treatment of tuberculosis. If the majority of the qualified voters at said election shall vote in favor of the issuing of such bonds, then the bonds shall be issued and sold by the board and a special tax shall be levied to pay the interest and to provide a sinking fund to pay the bonds at maturity. The board of commissioners are also authorized to levy a special annual tax not to exceed ten cents on the one hundred dollars valuation of property and fifteen cents on the poll to be used as a maintenance fund for the hospital for tuberculosis. The question of levying such special tax shall be submitted to the qualified voters of such county at an election to be held as hereinbefore provided. In the event the board of commissioners shall order a special election to determine the will of the people of the county upon the question of the issuance of the bonds or the levy of the special maintenance tax as herein provided, they may order a new registration of the qualified voters of the county for said election, and notice of said new registration shall be deemed to be sufficiently given by publication once in some newspaper published in said county at least thirty days before the close of the registration books. If both questions are submitted at the same election, only one registration need be ordered. The published notice of registration shall state the days on which the books will be open for registration of voters and the places at

which they will be open on Saturdays. The books of such new registration shall close on the second Saturday before election. The Saturday before the election shall be challenge day. The election shall be conducted in the manner prescribed in §§ 163-70 to 163-77, 163-148 to 163-187. (1917, c. 99, s. 2; 1919, c. 159, s. 2; Ex. Sess. 1924, c. 47; 1925, c. 75; 1927, c. 34, s. 2; 1929, c. 164; 1937, c. 197; 1939, c. 290; C. S. 7280.)

None of the remaining four members of said board of managers shall be a member of the board of commissioners. The chairman of said board of managers shall be elected for a term of two years, and the other members of said board of managers shall be elected for terms of four years each: Provided, that at the first election of said board of managers the chairman shall be elected for a term equal to the unexpired portion of his term as a member of the board of commissioners, and of the remaining members of said board of managers one member shall be elected for a term of one year, one member for a term of two years, one member for a term of three years, and one member for a term of four years: Provided, also, that any vacancy in said board, occurring at any time, shall be filled by the board of commissioners for the unexpired term. In all counties having a health officer, such health officer, in addition to the five elected members, shall be ex officio a member of such board of managers. Women shall be eligible to said board of managers. The compensation of the members of said board of managers shall be the same as that of the members of the board of commissioners: Provided, that in counties in which the chairman of the board of commissioners receives a fixed salary, and the remaining members of said board are compensated upon the basis of per diem and mileage, the compensation of the members of the board of managers shall be equal to that of the members of the board of commissioners, paid upon a per diem and mileage basis. The chairman of the board of managers shall be entitled to the same compensation as other members of said board, in addition to his compensation as a member of the board of commissioners. The county health officer, however, shall not receive compensation as a member of said board of managers: Provided, that this section shall not affect the present term of office of any member of a board of managers elected prior to the passage of this section, but as to such members this section shall become effective as their present terms of office, respectively, shall expire. (1917, c. 99, s. 4; 1925, c. 313, s. 1; C. S. 7282.)

No one related by blood or marriage to any member of the board of managers shall be appointed to any office or position in connection with the hospital, except by unanimous vote of the board of managers. All property, both real and personal, pertaining to such hospital, shall be vested in the county: Provided, however, that any donations, bequests, or devises made for the use of such hospital shall be held by the county in trust according to the terms of such donation, devise, or bequest. Provided, that the board of commissioners, in their discretion, either may appoint the board of managers following the official determination of the election, in which event said board of managers shall have the sole authority as to the selection of a site for such hospital, the purchase of lands therefor, and the erecting and equipping of the buildings for such hospital; or the said board of commissioners may defer the appointment of said board of managers until such hospital is constructed, in which event said board of commissioners shall, themselves, select the site for such hospital, purchase lands therefor, erect and equip, or make contracts for erecting and equipping the buildings for such hospital, and shall thereafter turn such hospital over to said board of managers to be operated and maintained in accordance with this article. (1917, c. 99, s. 5; 1925, c. 313, s. 2; C. S. 7283.)

Patients may be admitted and kept without charge or for such compensation as may be deemed just and proper in each particular case: Provided, that no person who is not a bona fide resident of the county maintaining such hospital shall be kept for less than actual cost. The county commissioners of any county may, instead of erecting the institution in the county where the vote is taken, use a part or all of the funds in erecting and maintaining a building or buildings at the state sanatorium at Montrose, or the county commissioners may in their discretion erect and maintain a tuberculosis hospital in the county where the bonds are issued, and may also use part of the funds to erect and maintain a building or buildings at Montrose, as they may deem best. Before erecting any building or buildings at Montrose the county commissioners shall make due arrangements and enter into the necessary contract or contracts with the board having charge of the state sanatorium at Montrose. And the board having in charge the state sanatorium at Montrose is hereby authorized and empowered to make contracts with any county in the state, specifying the terms upon which such building or buildings may be erected and making such arrangements as it may deem wise for the

maintenance of such buildings and the care and support of such county patients. In case the board of commissioners of any county, or the people of any county, do not decide to issue bonds for the erection of such hospital, but do decide to levy the special tax provided for in § 131-30, they may make arrangements with the board having in charge the State Sanatorium at Montrose for the maintenance and care of tubercular patients of such county. (1917, c. 99, s. 6; 1919, c. 159, s. 3; 1921, c. 178; 1925, c. 313, s. 3; C. S. 7284.)

All indigent patients, who otherwise are proper patients for admission in said institution when there is space and accommodation for such patient, shall be received without regard to their indigent condition; but the directors of said institution shall require of all patients who are able, including those having persons upon whom they are legally dependent who are able, to pay the reasonable cost of treatment and care of said institution and they shall make such by-laws and regulations as shall most equitably carry out the directions contained in § 131-53. In case those persons upon whom patients are legally dependent or patients not indigent shall refuse to pay such charges for treatment and care, then said directors are authorized and empowered to institute an action in the name of the said Sanatorium in the Superior Court of Hoke County for the collection thereof, and if the amount so charged is less than two hundred dollars ($200), then said action shall be instituted in the county where the defendant resides in a court having jurisdiction thereof; and upon said trial the charges so made shall be collectible, as upon express promise to pay the same. Provided, that nothing in this section shall be interpreted to conflict with or interfere with the provisions contained in § 131-60. Provided, that nothing herein contained shall permit the admission of indigent patients to the North Carolina sanatorium for the treatment of tuberculosis, established under §§ 131-52 et seq., nor to the North Carolina sanatorium for the treatment of tuberculosis, established under §§ 131-61 to 131-75, un-

§ 131-56. Bureau to maintain correspondence school.—The bureau of tuberculosis shall develop and maintain a correspondence school with those of the state's tuberculous population, to the end that the tuberculous population of this state shall be properly advised and directed both as to methods for obtaining cures and as to methods for preventing the spread of the disease to other persons. The court imposing sentence upon offenders of either class shall not fix the term of such commitment except as hereinafter provided. § 135-2. Name and date of establishment.— A retirement system is hereby established and placed under the management of the board of trustees for the purpose of providing retirement allowances and other benefits under the provisions of this chapter for teachers and state employees of the state of North Carolina. The retirement system so created shall be established as of the first day of July, one thousand nine hundred and forty-one.

It shall have the power and privileges of a corporation and shall be known as the "Teachers' and State Employees' Retirement System of North Carolina," and by such name all of its business shall be transacted, all of its funds invested, and all of its cash and securities and other property held. (1941 c. 25, s. 2.)

§ 135-3. Membership.—The membership of this retirement system shall be composed as follows:

(1) All persons who shall become teachers or state employees after the date as of which the retirement system is established.

(2) All persons who are teachers or state employees on February 17, 1941, or who may become teachers or state employees on or before July first, one thousand nine hundred and forty-one, except those who shall notify the board of trustees, in writing, on or before January first, one thousand nine hundred and forty-two, that they do not choose to become members of this retirement system, shall become members of the retirement system.

(3) Should any member in any period of six consecutive years after becoming a member be absent from service more than five years, or should he withdraw his accumulated contributions, or should he become a beneficiary or die, he shall thereupon cease to be a member. (1941, c. 25, s. 3.)

§ 135-4. Creditable service. — (1) Under such rules and regulations as the board of trustees shall adopt each member who was a teacher or state employee at any time during the year immediately preceding the establishment of the system and who becomes a member during the first year of operation of the retirement system, shall file a detailed statement of all North Carolina service as a teacher or state employee rendered by him prior to the date of establishment for which he claims credit.

(2) The board of trustees shall fix and determine by appropriate rules and regulations how much service in any year is equivalent to one year of service, but in no case shall more than one year of service be creditable for all services in one year. Service rendered for the regular school year in any district shall be equivalent to one year's service.

(3) Subject to the above restrictions and to such other rules and regulations as the board of trustees may adopt, the board of trustees shall verify, as soon as practicable after the filing of such statements of service, the service therein claimed.

In lieu of a determination of the actual compensation of the members that was received during such period of prior service the board of trustees may use for the purpose of this chapter the compensation rates which will be determined by the average salary of the members for five years immediately preceding the date this system became operative as the records show the member actually received.

(4) Upon verification of the statements of service, the board of trustees shall issue prior service certificates certifying to each member the period of service prior to the establishment of the retirement system, with which the member is credited on the basis of his statement of service. So long as membership continues a prior service certificate shall be final and conclusive for retirement purposes as to such service: Provided, however, that any member may, within one year from the date of issuance or modification of such certificate, request the board of trustees to modify or correct his prior service certificate.

When membership ceases, such prior service certificate shall become void. Should the teacher or state employee again become a member, such teacher or state employee shall enter the system as a teacher or state employee not entitled to prior service credit except as provided in § 135-5, subsection five, paragraph (b).

(5) Creditable service at retirement on which the retirement allowance of a member shall be based shall consist of the membership service rendered by him since he last became a member, and also if he has a prior service certificate which is in full force and effect, the amount of service certified on his prior service certificate. (1941, c. 25, s. 4.)

§ 135-5. Benefits. — (1) Service Retirement Benefit.—(a) Any member in service may retire upon written application to the board of trustees setting forth at what time, not less than thirty days nor more than ninety days subsequent to the execution of and filing thereof, he desires to be retired: Provided, that the said member at the time so specified for his retirement shall have attained the age of sixty years, and notwithstanding that, during such period of notification, he may have separated from service.

(b) Any member in service who has attained the age of sixty-five years shall be retired at the end of the year unless the employer requests such person to remain in the service, and notice of this request is given in writing thirty days prior to the end of the year.

(c) Any member in the service who has attained the age of seventy years shall be retired forthwith: Provided, that with the approval of his employer he may remain in service until the end of the year following the date on which he attains the age of seventy years: Provided, that with the approval of his employer and the board of trustees, any member who has attained or shall attain the age of seventy years may be continued in service for a period of two years following each such request.

(2) Service Retirement Allowances.—Upon retirement from service a member shall receive a service retirement allowance which shall consist of:

(a) An annuity which shall be the actuarial equivalent of his accumulated contributions at the time of his retirement; and

(b) A pension equal to the annuity allowable at age of sixty years computed on the basis of contributions made prior to the attainment of age sixty; and

(c) If he has a prior service certificate in full force and effect, an additional pension which shall be equal to the annuity which would have been provided at the age of sixty years by twice the contributions which he would have made during such prior service had the system been in operation and he contributed thereunder.

(3) Disability Retirement Benefits.—Upon the application of a member in service or of his employer, any member who has had ten or more years of creditable service may be retired by the board of trustees, not less than thirty and not more than ninety days next following the date of filing such application, on a disability retirement allowance: Provided, that the medical board, after a medical examination of such member, shall certify that such member is mentally or physically incapacitated for the further performance of duty,

that such incapacity is likely to be permanent, and that such member should be retired.

(4) Allowance on Disability Retirement.—Upon retirement for disability a member shall receive a service retirement allowance if he has attained the age of sixty years, otherwise he shall receive a disability retirement allowance which shall consist of:

(a) An annuity which shall be the actuarial equivalent of his accumulated contributions at the time of retirement; and

(b) A pension equal to seventy-five per centum of the pension that would have been payable upon service retirement at the age of sixty years had the member continued in service to the age of sixty years without further change in compensation.

(5) Re-Examination of Beneficiaries Retired for Disability.—Once each year during the first five years following retirement of a member on a disability retirement allowance, and once in every three-year period thereafter, the board of trustees may, and upon his application shall, require any disability beneficiary who has not yet attained the age of sixty years to undergo a medical examination, such examination to be made at the place of residence of said beneficiary or other place mutually agreed upon, by a physician or physicians designated by the board of trustees. Should any disability beneficiary who has not yet attained the age of sixty years refuse to submit to at least one medical examination in any such year by a physician or physicians designated by the board of trustees, his allowance may be discontinued until his withdrawal of such refusal. and should his refusal continue for one year all his rights in and to his pension may be revoked by the board of trustees.

(a) Should the medical board report and certify to the board of trustees that such disability beneficiary is engaged in or is able to engage in a gainful occupation paying more than the difference between his retirement allowance and the average final compensation, and should the board of trustees concur in such report, then the amount of his pension shall be reduced to an amount which, together with his annuity and the amount earnable by him, shall equal the amount of his average final compensation. Should his earning capacity be later changed, the amount of his pension may be further modified: Provided, that the new pension shall not exceed the amount of the pension originally granted nor an amount which, when added to the amount earnable by the beneficiary together with his annuity, equals the amount of his average final compensation. A beneficiary restored to active service at a salary less than the average final compensation shall not become a member of the retirement system.

(b) Should a disability beneficiary under the age of sixty years be restored to active service at a compensation not less than his average final compensation, his retirement allowance shall cease, he shall again become a member of the retirement system, and he shall contribute thereafter at the same rate he paid prior to disability. Any such prior service certificate on the basis of which his service was computed at the time of his retirement shall be restored to full force and effect, and in addition, upon his subsequent retirement he shall be credited with all his service as a member, but should he be restored to active service on or after the attainment of the age of fifty years his pension upon subsequent retirement shall not exceed the sum of the pension which he was receiving immediately prior to his last restoration and the pension that he would have received on account of his service since his last restoration had he entered service at the time as a new entrant.

(6) Return of Accumulated Contributions.—Should a member cease to be a teacher or state employee except by death or retirement under the provisions of this chapter, he shall be paid such part of the amount of the accumulated contributions standing to the credit of his individual account in the annuity savings fund as he shall demand. Should a member die before retirement the amount of his accumulated contributions standing to the credit of his individual account shall be paid to his estate or to such persons as he shall have nominated by written designation, duly executed and filed with the board of trustees.

(7) Election of Optional Allowance.—With the provision that no optional selection shall be effective in case the beneficiary dies within thirty days after retirement, and that such a beneficiary shall be considered as an active member at the time of death; until the first payment on account of any benefit becomes normally due, any member may elect to receive his benefit in a retirement allowance payable throughout life, or he may elect to receive the actuarial equivalent at that time, of his retirement allowance in a reduced retirement allowance payable throughout life with the provisions that:

Option 1. If he dies before he has received in annuity payments the present value of his annuity as it was at the time of his retirement, the balance shall be paid to his legal representatives or to such person as he shall nominate by written designation duly acknowledged and filed with the board of trustees; or

Option 2. Upon his death his reduced retirement allowance shall be continued throughout the life of and paid to such person as he shall nominate by written designation duly acknowledged and filed with the board of trustees at the time of his retirement; or

Option 3. Upon his death, one-half of his reduced retirement allowance shall be continued throughout the life of, and paid to such person as he shall nominate by written designation duly acknowledged and filed with the board of trustees at the time of his retirement. (1941, c. 25, s. 5.)

§ 135-6. Administration.—(1) Administration by Board of Trustees; Corporate Name; Rights and Powers; Tax Exemption. — The general administration and responsibility for the proper operation of the retirement system and for making effective the provisions of the chapter are hereby vested in a board of trustees which shall be organized immediately after a majority of the trustees provided for in this section shall have qualified and taken the oath of office.

The board of trustees shall be a body politic and corporate under the name "board of trustees teachers' and state employees' retirement system"; and as a body politic and corporate shall have the right to sue and be sued, shall have perpetual succession and a common seal, and in said corporate name shall be able and capable in law to take, demand, receive and possess all kinds of real and personal property necessary and proper

for its corporate purposes, and to bargain, sell, grant, alien, or dispose of all such real and personal property as it may lawfully acquire. All such property owned or acquired by said body politic and corporate shall be exempt from all taxes imposed by the state or any political subdivision thereof, and shall not be subject to income taxes.

(2) Membership of Board; Terms.—The board shall consist of seven members, as follows:

(a) The state treasurer, ex-officio;

(b) The superintendent of public instruction, ex-officio;

(c) Five members to be appointed by the governor and confirmed by the senate of North Carolina. One of the appointive members shall be a member of the teaching profession of the state; one to be a general state employee, and three who are not members of the teaching profession or state employees; two to be appointed for a term of two years, two for a term of three years and one for a term of four years. At the expiration of these terms of office the appointment shall be for a term of four years.

(3) Compensation of Trustees.—The trustees shall be paid seven dollars ($7.00) per day during session of the board and shall be reimbursed from the expense appropriation for all necessary expenses that they may incur through service on the board.

(4) Oath.—Each trustee other than the ex-officio members shall, within ten days after his appointment, take an oath of office, that, so far as it devolves upon him, he will diligently and honestly administer the affairs of the said board, and that he will not knowingly violate or willingly permit to be violated any of the provisions of law applicable to the retirement system. Such oath shall be subscribed to by the member making it, and certified by the officer before whom it is taken, and immediately filed in the office of the secretary of state.

(5) Voting Rights.—Each trustee shall be entitled to one vote in the board. Four affirmative votes shall be necessary for a decision by the trustees at any meeting of said board.

(6) Rules and Regulations.—Subject to the limitations of this chapter, the board of trustees shall, from time to time, establish rules and regulations for the administration of the funds created by this chapter and for the transaction of its business.

(7) Officers and Other Employees, Salaries and Expenses.—The state treasurer shall be ex-officio chairman of the board of trustees. The board of trustees shall, by a majority vote of all the members, appoint a secretary, who may be, but need not be, one of its members. The board of trustees shall engage such actuarial and other service as shall be required to transact the business of the retirement system. The compensation of all persons engaged by the board of trustees, and all other expenses of the board necessary for the operation of the retirement system, shall be paid at such rates and in such amounts as the board of trustees shall approve, subject to the approval of the director of the budget.

(8) Actuarial Data.—The board of trustees shall keep in convenient form such data as shall be necessary for actuarial valuation of the various funds of the retirement system, and for checking the experience of the system.

(9) Record of Proceedings; Annual Report.—The board of trustees shall keep a record of all of its proceedings which shall be open to public inspection. It shall publish annually a report showing the fiscal transactions of the retirement system for the preceding year, the amount of the accumulated cash and securities of the system, and the last balance sheet showing the financial condition of the system by means of an actuarial valuation of the assets and liabilities of the retirement system.

(10) Legal Adviser.—The attorney general shall be the legal adviser of the board of trustees.

(11) Medical Board.—The board of trustees shall designate a medical board to be composed of three physicians not eligible to participate in the retirement system. If required, other physicians may be employed to report on special cases. The medical board shall arrange for and pass upon all medical examinations required under the provisions of this chapter, and shall investigate all essential statements and certificates by or on behalf of a member in connection with an application for disability retirement, and shall report in writing to the board of trustees its conclusion and recommendations upon all the matters referred to it.

(12) Duties of Actuary.—The board of trustees shall designate an actuary who shall be the technical adviser of the board of trustees on matters regarding the operation of the funds created by the provisions of this chapter and shall perform such other duties as are required in connection therewith.

(13) Immediately after the establishment of the retirement system the actuary shall make such investigation of the mortality, service and compensation experience of the members of the system as he shall recommend and the board of trustees shall authorize, and on the basis of such investigation he shall recommend for adoption by the board of trustees such tables and such rates as are required in subsection fourteen, paragraphs (a) and (b) of this section. The board of trustees shall adopt tables and certify rates, and as soon as practicable thereafter the actuary shall make a valuation based on such tables and rates of the assets and liabilities of the funds created by this chapter.

(14) In the year one thousand nine hundred and forty-three, and at least once in each five-year period thereafter, the actuary shall make an actuarial investigation into the mortality, service and compensation experience of the members and beneficiaries of the retirement system, and shall make a valuation of the assets and liabilities of the funds of the system, and taking into account the result of such investigation and valuation, the board of trustees shall:

(a) Adopt for the retirement system such mortality, service and other tables as shall be deemed necessary; and

(b) Certify the rates of contributions payable by the state of North Carolina on account of new entrants at various ages.

(15) On the basis of such tables as the board of trustees shall adopt, the actuary shall make an annual valuation of the assets and liabilities of the funds of the system created by this chapter. (1941, c. 25, s. 6.)

§ 135-7. Management of funds.—(1) Management and Investment of Funds.—The board of trustees shall be the trustee of the several funds created by this chapter as provided in § 135-8, and shall have full power to invest and reinvest such funds, subject to all the terms, conditions, limitations and restrictions imposed by the laws of North Carolina upon the investment of state sinking funds, and subject to like terms, conditions, limitations and restrictions, said trustees shall have full power to hold, purchase, sell, assign, transfer and dispose of any of the securities and investments in which any of the funds created herein shall have been invested, as well as the proceeds of said investments and any moneys belonging to said funds.

(2) Regular Interest Allowance.—The board of trustees annually shall allow regular interest on the mean amount for the preceding year in each of the funds with the exception of the expense fund. The amounts so allowed shall be due and payable to said funds, and shall be annually credited thereto by the board of trustees from interest and other earnings on the moneys of the retirement system. Any additional amount required to meet the interest on the funds of the retirement system shall be paid from the pension accumulation fund, and any excess of earnings over such amount required shall be paid to the pension accumulation fund. Regular interest shall mean such per centum rate to be compounded annually as shall be determined by the board of trustees on the basis of the interest earnings of the system for the preceding year and of the probable earnings to be made, in the judgment of the board, during the immediate future, such rate to be limited to a minimum of three per centum and a maximum of four per centum, with the latter rate applicable during the first year of operation of the retirement system.

(3) Custodian of Funds; Disbursements; Bond of Secretary.—The state treasurer shall be the custodian of the several funds. All payments from said funds shall be made by him only upon vouchers signed by two persons designated by the board of trustees. The secretary of the board of trustees shall furnish said board a surety bond in a company authorized to do business in North Carolina in such an amount as shall be required by the board, the premium to be paid from the expense fund.

(4) Deposits to Meet Disbursements.—For the purpose of meeting disbursements for pensions, annuities and other payments there may be kept available cash, not exceeding ten per centum of the total amount in the several funds of the retirement system, on deposit with the state treasurer of North Carolina.

(5) Personal Profit or Acting as Surety Prohibited.—Except as otherwise herein provided, no trustee and no employee of the board of trustees shall have any direct interest in the gains or profits of any investment made by the board of trustees, nor as such receive any pay or emolument for his service. No trustee or employee of the board shall, directly or indirectly, for himself or as an agent in any manner use the same, except to make such current and necessary payments as are authorized by the board of trustees; nor shall any trustee or employee of the board of trustees become an endorser or surety or in any manner an obligor for moneys loaned or borrowed from the board of trustees. (1941, c. 25, s. 7.)

§ 135-8. Method of financing.—All of the assets of the retirement system shall be credited according to the purpose for which they are held to one of four funds, namely, the annuity savings fund, the annuity reserve fund, the pension accumulation fund, and the pension reserve fund.

(1) Annuity Savings Fund.—The annuity savings fund shall be a fund in which shall be accumulated contributions from the compensation of members to provide for their annuities. Contributions to and payments from the annuity savings fund shall be made as follows:

(a) Each employer shall cause to be deducted from the salary of each member on each and every payroll of such employer for each and every payroll period four per centum of his earnable compensation. The employer also shall deduct four per centum of any compensation received by any member for teaching in public schools, or in any of the institutions, agencies or departments of the state from salaries other than the appropriations from the state of North Carolina. In determining the amount earnable by a member in a payroll period, the board of trustees may consider the rate of annual compensation payable to such member on the first day of the payroll period as continuing throughout such payroll period, and it may omit deduction from compensation for any period less than a full payroll period if a teacher or state employee was not a member on the first day of the payroll period.

(b) The deductions provided for herein shall be made notwithstanding that the minimum compensation provided for by law for any member shall be reduced thereby. Every member shall be deemed to consent and agree to the deductions made and provided for herein and shall receipt for his full salary or compensation, and payment of salary or compensation less said deduction shall be a full and complete discharge and acquittance of all claims and demands whatsoever for the services rendered by such person during the period covered by such payment, except as to the benefits provided under this chapter. The employer shall certify to the board of trustees on each and every payroll or in such other manner as the board of trustees may prescribe, the amounts to be deducted; and each of said amounts shall be deducted, and when deducted shall be paid into said annuity savings fund, and shall be credited, together with regular interest thereon to the individual account of the member from whose compensation said deduction was made.

(c) Each board of education of each county and each board of education of each city, and the employer in any department, agency or institution of the state, in which any teacher receives compensation from sources other than appropriations of the state of North Carolina shall deduct from the salaries of these teachers paid from sources other than state appropriations an amount equal to that deducted from the salaries of the teachers whose salaries are paid from state funds, and remit this amount to the state retirement system. City boards of education and county boards of education in each and every county and city which has employees compensated from other than the state appropriation shall pay to the state retirement system the same per centum of the

salaries that the state of North Carolina pays: Provided, that for the purpose of enabling the county boards of education and the board of trustees of city administrative units to make such payment, the tax levying authorities in each such city or county administrative unit are hereby authorized, empowered and directed to provide the necessary funds therefor: Provided, that it shall be within the discretion of the county board of education in a county administrative unit and the board of trustees in a city administrative unit, with the approval of the tax levying authorities of such unit, to provide for the payment from local tax funds of any amount specified in subsection (c) of this section in excess of the amount to be paid to the retirement system on the basis of the state salary schedule and term. In case the salary is paid in part from state funds and in part from local funds, the local authorities shall not be relieved of providing and remitting the same per centum of the salary paid from local funds as is paid from state funds. In case the entire salary of any teacher, as defined in this chapter, is paid from county or local funds, the county or city paying such salary shall provide and remit to the retirement system the same per centum that would be required if the salary were provided by the state of North Carolina.

(d) In addition to the contributions deducted from compensation as hereinbefore provided, subject to the approval of the board of trustees, any member may redeposit in the annuity savings fund by a single payment an amount equal to the total amount which he previously withdrew therefrom as provided in this chapter. Such amounts so deposited shall become a part of his accumulated contributions in the same manner as if said contributions had not been withdrawn.

(2) Annuity Reserve Fund.—The annuity reserve fund shall be the fund in which shall be held the reserves on all annuities in force and from which shall be paid all annuities and all benefits in lieu of annuities, payable as provided in this chapter. Should a beneficiary retired on account of disability be restored to active service with a compensation not less than his average final compensation at the time of his last retirement his annuity reserve shall be transferred from the annuity reserve fund to the annuity savings fund and credited to his individual account therein.

(3) Pension Accumulation Fund.—The pension accumulation fund shall be the fund in which shall be accumulated all reserves for the payment of all pensions and other benefits payable from contribution made by employers and from which shall be paid all pensions and other benefits on account of members with prior service credit. Contributions to and payments from the pension Accumulation Fund shall be made as follows:

(a) On account of each member there shall be paid annually in the pension accumulation fund by employers for the preceding fiscal year an amount equal to a certain percentage of the earnable compensation of each member to be known as the "normal contribution," and an additional amount equal to a percentage of his earnable compensation to be known as the "accrued liability contribution." The rate per centum of such contributions shall be fixed on the basis of the liabilities of the retirement system as shown by actuarial valuation. Until the first valuation the normal contribution shall be two and fifty-seven one hundredths per centum (2.57%) for teachers, and one and fifty-seven one-hundredths per centum (1.57%) for state employees, and the accrued liability contribution shall be two and ninety-four one-hundredths per centum (2.94%) for teachers and one and fifty-nine one-hundredths per centum (1.59%) of the salary of other state employees.

(b) On the basis of regular interest and of such mortality and other tables as shall be adopted by the board of trustees, the actuary engaged by the board to make each valuation required by this chapter during the period over which the accrued liability contribution is payable, immediately after making such valuation, shall determine the uniform and constant percentage of the earnable compensation of the average new entrant throughout his entire period of active service which would be sufficient to provide for the payment of any pension payable on his account. The rate per centum so determined shall be known as the "normal contribution" rate. After the accrued liability contribution has ceased to be payable, the normal contribution rate shall be the rate per centum of the earnable salary of all members obtained by deducting from the total liabilities of the pension accumulation fund the amount of the funds in hand to the credit of that fund and dividing the remainder by one per centum of the present value of the prospective future salaries of all members as computed on the basis of the mortality and service tables adopted by the board of trustees and regular interest. The normal rate of contribution shall be determined by the actuary after each valuation.

(c) Immediately succeeding the first valuation the actuary engaged by the board of trustees shall compute the rate per centum of the total annual compensation of all members which is equivalent to four per centum of the amount of the total pension liability on account of all members and beneficiaries which is not dischargeable by the aforesaid normal contribution made on account of such members during the remainder of their active service. The rate per centum originally so determined shall be known as the "accrued liability contribution" rate.

(d) The total amount payable in each year to the pension accumulation fund shall be not less than the sum of the rate per centum known as the normal contribution rate and the accrued liability contribution rate of the total compensation earnable by all members during the preceding year: Provided, however, that the amount of each annual accrued liability contribution shall be at least three per centum greater than the preceding annual accrued liability payment, and that the aggregate payment by employers shall be sufficient, when combined with the amount in the fund to provide the pensions and other benefits payable out of the fund during the year then current.

(e) The accrued liability contribution shall be discontinued as soon as the accumulated reserve in the pension accumulation fund shall equal the present value, as actuarially computed and approved by the board of trustees, of the total liability of such fund less the present value, computed on the basis of the normal contribution rate then in force, of the prospective normal contributions to be received on account of all persons who are at the time members.

(f) All pensions, and benefits in lieu thereof, with the exception of those payable on account of members who received no prior service allowance, payable from contributions of employer shall be paid from the pension accumulation fund.

(g) Upon the retirement of a member not entitled to credit for prior service, an amount equal to his pension reserve shall be transferred from the pension accumulation fund to the pension reserve fund.

Should any change or error in the records result in any member or beneficiary receiving from the retirement system more or less than he would have been entitled to receive had the records been correct, the board of trustees shall correct such error, and as far as practicable, shall adjust the payment in such a manner that the actuarial equivalent of the benefit to which such member or beneficiary was correctly entitled shall be paid. (1941, c. 25, s. 10.)

§ 135-11. Application of other pension laws.—No other provision of law in any other statute which provides wholly or partly at the expense of the state of North Carolina for pensions or retirement benefits for teachers or state employees of the said state, their widows, or other dependents shall apply to members or beneficiaries of the retirement system established by this chapter, their widows or other dependents. § 136-1. State highway and public works commission created.—A highway and public works commission is hereby created to be and continue an agency of the state government and to be known as the "State Highway and Public Works Commission." The said commission shall consist of a chairman and ten commissioners; the chairman and each of said commissioners shall be appointed by the Governor for a term of four years, the said terms to commence May first, one thousand nine hundred and forty-one, and continue until their successors are appointed and qualify: Provided, that the chairman or any commissioner appointed pursuant to this section may be removed by the Governor for cause. In case of the death, resignation, or removal from office of said chairman or any commissioner prior to the expiration of his term of office, his successor shall be appointed by the Governor to fill out the unexpired term. At the expiration of the term for which said chairman and commissioners are appointed, their successors shall be appointed for the term of four years each. The chairman shall devote his entire time and attention to the work of the commission, and shall receive as compen-

sation not exceeding seven thousand five hundred dollars ($7,500.00) per annum, to be fixed by the Governor and the Advisory Budget Commission, payable monthly, and his actual traveling expenses when engaged in the discharge of his duties. The said chairman shall be vested with all authority of the commission when the commission is not in session, and shall be the executive officer of the said commission and shall execute all orders, rules, and regulations established by said commission. The commissioners, except the chairman, shall each receive ten dollars ($10.00) per day while engaged in the discharge of the duties of their office and their actual traveling expenses. The commissioners shall be so selected that it will be physically possible to divide the state into ten divisions of substantially equal size on the joint bases of area, population and mileage; and said commissioners shall, on or before the first day of July, one thousand nine hundred and thirty-seven, designate the boundary lines of said divisions in such manner that each of said commissioners will be a resident of a separate division: Provided, however, that said division lines may be changed from time to time by a two-thirds vote of the commission and with the consent and approval of the board of county commissioners of the county or counties immediately affected thereby. Notwithstanding the provisions contained herein for the selection of commissioners in such manner as to make it physically possible to divide the State into ten divisions, it is the intent and purpose of this section that all of said commission and the chairman shall represent the State at large and not be representative of any particular division. It shall be the duty of the commission as a whole to select the road projects to be constructed or reconstructed which now or shall constitute a part of the primary highway system of the State. The intent and purpose of this section is that there shall be maintained and developed a state-wide highway system commensurate with the needs of the State as a whole and not to sacrifice the general state-wide interest to the purely local desires of any division.

It shall be the duty of each commissioner to inform himself of the road needs of the particular division from which said commissioner is chosen and to report his findings from time to time to the commission. The commission shall formulate general policies and make such rules and regulations as it may deem necessary, governing the construction, repair and maintenance of the highway system of the State, with due regard to farm-to-market roads and school bus routes.

Each member of the commission shall designate some time and place during each calendar month where he will be for the purpose of hearing such matters and things as may be presented to him by the governing bodies of the several counties of his district; and shall advise the chairmen of said governing bodies accordingly. The Governor and the State Treasurer shall be privileged to attend any and all meetings of said commission in an advisory capacity, but they shall not have the authority to vote upon any question before said commission. The commission shall keep minutes of all its meetings, which shall at all times be open to public inspection. (1933, c. 172, s. 2; 1937, c. 297, s. 1.)

§ 136-3. When acting chairman may be designated.—The commission may, with the approval of the Governor, designate a member of the comsion or some other suitable person as acting chairman and confer upon the said acting chairman all authority of the chairman, or such restricted authority as the commission may by resolution determine to be exercised, in the event the chairman, on account of absence from the state, illness, or other cause, may be unable temporarily to discharge the duties of his office. He shall receive an annual salary to be fixed by the commission, with the approval of the Governor and the Budget Bureau, payable in monthly installments, together with such actual and other necessary expenses as may be incurred in the official discharge of his duties. The engineer, before entering upon the discharge of the duties of his office, shall take an oath that he will faithfully and honestly execute the duties of his office. Said commission shall prescribe and fix the duties of the engineer, and shall provide the engineer with offices and sufficient equipment to discharge his duties as prescribed by the commission and this chapter. The commission shall employ such other engineers, clerks, and assistants as may be needed, and at such salaries and for such terms as appear necessary, and prescribe and fix their duties. In the discretion of the commission, such offices may be established in the construction districts as may be necessary to carry out the provisions of this chapter. (1921, c. 2, ss. 5, 6; 1933, c. 172, s. 17; C. S. 3846(g).)

§ 136-5. Oath of office of commissioners.—Before entering upon the performance of their duties, the chairman and each member of the State Highway and Public Works Commission shall take and subscribe to an oath of office before some person authorized to administer oaths that they will faithfully support the Constitution of the State of North Carolina and all laws enacted pursuant thereto and not inconsistent therewith, and that they will faithfully perform the duties of their respective offices. Said oaths shall be filed and preserved by the commission as a part of its permanent records. (1921, c. 2, s. 6; 1933, c. 172, s. 10; C. S. 3846(h).)

§ 136-6. Bonds of commissioners and engineer. —Before entering upon the performance of their duties, the chairman and each member of the State Highway and Public Works Commission and the State Highway Engineer shall give a bond, to be fixed and approved by the Governor, conditioned upon the faithful discharge of the duties of their respective offices and the full and proper accounting for all public funds and property coming into their possession or under their control. The premiums on said bonds shall be paid out of the state highway fund. (1921, c. 2, s. 6; 1933, c. 172, s. 17; C. S. 3846(h).)

§ 136-7. Employees of commission governed by classification filed with Budget Bureau; exceptions. — All employments by the State Highway and Public Works Commission and all changes in existing employment shall be in accordance with the classifications established in the report authorized by and adopted in conformance with Chapter three hundred fifty-five of the Public Laws of 1941, as said report is approved by the Governor and Advisory Budget Commission. The Assistant Director of the Budget shall certify the salary or wages of the particular employee within the range of the minimum and maximum established in the said report for such employment. The hourly maintenance and construction employees now or hereafter exempted from the Personnel Act shall not be placed under the Personnel Act, even if they are placed on a monthly basis of salary payment to facilitate operation under the State Employees and Teachers' Retirement Act, but they shall be paid according to the said salary schedule or classification as established. (1941, c. 355.)

§ 136-8. Limit of compensation paid by commission.—It shall be unlawful for the state highway and public works commission to pay or authorize the payment of an annual salary or compensation to any employee of that department, except the chairman, in excess of the sum of six thousand dollars ($6,000.00). (1929, c. 182, s. 1; 1933, c. 172, ss. 16, 17.)

Any person violating the provisions of this section shall be guilty of a felony, and, upon conviction, shall be confined in the state prison not less than one year nor more than five years, and be liable to the state in a civil action instituted by the state on relation of the highway and public works commission, for double the amount the state may have lost by reason of the violation of this section. Such districts as may be established shall be without regard to the places of residence of the members of the Commission. The commission may from time to time change the number of such districts, or they may change

(j) To make proper and reasonable rules, regulations and ordinances for the placing or erection of telephone, telegraph or other poles, sign-boards, fences, gas, water, sewerage, oil, or other pipe lines, and other similar obstructions that may, in the opinion of the highway and public works commission, contribute to the hazard upon any of the said highways or in anywise interfere with the same, and to make reasonable rules and regulations for the proper control thereof. And whenever the order of the said commission shall require the removal of, or changes in, the location of telephone, telegraph, or other

poles, sign-boards, fences, gas, water, sewerage, oil, or other pipe lines, or other similar obstructions, the owners thereof shall at their own expense move or change the same to conform to the order of the said commission. Any violation of such rules and regulations or non-compliance with such orders shall constitute a misdemeanor.

(k) To regulate, abandon and close to use, grade crossings on any road designated as part of the state highway system, and whenever a public highway has been designated as part of the state highway system and the state highway and public works commission, in order to avoid a grade crossing or crossings with a railroad or railroads, continues or constructs the said road on one side of the railroad or railroads, the commission shall have power to abandon and close to use such grade crossings; and whenever an underpass or overhead bridge is substituted for a grade crossing, the commission shall have power to close to use and abandon such grade crossing and any other crossings adjacent thereto.

(l) The said state highway and public works commission shall have such powers as are necessary to comply fully with the provisions of the present or future federal aid acts. The said commission is hereby authorized to enter into all contracts and agreements with the United States government relating to the survey, construction, improvement and maintenance of roads under the provisions of the present or future congressional enactments, to submit such scheme or program of construction or improvement and maintenance as may be required by the secretary of agriculture or otherwise provided by federal acts, and to do all other things necessary to carry out fully the coöperation contemplated and provided for by present or future acts of congress, for the construction or improvement and maintenance of rural post roads. The good faith and credit of the state are further hereby pledged to make available funds necessary to meet the requirements of the acts of congress, present or future, appropriating money to construct and improve rural post roads and apportioned to this state during each of the years for which federal funds are now or may hereafter be apportioned by the said act or acts, to maintain the roads constructed or improved with the aid of funds so appropriated and to make adequate provisions for carrying out such construction and maintenance. The good faith and credit of the state are further pledged to maintain such roads now built with federal aid and hereafter to be built and to make adequate provisions for carrying out such maintenance. Upon request of the commission and in order to enable it to meet the requirements of acts of congress with respect to federal aid funds apportioned to the state of North Carolina, the state treasurer is hereby authorized, with the approval of the governor and council of state, to issue short term notes from time to time, and in anticipation of state highway revenue, and to be payable out of state highway revenue for such sums as may be necessary to enable the commission to meet the requirements of said federal aid appropriations, but in no event shall the outstanding notes under the provisions of this section amount to more than two million dollars ($2,000,000.00).

(m) The state highway and public works commission is authorized and empowered to construct and maintain all walkways and driveways within the Mansion Square in the city of Raleigh including the approaches connecting with the city streets, and any funds expended therefor shall be a charge against general maintenance.

(n) The state highway and public works commission shall have authority to provide roads for the connection of air ports in the state with the public highway system, and to mark the highways and erect signals along the same for the guidance and protection of aircraft.

(o) The state highway and public works commission shall have authority to provide facilities for the use of water-borne traffic by establishing connections between the highway system and the navigable waters of the state by means of connecting roads and piers.

(p) The state highway and public works commission shall have authority, under the power of eminent domain and under the same procedure as provided for the acquirement of rights-of-way, to acquire title in fee simple to parcels of land for the purpose of exchanging the same for other real property to be used for the establishment of rights-of-way or for the widening of existing rights-of-way or the clearing of obstructions that, in the opinion of the commission, constitute dangerous hazards at intersections. Real property may be acquired for such purposes only when the owner of the property needed by the commission has agreed in writing to accept the property so acquired in exchange for that to be used by the commission, and when, in the opinion of the commission, an economy in the expenditure of public funds and the improvement and convenience and safety of the highway can be effected thereby.

(q) The State Highway and Public Works Commission is hereby authorized and required to maintain and keep in repair roads sufficient to accommodate school busses leading from the State maintained public road to all schools and school buildings to which children are transported on school busses to and from their homes during the regular organized school year.

(r) To administer, through the Division of Prisons, the State Prison System. (1921, c. 2, s. 10; 1923, c. 160, s. 1; 1923, c. 247; 1929, c. 138, s. 1; 1931, c. 145, ss. 21, 25; 1933, c. 172; 1933, c. 517, s. 1; 1935, c. 213, s. 1, c. 301; 1937, c. 407, s. 80; 1941, c. 47; 1941, c. 217, s. 6; C. S. 3846(j).)

§ 136-19. Acquirement of land and deposits of materials; condemnation proceedings; federal parkways.—The State Highway and Public Works Commission is vested with the power to acquire such rights of way and title to such land, gravel, gravel beds, or bars, sand, sand beds or bars, rock, stone, boulders, quarries, or quarry beds, lime or other earth or mineral deposits or formations, and such standing timber as it may deem necessary and suitable for road construction, maintenance, and repair, and the necessary approaches and ways through, and a sufficient amount of land surrounding and adjacent thereto, as it may determine to enable it to properly prosecute the work, either by purchase, donation, or condemnation, in the manner hereinafter set out. The commission is also vested with the power to acquire such additional land alongside of the rights of way or

roads as in its opinion may be necessary and proper for the protection of the roads and roadways, and such additional area as may be necessary as by it determined for approaches to and from such material and other requisite area as may be desired by it for working purposes.

Whenever the commission and the owner or owners of the lands, materials, and timber required by the commission to carry on the work as herein provided for, are unable to agree as to the price thereof, the commission is hereby vested with the power to condemn the lands, materials, and timber, and in so doing the ways, means, methods, and procedure of chapter 40, entitled "Eminent Domain," shall be used by it as near as the same is suitable for the purposes of this section, and in all instances the general and special benefits shall be assessed as offsets against damages: Provided, that all actions for damages for rights of way or other causes shall be commenced within six months from the completion of each particular project.

In case condemnation shall become necessary the commission is authorized to enter the lands and take possession of the same, and also take possession of such materials and timber as is required by it prior to bringing the proceedings for condemnation, and prior to the payment of the money for the said property.

In the event the owner or owners shall appeal from the report of the commissioners, it shall not be necessary for the commission to deposit the money assessed with the clerk, but it may proceed and use the property to be condemned until the final determination of the action.

The state highway and public works commission shall have the same authority, under the same provisions of law hereinbefore provided for construction of state highways, for the acquirement of all rights of way and easements necessary to comply with the rules and regulations of the United States government for the construction of federal parkways in the state of North Carolina. The acquirement of a total of one hundred and twenty-five acres per mile of said parkways, including roadway and recreational and scenic areas on either side thereof, shall be deemed a reasonable area for said purpose. The right of way acquired or appropriated may, at the option of the commission, be a fee simple title, and the nature and extent of the right of way and easements so acquired or appropriated shall be designated upon a map showing the location across each county, and, when adopted by the commission, shall be filed with the register of deeds in each county, and, upon the filing of said map, such title shall vest in the state highway and public works commission. The said commission is hereby authorized to convey such title so acquired to the United States government, or its appropriate agency, free and clear of all claims for compensation. All compensation contracted to be paid or legally assessed shall be a valid claim against the state highway and public works commission, payable out of the construction fund of said commission.

The action of the State Highway and Public Works Commission heretofore taken in the acquirement of areas for the Blue Ridge Parkway in accordance with the rules and regulations of the United States Government is hereby ratified and approved and declared to be a reasonable exercise of the discretion vested in the said Commission and in furtherance of the public interest.

When areas have been tentatively designated by the United States Government to be included within a Parkway, but the final survey necessary for the filing of maps as provided in this section has not yet been made, no person shall cut or remove any timber from said areas pending the filing of said maps after receiving notice from the State Highway and Public Works Commission that such area is under investigation; and any property owner who suffers loss by reason of the restraint upon his right to use the said timber pending such investigation shall be entitled to recover compensation from the State Highway and Public Works Commission for the temporary appropriation of his property, in the event the same is not finally included within the appropriated area, and the provisions of this section may be enforced under the same law now applicable for the adjustment of compensation in the acquirement of rights of way on other property by the State Highway and Public Works Commission. (1921, c. 2, s. 22; 1923, c. 160, s. 6; 1931, c. 145, s. 23; 1933, c. 172, s. 17; 1935, c. 2; 1937, c. 42; C. S. 3846(bb).)

§ 136-20. Elimination or safeguarding of grade crossings and inadequate underpasses or overpasses.

(a) Whenever any road or street forming a link in or a part of the State highway system, whether under construction or heretofore or hereafter constructed, shall cross or intersect any railroad at the same level or grade, or by an underpass or overpass, and in the opinion of the chairman of the State Highway and Public Works Commission such crossing is dangerous to the traveling public, or unreasonably interferes with or impedes traffic on said State highway, the Commission shall issue notice requiring the person or company operating such railroad to appear before the Commission, at its office in Raleigh, upon a day named, which shall not be less than ten days or more than twenty days from the date of said notice, and show cause, if any it has, why such railroad company shall not be required to alter such crossing in such way as to remove such dangerous condition and to make such changes and improvements thereat as will safeguard and secure the safety and convenience of the traveling public thereafter. Such notice shall be served on such railroad company as is now provided by law for the service of summons on domestic corporations, and officers serving such notice shall receive the same fees as now provided by law for the service of such summons.

(b) Upon the day named, the Commission shall hear said matter and shall determine whether such crossing is dangerous to public safety, or unreasonably interferes with traffic thereon. If it shall determine that said crossing is, or upon the completion of such highway will be, dangerous to public safety and its elimination or safeguarding is necessary for the proper protection of the traffic on said State highway, the Commission shall thereupon order the construction of an adequate underpass or overpass at said crossing or it may

in its discretion order said railroad company to install and maintain gates, alarm signals or other approved safety devices if and when in the opinion of said commission upon the hearing as aforesaid the public safety and convenience will be secured thereby. And said order shall specify that one-half of the cost of the construction of such underpass or overpass or the installation of such safety device shall be borne by the Commission and one-half thereof by the railroad company operating such railroad, as provided in section (c) hereof, but in no instance shall the Commission bear any part of the cost of the maintenance of any structure or safety device so constructed or installed except in the maintenance of an overpass.

(c) Upon the filing and issuance of the order as hereinbefore provided for requiring the construction of any underpass or overpass or the installation and maintenance of gates, alarm signals or other safety devices at any crossing upon the State highway system, it shall be the duty of the railroad company operating the railroad with which said public road or street intersects or crosses to construct such underpass or overpass or to install and maintain such safety device as may be required in said order. The work may be done and material furnished either by the railroad company or the Commission, as may be agreed upon, and, in case of an underpass, the railroad company shall be responsible for one-half of the expense of all excavations through the existing railroad fill as well as one-half of the complete cost of the structure, including both the foundation and superstructure; and in case of an overpass, the railroad company shall be responsible for one-half of the entire cost of the bridge which will span the opening over the tracks of the railroad from abutment to abutment and including such abutments. And if a grade crossing or unsafe or inadequate underpass or overpass is not eliminated by an adequate overpass or underpass, the raidroad company shall be responsible for one-half of the cost of installing gates, alarm signals or other approved safety devices. If the work is done and material furnished by the railroad company, an itemized statement of the total amount expended therefor shall, at the completion of the work, be furnished the Commission, and the commission shall pay such amount to the railroad company as may be shown on such statement after deducting the amount for which the railroad company is responsible; and if the work is done by the Commission, an itemized statement of the total amount expended shall be furnished to the railroad company, and the railroad company shall pay to the Commission such part thereof as the railroad company may be responsible for as herein provided; such payment by the railroad company shall be under such rules and regulations and by such methods as the Commission may provide.
